

Cataloger's Desktop subscription renewals
can now be paid using a credit card

The Cataloging Distribution Service (CDS) has just added an additional mechanism for paying for Cataloger's Desktop subscription renewals. In addition to electronic funds transfer or deposit account payment, it is now possible to pay online via our secure **pay.gov** payment page to process your credit card subscription renewal payment.

To renew your Cataloger's Desktop subscription, after logging in to the Administer Account link, click the "Renew" button towards the bottom. The Cataloger's Desktop secure payment page is:

<https://www.pay.gov/paygov/forms/formInstance.html?agencyFormId=42896307>

In lieu of sending us your credit card information on your renewal form, please send us your **pay.gov** payment confirmation with your renewal form. This will further protect your personal information.

Questions about Cataloger's Desktop order processing or subscription renewals should be directed to cdsinfo@loc.gov.
