## PATRIOTS' DAY CELEBRATION COMMISSION

Whereas the 19th day of April 1775 witnessed the first military engagement between the American colonists and British troops, and the fighting that then occurred at Concord and Lexington, in Massachusetts, formed the prologue to the mighty drama of the Revolution and determined the character of its first campaign; and

Whereas the significance of April 19 in the history of our country is not to be measured by the extent of the military forces that engaged in local battle in 1775, but by the direction and strength of the intangible forces then set in motion which in due course established the United States of America; and

Whereas a frequent recurrence to the events out of which this Nation arose, and a better understanding of the principles upon which our forefathers grounded their independence cannot fail to stimulate and renew that high sense of patriotism which has ever been the glory of our country; and

Whereas each such dramatic struggle onward in the process of world civilization has been marked by a ceremonial indicating the formal and official conclusion thereof, the first Commander in Chief and General of the Continental Army purposely selected the 19th of April as the date for a peace proclamation which he read to assembled troops on April 19, 1783: Therefore be it

Establishment of Commission.

*Resolved by the House of Representatives (the Senate concurring),* That there is hereby established a commission to be known as the Patriots' Day Celebration Commission (hereinafter referred to as the "Commission") and to be composed of eight Commissioners, as follows: Three Members of the Senate to be appointed by the Vice President and five Members of the House of Representatives to be appointed by the Speaker of the House of Representatives. The Commissioners shall serve without compensation and shall select a Chairman from among their number.

Duty.

SEC. 2. It shall be the duty of the Commission to prepare and carry out a comprehensive plan for the observance and celebration of the

one hundred and seventy-fifth anniversary of Patriots' Day for the commemoration of the events that took place on April 19, 1775. In the preparation of such plans, the Commission shall cooperate with the Commonwealth of Massachusetts and its cities and towns in order that there may be proper coordination and correlation of plans for such observance and celebration.

Passed April 13, 1950.

## FEDERAL CATALOG SYSTEM

Whereas the Congress believes that the development of a single supply catalog system for all agencies of the Federal Government, both civilian and military, is of vital necessity to the national security and to the civilian economy; and

Whereas the Commission on Organization of the Executive Branch of the Government recommends that a declaration of congressional policy be made to insure participation and cooperation of the military and civilian agencies in the development of uniform property identification; and

Whereas the Federal Supply Task Force of that Commission, among other recommendations, stated that "the interests of national defense and effective personal property management demand that a single standard Federal Commodity Catalog be developed \* \* \*" and that action by the Secretary of Defense should be taken to insure that, after its preparation, it is used in all supply operations of all bureaus, technical services, and commands without modification and that each bureau, technical service, and command must assist in the preparation of the catalog system by accepting and promptly completing cataloging assignments made to it by competent authority; and

Whereas a subcommittee of the House Armed Services Committee has carried on extensive hearings on this subject: Therefore be it

*Resolved by the House of Representatives (the Senate concurring),*  
That it is the sense of the Congress that—

(1) The Secretary of Defense and the Administrator of General Services shall, based on their respective responsibilities, expedite the development of a coordinated plan looking to the completion of the Federal Catalog System in order that there shall be published and put into use at the earliest practicable moment a single supply catalog system to be used by all departments of the National Military Establishment and by all civil agencies; and

Federal Catalog System development.

(2) In order that these purposes may be achieved it is deemed essential that such authority be vested in qualified personnel of the National Military Establishment and the General Services Administration with respect to cataloging and related supply activities as is needed to insure the establishment of programs and priority schedules for property identification and description work, and to insure that cataloging operations in each bureau, technical service, command, or civilian agency are carried on in accordance with established uniform policies and approved priority schedules, and to provide the Congress and the Bureau of the Budget with periodic reports showing the progress of the program as a whole as well as the progress made by each bureau, technical service, or command with the assignments made to it; and

Vested authority.

(3) In the Federal Catalog System each property item shall have but one name and one description and one item identification number; and

Property item.

(4) The Federal Catalog System shall provide a classification system or systems suitable for all supply purposes; and

Classification systems.

(5) The Federal Catalog System shall identify, classify, and describe the millions of items of personal property used by all agencies and will provide a standard reference language or terminology to be used by all persons engaged in the process of supply (computation of requirements in relation to inventories and operating programs, procurement, distribution, storage, disposal, budgeting, and accounting); and

(6) Reports and records of Federal agencies concerning supply operations and property management, including production, export, import, procurement, distribution, utilization, and disposal of commodities shall be made in terms of the nomenclature of the Federal Catalog System; and

Reports and records.

(7) In order to prevent duplication of functions, cataloging tasks will be assigned to technical services, bureaus, commands, and civilian agencies by a central cataloging authority. Effectuation of the purposes of this resolution will require that each technical service, bureau, command, and civilian agency accept and promptly complete cataloging task assignments. In discharging its responsibility under the program each technical service, bureau, command, or civilian agency shall consult with other interested services, bureaus, commands, or agencies, as it deems appropriate or as directed by central authority; and

Prevention of function duplication.

(8) The Secretary of Defense and the Administrator of General Services shall develop a coordinated publication plan which will insure that identification and description data, wherever developed, shall be published in a uniform manner; but each technical service, bureau, command, or civilian agency shall utilize pertinent uniform identification or description material for inclusion in its own catalogs, unit publications, or technical handbooks.

Coordinated publication plan.

Beginning at corner No. 1, in the record meander line (known as the Neal survey line) of T. 25 S., R. 32½ E. (north of Malheur Lake), in the south boundary of fractional sec. 29, at the corner common to lots one (1) and two (2) of said fractional section;

Thence in Malheur Lake, South approximately 316.50 chs., N. 64°45' E., approximately 314.00 chs., to the east side of the borrow pit on the east side of Cole Island Dike, Northerly with the east side of said borrow pit with the meanders thereof approximately 197.00 chs., to the record meander line (known as the Neal survey line) of T. 25 S., R. 32½ E. This regulation shall become effective on October 21, 1949, and it shall on that date supersede the regulation dated October 5, 1948, designating as a closed area certain lands and waters in Harney County, Oregon, approved by the President by Proclamation No. 2818 of October 20, 1948.

Compliance with the provisions of section 4 (c) of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003) with respect to delayed effective date is impracticable and contrary to the public interest in this instance because the hunting season for migratory waterfowl in the State of Oregon opens on October 21, 1949, and the purposes of the regulation cannot be fully accomplished unless the regulation is effective at the beginning of such hunting season.

AND WHEREAS upon consideration it appears that the foregoing regulation will tend to effectuate the purposes of the aforesaid Migratory Bird Treaty Act of July 3, 1918:

This proclamation supersedes Proclamation No. 2818 of October 20, 1948, approving and proclaiming the regulation adopted by the Acting Secretary of the Interior on October 5, 1948, designating as modification of closed area certain lands and waters in Harney County, Oregon.

October 25, 1949

[No. 2860]

## A PROCLAMATION

WHEREAS the earth mounds in the northeastern part of the State of Iowa known as the Effigy Mounds are of great scientific interest because of the variety of their forms, which include animal effigy, bird effigy, conical, and linear types, illustrative of a significant phase of the mound-building culture of the prehistoric American Indians; and

WHEREAS the Advisory Board on National Parks, Historic Sites, Buildings, and Monuments at its meeting held October 28–30, 1941 declared the Effigy Mounds to be of national scientific importance; and

WHEREAS the State of Iowa has acquired title to 1,204.39 acres of land containing these unusual objects, and has conveyed 1,000 acres thereof to the United States as a donation for national-monument purposes, such conveyance having been accepted on behalf of the United States by the Acting Director of the National Park Service on August 31, 1949; and

WHEREAS it is contemplated that the State of Iowa will convey the remaining 204.39 acres of such land to the United States for national-monument purposes in the near future; and

WHEREAS it appears that it would be in the public interest to set aside and reserve the said land as a national monument as hereinafter indicated:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, under and by virtue of the authority vested in me by section 2 of the act of June 8, 1906, 34 Stat. 225 (16 U. S. C. 431), do proclaim that, subject to all valid existing rights, the lands within the following-described boundaries and shown on the diagram hereto attached and forming a part hereof which belong to the United States are hereby reserved and established as a national monument, to be known as the Effigy Mounds National Monument; and that the lands within such boundaries which do not now belong to the United States shall become a part of such monument upon the acquisition of title thereto by the United States:

### THANKSGIVING DAY, 1949

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

November 10, 1949

[No. 2864]

### A PROCLAMATION

In accordance with our cherished custom, let us pause from our labors for one day in this autumnal season and offer prayers of thanks to the Divine Giver of our bounty.

We are grateful for the plentiful harvests of our fields, for the abundance of goods produced by our industries, and for the multitude of spiritual blessings which enrich our lives.

We are thankful that our resources enable us to aid the peoples of other countries in the furtherance of economic well-being and security.

We deeply appreciate the strength of our democratic institutions and the preservation of those ideals of liberty and justice which form the basis of national stability and international peace. The times demand more than the wisdom of man can provide. There should be in the hearts of all good men and true a realization that as the Psalmist said: "There is no king saved by the multitude of an host: a mighty man is not delivered by much strength." Humbly grateful for these benefactions, may we add to our prayers of thanksgiving a plea for divine guidance of the leaders of our nation and the leaders of all other nations in their efforts to promote peace and freedom for all men.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, having in mind the joint congressional resolution of December 26, 1941, which made the fourth Thursday in November a legal holiday, do hereby proclaim Thursday, November 24, 1949, as Thanksgiving Day, and I urge all citizens to observe the day with reverence. Let us, on the appointed day, in our homes and in our accustomed places of worship, give thanks to Almighty God for the blessings which have signalized our lot as a Nation, and let us ask for the gift of wisdom in our striving for a better world.

## PRAYER FOR PEACE, MEMORIAL DAY

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

May 22, 1950  
[No. 2889]

## A PROCLAMATION

Since war is the world's most terrible scourge, we should do all in our power to prevent its recurrence.

It was the hope of mankind that with the cessation of hostilities of World War II the way would be open to founding a permanent peace. Instead, that war has left the world in a state of continued unrest. Accordingly, we feel the need of turning in humble supplication to Almighty God for help and guidance.

In recognition of this need, the Congress has fittingly provided, in a joint resolution which I approved on May 11, 1950, that Memorial Day, which has long been set aside for paying tribute to those who lost their lives in war, shall henceforth be dedicated also as a day for Nation-wide prayer for permanent peace. The Congress has also requested that the President issue a proclamation calling upon the people of the United States to observe Memorial Day in that manner.

64 Stat., Pt. 1, p. 158.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, pursuant to the aforementioned resolution, do hereby proclaim Memorial Day, Tuesday, May 30, 1950, and each succeeding Memorial Day, as a day of prayer for permanent peace. And I designate the hour beginning at eleven o'clock in the morning of that day, Eastern Daylight Saving Time, as a period in which all our people may unite in prayer, each in accordance with his own religious faith, for divine aid in bringing enduring peace to a troubled world.

Observance of Memorial Day.

I also request the agencies of the press, radio, television, and other media of public information to join in the observance of that day and of the specified hour by announcements and programs designed to unite the Nation in a universal prayer for permanent peace.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this 22nd day of May in the year of our Lord nineteen hundred and fifty, and of the [SEAL] Independence of the United States of America the one hundred and seventy-fourth.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

May 24, 1950  
[No. 2890]

## A PROCLAMATION

WHEREAS the strength of the United Nations depends upon the support it receives from the people throughout the world; and

WHEREAS the need for an international organization to ensure peace has never been more urgent; and

Observance of  
United Nations Day.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby call upon all the people of this Nation to observe October 24, 1950, as United Nations Day with solemn awareness of the responsibility of each individual for strengthening the devotion of the peoples of the world to the aims of the United Nations.

And I urge that officials of the Federal, State, and local Governments, representatives of civic, educational, and religious bodies, and agencies of the press, radio, television, and other media of public information, arrange for ceremonies and programs on United Nations Day, designed to inform our citizens more fully of the activities of the United Nations, through which, by united effort, enduring world peace may be achieved.

Longitude from Sept. 7 to Dec. 21. The bag limit for scoters and elders is 10 a day singly or in the aggregate of all kinds, and not more than 20 singly or in the aggregate of all kinds in possession.

*Provided, however,* That whenever the Director of the Fish and Wildlife Service shall find that emergency State action to prevent forest fires in any extensive area has resulted in the shortening of the season during which the hunting of any migratory game bird is permitted and that a compensatory extension or reopening of the hunting season for such birds will not result in a diminution of the abundance of birds to any greater extent than that contemplated for the original hunting season, the hunting season for the birds so affected may, subject to all other provisions of this subchapter, be extended or reopened by the Director upon request of the chief officer of the agency of the State exercising administration over wildlife resources. The Director of the Fish and Wildlife Service shall fix the length of the extended or reopened season, which in no event shall exceed the number of days during which hunting has been so prohibited, and he shall publicly announce the extended or reopened season.

4. Section 6.6 paragraph (c) is amended to read as follows:

(c) *Possession.* Within the maximum possession limits prescribed by § 6.4 migratory game birds lawfully taken within a State or trans-

ported or imported in accordance with the provisions of paragraphs (a) or (b) of this section, may be possessed in any State, District of Columbia, Alaska, or Puerto Rico during the open season where taken and for an additional 90 days next succeeding the said open season.

For the purposes of these regulations the ownership and possession of birds legally taken by any hunter shall be deemed to have ceased when such birds have been delivered by him to (1) a post office, (2) a common carrier, or (3) a locker, storage plant, or similar facility for transportation to some person other than the hunter or a member of the hunter's immediate household. As used in this section, "locker, storage plant, or similar facility" includes only those facilities as are engaged in the business of receiving and handling birds and keep and make available for inspection by any officer authorized to enforce these regulations at any reasonable time records showing the names and addresses of both the consignors and the consignees of such birds.

5. Section 6.10, including its title, is amended to read as follows:

§ 6.10 *Revocation of certain existing permits.* Permits which were issued prior to July 1, 1949, which bear no expiration date, and which authorize the possession of waterfowl for propagating purposes or the taking of migratory birds for scientific purposes, not including permits to band birds, are hereby revoked as of November 1, 1950.

As previously indicated in notices published in the Federal Register on July 7, 1950, and August 8, 1950, pursuant to Section 4 of the Administrative Procedure Act of June 11, 1946 (60 Stat. 238), the breeding habits of many species of migratory birds, particularly waterfowl, are such that a comprehensive analysis of the various factors affecting the current year's abundance and distribution of such birds should not be considered earlier than the first week of August of each year. At the same time such notices stated that information then available regarding the distribution and abundance of doves, rails, and gallinules, and waterfowl in certain geographical areas, permitted the inclusion in those notices of schedules showing the proposed September open seasons, and related bag and possession limits, on such birds. The information contained in the schedules also was furnished to appropriate State game officials and to the public by publication in widely distributed newspapers and other publications and by other means. The open seasons, daily bag and possession limits, and other limitations specified in the notice of July 7, as modified by the notice of August 8, now have been included without change in the above amendments. In these circumstances, it has been determined that the public interests will best be served if those portions of section 6.3, *Means by which migratory game birds may be taken*, and section 6.4, *Open seasons, bag limits, and possession of certain migratory game birds*, relating to (1) rails and gallinules; (2) doves (whitewinged, mourning or turtle); (3) band-tailed pigeons; (4) waterfowl in Alaska; (5) scoter, eider, and old squaw ducks in Connecticut, Maine, Massachusetts, New Hampshire, New York, and Rhode Island become effective September 1, 1950. The remainder of the amendments, which particularly affect waterfowl and are related to seasons beginning later than September 30, 1950, become effective October 1, 1950.

IN WITNESS WHEREOF, I have hereunto subscribed my name and caused the seal of the Department of the Interior to be affixed, this 24th day of August, 1950.

SUPPLEMENTAL QUOTA ON IMPORTS OF LONG-STAPLE COTTON

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

### A PROCLAMATION

WHEREAS pursuant to section 22 of the Agricultural Adjustment Act of 1933 as amended by section 31 of the act of August 24,

October 4, 1950  
[No. 2905]

36 U. S. C. § 146.

Designation of Columbus Day.

1935, 49 Stat. 750, 773, as amended by section 5 of the act of February 29, 1936, 49 Stat. 1148, 1152, and as reenacted by section 1 of the act of June 3, 1937, 50 Stat. 246 (7 U. S. C. 624), the President issued a proclamation on September 5, 1939 (No. 2351, 54 Stat. 2640), limiting the quantities of certain cotton and cotton waste which might be entered, or withdrawn from warehouse, for consumption, which proclamation was suspended in part or modified by the President's proclamations of December 19, 1940 (No. 2450, 54 Stat. 2769), March 31, 1942 (No. 2544, 56 Stat. 1944), June 29, 1942 (No. 2560, 56 Stat. 1963), February 1, 1947 (No. 2715, 61 Stat. 1049), June 9, 1947 (No. 2734, 61 Stat. 1071), July 20, 1948 (No. 2800, 13 F. R. 4176), and September 3, 1949 (No. 2856, 14 F. R. 5517); and

64 Stat., Pt. 1, p. 261.

WHEREAS the said proclamation of September 5, 1939, as suspended in part and modified, provides that the total quantity of cotton having a staple of  $1\frac{1}{8}$  inches or more but less than  $1\frac{11}{16}$  inches in length which may be entered, or withdrawn from warehouse, for consumption in any year commencing February 1 shall not exceed 45,656,420 pounds; and

62 Stat., Pt. 2, p. 1534;  
63 Stat. 1294.

54 Stat., Pt. 2, p. 2640.

WHEREAS the limitation on the entry of cotton having a staple of  $1\frac{1}{8}$  inches or more in length was imposed by the said proclamation of September 5, 1939 after a finding by the President, on the basis of an investigation and report of the United States Tariff Commission made under the provisions of the said section 22 of the Agricultural Adjustment Act of 1933, as amended, that such cotton was being imported into the United States under such conditions and in sufficient quantities as to tend to render ineffective or materially interfere with the program undertaken with respect to cotton under the Soil Conservation and Domestic Allotment Act, as amended; and

54 Stat., Pt. 2, p. 2640.

64 Stat., Pt. 1, p. 261.

WHEREAS the imposition of annual quotas on cotton having a staple of  $1\frac{1}{8}$  inches or more in length was recommended by the United States Tariff Commission in its report (Report No. 137, 2d Series) in connection with which it was stated, in finding No. 5, that the quotas recommended "will prevent imports from interfering with the cotton program and at the same time will permit American industry to secure needed supplies of specialized types of cotton"; and

WHEREAS the total quantity of cotton having a staple of  $1\frac{1}{8}$  inches or more but less than  $1\frac{11}{16}$  inches in length which may be entered for consumption or withdrawn from warehouse for consumption under the said proclamation of September 5, 1939, as suspended in part and modified, during the quota year ending at the close of January 31, 1951, has already been entered, or withdrawn from warehouse, for consumption; and

54 Stat., Pt. 2, p. 2640.

WHEREAS pursuant to the said section 22 of the Agricultural Adjustment Act of 1933, as further amended by the acts of January 25, 1940, 54 Stat. 17, and July 3, 1948, 62 Stat. 1247, 1248, and by Public Law 579, 81st Congress, approved June 28, 1950, the United States Tariff Commission has made a supplemental investigation to determine whether changed circumstances require the modification of the said proclamation of September 5, 1939, to permit an additional quantity of harsh or rough cotton having a staple of  $1\frac{1}{8}$  inches or more but less than  $1\frac{3}{8}$  inches in length to be entered, or withdrawn from warehouse, for consumption during the remainder of the quota year ending at the close of January 31, 1951, in order to meet the special requirements of domestic manufacturers for this particular type of cotton; and

64 Stat., Pt. 1, p. 261.

54 Stat., Pt. 2, p. 2640.

WHEREAS in the course of the said supplemental investigation, after due notice, a public hearing was held on July 18, 1950, at which parties interested were given opportunity to be present, to produce evidence, and to be heard, and, in addition to the hearing, the Commis-

sion made such investigation as it deemed necessary for a full disclosure and presentation of the facts; and

WHEREAS the Commission has made findings of fact and has transmitted to me a report of such findings and its recommendations based thereon, together with a transcript of the evidence submitted at the hearing, and has also transmitted a copy of such report to the Secretary of Agriculture; and

WHEREAS the Commission has recommended that an additional quantity of 1,500,000 pounds of harsh or rough cotton (except cotton of perished staple, grabbots, and cotton pickings), white in color, and having a staple of  $1\frac{3}{16}$  inches or more but less than  $1\frac{3}{8}$  inches in length be permitted entry during the quota year ending at the close of January 31, 1951, in order to enable domestic users to obtain their essential requirements for such cotton:

NOW THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby find and declare, on the basis of the said supplemental investigation and report of the United States Tariff Commission, that changed circumstances require the modification of the said proclamation of September 5, 1939, as suspended in part and modified, so as to permit the entry for consumption, or withdrawal from warehouse for consumption, during the quota year ending at the close of January 31, 1951, of 1,500,000 pounds of harsh or rough cotton (except cotton of perished staple, grabbots, and cotton pickings), white in color, and having a staple of  $1\frac{3}{16}$  inches or more but less than  $1\frac{3}{8}$  inches in length, in addition to the quantity of cotton having a staple of  $1\frac{1}{8}$  inches or more but less than  $1\frac{11}{16}$  inches in length the entry of which has already been made during the said quota year under the said proclamation of September 5, 1939, as suspended in part and modified, which additional quantity I find should be permitted entry to carry out the purposes of section 22 of the Agricultural Adjustment Act of 1933, as amended. Accordingly, pursuant to the said section 22 of the Agricultural Adjustment Act of 1933, as amended, I hereby modify the said proclamation of September 5, 1939, so as to permit during the quota year ending at the close of January 31, 1951, the entry for consumption, or withdrawal from warehouse for consumption, of an additional quantity of 1,500,000 pounds of harsh or rough cotton (except cotton of perished staple, grabbots, and cotton pickings), white in color, and having a staple of  $1\frac{3}{16}$  inches or more but less than  $1\frac{3}{8}$  inches in length, which additional quantity I hereby find and declare may be entered for consumption, or withdrawn from warehouse for consumption, during such quota year without rendering or tending to render ineffective or materially interfering with the domestic program undertaken with respect to cotton, or reducing substantially the amount of any product processed in the United States from cotton produced in the United States.

This proclamation shall become effective on the fifth day after the date thereof.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 4th day of October in the year of our Lord nineteen hundred and fifty, and of [SEAL] the Independence of the United States of America the one hundred and seventy-fifth.

### A PROCLAMATION

WHEREAS pursuant to section 22 of the Agricultural Adjustment Act of 1933 as amended by section 31 of the act of August 24, 1935,

64 Stat., Pt. 1, p. 261.

WHEREAS the said proclamation of September 5, 1939, as suspended in part and modified, provides that the total quantity of cotton having a staple of  $1\frac{1}{8}$  inches or more but less than  $1\frac{11}{16}$  inches in length which may be entered, or withdrawn from warehouse, for consumption in any year commencing February 1 shall not exceed 45,656,420 pounds; and

63 Stat. 1294.  
Note, pp. A434.

54 Stat., Pt. 2, p. 1531.

WHEREAS the limitation on the entry of cotton having a staple of  $1\frac{1}{8}$  inches or more in length was imposed by the said proclamation of September 5, 1939 after a finding by the President, on the basis of an investigation and report of the United States Tariff Commission made under the provisions of the said section 22 of the Agricultural Adjustment Act of 1933, as amended, that such cotton was being imported into the United States under such conditions and in sufficient quantities as to tend to render ineffective or materially interfere with the program undertaken with respect to cotton under the Soil Conservation and Domestic Allotment Act, as amended; and

54 Stat., Pt. 2, p. 2640.

64 Stat., Pt. 1, p. 261.

WHEREAS the imposition of annual quotas on cotton having a staple of  $1\frac{1}{8}$  inches or more in length was recommended by the United States Tariff Commission in its report (Report No. 137, 2d Series) in connection with which it was stated, in finding No. 5, that the quotas recommended "will prevent imports from interfering with the cotton program and at the same time will permit American industry to secure needed supplies of specialized types of cotton"; and

WHEREAS the total quantity of cotton having a staple of  $1\frac{3}{8}$  inches or more but less than  $1\frac{11}{16}$  inches in length which may be entered for consumption, or withdrawn from warehouse for consumption, under the said proclamation of September 5, 1939, as suspended in part and modified, during the quota year ending at the close of January 31, 1951, has already been entered, or withdrawn from warehouse, for consumption; and

54 Stat., Pt. 2, p. 2640.

WHEREAS pursuant to the said section 22 of the Agricultural Adjustment Act of 1933, as further amended by the acts of January 25, 1940, 54 Stat. 17, and July 3, 1948, 62 Stat. 1247, 1248, and by Public Law 579, 81st Congress, approved June 28, 1950, the United States Tariff Commission has made a supplemental investigation to determine whether an additional quantity of cotton having a staple of  $1\frac{3}{8}$  inches or more but less than  $1\frac{11}{16}$  inches in length should be permitted to be entered, or withdrawn from warehouse, for consumption during the remainder of the quota year ending at the close of January 31, 1951; and

64 Stat., Pt. 1, p. 261.

WHEREAS in the course of the said supplemental investigation, after due notice, a public hearing was held on September 29, 1950, at which parties interested were given opportunity to be present, to produce evidence, and to be heard, and, in addition to the hearing, the Commission made such investigation as it deemed necessary for a full disclosure and presentation of the facts; and

WHEREAS the Commission has made findings of fact and has transmitted to me a report of such findings and its recommendations based thereon, together with a transcript of the evidence submitted at the hearing, and has also transmitted a copy of such report to the Secretary of Agriculture; and

WHEREAS the Commission has recommended that an additional quantity not to exceed 7,500,000 pounds of cotton having a staple of  $1\frac{3}{8}$  inches or more but less than  $1\frac{11}{16}$  inches in length be permitted entry during the quota year ending at the close of January 31, 1951, and that imports under this supplemental quota should be permitted under license only to the extent determined to be necessary to satisfy the essential needs of individual cotton manufacturing concerns:

Modification of  
proclamation of Sept.  
5, 1939.

54 Stat., Pt. 2, p. 2640.

64 Stat., Pt. 1, p. 261.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby find and declare, on the basis of the investigation and report of the United States Tariff Commission, that changed circumstances require the modification, as hereinafter set forth, of the said proclamation of September 5, 1939, as suspended in part and modified, to carry out the purposes of the said section 22. Accordingly, pursuant to the said section 22, I hereby modify the said proclamation of September 5, 1939, so as to permit during the remainder of the quota year ending at the close of January 31, 1951, the entry for consumption, or withdrawal from warehouse for consumption, in accordance with the essential needs of persons or firms engaged in cotton manufacturing, as determined by the Tariff Commission, of an additional quantity up to but not exceeding a total aggregate quantity of 7,500,000 pounds of cotton having a staple of  $1\frac{3}{8}$  inches or more but less than  $1\frac{11}{16}$  inches in length: *Provided*, That no portion of such additional quantity of cotton shall be permitted entry for consumption, or withdrawal from warehouse for consumption, except by or for the account of a person or firm engaged in cotton manufacturing to whom the Tariff Commission has issued a license and subject to the limitations specified in such license.

Declaration of con-  
sumption.

I hereby find and declare that the said additional quantity may be entered for consumption, or withdrawn from warehouse for consumption, during the remainder of the quota year ending at the close of January 31, 1951 without rendering or tending to render ineffective or materially interfering with the domestic program undertaken with respect to cotton, or reducing substantially the amount of any product processed in the United States from cotton produced in the United States.

Equitable distribu-  
tion.

The Tariff Commission is authorized to adopt such procedure and rules and regulations as it considers necessary to assure the equitable distribution of the said additional quantity of cotton among essential users of such cotton.

Effective date.

This proclamation shall become effective immediately.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 12th day of October in the year of our Lord nineteen hundred and fifty, and of the

## THANKSGIVING DAY, 1950

October 19, 1950  
[No. 2909]

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

## A PROCLAMATION

In keeping with the custom established by our forefathers and hallowed by faithful observance throughout the years, it is fitting that once again at this season we set aside a day for giving thanks to God for the many blessings which He has bestowed upon us.

We are deeply grateful for the bounties of our soil, for the unequalled production of our mines and factories, and for all the vast resources of our beloved country, which have enabled our citizens to build a great civilization. We are thankful for the enjoyment of our personal liberties and for the loyalty of our fellow Americans.

We offer fervent thanks that we are privileged to join with other countries in the work of the United Nations, which was founded to maintain peace in a troubled world and is now standing firm in upholding the principles of international justice.

Contemplating these blessings with humility, we have a deepened sense of our responsibility to serve unselfishly, and we pray to Almighty God for wisdom in our relations with our fellow men.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, in conformance with the joint resolution of Congress approved December 26, 1941, designating the fourth Thursday of November in each year as Thanksgiving Day, do hereby proclaim Thursday, November 23, 1950, as a day of national thanksgiving, and I call upon every citizen to offer thanks to God for His gracious guidance and help. Again I ask all my countrymen to appeal to the Most High, that the God of our Fathers who has blessed this land beyond all others will in His infinite mercy grant to all nations that peace which the world cannot give. I entreat them, in church, chapel and synagogue, in their homes and in the busy walks of life, every day and everywhere, to pray for peace.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this nineteenth day of October in the year of our Lord nineteen hundred and fifty, and

[No. 2910]

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

WHEREAS a harrowing second world conflict has created in the hearts and minds of men a firm determination to make a lasting peace; and

WHEREAS, although the peoples of the world are again saddened by strife and bloodshed, our faith has grown in the ultimate fulfillment, through international effort, of the promise for which our heroes fought and died; and

WHEREAS the Congress, by a concurrent resolution of June 4, 1926 (44 Stat. 1982), requested the President to issue a proclamation calling for the observance of November 11 as the anniversary of the armistice of 1918, and by an act approved May 13, 1938 (52 Stat. 351), declared that the anniversary should thenceforth be a legal holiday dedicated to the cause of world peace, and should be known as Armistice Day:

5 U. S. C. § 87a.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby call upon all our people to observe Saturday, November 11, 1950, as Armistice Day by paying solemn tribute to our fellow countrymen who fought on foreign soil for liberty, and by praying for divine help in the achievement of peace on earth; and I direct that the flag of the United States be flown from all Government buildings on that date in recognition of past and present efforts and sacrifice toward the end that international hostilities may be ended forever.

4. WHEREAS Article XIX of the said General Agreement provides as follows:

61 Stat., Pt. 5, p. A58.

1. (a) If, as a result of unforeseen developments and of the effect of the obligations incurred by a contracting party under this Agreement, including tariff concessions, any product is being imported into the territory of that contracting party in such increased quantities and under such conditions as to cause or threaten serious injury to domestic producers in that territory of like or directly competitive products, the contracting party shall be free, in respect of such product, and to the extent and for such time as may be necessary to prevent or remedy such injury, to suspend the obligation in whole or in part or to withdraw or modify the concession.

(b) If any product, which is the subject of a concession with respect to a preference, is being imported into the territory of a contracting party in the circumstances set forth in subparagraph (a) of this paragraph, so as to cause or threaten serious injury to domestic producers of like or directly competitive products in the territory of a contracting party which receives or received such preference, the importing contracting party shall be free, if that other contracting party so requests, to suspend the relevant obligation in whole or in part or to withdraw or modify the concession in respect of the product, to the extent and for such time as may be necessary to prevent or remedy such injury.

2. When such notice is given in relation to a concession with respect to a preference, the notice shall name the contracting party which has requested the action. In critical circumstances, where delay would cause damage which it would be difficult to repair, action under paragraph 1 of this Article may be taken provisionally without prior consultation, on the condition that consultation shall be effected immediately after taking such action.

3. (a) If agreement among the interested contracting parties with respect to the action is not reached, the contracting party which proposes to take or continue the action shall, nevertheless, be free to do so, and if such action is taken or continued, the affected contracting parties shall then be free, not later than ninety days after such action is taken, to suspend, upon the expiration of thirty

days from the day on which written notice of such suspension is received by the CONTRACTING PARTIES, the application to the trade of the contracting party taking such action, or, in the case envisaged in paragraph 1 (b) of this Article, to the trade of the contracting party requesting such action, of such substantially equivalent obligations or concessions under this Agreement the suspension of which the CONTRACTING PARTIES do not disapprove.

(b) Notwithstanding the provisions of sub-paragraph (a) of this paragraph, where action is taken under paragraph 2 of this Article without prior consultation and causes or threatens serious injury in the territory of a contracting party to the domestic producers of products affected by the action, that contracting party shall, where delay would cause damage difficult to repair, be free to suspend, upon the taking of the action and throughout the period of consultation, such obligations or concessions as may be necessary to prevent or remedy the injury.

7. WHEREAS in the course of its investigation, after due notice, a public hearing was held by the Tariff Commission at which parties interested were given opportunity to be present, to produce evidence and to be heard;

8. WHEREAS the Tariff Commission has made findings of fact and has transmitted to me a report of its findings and has recommended for my consideration in the light of the public interest the withdrawal in whole of the tariff concessions granted in the said General Agreement with respect to hats, caps, bonnets, and hoods, for women's wear, trimmed or untrimmed, including bodies, hoods, plateaux, forms, or shapes, for women's hats or bonnets, composed wholly or in chief value of fur felt, and valued at more than \$9 and not more than \$24 per dozen, described in the said item 1526 (a) of Part I of the said Schedule XX;

#### PROCLAIMING THE EXISTENCE OF A NATIONAL EMERGENCY

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

December 16, 1950  
[No. 2914]

#### A PROCLAMATION

WHEREAS recent events in Korea and elsewhere constitute a grave threat to the peace of the world and imperil the efforts of this country and those of the United Nations to prevent aggression and armed conflict; and

WHEREAS world conquest by communist imperialism is the goal of the forces of aggression that have been loosed upon the world; and

WHEREAS, if the goal of communist imperialism were to be achieved, the people of this country would no longer enjoy the full and rich life they have with God's help built for themselves and their children; they would no longer enjoy the blessings of the freedom of worshipping as they severally choose, the freedom of reading and listening to what they choose, the right of free speech including the right to criticize their Government, the right to choose those who conduct their Government, the right to engage freely in collective bargaining, the right to engage freely in their own business enterprises, and the many other freedoms and rights which are a part of our way of life; and

Whereas the increasing menace of the forces of communist aggression requires that the national defense of the United States be strengthened as speedily as possible:

National emergency proclaimed.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do proclaim the existence of a national emergency, which requires that the military, naval, air, and civilian defenses of this country be strengthened as speedily as possible to the end that we may be able to repel any and all threats against our national security and to fulfill our responsibilities in the efforts being made through the United Nations and otherwise to bring about lasting peace.

I summon all citizens to make a united effort for the security and well-being of our beloved country and to place its needs foremost in thought and action that the full moral and material strength of the Nation may be readied for the dangers which threaten us.

I summon our farmers, our workers in industry, and our businessmen to make a mighty production effort to meet the defense requirements of the Nation and to this end to eliminate all waste and inefficiency and to subordinate all lesser interests to the common good.

I summon every person and every community to make, with a spirit of neighborliness, whatever sacrifices are necessary for the welfare of the Nation.

I summon all State and local leaders and officials to cooperate fully with the military and civilian defense agencies of the United States in the national defense program.

I summon all citizens to be loyal to the principles upon which our Nation is founded, to keep faith with our friends and allies, and to be firm in our devotion to the peaceful purposes for which the United Nations was founded.

I am confident that we will meet the dangers that confront us with courage and determination, strong in the faith that we can thereby "secure the Blessings of Liberty to ourselves and our Posterity."

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this 16th day of December, 10:20 a. m., in the year of our Lord nineteen hundred and [SEAL] fifty, and of the Independence of the United States of America the one hundred and seventy-fifth.

19 U. S. C. § 1351; Sup. III, § 1351 notes.

Syria, the Union of South Africa, and the United Kingdom of Great Britain and Northern Ireland, which trade agreement consists of the General Agreement on Tariffs and Trade and the related Protocol of Provisional Application thereof, together with the Final Act Adopted at the Conclusion of the Second Session of the Preparatory Committee of the United Nations Conference on Trade and Employment which authenticated the texts of the said General Agreement and the said Protocol (61 Stat. (Parts 5 and 6) A7, A11, and A2051); and (2.) by Proclamation No. 2761A of December 16, 1947 (61 Stat. 1103), proclaimed such modifications of existing duties and other import restrictions of the United States of America and such continuance of existing customs or excise treatment of articles imported into the United States of America as were then found to be required or appropriate to carry out such trade agreement;

61 Stat., Pt. 5, p. A40.

7. WHEREAS Article XIII of the said General Agreement provides in part as follows:

"2. In applying import restrictions to any product, contracting parties shall aim at a distribution of trade in such product approaching as closely as possible to the shares which the various contracting parties might be expected to obtain in the absence of such restrictions, and to this end shall observe the following provisions:

\* \* \* \* \*

61 Stat., Pt. 5, p. A41.

"(d) in cases in which a quota is allocated among supplying countries, the contracting party applying the restrictions may seek agreement with respect to the allocation of shares in the quota with all other contracting parties having a substantial interest in supplying the product concerned. In cases in which this method is not reasonably practicable, the contracting party concerned shall allot to contracting parties having a substantial interest in supplying the product shares based upon the proportions, supplied by such contracting parties during a previous representative period, of the total quantity or value of imports of the product, due account being taken of any special factors which may have affected or may be affecting the trade in the product. No conditions or formalities shall be imposed which would prevent any contracting party from utilizing fully the share of any such total quantity or value which has been allotted to it, subject to importation being made within any prescribed period to which the quota may relate.

\* \* \* \* \*

61 Stat., Pt. 5, A42.

"3. (c) In the case of quotas allocated among supplying countries, the contracting party applying the restrictions shall promptly inform all other contracting parties having an interest in supplying the product concerned of the shares in the quota currently allocated, by quantity or value, to the various supplying countries and shall give public notice thereof.

"5. The provisions of this Article shall apply to any tariff quota instituted or maintained by any contracting party, \* \* \*";

8. WHEREAS, after consultation with the Government of the United States of America, the Government of the United States of Venezuela has requested the allocation among the countries of export of the quantity of crude petroleum, topped crude petroleum, and fuel oil derived from petroleum including fuel oil known as gas oil entitled to a reduction in duty by virtue of the said item 3422 of Schedule II annexed to the said definitive trade agreement with Venezuela;

54 Stat., Pt. 2, p. 2387.

9. WHEREAS I find that, taking into account special factors affecting the trade, imports into the United States of America from all countries of such crude petroleum, topped crude petroleum, and fuel oil derived from petroleum including fuel oil known as gas oil during the calendar years 1946 through 1949 were representative of the trade in such products;

10. WHEREAS I find that the proportions of total imports into the United States of America of such petroleum and fuel oil supplied by Venezuela, by the Kingdom of the Netherlands (including its overseas territories), and by other foreign countries, respectively, during the years 1946 through 1949 were as follows:

	<i>Per centum</i>
United States of Venezuela .....	59.4
Kingdom of the Netherlands (including its overseas territories) .....	18.7
Other foreign countries .....	21.9

NOW THEREFORE, I, HARRY S. IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

AUSTRALIAN EMBASSY

WASHINGTON, D. C

29th December, 1949.

No. 504/49.

SIR,

I have the honour to inform you that the attention of the Australian Government has been invited to paragraph (b), section 9 of Title 17 of the United States Code, codified and enacted into positive law by the act of Congress approved July 30, 1947, which provides for extending, on a reciprocal basis, the time for the fulfilment of the conditions and formalities prescribed by the copyright laws of the United States in the case of authors, copyright owners, or proprietors of works first produced or published abroad who are or may have been temporarily unable to comply with those conditions and formalities because of the disruption or suspension of the facilities essential for their compliance.

61 Stat., Pt. 1, p. 655.  
17 U. S. C., Supp.  
III, § 9 (b).

My Government has requested me to inform you that, by reason of the conditions arising out of World War II, Australian authors, copyright owners, and proprietors have lacked, during several years of the time since the outbreak of war between Australia and Germany on September 3, 1939, the facilities essential to compliance with and to the fulfilment of the conditions and formalities established by the laws of the United States of America relating to copyright.

It is the desire of the Australian Government that, in accordance with the procedure provided in the above-mentioned section 9 of Title 17 of the United States Code, the time for fulfilling the conditions and formalities of the copyright laws of the United States of America be extended for the benefit of citizens of Australia whose works are eligible to copyright in the United States.

With a view to assuring the Government of the United States of America of reciprocal protection for authors, copyright owners, and proprietors of the United States, the Governor-General has made an Order, the text of which is annexed hereto, which will come into effect from the date on which the President of the United States of America shall proclaim, in accordance with the aforesaid Title 17 of the United States Code, that by reason of the disruption or suspension of facilities during several years of the time since September 3, 1939, citizens of Australia who are authors, copyright owners, or proprietors of works first produced or published outside the United States and subject to copyright, ad interim copyright, or renewal of copyright under the

laws of the United States, have been temporarily unable to comply with the conditions and formalities prescribed with respect to such works by the copyright laws of the United States.

The Australian Government is prepared, if this proposal is acceptable to the Government of the United States of America, to regard the present note and Your Excellency's reply to the same effect as constituting an agreement between the two Governments, which shall take effect this day.

DEPARTMENT OF STATE  
WASHINGTON  
*Dec 29 1949*

EXCELLENCY:

I have the honor to acknowledge the receipt of your note of today's date in which you refer to paragraph (b), section 9 of Title 17 of the United States Code, codified and enacted into positive law by the Act of Congress approved July 30, 1947, which authorizes the President to extend by proclamation the time for compliance with the conditions and formalities prescribed by the copyright laws of the United States of America with respect to works first produced or published outside the United States of America and subject to copyright under the laws of the United States of America when the authors, copyright owners, or proprietors of such works are or may have been temporarily unable to comply with those conditions and formalities because of the disruption or suspension of the facilities essential to such compliance.

*Ante*, p. B74.

61 Stat., Pt. 1, p. 655.  
17 U. S. C., Supp.  
III, § 9 (b).

You state that by reason of conditions arising out of World War II authors, copyright owners, and proprietors who are citizens of Australia have lacked during several years of the time since the outbreak of war between Australia and Germany on September 3, 1939, the facilities essential to compliance with and to the fulfillment of the conditions and formalities established by the laws of the United States of America relating to copyright.

Extension of time for fulfillment of formalities, etc.

Reciprocal protection for copyright owners, etc.

*Ante*, p. B75.

You express the desire of the Australian Government that, in accordance with the procedure provided in the above-mentioned section 9 of Title 17 of the United States Code, the time for fulfilling the conditions and formalities of the copyright laws of the United States of America be extended for the benefit of citizens of Australia whose works are eligible to copyright in the United States of America. You add that with a view to assuring the Government of the United States of America reciprocal protection for authors, copyright owners, and proprietors of the United States of America, the Governor-General has made an Order in Council, the text of which accompanies your note under acknowledgment, which will come into effect from the date on which the President of the United States of America shall proclaim, in accordance with the aforesaid Title 17 of the United States Code, that by reason of the disruption or suspension of facilities during several years of the time since September 3, 1939 citizens of Australia who are authors, copyright owners, or proprietors of works first produced or published outside the United States of America and subject to copyright, *ad interim* copyright, or renewal of copyright under the laws of the United States of America have been temporarily unable to comply with the conditions and formalities prescribed with respect to such works by the copyright laws of the United States of America.

You further state that the Australian Government is prepared, if this proposal should be accepted by the Government of the United States of America, to regard the note under acknowledgment and this Government's reply thereto to that effect as constituting an agreement between the two Governments, which shall take effect this day.

Proclamation.

64 Stat., Pt. 2, p. A385.

*Ante*, pp. B74, B75.

I have the honor to inform you that, with a view to giving effect to the commitment proposed in the note under acknowledgment, the President has issued today a proclamation, a copy of which is annexed hereto, declaring and proclaiming, pursuant to the provisions of section 9 of the aforesaid Title 17 on the basis of the assurances set forth in your note and the Order in Council, annexed thereto, that as regards (1) works of citizens of Australia which were first produced or published outside the United States of America on or after September 3, 1939 and subject to copyright under the laws of the United States of America, including works subject to *ad interim* copyright, and (2) works of citizens of Australia subject to *renewal* of copyright under the laws of the United States of America on or after September 3, 1939, there has existed during several years of the time since September 3, 1939 such disruption or suspension of facilities essential to compliance with the conditions and formalities prescribed with

respect to such works by the copyright laws of the United States of America as to bring such works within the terms of the aforesaid Title 17, and that accordingly the time within which compliance with such conditions and formalities may take place is extended with respect to such works for one year after the date of the proclamation. The proclamation provides that it shall be understood that the term of copyright in any case is not and cannot be altered or affected by the President's action and that the extension is subject to the proviso of the said Title 17 that no liability shall attach thereunder for lawful uses made or acts done prior to the effective date of that proclamation in connection with the works to which it relates, or in respect to the continuance for one year subsequent to such date of any business undertaking or enterprise lawfully undertaken prior to such date involving expenditure or contractual obligation in connection with the exploitation, production, reproduction, circulation, or performance of any such work.

The Government of the United States of America accordingly considers the agreement in regard to such extension of time to be in effect as of today's date.

Effective date.

Accept, Excellency, the renewed assurances of my highest consideration.

(Hilfeleistung und Zusammenarbeit)

1. Die Regierung der Vereinigten Staaten von Amerika unternimmt es, die Bundesrepublik Deutschland zu unterstuetzen, indem sie der Bundesrepublik oder einer von dieser bestimmten Person, Behoerde oder Organisation Hilfe gewahrt gemass den Bestimmungen, Bedingungen und Befristungen des Gesetzes ueber Wirtschaftliche Zusammenarbeit von 1948, den dazugehoerigen Abanderungs- und Ergaenzungsgesetzen und den darauf gegruendeten Bewilligungsgesetzen. Diese Hilfeleistung wird erfolgen aufgrund von Antraegen der Regierung der Bundesrepublik und deren Genehmigung durch die Regierung der Vereinigten Staaten von Amerika; sie wird nur aus solchen Waren, Dienstleistungen und anderen Hilfeleistungen bestehen, die nach den vorstehenden Gesetzen zur Verfuegung gestellt werden duerfen. Die Regierung der Vereinigten Staaten von Amerika unternimmt ferner, der Bundesrepublik Hilfe zu gewaehren aufgrund der entsprechenden Bestimmungen der Bewilligungsgesetze fuer die Verwaltung und Unterstuetzung besetzter Gebiete (Appropriation Acts for the Government and Relief of Occupied Areas).

2. Die Regierung der Bundesrepublik Deutschland wird, indem sie im eigenen Namen und durch die Organisation fuer Europaische Wirtschaftliche Zusammenarbeit und in Uebereinstimmung mit der am 16. April 1948 in Paris unterzeichneten Konvention ueber Europaische Wirtschaftliche Zusammenarbeit handelt, gemeinsam mit anderen Teilnehmerstaaten anhaltende Anstrengungen machen, um durch ein gemeinsames Wiederaufbauprogramm moeglichst bald die wirtschaftlichen Bedingungen in Europa zu schaffen, die fuer einen dauerhaften Frieden und Wohlstand wesentlich sind, und um es den Laendern Europas, die an diesem Wiederaufbauprogramm mitwirken, zu ermoglichen, waehrend der Dauer dieses Abkommens unabhangig von aussergewoehnlicher

Desiring to set forth the understandings which govern the furnishing of assistance by the Government of the United States of America, the receipt of such assistance by the Federal Republic of Germany, and the measures which the two Governments will take individually and together in furthering the recovery of the Federal Republic as an integral part of the joint program for European recovery;

Have agreed as follows:

#### Article I

(Assistance and Cooperation)

1. The Government of the United States of America undertakes to assist the Federal Republic of Germany by making available to the Government of the Federal Republic or to any person, agency or organization designated by the latter Government, aid under the terms, conditions and termination provisions of the Economic Cooperation Act of 1948, acts amendatory and supplementary thereto and appropriation acts thereunder. Such aid will be provided upon the approval by the Government of the United States of America of requests made by the Government of the Federal Republic and will consist of only such commodities, services and other assistance as are authorized to be made available by the above acts. The Government of the United States of America undertakes further to extend assistance to the Federal Republic under applicable provisions of Appropriation Acts for the Government and Relief of Occupied Areas.

2. The Government of the Federal Republic of Germany, acting individually and through the Organization for European Economic Cooperation, consistently with the Convention for European Economic Cooperation signed at Paris on April 16, 1948, will exert sustained efforts in common with other participating countries speedily to achieve through a joint recovery program economic conditions in Europe essential to lasting peace and prosperity and to enable the countries of Europe participating in such a joint recovery program to become independent of extraordinary outside economic assistance within the period of this Agreement. The Government of the Federal Republic affirms its intention to take action to carry out the provisions of the

general obligations of the Convention for European Economic Cooperation, to continue to participate actively on the work of the Organization for European Economic Cooperation, and to continue to adhere to the purposes and policies of the Economic Cooperation Act of 1948 as amended.

3. All assistance except conditional aid furnished by the Government of the United States of America to the Federal Republic of Germany pursuant to this Agreement shall constitute a claim against Germany. To the extent that expenditures are made from the ERP Special Account established under Article IV of this Agreement for the purposes set forth in paragraphs 3 and 4 of that Article and for purposes not of direct benefit to the German economy or the German people, such claim against Germany shall be reduced in an amount commensurate with such expenditures. To the extent that expenditures are made from the GARIOA Special Account established under Article V of this Agreement, credit will be given, at the time of final settlement of the claim of the United States of America against Germany, for any amounts expended for purposes which are then determined not to have been for the benefit of the German economy or the German people. The proceeds of exports from all future production and stocks of the Federal Republic will be available for payment for assistance made available pursuant to this Agreement. At the earliest practicable time consistent with the rebuilding of the economy of the Federal Republic on healthy, peaceful lines, such proceeds shall be applied for such payment on a basis not less favorable to the United States than that accorded the United States or the United Kingdom for costs incurred pursuant to the memorandum of agreement between the United States and the United Kingdom dated 2 December 1946, as revised and supplemented, relating to the economic integration of the United States and United Kingdom Zones of Germany.

Die Regierung der Bundesrepublik versichert, dass sie alles tun wird, um die Bestimmungen der allgemeinen Verpflichtungen der Konvention ueber Europäische Wirtschaftliche Zusammenarbeit durchzuführen, dass sie weiterhin tatkräftig an der Arbeit der Organisation fuer Europäische Wirtschaftliche Zusammenarbeit mitwirken und an den Zielen und Grundsätzen des Gesetzes ueber Wirtschaftliche Zusammenarbeit von 1948 in seiner geänderten Fassung festhalten wird.

Soweit Ausgaben aus dem ERP-Sonderkonto erfolgen, welches gemass Artikel IV dieses Abkommens fuer Zwecke, die in Ziffer 3 und 4 des genannten Artikels festgelegt sind, und fuer Zwecke, die nicht unmittelbar der deutschen Wirtschaft oder der deutschen Bevölkering zugute kommen, errichtet ist, ist die Forderung gegen Deutschland auf einen diesen Ausgaben entsprechenden Betrag herabzusetzen. Sobald es mit dem Wiederaufbau der Wirtschaft der Bundesrepublik nach gesunden, friedlichen Grundsätzen vereinbar ist, sollen diese Erlöse fuer solche Zahlungen verwendet werden, und zwar auf einer Grundlage, die fuer die Vereinigten Staaten von Amerika keinesfalls unguentiger sein darf, als sie den Vereinigten Staaten von Amerika oder dem Vereinigten Koeningreich zugestanden worden ist fuer Aufwendungen gemass dem Memorandum ueber das Uebereinkommen zwischen den Vereinigten Staaten von Amerika und dem Vereinigten Koeningreich vom 2. Dezember 1946 in der revidierten und ergaenzten Form betreffend die wirtschaftliche Vereinigung der Besatzungszonen der Vereinigten Staaten und des Vereinigten Koeningreichs in Deutschland.

EXCELLENCY:

I have the honor to refer to the Embassy's Note no. 128 of September 20, 1949 [1] and the Ministry's Note no. 17843 of November 22, 1949, [2] with regard to the inactivation of the United States Air Force base at Guatemala City and the desirability of effecting an exchange of notes between the Government of the United States and the Government of Guatemala to enable the free movement of the military aircraft of each country into and through the airspace of the other country. The principal use by the United States of such an arrangement would be to facilitate the flight of United States military aircraft between the continental United States and the Panama Canal Zone.

I have the honor to advise Your Excellency that my Government agrees that the following arrangements be formalized by this exchange of notes:

(I) Definition: The right of military air transit and technical stop is the right to operate military aircraft into, over and away from the sovereign territory of a nation and to land at one or more specified airfields or seaplane landing areas therein only to refuel, effect repairs and/or avoid unfavorable weather conditions. Military aircraft of the United States are aircraft of the Air Force, Army, Navy, Marine Corps, and Coast Guard. Military aircraft of Guatemala are aircraft of the Air Force and Army.

(II) The Government of the United States of America grants to the military aircraft of the Government of Guatemala the right of air transit and technical stop as defined in (I) above over the following routes, subject to the regulations and provisions set forth herein:

Miami, Florida; Brownsville, Texas or New Orleans, Louisiana via most direct airways route to Washington, D.C., and New York, New York.

The Government of Guatemala grants to the military aircraft of the Government of the United States of America the right of air

<sup>2</sup> Not printed.

transit and technical stop as defined in (I) above over the following route, subject to the regulations and provisions set forth herein:

Transit rights over Guatemalan airspace with stops at Guatemala City or San Jose.

(III) It is agreed that the right of air transit and technical stop includes reciprocal overflight and landing privileges for military aircraft of each of the two Governments through the territories and at airfields under the control of the other Government. This right does not extend to bases within the sovereign territory of a third power. Landing and parking fees at airfields under jurisdiction of military service will be waived in all instances. Notification procedures will follow current practice of filing a standard flight plan with the nearest control center or foreign clearing station.

(IV) The use of airfields under this arrangement will normally be restricted to non-scheduled landing by single aircraft or small groups of planes. Whenever an airfield is to be used for scheduled traffic or heavy traffic flow is anticipated, administrative arrangements will be made between the two Governments. At airfields where adequacy of ground facilities is questionable, where extraordinary accommodations are required and whenever individuals requiring special reception or honors are aboard aircraft, twenty-four hours advance notice will be given.

Use of airfields.

(V) The military passengers and crew of each Government operating in accordance with the rights granted by paragraph (II) above will be exempted from customs' charges and immigration restrictions and charges consistent with existing laws and regulations by the other Government but will not be exempted from such customs, immigration, police and health inspection as may be required under the laws of the other Government.

Customs charges, immigration restrictions, etc.

(VI) It is agreed that in the exercise of the right contained herein, each military service will be permitted to procure and transport through contract or outright purchase necessary supplies for its personnel and aircraft while in the territory of the other. Such purchases will enjoy the same tax exemption as is enjoyed by the military forces of the country of sovereignty.

(VII) It is agreed that the aircraft of the two Governments exercising the rights provided in paragraph II above will be authorized to transport military personnel and cargo and government mail, and such aircraft which are in transit across the territory of the other will be exempt from search.

(VIII) It is agreed that governmental officials and private citizens who are certified to be on official business of the Government may be transported in the military aircraft. Such persons will be subject to the stipulations of paragraph (V) above.

(IX) It is agreed that military crews manning aircraft and military passengers thereon, operating in accordance with the provisions of paragraph II above, may wear the uniform of their service.

(X) Military aircraft of the Government of Guatemala when flying into or over the airspace of the continental United States will

be subject to compliance with all applicable laws and regulations including those pertaining to airspace reservations and air traffic rules contained in part 60 of the Civil Air Regulations. The Military aircraft of the United States, when flying into or over the airspace of the Republic of Guatemala, will be subject to the standards of the same nature in effect in Guatemala.

This exchange of notes will replace the blanket emergency permission granted to the United States by the Government of Guatemala on December 16, 1941, [1] and the six-month blanket permission issued to the Government of Guatemala by the United States on July 22, 1949. [1]

Duration; termination.

These privileges are considered to be automatically renewable on an annual basis, unless one party gives six months' prior notice of its desire to terminate this arrangement. In the event of either of the Governments becoming directly involved in hostilities, each Government reserves the right to terminate this agreement forthwith or to reconsider the extent of its adherence thereto. These arrangements are concluded without prejudice to the possible inclusion of these rights in a multilateral military air transit agreement at a later date.

This note and Your Excellency's acceptance thereof will be considered as constituting an agreement on this subject.

Accept, Sir, the renewed assurances of my highest consideration.

REPUBLICA DE GUATEMALA  
SECCION DIPLOMATICA

GUATEMALA, 20 de diciembre de 1949.

SEÑOR ENCARGADO:

Tengo el honor de referirme a la atenta nota de Vuestra Señoría, número 165, fechada el día de hoy, en la cual, refiriéndose a negociaciones anteriores relativas a la conveniencia de que los Gobiernos de Guatemala y de los Estados Unidos concluyan un arreglo para regular el libre tránsito de aeronaves militares en los territorios respectivos de ambos países, Vuestra Señoría se sirve manifestarme la anuencia de su ilustrado Gobierno para que se formalice el arreglo mediante el presente cambio de notas.

Me es muy grato informar a Vuestra Señoría que mi Gobierno está enteramente de acuerdo con el referido arreglo, en los siguientes términos:

<sup>1</sup> Not printed.

- (I) Definición: El derecho de tránsito aéreo militar y parada técnica es el derecho de operar aviones militares hacia el interior, sobre y hacia el exterior del territorio soberano de una nación y aterrizar en uno o más aeródromos o sitios de acuatizaje especificados, únicamente con fines de abastecimiento de combustible, efectuar reparaciones o evitar condiciones desfavorables del tiempo. Los aviones militares de los Estados Unidos son aviones de la fuerza aérea del ejército, marina, cuerpo de marina y guardacostas. Los aviones militares de Guatemala son aviones de la Fuerza Aérea y del Ejército.
- (II) El Gobierno de los Estados Unidos concede a los aviones militares del Gobierno de Guatemala el derecho de tránsito aéreo y parada técnica como queda definido en el párrafo (I), en las siguientes rutas sujetos a los reglamentos y disposiciones aquí estipuladas: Miami, Florida; Bronwsville, Texas; o Nueva Orleans, Louisiana, por la vía más directa en ruta aérea a Washington, D. C., y Nueva York, Nueva York. El Gobierno de Guatemala concede a los aviones militares del Gobierno de los Estados Unidos el derecho de tránsito aéreo y parada técnica como se describe en el párrafo (I), en la siguiente ruta, sujeto a los reglamentos y disposiciones aquí estipuladas: derecho de tránsito sobre el espacio aéreo de Guatemala con paradas en la ciudad de Guatemala o en San José.
- (III) Se conviene en que el derecho a tránsito aéreo y parada técnica incluye privilegios recíprocos de vuelo y aterrizaje para aviones militares de cada uno de los dos gobiernos a través de sus territorios y en campos de aterrizaje bajo el control del otro gobierno. Este derecho no se extiende a bases que se encuentren en el territorio soberano de una tercera potencia. En todos los casos se renuncia a los derechos de aterrizaje y estacionamiento en los aeródromos que estén bajo jurisdicción militar. El procedimiento de avisos se ajustará a la práctica ordinaria de presentar un plan corriente de vuelo en el centro de control o estación extranjera de distribución más cercana.
- (IV) El uso de campos de aterrizaje de conformidad con este arreglo será restringido normalmente a aterrizajes imprevistos de aviones solos o pequeños grupos de aeroplanos. Siempre que haya de usarse un aeródromo para tránsito programado o se espere gran afluencia de tránsito, se harán arreglos administrativos entre los dos Gobiernos. En los campos aéreos en que sea dudoso lo adecuado de las instalaciones de tierra, donde se necesiten acondicionamientos extraordinarios, o siempre que vayan a bordo personas que requieran recepción especial u honores, se dará aviso con veinticuatro horas de anticipación.

- (V) Los pasajeros militares y la tripulación de cada gobierno que operen de conformidad con los derechos concedidos en el párrafo (II), estarán exentos de derechos de aduana y restricciones y derechos de inmigración aplicables según las leyes y reglamentos vigentes del otro gobierno, pero no estarán exentos de la inspección aduanera, de inmigración, policía y salubridad requeridas por las leyes del otro gobierno.
- (VI) Queda convenido que al hacer uso del derecho contenido en el presente, cada servicio militar tendrá permiso de obtener y transportar por contrato o comprar abiertamente las provisiones necesarias para su personal y nave aérea mientras se encuentre en el territorio del otro. Tales compras gozarán de las mismas exenciones de impuestos de que gozan las fuerzas militares del país de soberanía.
- (VII) Queda convenido que las naves de los dos Gobiernos que hagan uso de los derechos estipulados en el párrafo (II), estarán autorizados a transportar personal y carga militares y correspondencia del gobierno, y que las naves que estén en tránsito a través del territorio del otro estarán exentas de registro.
- (VIII) Queda convenido que los funcionarios del Gobierno y los particulares que acrediten ir en asuntos oficiales del Gobierno pueden ser transportados en los aviones militares. Tales personas quedarán sujetas a las disposiciones del párrafo (V).
- (IX) Queda convenido que las tripulaciones militares de las naves aéreas militares y los pasajeros militares de las mismas, que vayan de conformidad con las disposiciones del párrafo (II), pueden usar sus uniformes de ordenanza.
- (X) Las naves aéreas militares del Gobierno de Guatemala cuando entren o vuelen sobre el espacio aéreo continental de los Estados Unidos estarán sujetas a cumplir con todas las leyes y reglamentos aplicables incluyendo las que se refieren a las reservas de espacio aéreo y a las reglas de tránsito aéreo contenidas en la parte 60 del reglamento de Aviación Civil. A normas de la misma naturaleza vigentes en Guatemala estarán sujetas las naves aéreas militares del Gobierno de los Estados Unidos, cuando entren o vuelen sobre el espacio aéreo de la República de Guatemala.

Este cambio de notas derogará el permiso abierto de emergencia otorgado a los Estados Unidos el 16 de diciembre de 1941 por el Gobierno de Guatemala y el permiso abierto por seis meses extendido al Gobierno de Guatemala por los Estados Unidos el 22 de julio de 1949.

Estos privilegios se consideran renovables automáticamente cada año, a menos que una de las partes dé aviso con seis meses de anticipación de su deseo de dar por terminado este arreglo. En el caso de que cualquiera de los dos Gobiernos se viera envuelto directamente en hostilidades, cada uno de ellos se reserva el derecho de dar por terminado este acuerdo inmediatamente o reconsiderar el alcance de su adhesión al mismo. Estos arreglos se concluyen sin perjuicio de

la posible inclusión de estos derechos en un convenio multilateral de tránsito aéreo militar, en fecha posterior.

La presente nota y la de Vuestra Señoría, número 165, a que tengo el honor de referirme, constituyen el acuerdo de nuestros dos Gobiernos en esta materia.

Aprovecho esta oportunidad para reiterar al señor Encargado de Negocios, las seguridades de mi alta consideración,

MR. AMBASSADOR:

I have the honor to inform Your Excellency—with reference to your Embassy's Memorandum dated July 10, 1947,<sup>[1]</sup> and to subsequent conversations held on the matter taken up in the said Memorandum—that the Government of the Republic has, by Decree issued today, extended maximum courtesies to citizens of your country who desire to visit Uruguay temporarily, ordering that effective the 10th of the present month they be admitted freely upon presentation of their valid passports and without the need of a consular visa or of any other requirement. I take pleasure in attaching herewith a copy of the said Decree. <sup>[1]</sup>

Citizens of the United States of America will thus be admitted, on each visit, for the periods of stay provided in the existing regulations for categories of temporary visitors established in sections (a) to (g) of Article 17 of the Decree of February 28, 1947; it is of course understood that the privileges allowed by the new system have been extended without prejudice to the right to reject, or to refuse admission to, the said visitors, a discretionary right which is applied in exceptional cases and the reservation of which is imposed by the existing regulations.

It is a pleasure for me to inform you, Mr. Ambassador, of the system of special facilities which I have explained above.

EXCELLENCY:

I have the honor to acknowledge the receipt of your Excellency's Note dated November 3, 1949 (D.C. 159/947-2520) transmitting the text of the Executive Decree dated November 3, 1949, in accordance with which American citizens will, effective November 10, 1949, be permitted to enter Uruguayan territory within any category of tem-

porary admission established in Uruguayan immigration laws and regulations on the presentation of valid United States passports only.

I am pleased to inform Your Excellency that, in consideration of the courtesies extended by the aforementioned decree to American citizens entering Uruguay temporarily, the Government of the United States will, on and after the tenth day of November, 1949, grant gratis nonimmigrant passport visas to Uruguayan nationals who are *bona fide* nonimmigrants within the meaning of the Immigration Act of 1924, as amended, who are in possession of valid Uruguayan passports, and who are eligible to receive such visas. In the cases of temporary visitors who qualify under the provisions of clause (2), Section 3, Immigration Act of 1924, the visas may be valid for any number of applications for admission into the United States and its possessions within a period of twenty-four months, provided the passports of the bearers remain valid for that period of time. Moreover, in consideration of the facilities granted to American citizens by this decree, all other nonimmigrant passport visas granted to eligible Uruguayan nationals, on and after the tenth day of November, 1949, will be without fee and may be valid for any number of applications for admission into the United States during a period of twelve months, provided the passports of the bearers remain valid for that period of time.

The period of validity of a visa refers only to the period within which it may be used in connection with an application for admission at a port of entry into the United States and its possessions, and not to the length of stay in the United States which may be permitted a bearer should he be admitted. The period of time an alien may be permitted to stay in the United States is determined by the immigration authorities at the time the alien is admitted.

The fee for an immigration visa and the execution of an application therefor to permit an alien to apply for admission to the United States and its possessions with the privilege of residing permanently therein is \$10.00. The amount of this fee is prescribed by the Immigration Act of 1924, and it may not be changed upon the basis of a reciprocal arrangement.

I avail myself of this opportunity to renew to Your Excellency the assurances of my highest consideration.

No. 1533

The American Embassy, Belgrade, has the honor to refer to the conversations concerning civil air transport rights which took place from November 5 to December 23, 1949, at Belgrade between representatives of the Government of the United States of America and of the Government of the Federal People's Republic of Yugoslavia, and to the understanding reached during the course of these conversations as set forth in the following provisions:

1) The Government of the United States of America accords to an airline to be designated by the Federal People's Republic of Yugoslavia the right to operate scheduled services, with rights of transit and non-traffic stop at airports open to civil aircraft in the United States areas of control in Austria and Germany, as well as the right to pick up and discharge international traffic in passengers, cargo, and mail, at two airports in the United States occupation zone Germany and one airport in the United States occupation zone Austria open to civil aircraft, on a route or routes via intermediate points in both directions from Yugoslavia via the United States occupation zones in Austria and Germany and beyond, such routes to be determined at a later date.

4) The international air services described in paragraphs 1) and 2) may be inaugurated immediately or at a later date, but only after consultation by the designated airline with the competent aeronautical authorities of the Government whose territory or area of control is to be served as to the nature of operations to be con-

ducted within such territory or area of control and after the issuance of an operating permit, if required, to the designated airline by such aeronautical authorities.

Equality of treatment.

5) In order to prevent discriminatory practices and to assure equality of treatment, it is agreed that:

a) Each Government may impose or permit to be imposed just and reasonable charges for the use of public airports and other facilities under its control; and that such charges shall not however be higher than those paid for the use of such airports and facilities by its national aircraft engaged in similar international services;

b) Fuel, lubricating oils and spare parts introduced into the territory or area of control of one Government by the other Government or its nationals, and intended solely for use by aircraft operated pursuant to the rights accorded under this interim agreement shall, with respect to custom duties, inspection fees or other national duties or charges imposed by the Government whose territory or area of control is entered, receive the same treatment as that applicable to its own national airlines;

c) The fuel, lubricating oils, spare parts, regular equipment and aircraft stores retained on board civil aircraft authorized to operate the services described in paragraphs 1) and 2) above shall, upon arriving in or leaving the area of control of the other Government be exempt from customs duties, inspection fees or similar duties or charges, even though such supplies be used or consumed by such aircraft on flights in that area.

Certificates of airworthiness, etc.

7) Certificates of airworthiness, certificates of competency and licenses for aircraft and personnel to be used in operating the services described in this agreement issued or rendered valid by one party to this agreement and still in force shall be recognized as valid by the other party. Each Government reserves the right, however, to refuse to recognize, for the purpose of flight above its own territory or area of control, certificates of competency and licenses granted to its own nationals by another state.

8) The two Governments agree, in respect of the operation of the air services described in paragraphs 1) and 2) above, to cooperate in an effort to simplify procedures and formalities relating to the operation and navigation of aircraft and relating to the entry, transit and departure of aircraft, crews, passengers and cargo.

9) In the event that either Government should consider it desirable to modify the routes or conditions herein described, it may request consultation between the competent authorities of the two Governments, such consultation to be commenced within thirty days from the date the request is received; and an agreement between these authorities on new or revised routes or conditions shall become effective upon confirmation by exchange of notes between the two Governments.

Modification of routes or conditions.

10) It is understood that the Government of the Federal People's Republic of Yugoslavia intends to invoke paragraph 9) when its plans for the operation of a transatlantic route have progressed to a point where negotiations for traffic rights in the United States appear desirable.

SCHEDULE XXIV - GREECEN O T E

- I. With respect to each item shown on this Schedule to which a specific duty is applicable, the rate of duty in the currency of Greece (currently the paper drachma) shall not exceed the sum of
- (1) the product of multiplication of
    - a. the metallic drachma rate specified in the column immediately to the right of that describing the item,
    - b. the corresponding enumerated coefficient of currency conversion, and
    - c. an additional coefficient of conversion which shall initially not exceed 228 provided that the value of the gold sovereign in terms of the currency of Greece on the date this Schedule becomes effective is approximately 228,000 drachmae (otherwise, the additional coefficient of conversion shall be established in accordance with the applicable provisions of paragraphs 2 and 3 hereunder) and
  - (2) the existing 75 per cent surtax calculated on total basic duty determined under (1) above.
2. Prior to the establishment, acceptance or provisional recognition by the International Monetary Fund of a par value for the currency of Greece, the Government of Greece.
- (1) may increase the additional coefficient of conversion proportionately, if at any time the value of the gold sovereign in terms of the currency of Greece increases substantially to a new level at which it remains relatively stable or from which level it does not recede for an appreciable period of time,
  - (2) shall lower the additional coefficient proportionately, if at any time the value of the gold sovereign in terms of the currency of Greece decreases substantially to a new level at which it remains relatively stable or above which level it does not rise for an appreciable period of time, and

SCHEDULE XXV - GREECE

- (3) shall lower immediately and proportionately the additional coefficient if the value of the gold sovereign in terms of the currency of Greece decreases by 20 per cent or more.

The value of the gold sovereign in terms of the currency of Greece shall be measured by the selling rate therefor of the Bank of Greece so long as it continues to sell or to offer to sell at the approximate average Athens Stock Exchange open market selling rate on the same day.

If the Bank of Greece ceases to sell or to offer to sell the gold sovereign at that rate for any period, the daily average Athens Stock Exchange open market selling rate for the gold sovereign shall be used.

3. Promptly upon the establishment, acceptance or provisional recognition by the International Monetary Fund of a par value for the currency of Greece, the Government of Greece shall make such proportionate adjustment in the additional coefficient of conversion as may be necessary to bring the rates of duty in the currency of Greece in terms of such par value in line with duties payable in drachma currency on that date. The rates of duty in the currency of Greece (in terms of the par value established, accepted or recognized by the International Monetary Fund) resulting from the multiplication of (1) the rates specified in metallic drachmae, (2) the corresponding enumerated coefficient of conversion, and (3) the additional coefficient of conversion modified in accordance with this paragraph, shall be deemed to be rates in terms of the par value accepted or recognized by the International Monetary Fund, within the meaning of paragraph 6 (a) of art. II of the General Agreement on Tariffs and Trade, and the provisions of that paragraph shall be fully applicable to the Government of Greece.

SCHEDULE XXV - GREECE

4. The Government of Greece shall promptly notify each contracting party of any modification of the additional coefficient of conversion pursuant to paragraph 2 or paragraph 3, and of the facts justifying or requiring such modification.

5. The Government of Greece undertakes to notify the contracting parties and before proceeding with it, of any modification they intend to make in the tariff classification of the various categories of rayon fibres, rayon yarns, or articles manufactured from rayon, or to the duties levied on these articles until the end of July 1949 in order to commence negotiations in respect of these articles.

The Government of Greece further undertakes to reduce in an appreciable way, immediately these modifications become effective, the luxury tax now imposed on the above articles and to abolish it completely in respect of inferior quality products.

GENERAL NOTES

I.- The word "aforo", according to Uruguayan customs legislation, signifies the official valuation of merchandise, on which the ad valorem rate of duty is assessed.

The "aforos" which are presently in force are included in this Schedule, so as to facilitate, in respect of each product which is subject to this method, the assessment of the actual amount of duty to be levied.

II.- The Uruguayan Government declares that it will refrain from raising the "aforos" which appear in this Schedule, until January 1, 1951.

It also gives notice of its intention of modifying "its method of determining dutiable value", in accordance with the contents of Article II (paragraph 3) and of Article VII of the General Agreement.

61 Stat., Pt. 5,  
pp. A15, A25.

III.- The significance of the abbreviations contained in this Schedule, is the following :

- (a) K (Kilo) : the weight of the product without container.
- (b) K.I.C. (Kilo including container) : the weight of the product with its immediate container.

SCHEDULE XXXI - URUGUAYPart I (conclusion)

(b) K.I.C. (Continued):

(For cigarettes, cigars and prepared tobacco, the term "immediate container" includes the paper, the lead foil and the package or box that contains them, on which there appears the printed indication of the brand, characteristics of the product, etc. ) (Decree of 9 May, 1947).

(c) K.I.I.C. (Kilo including inner container): the weight of the product with the inner container used for the packing of the ribbons, embroideries and lace dealt with in Section XI of the Tariff. The term "interior container" signifies the usual band, support, wrapper, etc., excepting the box.

(d) G.K. (Gross kilo): the weight of the product with all its internal and external containers.

(e) R.M.T. (Raw Materials Tariff).

IV.- The rates of duty which appear in this Schedule do not include accessory charges, such as :

- (a) Merchandise Transfer Charge (Law of February 7, 1925, Article 78(e), and complementary laws).
- (b) Analysis Charge (Law of May 27, 1916, Article 1), and
- (c) 1% levied on the total sum of the Customs duty and charges - (Law of December 31, 1935, Article 99).

V.- In those cases when there appear on this Schedule, rates of duty in respect of products which correspond to the Nomenclature of the Raw Materials Tariff, a double reference to the General Tariff Description and to the Raw Materials Tariff is included in the first column, for the purposes of greater clarity.

VI.- Those interpretative Notes of the Uruguayan Tariff which are applicable to the items which appear on this Schedule, form an integral part of this Schedule.

1. (a) Sous réserve des dispositions du présent Protocole, chacun des gouvernements adhérents appliquera à titre provisoire, à partir de la date à laquelle le présent protocole sera entré en vigueur à son égard :

- (i) les Parties I et III de l'Accord général
  - (ii) et la Partie II de l'Accord général dans toute la mesure compatible avec sa législation existant à la date du présent Protocole.
- (b) Les obligations inscrites au paragraphe premier de l'Article premier de l'Accord général par référence à l'Article III dudit Accord et celles qui sont inscrites au paragraphe 2 (b) de l'Article II par référence à l'Article VI seront considérées, aux fins du présent paragraphe, comme rentrant dans le cadre de la Partie II de l'Accord général.
- (c) Aux fins d'application de l'Accord général, les listes qui figurent à l'Annexe B du présent Protocole seront considérées comme des listes annexées à l'Accord général, concernant les gouvernements adhérents.
- (d) Nonobstant les dispositions du paragraphe premier de l'Article premier de l'Accord général, la signature du présent Protocole par un gouvernement adhérent n'entraînera pas, en matière de droits et d'impositions à l'importation, la suppression des préférences en vigueur exclusivement entre l'Uruguay et le Paraguay, à la condition qu'elles ne dépassent pas les limites fixées au paragraphe 4 de l'Article premier sous sa forme amendée.
2. A dater de l'entrée en vigueur du présent Protocole à l'égard d'un gouvernement adhérent, ce gouvernement deviendra une partie contractante dans les conditions définies à l'Article XXXII de l'Accord général.
3. Nonobstant les dispositions du paragraphe 12, les concessions prévues dans la Liste relative à chaque partie contractante actuelle et figurant à l'Annexe A du présent Protocole, n'entreront pas en vigueur pour cette partie contractante, à moins que le Secrétaire général des Nations Unies n'ait au préalable reçu de cette partie contractante notification de son intention d'appliquer ces concessions. Ces concessions entreront alors en vigueur pour cette partie contractante à la plus lointaine des deux dates ci-après : soit la date à laquelle ce Protocole entrera initialement en vigueur en application du paragraphe 12, soit le trentième jour qui suivra le jour où le Secrétaire général aura reçu cette notification, mais de toute façon, à la plus reculée de ces deux dates. Cette notification ne sera valable que si elle est reçue par le

Secrétaire général le 30 avril 1950 au plus tard. A partir de l'entrée en vigueur desdites concessions, la liste en question sera considérée comme une liste annexée à l'Accord général, relative à cette partie contractante.

4. Toute partie contractante actuelle qui aura envoyé la notification visée au paragraphe 3, ou tout gouvernement adhérent signataire du présent Protocole, aura à tout moment la faculté de suspendre ou de retirer, en totalité ou en partie, toute concession reprise dans la liste correspondante figurant à l'Annexe A ou à l'Annexe B du présent Protocole, motif pris que cette concession a été négociée primitivement avec un gouvernement adhérent qui n'aura pas signé le présent Protocole ou avec une partie contractante actuelle qui n'aura pas envoyé ladite notification. Toutefois, la partie contractante ou le gouvernement adhérent qui suspendra ou retirera, en totalité ou en partie, une concession de cette nature, en informera toutes les autres parties contractantes actuelles et tous les gouvernements adhérents dans les trente jours qui suivront la date de cette suspension ou de ce retrait et consultera, s'il y est invité, les parties contractantes qui sont intéressées de façon substantielle au produit en cause. Sans préjudice des dispositions de l'Article XXIV de l'Accord général, toute concession qui aura été ainsi suspendue ou retirée entrera en vigueur à partir du trentième jour qui suivra le jour où le gouvernement adhérent ou la partie contractante actuelle avec lequel elle a été primitivement négociée aura signé le présent Protocole ou aura envoyé la notification visée au paragraphe 3.

5. (a) Dans chaque cas où l'Article II de l'Accord général mentionne la date dudit Accord, la date applicable en ce qui concerne les listes annexées au présent Protocole sera celle du présent Protocole.

(b) Dans chaque cas où le paragraphe 6 de l'Article V, l'alinéa (d) du paragraphe 4 de l'Article VII ou l'alinéa (c) du paragraphe 3 de l'Article X de l'Accord général mentionne la date dudit Accord, la date applicable en ce qui concerne chaque gouvernement adhérent sera le 24 mars 1948.

(c) Dans les cas où le paragraphe 11 de l'article XVIII de l'Accord général mentionne le 1er septembre 1947 et le 10 octobre 1947, les dates applicables à l'égard de tout gouvernement adhérent seront, respectivement, le 14 mai 1949 et le 30 juillet 1949.

6. Les dispositions de l'Accord général qui devront être appliquées par un gouvernement adhérent seront celles qui figurent dans le texte annexé à l'acte final de la deuxième session de la Commission préparatoire de la Conférence des Nations Unies sur le commerce et l'emploi, telles que ces dispositions auront été rectifiées, amendées ou autrement modifiées le jour où le présent Protocole sera signé par ce gouvernement adhérent. La signature du présent Protocole par un gouvernement adhérent devra, pour être effective, être assortie des mesures nécessaires pour accepter les rectifications, amendements ou autres modifications qui auraient été arrêtés par les PARTIES CONTRACTANTES pour être soumis aux gouvernements aux fins d'acceptation, mais ne seraient pas entrés en vigueur à la date de signature du présent Protocole par ce gouvernement adhérent.

7. Il sera loisible à tout gouvernement adhérent qui aura signé le présent Protocole de mettre fin à l'application provisoire de l'Accord général et cette dénonciation prendra effet à l'expiration d'un délai de soixante jours à compter de la date à laquelle le Secrétaire général des Nations Unies en aura reçu notification par écrit.

8. (a) Tout gouvernement adhérent qui aura signé le présent Protocole et n'aura pas adressé la notification de dénonciation visée au paragraphe 7, pourra, à partir de la date à laquelle l'Accord général entrera en vigueur conformément à l'article XXVI de cet accord, adhérer à cet accord aux conditions fixées dans le présent Protocole en déposant un instrument d'adhésion auprès du Secrétaire général des Nations Unies. Cette adhésion prendra effet à la plus lointaine des dates ci-après : soit le jour de l'entrée en vigueur de l'Accord général en application de l'article XXVI, soit le trentième jour qui suivra la date du dépôt de l'instrument d'adhésion.

(b) L'adhésion à l'Accord général conformément aux dispositions du paragraphe 8 (a) du présent Protocole sera considérée aux fins d'application du paragraphe 2 de l'article XXXII de cet accord, comme une acceptation de l'Accord aux termes du paragraphe 3 de l'article XXVI de cet accord.

9. (a) Tout gouvernement adhérent qui signe le présent protocole ou dépose un instrument d'adhésion conformément au paragraphe 8 (a) et toute partie contractante actuelle qui envoie la notification visée au paragraphe 3, le fait pour son territoire métropolitain et pour les autres territoires qu'il représente sur le plan international, à l'exception des territoires douaniers distincts qu'il indiquera au Secrétaire général des Nations Unies lors de cette signature, de ce dépôt ou de la notification visée au paragraphe 3.
- (b) Tout gouvernement adhérent ou toute partie contractante actuelle qui aura adressé notification au Secrétaire général, en vertu de l'exception mentionnée à l'alinéa (a) du présent paragraphe, pourra, à tout moment, aviser celui-ci que cette signature, adhésion ou notification visée au paragraphe 3 sera valable pour un ou plusieurs territoires douaniers distincts ainsi exceptés et cette nouvelle notification prendra effet le trentième jour qui suivra le jour où le Secrétaire général l'aura reçue.
- (c) Si l'un des territoires douaniers à l'égard duquel un gouvernement adhérent applique l'accord général jouit d'une entière autonomie pour la conduite de ses relations commerciales extérieures et pour les autres questions traitées dans l'accord général ou acquiert cette autonomie, ce territoire sera considéré comme une partie contractante, sur présentation du gouvernement adhérent responsable qui établira les faits susvisés par une déclaration.
10. (a) Le texte original du présent protocole sera déposé auprès du Secrétaire général des Nations Unies et sera ouvert à la signature au siège des Nations Unies pour les parties contractantes actuelles du 10 octobre 1949 au 30 novembre 1949 et, pour les gouvernements adhérents, du 10 octobre 1949 au 30 avril 1950.
- (b) Le Secrétaire général des Nations Unies transmettra sans retard à tous les Membres des Nations Unies ainsi qu'aux autres gouvernements ayant pris part à la Conférence des Nations Unies sur le commerce et l'emploi, une copie certifiée conforme du présent Protocole et leur notifiera chaque signature qui y sera apposée, chaque instrument d'adhésion déposé conformément au paragraphe 8 (a) et chaque notification adressée conformément au paragraphe 3, 7, 9 (a) ou 9 (b).

(c) Le Secrétaire général est autorisé à enregistrer le présent Protocole, conformément aux dispositions de l'article 102 de la Charte des Nations Unies.

11. Lorsque le présent Protocole aura été revêtu à l'égard d'un gouvernement adhérent de la signature des deux tiers des parties contractantes actuelles, il constituera une décision approuvant l'adhésion de ce gouvernement aux termes de l'article XXXIII de l'accord général.

12. Pour chaque gouvernement adhérent à l'égard duquel il aura été signé jusqu'au 30 novembre 1949 par les deux tiers des parties contractantes actuelles, et sous réserve des dispositions du paragraphe 3, le présent Protocole entrera en vigueur :

(a) le 1er janvier 1950, s'il a été signé par ce gouvernement adhérent au 30 novembre 1949, ou bien

(b) s'il n'a pas été signé par ce gouvernement adhérent au 30 novembre 1949, le trentième jour qui suivra le jour où il aura été signé par ce gouvernement adhérent.

13. Le présent Protocole portera la date du 10 octobre 1949.

NEANT

NOTE

I. En ce qui concerne chacun des articles figurant dans cette liste auquel un droit spécifique est applicable, le taux de droit payable en monnaie grecque (actuellement en drachmes papier) ne dépassera pas la somme

(I) du produit de la multiplication

- a. du taux en drachmes métalliques indiqué dans la première colonne qui se trouve à droite de celle où figure la description de l'article,
- b. du coefficient de conversion correspondant indiqué et
- c. d'un coefficient de conversion additionnel qui ne dépassera pas en principe 228, à condition que la valeur du souverain or, par rapport à la monnaie grecque, soit approximativement de 228.000 drachmes à la date à laquelle cette liste prendra effet (autrement, le coefficient additionnel de conversion sera établi conformément aux dispositions appropriées des paragraphes 2 et 3 ci-dessous)

(2) et de la surtaxe existante de 75% calculée sur le droit de base total fixé ci-dessus au parag. (I).

2. Avant qu'une parité pour la monnaie grecque soit établie, acceptée ou reconnue à titre provisoire par le Fonds Monétaire International, le Gouvernement grec

- (1) pourra augmenter proportionnellement le coefficient additionnel de conversion si, à un moment quelconque, la valeur du souverain or par rapport à la monnaie grecque est portée, par suite d'une hausse considérable, à un nouveau niveau, auquel elle se maintienne relativement stable, ou d'où elle ne descende pas pendant un laps de temps relativement étendu.
- (2) devra abaisser proportionnellement le coefficient additionnel si à un moment quelconque, la valeur du souverain or par rapport à la monnaie grecque, descend, par suite d'une baisse considérable, à un nouveau niveau auquel elle se maintienne relativement stable, ou au-dessus duquel elle ne s'élève pas pendant un laps de temps relativement étendu, et,

- (3) devra sans délai abaisser proportionnellement le coefficient additionnel, si la valeur du Souverain or par rapport à la monnaie grecque diminue de 20% ou plus.

La valeur du Souverain-or par rapport à la monnaie grecque sera établie sur la base du taux de vente de la Banque de Grèce, aussi longtemps que celle-ci continuera à le vendre ou à l'offrir au taux moyen approximatif du marché libre de la bourse d'Athènes, le même jour.

Si la Banque de Grèce cesse de vendre ou d'offrir le Souverain-or à ce taux pendant un laps de temps quelconque, le taux adopté pour le Souverain-or sera le taux moyen quotidien du marché libre de la Bourse d'Athènes.

3. Dès qu'une parité pour la monnaie grecque aura été établie, acceptée ou reconnue à titre provisoire par le Fonds Monétaire International, le Gouvernement Grec procédera à l'ajustement proportionnel du coefficient de conversion additionnel qui se révélera nécessaire pour ramener les taux des droits établis en monnaie grecque, en fonction de cette valeur paritaire, au niveau des droits à payer en drachmes à cette date. Les taux des droits en monnaie grecque (établis en fonction de la parité établie, acceptée ou reconnue par le Fonds Monétaire International) résultant du produit (1) des taux spécifiés en drachmes métalliques (2) du coefficient de conversion correspondant indiqué, et (3) du coefficient de conversion additionnel modifié conformément au présent paragraphe, seront réputés être des taux établis en fonction de la parité acceptée ou reconnue par le Fonds Monétaire International, au sens du paragraphe 6 (a) de l'Article II de l'Accord Général sur les Tarifs douaniers et le Commerce et les dispositions dudit paragraphe seront pleinement applicables au Gouvernement Grec.

4. Le Gouvernement Grec avisera sans délai chaque partie contractante de toute modification que subira le coefficient additionnel de conversion ainsi qu'il est stipulé au paragraphe 2 ou au paragraphe 3 et les informera des raisons qui justifient ou qui exigent cette modification.

5. Le Gouvernement grec prend l'engagement de notifier aux Parties Contractantes avant d'y procéder, toute modification qu'il compte introduire dans le classement tarifaire des diverses catégories de fibres de rayonne, fils de rayonne ou articles fabriqués en rayonne, ou dans les droits payables sur ces articles à fin Juillet 1949 aux fins d'entamer avec elles des négociations portant sur ces articles.

Le Gouvernement Grec s'engage en outre à réduire de façon sensible, dès l'entrée en vigueur de telles modifications, la taxe de luxe qui frappe actuellement les articles ci-dessus et de l'abolir entièrement on ce qui concerne les produits de qualité inférieure.

NOTES GENERALES

I.- Le mot "Aforo", selon la législation douanière uruguayenne, signifie l'évaluation officielle d'une marchandise, aux fins de la perception des droits ad valorem.

Les "Aforos" qui sont actuellement en vigueur sont inclus dans cette Liste, pour faciliter le calcul du montant effectif de l'impôt, à l'égard de toute marchandise soumise à ce système.

II.- Le Gouvernement de l'Uruguay déclare qu'il s'abstiendra d'élever les "aforos" inclus dans cette Liste, jusqu'au 1er janvier 1951.

Le Gouvernement uruguayen annonce aussison intention de modifier "sa méthode de détermination de la valeur en douane", selon les dispositions de l'Article II, paragraphe 3, et de l'Article VII de l'Accord Général.

SEÑOR EMBAJADOR :

Tengo el honor de referirme al Convenio Básico, celebrado en julio de 1943 entre el entonces Departamento de Salubridad Pública de los Estados Unidos Mexicanos y el "Institute of Inter-American Affairs", modificado posteriormente y que estableció el actual Programa Cooperativo de Salubridad y Saneamiento en México. También me refiero a la nota número 3463 del Honorable Señor Leslie A. Wheeler, Encargado de Negocios ad-interim, de fecha 22 de julio último, referente a la nueva prórroga de dicho Convenio que desea el Gobierno de México.

Me es grato tomar nota de que el Gobierno de Vuestra Excelencia está de acuerdo con el de México en que una prórroga del programa arriba mencionado más allá de la fecha actual de su terminación del 30 de junio de 1949, sería deseable, en vista de los mutuos beneficios que ambos gobiernos están recibiendo de dicho programa. Consecuentemente me es grato manifestar a Vuestra Excelencia que el Gobierno de México está dispuesto a que se hagan los arreglos necesarios para que se prorrogue el Convenio entre la Secretaría de Salubridad y Asistencia de México y el "Institute of Inter-American Affairs" por un período adicional de un año, es decir, a partir del 30 de junio de 1949 hasta el 30 de julio [1] de 1950.

Quedaría entendido que, durante este período de prórroga, el Instituto haría una contribución de Dlls. 100,000.00, moneda de los Estados Unidos de América, a la Dirección de Cooperación Interamericana de Salubridad Pública, para ser usada en llevar a cabo las proyectadas actividades del programa, y el Gobierno de México, por conducto de la Secretaría de Salubridad y Asistencia, haría una contribución a la Dirección citada, para el mismo propósito, de Dlls.

<sup>1</sup> Should read "junio." In the United States reply note, no. 3796, Oct. 14, 1949, *post*, p. B1101, and in the extension agreement signed at México Oct. 27, 1949 (not printed), the date is given as June 30, 1950.

300,000.00, moneda de los Estados Unidos de América, o su equivalente en pesos moneda nacional mexicana. Queda entendido que el Instituto proporcionaría también, durante el mismo período de prórroga, fondos que serían administrados por el Instituto mismo, y no depositados en la cuenta de la Dirección de Cooperación Interamericana, para el pago de salarios y otros gastos de los miembros del personal de campo (field staff) de la División de Salubridad y Saneamiento que son sostenidos por el Instituto en México. Las cantidades a que se hace referencia serían adicionales a las cantidades que ya bajo el actual Convenio Básico, en su forma modificada, se requiere que contribuyan y proporcionen las Partes en la prosecución del programa.

El Gobierno de los Estados Unidos Mexicanos considerará la presente nota y la nota de respuesta de la Embajada de los Estados Unidos de América, comunicando su conformidad, como constitutivas de un acuerdo entre los dos gobiernos que entrará en vigor en la fecha en que se suscriba un Convenio entre el Secretario de Salubridad y Asistencia de México y un Representante del "Institute of Inter-American Affairs", que incorpore los detalles técnicos arriba mencionados.

Aprovecho esta oportunidad para renovar a Vuestra Excelencia las seguridades de mi más alta y distinguida consideración.

MÉXICO, D. F., *October 7, 1949.*

MR. AMBASSADOR:

I have the honor to refer to the Basic Agreement entered into in July 1943 between the then Department of Public Health of the United Mexican States and the "Institute of Inter-American Affairs", as amended, providing for the existing cooperative health and sanitation program in Mexico. I also refer to note No. 3463 of His Excellency Leslie A. Wheeler, Chargé d'Affaires ad interim, dated July 22, 1949, [1] concerning the new extension of that agreement desired by the Government of Mexico.

I take pleasure in noting that Your Excellency's Government agrees with that of Mexico that an extension of the said program beyond its present date of termination on June 30, 1949, would be desirable in view of the mutual benefits which both Governments are deriving from the said program. Therefore, I take pleasure in informing Your Excellency that the Government of Mexico is ready to have the necessary arrangements made for the extension of the program between the Secretary of Public Health and Welfare of Mexico and

the Institute of Inter-American Affairs for an additional period of one year, that is, from June 30, 1949, to July [1] 30, 1950.

It is understood that during this extension period the Institute would contribute 100,000.00 dollars, United States currency, to the Dirección de Cooperación Interamericana de Salubridad Pública, for use in carrying out project activities of the program, and that the Government of Mexico, through the Secretary of Public Health and Welfare, would contribute to the said Dirección, for the same purpose, 300,000.00 dollars, United States currency, or its equivalent in Mexican national currency. It is understood that the Institute will also make available, during the same extension period, funds to be administered by the Institute and not deposited to the account of the Dirección de Cooperación Interamericana, for payment of salaries and other expenses of the members of the Health and Sanitation Division Field Staff who are maintained by the Institute in Mexico. The amounts referred to will be in addition to the sums already required under the present Basic Agreement, as amended, to be contributed and made available by the Parties in furtherance of the program.

The Government of the United Mexican States will consider this note and the reply thereto from the Embassy of the United States of America, transmitting its assent, as constituting an agreement between our two Governments which shall come into force on the date of signature of an agreement by the Secretary of Public Health and Welfare of Mexico and a representative of the "Institute of Inter-American Affairs", [2] embodying the aforesaid operational details.

No. 3796

EXCELLENCY:

I have the honor to refer to the basic agreement entered into in July 1943 between the then Department of Public Health of the United Mexican States and the Institute of Inter-American Affairs, as amended, providing for the existing cooperative health and sanitation program in Mexico. I also refer to Your Excellency's note No.

<sup>1</sup> Should read "June". In the United States reply note, No. 3796, Oct. 14, 1949, *infra*, and in the extension agreement signed at México Oct. 27, 1949 (not printed), the date is given as June 30, 1950.

<sup>2</sup> Oct. 27, 1949.

514011 of October 7, 1949, concerning the basis upon which a further extension of that agreement may be effected for a period of one year from June 30, 1949, through June 30, 1950.

It is understood that during this period of extension Your Excellency's Government will contribute to the Dirección de Cooperación Interamericana de Salubridad Pública the sum of \$300,000, United States currency, or the equivalent in pesos, for use in carrying out project activities of the program and that the Institute will make a contribution of \$100,000, United States currency, for the same purpose.

During the same extension period, the Institute will also make available funds to be administered by the Institute and not deposited to the account of the Dirección for payment of salaries and other expenses of the members of the Health and Sanitation Division Field Staff who are maintained by the Institute in Mexico. The amounts referred to will be in addition to the sums already required under the present basic agreement, as amended, to be contributed and made available by the parties in furtherance of the program.

The Government of the United States of America considers Your Excellency's note under reference and the present note in reply thereto as constituting an agreement between our two Governments which shall come into force on the date of signature of an agreement by the Secretary of Public Health and Welfare of your Government and a representative of the Institute of Inter-American Affairs embodying the necessary operational details.
