

PRESENTING THE FLICC **NEWFEDS** LIBRARIAN WORKING GROUP

Our mission is to support the development and advancement of early career professionals (less than five years), build their leadership capacity, work with the Education and Human Resources Working Groups to create professional development and training programs, and to bring to the attention of this community's current competencies, best practices and issues relevant to federal library and information centers. The NewFeds Working Group is also concerned with building a sense of community among new FLICC members, advocating for issues relevant to new professionals, developing partnerships with FLICC Working Groups and professional associations and facilitating access to and participation in the greater federal library and information center community.

THE WORKING GROUP SUPPORTS PROGRAMS IN THE FOLLOWING AREAS:

- Leadership development
- Training and skill-building
- Professional networking and mentoring
- Career planning
- New librarian advocacy
- Promoting careers in federal libraries

NewFeds using their "librarian super powers" at the 2011 ALA Annual Conference & Exhibition!

Interested in getting involved? Volunteers are welcome, find out how:
