Join your FEDLINK colleagues at the FEDLINK Spring Membership Meeting to hear the results of OCLC's *2003 OCLC Environmental Scan: Pattern Recognition* report that identifies and describes the issues and trends affecting OCLC and the broader information community. Cathy De Rosa, OCLC's Vice President of Corporate Marketing, will lead participants through the social, political, economic and technological spheres in which the community operates to inform and stimulate discussion about future strategic directions for the profession.

De Rosa will follow Carol Bursik, Chair of the FLICC Budget and Finance Working Group, who will present the proposed Fiscal Year 2005 FLICC/FEDLINK budget. Three FLICC working groups will also update members on their efforts in the areas of competitive sourcing, content management and human resources. FLICC/FEDLINK staff will then report on new and traditional program activities.
