## *CDS Announcement*

### **Non-Latin Data in Subject Authority Records**

Subject Authority records will be enhanced with non-Latin script data in selected fields beginning no sooner than May 1, 2012. This data will be included in newly distributed records. No effort will be made to add non-Roman data to older, unchanged records at this time.

The inclusion of non-Latin script data in Name Authorities and bibliographic record products has been in place for several years.
