Rabbinical seminaries *(May Subd Geog)*
Here are entered works on institutions that were first founded in the early 19th century and are intended principally for the training of rabbis in a modern academic setting. Works on institutions devoted principally to talmudic and rabbinic learning, including the training of rabbis, founded from about the 11th century onward are entered under Yeshivas. Works on academies and assemblages of scholars in Palestine and Babylonia from which the texts of the Mishnah and the Jerusalem and Babylonian Talmuds developed and which were the antecedents of the yeshivas are entered under Talmudic academies.

Readers
[PE1117-PE1130 (English)]
[PE1417 (Rhetoric)]
Here are entered works containing material for instruction and practice in reading English. Readers in other languages are entered under the name of the language with subdivision Readers.

Works containing reading material in a particular subject field or literary genre are entered under headings illustrated by the following examples: [For English] Readers--Agriculture, [Art, Geography, etc.]; Readers--Drama, [Fairy tales, Love stories, etc.] [For other languages] French language--Readers--Science; French language--Readers--Science fiction.

Works containing reading material limited to a specific age level are entered under Readers (Primary), [(Elementary), etc.]

Material designed exclusively or predominantly for oral presentation is entered under Recitations.

Selections of reading material in the English language, literary as well as non-literary, compiled for training college students in reading comprehension, rhetoric and related topics are entered under College readers. Works containing literary selections for general use as well as for the study of literature are

Readers *(Continued)*
entered under appropriate literary headings, e.g. American literature; English literature--18th century.

Religious fundamentalism *(May Subd Geog)*
[BL238]
Here are entered works on religious groups opposed to modernity and secularism and seeking a revival of orthodox or conservative religious beliefs and practices by fostering growth of religious fervor in the populace and by curtailing or eradicating the influence of felt alien values. Works on the modern Protestant movement originating in early 20th century America opposed to religious liberalism, modernism, and evolutionism and stressing the "Fundamentals" of Biblical inerrancy, literal interpretation, the divinity of Christ, his Virgin Birth, the substitutionary Atonement, and his physical Resurrection and Second Coming are entered under Fundamentalism. Works on Protestant churches of the fundamentalist type and on fundamentalist congregations for which a particular denomination cannot be identified are entered under Fundamentalist churches.

This heading is assigned to music for theatrical productions from around the end of the 18th century that feature a series of songs, dances, and other entertainments without any unifying dramatic element. Music for theatrical productions consisting of musical numbers (songs, ensembles, and dances) integrated into a dramatic framework is entered under Musicals.
