Form of Linking Notes

In notes referring to another resource (i.e., linking notes), cite the entry under which the resource appears in the catalog against which the searching and cataloging is done. For legal works and translations that are entered under uniform title, construct the linking notes as follows:

main entry name heading/uniform title/title proper.

related record

```

forskningsråd.  
240 10 $a Årsberetning. $l English

Do not include other title information or statements of responsibility in linking notes. *Exception:* In cases in which the title proper consists solely of the name of a corporate body, conference, etc., and other title information has been supplied to explain the title (see rule 1.1E6), include the other title information in the link.

If the note cites a main entry heading, give the heading in AACR2 form. If the main entry heading on the catalog record for the related resource is not in AACR2 form, change it to the AACR2 form.

If the related resource is not represented in the catalog, cite in the note the entry that would be used were that resource cataloged under AACR2.

When specific information regarding a related work is unknown, give general information in a note.
