Here are entered works on planned new municipalities. Works on new urban entities consisting of a combination of residential, commercial, social, educational, and/or recreational areas, incorporated or unincorporated, but of smaller scope than municipalities are entered under Planned communities. Works on land development projects which have been zoned to allow flexibility in building siting and multiple land use are entered under Planned unit developments.

[M900-M986]
Here are entered collections of compositions for nine instruments belonging to various families and in various combinations. Collections of compositions not in a specific form or of a specific type for a single combination of nine instruments, and individual works, are entered under this heading followed by a parenthetical qualifier with the names of the instruments or the term "unspecified instrument(s)."
Compositions for nine bowed stringed instruments are entered under String nonets; for nine wind instruments under Wind nonets; for nine brass instruments under Brass nonets; for nine woodwind instruments under Woodwind nonets; and for nine plucked stringed instruments under Plucked instrument nonets.
Compositions for nine percussionists are entered under Percussion ensembles.
Compositions for nine solo voices are entered under Sacred vocal nonets or Vocal nonets.

Here are entered works on the sum of the physiological processes involved in the assimilation and utilization of nutrients for proper body functioning and health. This heading may be subdivided by place to indicate the nutritional status of a group of people in the place. Works on the food and drink regularly consumed by an individual or group of people are entered under Diet.
