

## Transportation H 2225

**BACKGROUND:** *The subject heading **Transportation** (May Subd Geog), the free-floating subdivision **-Transportation**, and headings for particular types of transportation or special topics in transportation are assigned to works that discuss means or systems of conveying, moving, or shipping goods or passengers. This instruction sheet provides guidelines for assigning subject headings to works about transportation.*

**1. The subject heading *Transportation*.** Assign the heading **Transportation** (*May Subd Geog*), with further subdivision, if appropriate, to general works on the movement of goods or passengers. Do not subdivide this heading by **-Economic aspects**. *Examples:*

*Title: The economics of British public transport.*  
650 #0 \$a Transportation \$z Great Britain.

*Title: Transportation energy data book.*  
650 #0 \$a Transportation \$x Energy conservation \$z United States.  
650 #0 \$a Transportation \$x Energy consumption \$z United States.

**2. The subject heading *Urban transportation*.** Assign the heading **Urban transportation** (*May Subd Geog*) to general works on transportation in urban areas, including local transit, private transportation, streets, roads, etc. Assign the heading **Transportation** (*May Subd Geog*) to works on urban transportation in individual cities, city regions, and metropolitan areas. *Examples:*

*Title: Urban transportation in France.*  
650 #0 \$a Urban transportation \$z France.

*Title: Philadelphia on the move.*  
650 #0 \$a Transportation \$z Pennsylvania \$z Philadelphia.

*Title: The Trenton area : moving or standing still?*  
650 #0 \$a Transportation \$z New Jersey \$z Trenton Metropolitan Area.

## H 2225 Transportation

**3. The free-floating subdivision –Transportation.** Use the free-floating subdivision **–Transportation** (*May Subd Geog*) under types of objects, merchandise, classes of persons, ethnic groups, animals, military services, and individual wars for works on transportation as applied to these topics. Do not further subdivide **–Transportation** by place when used under military services. Do not subdivide **–Transportation** further by **–Economic aspects**.  
*Examples:*

*Title: Transportation services for elderly and disabled people.*

650 #0 \$a Older people \$x Transportation \$z Great Britain.  
650 #0 \$a People with disabilities \$x Transportation  
\$z Great Britain.

*Title: Hawaii unloads fresh fruit and vegetables.*

650 #0 \$a Fruit \$x Transportation \$z Hawaii.  
650 #0 \$a Vegetables \$x Transportation \$z Hawaii.

Assign additional headings, if necessary, to bring out special aspects of transportation in relation to the topic. Do not establish special subdivisions under topics to bring out particular types of transportation. *Examples:*

*Title: Beef roads in Australia.*

650 #0 \$a Beef cattle \$x Transportation \$z Australia  
\$x History.  
650 #0 \$a Roads \$z Australia \$x History.

*Title: The Irish merchant marine in World War II.*
