Dear Mr. Sessions:

The Farm Security Administration will probably never do anything specific in the way of slide films. They will have to come out as a by-product. This is a very indefinite period, anyway, with budgets and ends of fiscal years in the offing.

Perhaps after July first, things will get straightened out, and we can know a little bit more about where we are going.

I did appreciate the presentation Mr. West made, and think that you people have worked out some very interesting technique.

I hope that I will be seeing you again before very long.

Sincerely yours,

Roy E. Stryker
