

SCCTP Serial Holdings Workshop Jan. 2008

List of corrections

Note: Session 9 (now 8): Suggest removal in order to give more time for discussion of course concepts and participants' questions or problems.

Session 1 (Merged with Session 2 of the earlier version of the workshop)

Slides 1, 2: Modified to show reduced number of sessions: Sessions 1 and 2 are combined.

Several slides modified to add notes about ERM systems, difference between "summary level" and "compressed range" clarified, many other notes were changed. Several slides in the earlier versions of Sessions 1 and 2 were deleted.

Session 2 (formerly Session 3)

Slide 5: Minor display change

Slide 7: Highlighted 014 tag

Slide 9: Added note on item record

Slide 10, 12: Added note on implications for OCLC union listing

Slide 16: Expanded

Slide 24: Added notes: SFX, link resolvers

Slide 27: (Summary): Added note on OCLC

Slide 28: Example 1: Added notes on system displays and improved organization

Session 3 (formerly Session 4)

Slide 24: Changed to adjacent display

Slide 28: Changed expanded holdings to NISO display

Slide 30: Changed to adjacent display

Slide 31-32: Changed to shorter NISO-compliant option

Slide 38-39: Changed meaning in accordance with new view of second indicator value

Slide 40: Added note on compression

Optional "Take Home" exercise added to the new Session 3

Session 4 (formerly Session 5)

Slide 1-2: Reformatted and added notes

Slide 5: Instruction added

Slide 7: Moved position to position 3

Slide 9,11,13: Changes in indicators to match truncated holdings statement

Slide 17, 21: Added additional paragraph to Notes

Slide 25, 27: Corrected example 5

Session 5 (formerly Session 6)

Slide 1: Simplified the warm-up suggestion

Slide 6: Added USNP code and matching note

Slide 7: Note about exercise to come

Slide 10: Gave two options for answer: separate/adjacent textual statements

Slide 11: Added to note

Slide 12: Several changes to coding and display, graphics, and instructor's notes.

Slide 16: In answer, changed order of tagged information for clarity.

Slide 17: Changed session reference

Slide 20: Removed hidden characters and lines

Slide 21: Changed formatting of slide, added note

Slide 24: Changed holdings data to a NISO-compliant, adjacent-display statement, and added notes

Reduced number of slides, simplified exercise, gave optional instructor-led amplification

Removed last exercise page for the title “History”.

Session 6 (formerly Session 7)

Slide 4-6: Several changes to data, displays and notes

Slide 7: Added note

Slide 8-9: Changed displays to illustrate the capability of some systems to display ranges in more than one level on both the enumeration and the chronology side

Slide 10: fixed sequence numbers; changed session reference

Slide 11: corrected frequency

Slide 12: Added clarifying note

Slide 17: Endorsed PPI practice as “best practice.”

Slide 18: Suggested PPI practice substituting “.” for “-“ to remove ambiguity.

Slide 20: Changed example to old series including new series, rather than larger series and subseries.

Exercise Slides: Minor changes, clarification; added displays to the answer slides

Session 7 (now Session 8)

Slide 1: Corrections, change in name of session

Slide 6: Removed note on size limitations in bibliographic records in OCLC

Slide 9-10: Changed last note; Added note

Slide 11: Simplified, shortened, and updated notes

Slide 12: Removed reference to old Passport macro

Slide 13: Corrected contact information

Slide 14-16: Corrected slides and notes to Publication History, updated information, added “super-record”

Slide 18-20: Pruned, simplified, and renamed “Current Issues” to “Thinking Points”

Slide 24: Added instructor suggestions

Removed references to the “New in MARC” page on the CONSER website since it is outdated.

Appendices:

Various updates and corrections have been made to several appendices. The appendices were rearranged so that the evaluation form is the last appendix, and the former Appendix 11, Further exercises for more advanced trainees, was removed.
