BT European economic community literature
A page of the document contains various topics related to European Economic Community and its various aspects, including economic conditions, finance, and community countries. It also covers other topics such as European literature, figurative art, and gardens. The page includes entries on specific animals like Lepus biarmicus, Lepus campestris, and Lepus argenteogrisea, as well as various plants and insects such as Alnus alnobetula and Lampyris noctiluca. The text is formatted in a list, likely representing entries in a database or catalog, with headings and subheadings indicating different categories and subcategories of information. The page also contains bibliographic information, including call numbers and subjects, which suggest it is part of a larger collection or database.
