

1.4F1. DATE OF PUBLICATION, DISTRIBUTION, ETC.

Non-Gregorian Dates

If the item gives both the Gregorian and the non-Gregorian dates, record only the Gregorian date.

Later Publication Dates

LC/PCC practice: If a U.S. trade publication has a publication date that is in the year following the year in which the publication is received, accept the later publication date as the date of the edition being cataloged. For example, if "2002" appears as the publication date on a publication received in 2001, give "2002" as the publication date.

Library of Congress CIP Cataloging

LC practice: For the cataloging of LC CIPs at the galley stage, take the date of publication from the year given in the "projected publication date" provided by the publisher on the CIP data sheet. At the CIP verification stage, adjust this information, if necessary, according to normal procedures for non-CIP and post-CIP cataloging.
