Registrants will receive additional arrival instructions.

More Information:

Contact us at fliccfno@loc.gov.

Request ADA Accommodations five business days in advance at fliccfno@loc.gov.

The NIH Library is a biomedical research library, whose collection and services support the programs of the National Institutes of Health and selected U.S. Department of Health and Human Services agencies. The NIH Library provides services in 3D printing, bibliometrics, bioinformatics, data management & analysis, document delivery, editing, emerging technologies, literature searches, reference questions, evidence synthesis, training, and translations.

The tour will feature an overview of the NIH Library, followed by highlights from some of the Library's premier service programs: Editing, Literature Searching, Evidence Synthesis, Outreach, Training, Research Analytics, and Multimedia Services. Following the presentation, there will be a walking tour of the Library and the Library's Green Terrace (weather permitting). The tour concludes with an opportunity to experience the Multimedia Studio and take home a souvenir from the day!

Sponsored by: FEDLINK Education Working Group

Registration: Free, but limited to 25 attendees. Register online at www.surveymonkey.com/r/NIHlibrarytour.

Cancellations: Please notify FEDLINK at fliccfno@loc.gov if you cannot attend to allow others to register.
