Submitted via email

To Whom it May Concern:

SCAD Atlanta Radio, a non-commercial webcaster programmed and run by the students of the Savannah College of Art and Design in Atlanta, would like to submit the following comments in support of the agreement negotiated by College Broadcasters, Inc. and SoundExchanged and published in the Federal Register on Nov. 5, 2014 (2014-CBR-0001-WR (2016-2020)).

We believe the terms of this agreement are reasonable and represent our station's best interests. We are a small college operating a small organization, but through our webcast, we are able to offer our students the experience of college radio at our institution. This agreement would allow us to continue operating and providing this unique educational experience for our students in conjunction with the college's fine arts and design mission.

We encourage the Copyright Royalty Board and judges to adopt the agreement and appreciate this opportunity to show our support.

Sincerely,

Jessica Clary, Assistant Director of Student Media
