As part of a series of orientations to libraries and information centers, FLICC is offering an opportunity for federal librarians to become acquainted with the programs and services of the U.S. Census Bureau Library.

The U.S. Census Bureau Library is celebrating the grand opening of the new Bureau of the Census facility, a state of the art structure with 2.5 million square feet. The U.S. Bureau of Census is the largest statistical agency of the federal government and premier source of information about the American people & the economy.

The library program will include:

- a talk by the Census Bureau's chief historian in the auditorium and
- a self-guided tour to staffed service stations throughout the library.

Visiting the Census Bureau Library by Metro

Take the Metro Green Line toward Branch Avenue and exit at the Suitland Station. Go up the escalator to the Mezzanine level. Proceed past the fare card machines and take the Up Escalator at the sign on the wall which reads "To Parking Structure, To Suitland Federal Center Shuttle (SFC)". (Do not exit at the mezzanine level as this level is for Metro buses only.)

At the top of the escalator, continue through the covered bridge until you reach the parking garage.

The access point (Gate 7) to the Suitland Federal Center (SFC) from the Suitland Metro Station is located across from the left-end entrance to the Metro garage. Cross the street using the pedestrian walkway, under the canopy, to the new visitors center, which is located just inside the SFC. Proceed through the main entrance. The library's room number is 1L001. For more location information call the Reference Desk at 301-763-2011.
