

Access the HRS/WPD website from home!

Did you know you don't have to be at work to take online content and register for instructor led classes through LOC Learn or use Human Resources Services/Office of Workforce Performance and Development website resources? It can be accessed from home, school, anywhere! Just visit...

<https://olc.loc.gov>

HRS/WPD recommends some basic settings to ensure your computer's compatibility with the website.

We Recommend:

- Microsoft Windows 7, Win 10 or later
- Monitor Resolution of 1024 x 768 or higher

You may have a pop-up blocker installed on your computer, which prevents our online courses from functioning properly. Pop-up blockers prevent advertising sites from opening windows without your consent. Sometimes they block good sites, too. If you try to launch an online course and all you see is a screen that says "We have attempted to launch your course in a new window, but a popup blocker is preventing from opening it. Please click the below button to relaunch the course." Click on <START>.

For additional help with the Online Learning Center, click the [here](#).

For additional help with the LOC Learn, click [here](#).

For additional help with the HRS/WPD website, email cld@loc.gov.

Note: Contractors can only access the required online courses and instructor led classes in LOC Learn.
