Bibliographies about Individual Persons   H 1322

1. General rule. Use the free-floating form subdivision **–Bibliography** under names of individuals for lists of works by or about those persons.

For lists of musical works by a person that include musical notation for the opening measures of individual works or sections of works, use the free-floating form subdivision **–Thematic catalogs**.

2. Special topics. If the bibliography has a topical orientation, assign an additional heading of the type [*topic*]**–Bibliography** to bring out the topic.   *Example:*

```
600 10 $a Freud, Sigmund, $d 1856-1939 $v Bibliography.
650 #0 $a Psychoanalysis $v Bibliography.
```
