Know Ye, that whereas a Convention between the United States of America and Great Britain, concerning the establishment of import duties in that portion of the Dominions of His Highness the Sultan of Zanzibar which is under the protection of Great Britain, was concluded at Washington on the 31st. of May, one thousand, nine hundred and two, the original of which Convention is, as amended by the Senate of the United States, word for word as follows:

Preamble.

The United States of America and His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India, acting in the name of His Highness the Sultan of Zanzibar, have, for the purposes herein-after stated, appointed their respective Plenipotentiaries, namely:

Contracting powers.

The President of the United States of America, the Honorable John Hay, Secretary of State of the United States of America; and

Plenipotentiaries.

His Britannic Majesty, Arthur Stewart Raikes, Esquire, His Britannic Majesty's Chargé d'Affaires,

Who, after having communicated each to the other their respective full powers in good and due form, have agreed upon the following Articles:

ARTICLE I.

Recognizing that it is just and necessary to facilitate to that portion of the dominions of His Highness the Sultan of Zanzibar which is under the protection of Great Britain, and which is situated in the basin of the Congo, as defined by the General Act of the African Conference at Berlin of February 26th, 1885, the accomplishment of the obligations which it has contracted by virtue of the General Act of Brussels of July 2nd, 1890, the United States waives any objection on its part to the collection of import duties upon merchandise imported into that Protectorate.

United States waives objection to collection of duties in Zanzibar.

Vol. 27, p. 886.

The tariff of these duties, as provided in the Declaration of Brussels bearing the same date as the said General Act of Brussels, for the period of fifteen years next ensuing from that date, is not to exceed ten per centum of the value of the merchandise at the port of importation, except for spirits and for firearms and ammunition, which are regulated by the General Act of Brussels.

Rates of duties during fifteen years

At the expiration of the said period of fifteen years, and in default of a new agreement, the United States will, with respect to this subject, be restored to the relations with the said Protectorate which existed prior to the Conclusion of this Convention, the right to impose

Rate at expiration of fifteen years.

thereafter import duties to a maximum of ten per centum upon merchandise imported into the said Protectorate remaining acquired to the latter so long only as it shall continue to comply with the conditions and limitations stated in this Convention.

ARTICLE II.

Rights as to import duties.

The United States shall enjoy in the said Protectorate as to import duties all the advantages accorded to the most favored nation.

Neither differential treatment nor transit duty shall be established in said Protectorate.

In the application of the tariff régime of the said Protectorate, the formalities and operations of commerce shall be simplified and facilitated so far as possible.

ARTICLE III.

United States accorded rights, etc., of most favored nation.

Considering the fact that in Article I of this Convention the United States has given its assent under certain conditions to the establishment of import duties in that portion of the Dominions of His Highness the Sultan of Zanzibar which is under the protection of Great Britain, it is well understood that the said Protectorate assures to the flag, to the vessels, to the commerce, and to the citizens and inhabitants of the United States, in all parts of the territory of that Protectorate, all the rights, privileges and immunities concerning import and export duties, tariff régime, interior taxes and charges and, in a general manner, all commercial interests, which are or shall be accorded to the signatory Powers of the Act of Berlin, or to the most favored nation.

Exchange of ratifications.

This Convention shall be ratified, and the ratifications shall be exchanged at Washington as soon as may be and within twelve months from the date hereof.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Whereas a Convention between the United States of America and Great Britain providing for the settlement of questions between the two countries with respect to the boundary line between the territory of Alaska and the British possessions in North America, was concluded and signed by their respective Plenipotentiaries at Washington, on the twenty-fourth day of January, one thousand nine hundred and three, the original of which Convention is word for word as follows:

Preamble.

The United States of America and His Majesty Edward the Seventh, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, and Emperor of India, equally desirous for the friendly and final adjustment of the differences which exist between them in respect to the true meaning and application of certain clauses of the convention between Great Britain and Russia, signed under date of February 28/16, A. D. 1825, which clauses relate to the delimitation of the boundary line between the territory of Alaska, now a possession of the United States, and the British possessions in North America, have resolved to provide for the submission of the questions as hereinafter stated to a tribunal, and to that end have appointed their respective plenipotentiaries as follows:

Contracting parties.

Plenipotentiaries.

His Britannic Majesty, The Right Honorable Sir Michael H. Herbert, K. C. M. G., C. B., His Britannic Majesty's Ambassador Extraordinary and Plenipotentiary;

Who, after an exchange of their full powers which were found to be in good and due form, have agreed upon the following articles:

ARTICLE I.

A tribunal shall be immediately appointed to consider and decide the questions set forth in Article IV of this convention. The tribunal shall consist of six impartial jurists of repute who shall consider judicially the questions submitted to them, each of whom shall first subscribe an oath that he will impartially consider the arguments and evidence presented to the tribunal and will decide thereupon according to his true judgment. Three members of the tribunal shall be

tion from service of any of the persons so appointed, another impar-

same authority which appointed his predecessor.

etc.

The tribunal may appoint a secretary and a bailiff to perform such
duties as they may prescribe, and may employ scientific experts if
found to be necessary, and may fix a reasonable compensation for such
officers. The tribunal shall keep an accurate record of all its proceed-
ings.

Each of the High Contracting Parties shall make compensation for
the services of the members of the tribunal of its own appointment
and of any agent, counsel, or other person employed in its behalf,
and shall pay all costs incurred in the preparation of its case. All
expenses reasonably incurred by the tribunal in the performance
of its duties shall be paid by the respective governments in equal
moieties.

Expenses.

establish all proper rules for the regulation of its proceedings.

ARTICLE II.

Each of the High Contracting Parties shall also name one person to
attend the tribunal as its agent.

Written or printed
case to be submitted.

The written or printed case of each of the two parties, accompanied
by the documents, the official correspondence and all other evidence
in writing or print on which each party relies, shall be delivered in
duplicate to each member of the tribunal and to the agent of the other
party as soon as may be after the organization of the tribunal, but
within a period not exceeding two months from the date of the
exchange of ratifications of this convention.

Counter case to be
submitted.

Within two months after the delivery on both sides of the written
or printed case, either party may, in like manner, deliver in duplicate
to each member of the tribunal, and to the agent of the other party,
a counter-case and additional documents, correspondence and evidence
in reply to the case, documents, correspondence and evidence so pre-

last mentioned period when in their judgment it becomes necessary by
reason of special difficulties which may arise in the procuring of such
additional papers and evidence.

Copies of reports,
etc.

If in the case submitted to the tribunal either party shall have speci-
fied or referred to any report or document in its own exclusive pos-

other party shall demand it, within thirty days after the delivery of
the case, to furnish to the party applying for it a duly certified copy
thereof; and either party may call upon the other, through the tri-
bunal, to produce the original or certified copies of any papers adduced
as evidence, giving in each instance such reasonable notice as the tri-
bunal may require; and the original or copy so requested shall be
delivered as soon as may be and within a period not exceeding forty
days after receipt of notice.

that there is evidence pertinent to the case in the possession of either
party, and which has not been produced, the tribunal may in its dis-

cretion order the production of the same by the party having control thereof.

It shall be the duty of each party through its agent or counsel, within two months from the expiration of the time limited for the delivery of the counter-case on both sides, to deliver in duplicate to each member of the said tribunal and to the agent of the other party a written or printed argument showing the points and referring to the evidence upon which his Government relies, and either party may also support the same before the tribunal by oral argument of counsel. The tribunal may, if they shall deem further elucidation with regard to any point necessary, require from either party a written, printed, or oral statement or argument upon the point; but in such case the other party shall have the right to reply thereto.

Arguments.

ARTICLE III.

It is agreed by the High Contracting Parties that the tribunal shall consider in the settlement of the questions submitted to its decision the Treaties respectively concluded between His Britannic Majesty and the Emperor of All the Russias under date of 28/16 February, A. D. 1825, and between the United States of America and the Emperor of All the Russias concluded under date of March 30/18, A. D. 1867; and particularly the Articles III, IV, V, of the first mentioned treaty, which in the original text are word for word as follows:

Former treaties to be considered.

Vol. 15, p. 539.

“La ligne de démarcation entre les Possessions des Hautes Parties Contractantes sur la Côte du Continent et les Iles de l’Amérique Nord-Ouest, sera tracée ainsi qu’il suit:

Boundaries.

“A partir du Point le plus méridional de l’Ile dite *Prince of Wales*, lequel Point se trouve sous la parallèle du 54^{me} degré 40 minutes de latitude Nord, et entre le 131^{me} et 133^{me} degré de longitude Ouest (Méridien de Greenwich), la dite ligne remontera au Nord le long de la passe dite *Portland Channel*, jusqu’au Point de la terre ferme où elle atteint le 56^{me} degré latitude Nord; de ce dernier point la ligne de démarcation suivra la crête des montagnes situées parallèlement à la Côte, jusqu’au point d’intersection du 141^{me} degré de longitude Ouest (même Méridien); et finalement, du dit point d’intersection, la même ligne méridienne du 141^{me} degré formera, dans son prolongement jusqu’à la Mer Glaciale, la limite entre les Possessions Russes et Britanniques sur le Continent de l’Amérique Nord-Ouest.”

IV.

“Il est entendu, par rapport à la ligne de démarcation déterminée dans l’Article précédent;

“1. Que l’Isle dite *Prince of Wales* appartiendra toute entière à la Russie.

“2. Que partout où la crête des montagnes qui s’étendent dans une direction parallèle à la Côte depuis le 56^{me} degré de latitude Nord au point d’intersection du 141^{me} degré de longitude Ouest, se trouveroit à la distance de plus de dix lieues marines de l’Océan, la limite entre les Possessions Britanniques et la lisière de Côte mentionnée ci-dessus comme devant appartenir à la Russie, sera formée par une ligne parallèle aux sinuosités de la Côte, et qui ne pourra jamais en être éloignée que de dix lieues marines.”

V.

“Il est convenu en outre, que nul Etablissement ne sera formé par l’une des deux Parties dans les limites que les deux Articles précédens assignent aux Possessions de l’Autre. En conséquence, les Sujets Bri-

tanniques ne formeront aucun Etablissement soit sur la Côte, soit sur la lisière de terre ferme comprise dans les limites des Possessions Russes, telles qu'elles sont désignées dans les deux Articles précédens; et, de même, nul Etablissement ne sera formé par des Sujets Russes au delà des dites limites."

The tribunal shall also take into consideration any action of the several governments or of their respective representatives preliminary or subsequent to the conclusion of said treaties so far as the same tends to show the original and effective understanding of the parties in respect to the limits of their several territorial jurisdictions under and by virtue of the provisions of said treaties.

ARTICLE IV.

Referring to Articles III, IV, and V of the said treaty of 1825 the said tribunal shall answer and decide the following questions:—

1. What is intended as the point of commencement of the line?
2. What channel is the Portland Channel?
3. What course should the line take from the point of commencement to the entrance to Portland Channel?
4. To what point on the 56th parallel is the line to be drawn from the head of the Portland Channel, and what course should it follow between these points?

5. In extending the line of demarcation northward from said point on the parallel of the 56th degree of North latitude, following the crest of the mountains situated parallel to the coast until its intersection with the 141st degree of longitude west of Greenwich, subject to the condition that if such line should anywhere exceed the distance of ten marine leagues from the ocean then the boundary between the British and the Russian territory should be formed by a line parallel to the sinuosities of the coast and distant therefrom not more than ten marine leagues, was it the intention and meaning of said convention of 1825 that there should remain in the exclusive possession of Russia a continuous fringe or strip of coast on the mainland, not exceeding ten marine leagues in width, separating the British Possessions from the bays, ports, inlets, havens, and waters of the ocean, and extending from the said point on the 56th degree of latitude north to a point where such line of demarcation should intersect the 141st degree of longitude west of the Meridian of Greenwich?

6. If the foregoing question should be answered in the negative, and in the event of the summit of such mountains proving to be in places more than ten marine leagues from the coast, should the width of the lisière which was to belong to Russia be measured (1) from the mainland coast of the ocean, strictly so-called, along a line perpendicular thereto, or (2) was it the intention and meaning of the said convention that where the mainland coast is indented by deep inlets forming part of the territorial waters of Russia, the width of the lisière was to be measured (a) from the line of the general direction of the mainland coast, or (b) from the line separating the waters of the ocean from the territorial waters of Russia, or (c) from the heads of the aforesaid inlets?

7. What, if any exist, are the mountains referred to as situated parallel to the coast, which mountains, when within ten marine leagues from the coast, are declared to form the eastern boundary?

ARTICLE V.

The tribunal shall assemble for their first meeting at London as soon as practicable after receiving their commissions; and shall themselves fix the times and places of all subsequent meetings.

Questions to be decided.

Meeting of tribunal.

The decision of the tribunal shall be made so soon as possible after the conclusion of the arguments in the case, and within three months thereafter, unless the President of the United States and His Britannic Majesty shall by common accord extend the time therefor. The decision shall be made in writing, and dated, and shall be signed by the members of the tribunal assenting to the same. It shall be signed in duplicate, one copy whereof shall be given to the agent of the United States of America for his government, and the other to the agent of His Britannic Majesty for his government.

Decision.

Signed in duplicate.

ARTICLE VI.

When the High Contracting Parties shall have received the decision of the tribunal upon the questions submitted as provided in the foregoing articles, which decision shall be final and binding upon all parties, they will at once appoint, each on its own behalf, one or more scientific experts who shall with all convenient speed proceed together to lay down the boundary line, in conformity with such decision.

Experts to establish boundary in conformity with decision.

Should there be, unfortunately, a failure by a majority of the tribunal to agree upon any of the points submitted for their decision, it shall be their duty to so report in writing to the respective governments through their respective agents. Should there be an agreement by a majority upon a part of the questions submitted, it shall be their duty to sign and report their decision upon the points of such agreement in the manner hereinbefore prescribed.

Report of failure to agree.

Partial agreement.

ARTICLE VII.

The present Convention shall be ratified by the President of the United States, by and with the advice and consent of the Senate, and by His Britannic Majesty, and the ratifications shall be exchanged in Washington or in London so soon as the same may be effected.

Ratification.

In faith whereof we, the respective plenipotentiaries, have signed this Convention and have hereunto affixed our Seals.

Signatures.

Now, therefore, I, William McKinley, President of the United States, by virtue of the power vested in me by the aforesaid act of Congress, approved June fourth, eighteen hundred and ninety-seven, do hereby make known and proclaim that there are hereby withdrawn and excluded from the aforesaid Washington Forest Reserve and restored to the public domain all those certain tracts, pieces or parcels of land particularly described as follows, to wit:

Preamble.

Whereas, by Executive Order dated December 27, 1875, Sections 8 and 9, township 15 south, range 2 east, San Bernardino Meridian, California, were with certain other tracts of land withdrawn from the public domain and reserved for the use of the Capitan Grande band or Village of Mission Indians; and

Vol. 26, p. 712.

Whereas, the Commission appointed under the provisions of the Act of Congress approved January 12, 1891, entitled "An act for the relief of the Mission Indians in the State of California", (U. S. Statutes at Large, vol. 26, page 712) selected for the said Capitan Grande band or village of Indians certain tracts of land and intentionally omitted and excluded from such selection the said sections 8 and 9, township 15 south, range 2 east, and reported that the tracts thus omitted included the lands upon which were found the claims of Arthur F. Head and others; and

Whereas, the report and recommendations of the said Commission were approved by Executive Order dated December 29, 1891, which Order also directed that "All of the lands mentioned in said report are hereby withdrawn from settlement and entry until patents shall have issued for said selected reservations and until the recommendations of said Commission shall be fully executed, and, by the proclamation of the President of the United States, the lands or any part thereof shall be restored to the public domain"; and

Whereas, a patent was issued March 10, 1894, to the said Indians for the lands selected by the Commission as aforesaid and which patent also excluded the said Sections 8 and 9, township 15 south, range 2 east; and

Whereas it appears that the said Arthur F. Head can not make the requisite filings on the land occupied by him until it shall have been formally restored to the public domain, and that no good reason appears to exist for the further reservation of the said sections for the said band of Indians;

Now, therefore, I, William McKinley, President of the United States, by virtue of the power in me vested, do hereby declare and make known that the Executive Orders dated December 27, 1875 and December 29, 1891, are so far modified as to except from their provi-

PROCLAMATION.

June 25, 1901.

Whereas the act of Congress entitled "An Act to ratify and confirm an agreement with the Muscogee or Creek tribe of Indians and for other purposes," approved on the first day of March, nineteen hundred and one, contains a provision as follows:

Preamble.
Vol. 31, p. 361.

That the agreement negotiated between the Commission to the Five Civilized Tribes and the Muscogee or Creek tribe of Indians, at the City of Washington on the eighth day of March, nineteen hundred, as herein amended, is hereby accepted, ratified, and confirmed, and the same shall be of full force and effect when ratified by the Creek national council. The principal chief, as soon as practicable after the ratification of this agreement by Congress, shall call an extra session of the Creek national council and lay before it this agreement and the Act of Congress ratifying it, and if the agreement be ratified by said council, as provided in the constitution of said nation, he shall transmit to the President of the United States the act of council ratifying the agreement, and the President of the United States shall thereupon issue his proclamation declaring the same duly ratified, and that all the provisions of this agreement have become law according to the terms thereof: *Provided*, That such ratification by the Creek national council shall be made within ninety days from the approval of this Act by the President of the United States,

And whereas the principal chief of the said tribe has transmitted to me an act of the Creek national council entitled "An act to ratify and confirm an agreement between the United States and the Muscogee Nation of Indians of the Indian Territory" approved the twenty-fifth day of May, nineteen hundred and one, which contains a provision as follows:

That said Agreement, amended, ratified and confirmed by the Congress of the United States, as set forth in said Act of Congress approved March 1, 1901, is hereby accepted, ratified and confirmed on the part of the Muscogee Nation and on the part of the Muscogee or Creek tribe of Indians constituting said Nation, as provided in said Act of Congress and as provided in the Constitution of said Nation, and the Principal Chief is hereby authorized to transmit this Act of the National Council ratifying said Agreement to the President of the United States as provided in said Act of Congress.

And whereas paragraph thirty-six of said agreement contains a provision as follows:

This provision shall not take effect until after it shall have been separately and specifically approved by the Creek national council and by the Seminole general council; and if not approved by either, it shall fail altogether, and be eliminated from this agreement without impairing any other of its provisions.

And whereas there has been presented to me an act of the Creek national council entitled "An Act to disapprove certain provisions, relating to Seminole citizens, in the agreement between the Muscogee Nation and the United States, ratified by Congress March 1, 1901,"

approved the twenty-fifth day of May, nineteen hundred and one, by which the provisions of said paragraph thirty-six are specifically disapproved:

Agreement with
Creek Indians ratified.

Now, therefore, I, William McKinley, President of the United States, do hereby declare said agreement, except paragraph thirty-six thereof, duly ratified and that all the provisions thereof, except said paragraph thirty-six which failed of ratification by the Creek national council, became law according to the terms thereof upon the twenty-fifth day of May, nineteen hundred and one.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Excepting from the force and effect of this proclamation all lands which may have been, prior to the date hereof, embraced in any legal entry or covered by any lawful filing duly of record in the proper United States Land Office, or upon which any valid settlement has been made pursuant to law, and the statutory period within which to make entry or filing of record has not expired: *Provided*, that this exception shall not continue to apply to any particular tract of land unless the entryman, settler or claimant continues to comply with the law under which the entry, filing or settlement was made.

Lands excepted.

Warning is hereby expressly given to all persons not to make settlement upon the tract of land reserved by this proclamation.

Reserved from settlement.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Wichita Forest Reserve.

Warning is hereby expressly given to all persons not to make settlement upon the tract of land reserved by this proclamation.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this fourth day of July, in the year of our Lord one thousand nine hundred and one, and of the [SEAL.] Independence of the United States the one hundred and twenty-sixth.

By the President:

DAVID J. HILL,

Acting Secretary of State.

WILLIAM MCKINLEY

[No. 6.]

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

July 4, 1901.

A PROCLAMATION.

Whereas, by an agreement between the Wichita and affiliated bands of Indians on the one part, and certain commissioners of the United States on the other part, ratified by act of Congress approved March 2, 1895 (28 Stat., 876, 894), the said Indians ceded, conveyed, transferred and relinquished, forever and absolutely, without any reservation whatever, unto the United States of America, all their claim, title and interest of every kind and character in and to the lands embraced in the following described tract of country now in the Territory of Oklahoma, to wit:

Preamble.
Vol. 28, p. 894.

“Commencing at a point in the middle of the main channel of the Washita River where the ninety-eighth meridian of west longitude crosses the same, thence up the middle of the main channel of said river to the line of 98° 40' west longitude, thence on said line of 98° 40' due north to the middle of the channel of the main Canadian River, thence down the middle of the said main Canadian River to where it crosses the ninety-eighth meridian, thence due south to the place of beginning.”

Lands ceded by
Wichita, etc., Indians.

And whereas, in pursuance of said act of Congress ratifying said agreement, allotments of land in severalty have been regularly made to each and every member of said Wichita and affiliated bands of Indians, native and adopted, and the lands occupied by religious societies or other organizations for religious or educational work among the Indians have been regularly allotted and confirmed to such societies and organizations, respectively;

And whereas, by an agreement between the Comanche, Kiowa and Apache tribes of Indians on the one part, and certain commissioners of the United States on the other part, amended and ratified by act of Congress, approved June 6, 1900 (31 Stat., 672, 676), the said Indian tribes, subject to certain conditions which have been duly performed, ceded, conveyed, transferred, relinquished and surrendered forever and absolutely, without any reservation whatsoever, expressed or implied, unto the United States of America, all their claim, title and interest of every kind and character in and to the lands embraced in the following described tract of country now in the Territory of Oklahoma, to wit:

Vol. 31, p. 676.

“Commencing at a point where the Washita River crosses the ninety-eighth meridian west from Greenwich; thence up the Washita River, in the middle of the main channel thereof, to a point thirty miles, by river, west of Fort Cobb, as now established; thence due west to the north fork of Red River, provided said line strikes said river east of the one-hundredth meridian of west longitude; if not, then only to said meridian line, and thence due south, on said meridian line, to the said north fork of Red River; thence down said north fork, in the middle of the main channel thereof, from the point where it may be first intersected by the lines above described, to the main Red River; thence down said Red River, in the middle of the main channel thereof, to its intersection with the ninety-eighth meridian of longitude west from Greenwich; thence north, on said meridian line, to the place of beginning.”

Lands ceded by
Comanche, Kiowa,
and Apache Indians.

And whereas, in pursuance of said act of Congress ratifying the agreement last named, allotments of land in severalty have been regularly made to each member of said Comanche, Kiowa and Apache tribes of Indians; the lands occupied by religious societies or other organizations for religious or educational work among the Indians have been regularly allotted and confirmed to such societies and organizations, respectively; and the Secretary of the Interior, out of the lands ceded by the agreement last named, has regularly selected and set aside for the use in common for said Comanche, Kiowa and Apache tribes of Indians, four hundred and eighty thousand acres of grazing lands;

Vol. 28, p. 897.

And whereas, in the act of Congress ratifying the said Wichita agreement, it is provided—

“That whenever any of the lands acquired by this agreement shall, by operation of law or proclamation of the President of the United States, be open to settlement, they shall be disposed of under the general provisions of the homestead and townsite laws of the United States: *Provided*, That in addition to the land office fees prescribed by statute for such entries the entry man shall pay one dollar and twenty-five cents per acre for the land entered at the time of submitting his final proof: *And provided further*, That in all homestead entries where the entry man has resided upon and improved the land entered in good faith for the period of fourteen months he may commute his entry to cash upon the payment of one dollar and twenty-five cents per acre: *And provided further*, That the rights of honorably discharged Union soldiers and sailors of the late civil war, as defined and described in sections twenty-three hundred and four and twenty-three hundred and five of the Revised Statutes, shall not be abridged: *And provided further*, That any qualified entry man having lands adjoining the lands herein ceded, whose original entry embraced less than one hundred and sixty acres, may take sufficient land from said reservation to make his homestead entry not to exceed one hundred and sixty acres in all, said land to be taken upon the same conditions as are required of other entry men: *Provided*, That said lands shall be opened to settlement within one year after said allotments are made to the Indians.

* * * * *
 “That the laws relating to the mineral lands of the United States are hereby extended over the lands ceded by the foregoing agreement.”

Vol. 31, p. 679.

And whereas in the act of Congress ratifying the said Comanche, Kiowa and Apache agreement, it is provided—

That the lands acquired by this agreement shall be opened to settlement by proclamation of the President within six months after allotments are made and be disposed of under the general provisions of the homestead and town-site laws of the United States: *Provided*, That in addition to the land-office fees prescribed by statute for such entries the entryman shall pay one dollar and twenty-five cents per acre for the land entered at the time of submitting his final proof: *And provided further*, That in all homestead entries where the entryman has resided upon and improved the land entered in good faith for the period of fourteen months he may commute his entry to cash upon the payment of one dollar and twenty-five cents per acre: *And provided further*, That the rights of honorably discharged Union soldiers and sailors of the late civil war, as defined and described in sections twenty-three hundred and four and twenty-three hundred and five of the Revised Statutes shall not be abridged: *And provided further*, That any person who, having attempted to but for any cause failed to secure a title in fee to a homestead under existing laws, or who made entry under what is known as the commuted provision of the homestead law, shall be qualified to make a homestead entry upon said lands: *And provided further*, That any qualified entryman having lands adjoining the lands herein ceded, whose original entry embraced less than one hundred and sixty acres in all, shall have the right to enter so much of the lands by this agreement ceded lying contiguous to his said entry as shall, with the land already entered, make in the aggregate one hundred and sixty acres, said land to be taken upon the same conditions as are required of other entrymen: *And provided further*, That the settlers who located on that part of said lands called and known as the ‘neutral strip’ shall have preference right for thirty days on the lands upon which they have located and improved.

* * * * *
 “That should any of said lands allotted to said Indians, or opened to settlement under this Act, contain valuable mineral deposits, such mineral deposits shall be open to location and entry, under the existing mining laws of the United States, upon the passage of this Act, and the mineral laws of the United States are hereby extended over said lands.”

Vol. 31, p. 727.

And whereas, by the act of Congress approved January 4, 1901 (31 Stat., 727), the Secretary of the Interior was authorized to extend, for a period not exceeding eight months from December 6, 1900, the time for making allotments to the Comanche, Kiowa, and Apache Indians and opening to settlement the lands so ceded by them;

Vol. 31, p. 1093.

And whereas, in pursuance of the act of Congress approved March 3, 1901 (31 Stat., 1093), the Secretary of the Interior has regularly subdivided the lands so as aforesaid respectively ceded to the United States by the Wichita and affiliated bands of Indians and the Comanche, Kiowa, and Apache tribes of Indians into counties, attaching portions thereof to adjoining counties in the Territory of Oklahoma, has regularly designated the place for the county seat of each new county, has

regularly set aside and reserved at such county seat land for a townsite to be disposed of in the manner provided by the act of Congress last named, and has regularly caused to be surveyed, subdivided, and platted the lands so set aside and reserved for disposition as such townsites;

And whereas, by the act of Congress last named, it is provided—

“The lands to be opened to settlement and entry under the Acts of Congress ratifying said agreements respectively shall be so opened by proclamation of the President, and to avoid the contests and conflicting claims which have heretofore resulted from opening similar public lands to settlement and entry, the President’s proclamation shall prescribe the manner in which these lands may be settled upon, occupied and entered by persons entitled thereto under the Acts ratifying said agreements, respectively; and no person shall be permitted to settle upon, occupy or enter any of said lands except as prescribed in such proclamation until after the expiration of sixty days from the time when the same are opened to settlement and entry.”

And whereas, by the act of Congress last named the President was authorized to establish two additional United States land districts and land offices in the Territory of Oklahoma to include the lands so ceded as aforesaid, which land districts and land offices have been established by an order of even date herewith;

And whereas all of the conditions required by law to be performed prior to the opening of said tracts of land to settlement and entry have been, as I hereby declare, duly performed;

Now therefore, I, William McKinley, President of the United States of America, by virtue of the power vested in me by law, do hereby declare and make known that all of the lands so as aforesaid ceded by the Wichita and affiliated bands of Indians, and the Comanche, Kiowa, and Apache tribes of Indians, respectively, saving and excepting sections sixteen, thirty-six, thirteen and thirty-three in each township, and all lands located or selected by the Territory of Oklahoma as indemnity school or educational lands, and saving and excepting all lands allotted in severalty to individual Indians, and saving and excepting all lands allotted and confirmed to religious societies and other organizations, and saving and excepting the lands selected and set aside as grazing lands for the use in common for said Comanche, Kiowa, and Apache tribes of Indians, and saving and excepting the lands set aside and reserved at each of said county seats for disposition as townsites, and saving and excepting the lands now used, occupied, or set apart for military, agency, school, school farm, religious, Indian cemetery, wood reserve, forest reserve, or other public uses, will, on the 6th day of August, 1901, at 9 o’clock a. m., in the manner herein prescribed and not otherwise, be opened to entry and settlement and to disposition under the general provisions of the homestead and townsite laws of the United States.

Lands ceded by
Wichita, Comanche,
Kiowa, and Apache
Indians open to entry
August 6, 1901.
Post, p. 2007.

Commencing at 9 o’clock a. m., Wednesday, July 10, 1901, and ending at 6 o’clock p. m., Friday, July 26, 1901, a registration will be had at the United States land offices at El Reno and Lawton, in the Territory of Oklahoma (the office at Lawton to occupy provisional quarters in the immediate vicinity of Fort Sill, Oklahoma Territory, until suitable quarters can be provided at Lawton), for the purpose of ascertaining what persons desire to enter, settle upon, and acquire title to any of said lands under the homestead law and of ascertaining their qualifications so to do. The registration at each office will be for both land districts, but at the time of registration each applicant will be required to elect and state in which district he desires to make entry. To obtain registration each applicant will be required to show himself duly qualified to make homestead entry of these lands under existing laws and to give the registering officer such appropriate matters of description and identity as will protect the applicant and the government against any attempted impersonation. Registration can not be effected through the use of the mails or the employment of an agent,

plicants.

excepting that honorably discharged soldiers and sailors entitled to the benefits of section 2304 of the Revised Statutes of the United States, as amended by the act of Congress approved March 1, 1901 (31 Stat., 847), may present their applications for registration and due proofs of their qualifications through an agent of their own selection, but no person will be permitted to act as agent for more than one such soldier or sailor. No person will be permitted to register more than once or in any other than his true name. Each applicant who shows himself duly qualified will be registered and given a non-transferable certificate to that effect, which will entitle him to go upon and examine the lands to be opened hereunder in the land district in which he elects to make his entry; but the only purpose for which he may go upon and examine said lands is that of enabling him later on, as herein provided, to understandingly select the lands for which he will make entry. No one will be permitted to make settlement upon any of said lands in advance of the opening herein provided for, and during the first sixty days following said opening no one but registered applicants will be permitted to make homestead settlement upon any of said lands, and then only in pursuance of a homestead entry duly allowed by the local land officers, or of a soldier's declaratory statement duly accepted by such officers.

Entries determined
by drawings.
Regulations.

The order in which, during the first sixty days following the opening, the registered applicants will be permitted to make homestead entry of the lands opened hereunder, will be determined by drawings for both the El Reno and Lawton districts publicly held at the United States land office at El Reno, Oklahoma, commencing at 9 o'clock a. m., Monday, July 29, 1901, and continuing for such period as may be necessary to complete the same. The drawings will be had under the supervision and immediate observation of a committee of three persons whose integrity is such as to make their control of the drawing a guaranty of its fairness. The members of this committee will be appointed by the Secretary of the Interior, who will prescribe suitable compensation for their services. Preparatory to these drawings the registration officers will, at the time of registering each applicant who shows himself duly qualified, make out a card, which must be signed by the applicant, stating the land district in which he desires to make homestead entry, and giving such a description of the applicant as will enable the local land officers to thereafter identify him. This card will be at once sealed in a separate envelope, which will bear no other distinguishing label or mark than such as may be necessary to show that it is to go into the drawing for the land district in which the applicant desires to make entry. These envelopes will be separated according to land districts and will be carefully preserved and remained sealed until opened in the course of the drawing as herein provided. When the registration is completed all of these sealed envelopes will be brought together at the place of drawing and turned over to the committee in charge of the drawing, who, in such manner as in their judgment will be attended with entire fairness and equality of opportunity, shall proceed to draw out and open the separate envelopes and to give to each enclosed card a number in the order in which the envelope containing the same is drawn. While the drawings for the two districts will be separately conducted they will occur as nearly at the same time as is practicable. The result of the drawing for each district will be certified by the committee to the officers of the district and will determine the order in which the applicants may make homestead entry of said lands and settlement thereon.

Notice of drawings.

Notice of the drawings stating the name of each applicant and number assigned to him by the drawing will be posted each day at the place of drawing, and each applicant will be notified of his number by a

postal-card mailed to him at the address, if any, given by him at the time of registration. Each applicant should, however, in his own behalf employ such measures as will insure his obtaining prompt and accurate information of the order in which his application for homestead entry can be presented as fixed by the drawing. Applications for homestead entry of said lands during the first sixty days following the opening can be made only by registered applicants and in the order established by the drawing. At each land office, commencing Tuesday, August 6, 1901, at 9 o'clock a. m., the applications of those drawing numbers 1 to 125, inclusive, for that district must be presented and will be considered in their numerical order during the first day, and the applications of those drawing numbers 126 to 250, inclusive, must be presented and will be considered in their numerical order during the second day, and so on at that rate until all of said lands subject to entry under the homestead law, and desired thereunder, have been entered. If any applicant fails to appear and present his application for entry when the number assigned to him by the drawing is reached, his right to enter will be passed until after the other applications assigned for that day have been disposed of, when he will be given another opportunity to make entry, failing in which he will be deemed to have abandoned his right to make entry under such drawing. To obtain the allowance of a homestead entry each applicant must personally present the certificate of registration theretofore issued to him, together with a regular homestead application and the necessary accompanying proofs, and with the regular land office fees, but an honorably discharged soldier or sailor may file his declaratory statement through the agent representing him at the registration. The production of the certificate of registration will be dispensed with only upon satisfactory proof of its loss or destruction. If at the time of considering his regular application for entry it appears that any applicant is disqualified from making homestead entry of these lands his application will be rejected, notwithstanding his prior registration. If any applicant shall register more than once hereunder, or in any other than his true name, or shall transfer his registration certificate he will thereby lose all the benefits of the registration and drawing herein provided for, and will be precluded from entering or settling upon any of said lands during the first sixty days following said opening.

Presentation of application numbers.

Because of the provision in the said act of Congress approved June 6, 1900: "That the settlers who located on that part of said lands called and known as the 'neutral strip' shall have preference right for thirty days on the lands upon which they have located and improved," the said lands in the "neutral strip" shall for the period of thirty days after said opening be subject to homestead entry and townsite entry only by those who have heretofore located upon and improved the same, and who are accorded a preference right of entry for thirty days as aforesaid. Persons entitled to make entry under this preference right will be permitted to do so at any time during said period of thirty days following the opening without previous registration, and without regard to the drawing herein provided for, and at the expiration of that period the lands in said "neutral strip" for which no entry shall have been made will come under the general provisions of this proclamation.

Preference right of settlers on "neutral strip."
Vol. 31, p. 680.

The intended beneficiaries of the provision in the said acts of Congress, approved, respectively, March 2, 1895, and June 6, 1900, which authorizes a qualified entryman having lands adjoining the ceded lands, whose original entry embraced less than 160 acres, to enter so much of the ceded lands as will make his homestead entry contain in the aggregate not exceeding 160 acres, may obtain such an extension

of his existing entry, without previous registration and without regard to the drawing herein provided for, only by making appropriate application, accompanied by the necessary proofs, at the proper new land office at some time prior to the opening herein provided for.

Townsite entries.

Any person or persons desiring to found, or to suggest establishing a townsite upon any of said ceded lands at any point not in the near vicinity of either of the county seats therein heretofore selected and designated as aforesaid, may, at any time before the opening herein provided for, file in the proper local land office a written application to that effect describing by legal subdivisions the lands intended to be affected, and stating fully and under oath the necessity or propriety of founding or establishing a town at that place. The local officers will forthwith transmit said petition to the Commissioner of the General Land Office with their recommendation in the premises. Such Commissioner, if he believes the public interests will be subserved thereby, will, if the Secretary of the Interior approve thereof, issue an order withdrawing the lands described in such petition, or any portion thereof, from homestead entry and settlement and directing that the same be held for the time being for townsite settlement, entry, and disposition only. In such event the lands so withheld from homestead entry and settlement will, at the time of said opening and not before, become subject to settlement, entry, and disposition under the general townsite laws of the United States. None of said ceded lands will be subject to settlement, entry, or disposition under such general townsite laws except in the manner herein prescribed until after the expiration of sixty days from the time of said opening.

County seats.
Vol. 31, p. 1094.

Attention is hereby especially called to the fact that under the special provisions of the said act of Congress approved March 3, 1901, the townsites selected and designated at the county seats of the new counties into which said lands have been formed can not be disposed of under the general townsite laws of the United States, and can only be disposed of in the special manner provided in said act of Congress, which declares:

"The lands so set apart and designated shall, in advance of the opening, be surveyed, subdivided, and platted, under the direction of the Secretary of the Interior, into appropriate lots, blocks, streets, alleys, and sites for parks of public buildings, so as to make a town site thereof: *Provided*, That no person shall purchase more than one business and one residence lot. Such town lots shall be offered and sold at public auction to the highest bidder, under the direction of the Secretary of the Interior, at sales to be had at the opening and subsequent thereto."

Warning against
premature entry.

All persons are especially admonished that under the said act of Congress approved March 3, 1901, it is provided that no person shall be permitted to settle upon, occupy, or enter any of said ceded lands except in the manner prescribed in this proclamation until after the expiration of sixty days from the time when the same are opened to settlement and entry. After the expiration of the said period of sixty days, but not before, any of said lands remaining undisposed of may be settled upon, occupied and entered under the general provisions of the homestead and townsite laws of the United States in like manner as if the manner of effecting such settlement, occupancy and entry had not been prescribed herein in obedience to law.

Settlement of undi-
posed lands.

Wire fences not to
be destroyed, etc.

It appearing that there are fences around the pastures into which, for convenience, portions of the ceded lands have heretofore been divided, and that these fences are of considerable value and are still the property of the Indian tribes ceding said lands to the United States, all persons going upon, examining, entering, or settling upon any of said lands are cautioned to respect such fences as the property of the Indians and not to destroy, appropriate, or carry away the same, but to leave them undisturbed so that they may be seasonably removed and preserved for the benefit of the Indians.

Regulations.

The Secretary of the Interior shall prescribe all needful rules and

regulations necessary to carry into full effect the opening herein provided for.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this fourth day of July, in the year of our Lord one thousand nine hundred and one, and of [SEAL.] the Independence of the United States the one hundred and twenty-sixth.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

September 14, 1901.

A PROCLAMATION.

To the people of the United States:

A terrible bereavement has befallen our people. The President of the United States has been struck down; a crime not only against the Chief Magistrate, but against every law-abiding and liberty-loving citizen.

Death of William McKinley, President of the United States.

President McKinley crowned a life of largest love for his fellow men, of earnest endeavor for their welfare, by a death of Christian fortitude; and both the way in which he lived his life and the way in which, in the supreme hour of trial, he met his death will remain forever a precious heritage of our people.

It is meet that we as a nation express our abiding love and reverence for his life, our deep sorrow for his untimely death.

Now, therefore, I, Theodore Roosevelt, President of the United States of America, do appoint Thursday next, September 19, the day in which the body of the dead President will be laid in its last earthly resting place, as a day of mourning and prayer throughout the United States. I earnestly recommend all the people to assemble on that day in their respective places of divine worship, there to bow down in submission to the will of Almighty God, and to pay out of full hearts the homage of love and reverence to the memory of the great and good President, whose death has so sorely smitten the nation.

Thursday, September 19, 1901, appointed a day of mourning and prayer.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

November 2, 1901.

A PROCLAMATION.

The season is nigh when, according to the time-hallowed custom of our people, the President appoints a day as the especial occasion for praise and thanksgiving to God.

Preamble.

This Thanksgiving finds the people still bowed with sorrow for the death of a great and good President. We mourn President McKinley because we so loved and honored him; and the manner of his death should awaken in the breasts of our people a keen anxiety for the country, and at the same time a resolute purpose not to be driven by any calamity from the path of strong, orderly, popular liberty which as a nation we have thus far safely trod.

Yet in spite of this great disaster, it is nevertheless true that no people on earth have such abundant cause for thanksgiving as we have. The past year in particular has been one of peace and plenty. We have prospered in things material and have been able to work for our own

uplifting in things intellectual and spiritual. Let us remember that, as much as has been given us, much will be expected from us; and that true homage comes from the heart as well as from the lips and shows itself in deeds. We can best prove our thankfulness to the Almighty by the way in which on this earth and at this time each of us does his duty to his fellow men.

Thursday, November 28, 1901, set apart as a day of national thanksgiving.

Now, therefore, I, Theodore Roosevelt, President of the United States, do hereby designate as a day of general thanksgiving Thursday, the 28th of this present November, and do recommend that throughout the land the people cease from their wonted occupations, and at their several homes and places of worship reverently thank the Giver of all good for the countless blessings of our national life.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

THEODORE ROOSEVELT

By the President:

JOHN HAY

Secretary of State.

[No. 18.]

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

May 7, 1902.

A PROCLAMATION.

Whereas, by an agreement between the Shoshone and Bannock Indians of the Fort Hall Reservation in Idaho, on the one part and certain commissioners of the United States on the other part, ratified by act of Congress approved June 6, 1900 (31 Stat., 672), the said Indians ceded, granted, and relinquished to the United States all right, title, and interest which they had to the following described land, the same being a part of the land obtained through the treaty of Fort Bridger on the third day of July, eighteen hundred and sixty-eight, and ratified by the United States Senate on the sixteenth day of February, eighteen hundred and sixty-nine:

Preamble.

Vol. 31, p. 672.

All that portion of the said reservation embraced within and lying east and south of the following described lines:

Commencing at a point in the south boundary of the Fort Hall Indian Reservation, being the southwest corner of township nine (9) south, range thirty-four (34) east of the Boise meridian, thence running due north on the range line between townships 33 and 34 east to a point two (2) miles north of the township line between townships five (5) and six (6) south, thence due east to the range line between ranges 35 and 36 east, thence south on said range line four (4) miles, thence due east to the east boundary line of the reservation; from this point the east and south boundaries of the said reservation as it now exists to the point of beginning, namely, the southwest corner of township nine (9) south, range thirty-four east, being the remainder of the description and metes and bounds of the said tract of land herein proposed to be ceded."

Lands ceded by the Shoshone and Bannock Indians.

And whereas, in pursuance of said act of Congress ratifying said agreement, allotments of land have been regularly made to each Indian occupant who desired it, and a schedule has been made of the lands to be abandoned and the improvements thereon appraised, and such improvements will be offered for sale to the highest bidder at not less than the appraised price prior to the date fixed for the opening of the ceded lands to settlement, and the classification as to agricultural and grazing lands has been made;

Vol. 31, p. 672.

And whereas, in the act of Congress ratifying said agreement it is provided:

That on the completion of the allotments and the preparation of the schedule provided for in the preceding section, and the classification of the lands as provided for herein, the residue of said ceded lands shall be opened to settlement by the proclamation of the President, and shall be subject to disposal under the homestead, town-site, stone and timber, and mining laws of the United States only, excepting as to price and excepting the sixteenth and thirty-sixth sections in each Congressional township, which shall be reserved for common school purposes and be subject to the laws of Idaho: *Provided*, That all purchasers of lands lying under the canal of the Idaho Canal Company, and which are susceptible of irrigation from the water from said canal, shall pay for the same at the rate of ten dollars per acre; all agricultural lands not under said canal shall be paid for at the rate of two dollars and fifty cents per acre, and grazing lands at the rate of one dollar and twenty-five cents per acre, one-fifth of the respective sums to be paid at time of original entry, and four-fifths thereof at the time of making final proof; but no purchaser shall be permitted in any manner to purchase more than one hundred and sixty acres of the land hereinbefore referred to; but the rights of honorably discharged Union soldiers and sailors, as defined and described in sections twenty-three hundred and four and twenty-three hundred and five of the Revised Statutes of the United States, shall not be abridged, except as to the sum to be paid as aforesaid.

Lands opened to settlement.
Vol. 31, p. 676.

* * * * *

No lands in sections sixteen and thirty-six now occupied, as set forth in article three of the agreement herein ratified shall be reserved for school purposes, but the State of Idaho shall be entitled to indemnity for any lands so occupied: *Provided*, That none of said lands shall be disposed of under the townsite laws for less than ten dollars per acre: *And provided further*, That all of said lands within five miles of the boundary line of the town of Pocatello shall be sold at public auction, payable as aforesaid, under the direction of the Secretary of the Interior for not less than

ten dollars per acre: *And provided further*, That any mineral lands within said five mile limit shall be disposed of under the mineral land laws of the United States, excepting that the price of such mineral lands shall be fixed at ten dollars per acre, instead of the price fixed by the said mineral land laws.

And whereas, all the conditions required by law to be performed prior to the opening of said lands to settlement and entry have been, as I hereby declare, duly performed, except the sale of the improvements mentioned above, but as this is not considered a bar to the opening of the unallotted and unreserved lands to settlement and entry,

Now, therefore, I, THEODORE ROOSEVELT, President of the United States of America, by virtue of the power vested in me by law, do hereby declare and make known that all of the lands so as aforesaid ceded by the Shoshone and Bannock Indians, saving and excepting all lands allotted to the Indians, and saving and excepting the lands on which the Indian improvements have been appraised, and saving and excepting the sixteenth and thirty-sixth sections in each Congressional township, and saving and excepting Lots 7 and 8, section 21, NW $\frac{1}{4}$ SW $\frac{1}{4}$ and Lots 9 and 10, section 22, T. 9 S., R. 38 E., B. M., known as "Lava Hot Springs" and saving and excepting all of the lands within five miles of the boundary line of the town of Pocatello, Idaho, and saving and excepting the lands ceded under the Act of September 1, 1888 (25 Stat., 452), for the purposes of a townsite, will on the 17th day of June, 1902, at and after the hour of 12 o'clock, noon, (Mountain Standard time), be opened to settlement and entry under the terms of and subject to all the conditions, limitations, reservations, and restrictions contained in the statutes above specified, and the laws of the United States applicable thereto.

In view of the provision in said act "That all of said lands within five miles of the boundary line of the town of Pocatello shall be sold at public auction, payable as aforesaid, under the direction of the Secretary of the Interior for not less than ten dollars per acre," the lands, "within five miles of the boundary line of the town of Pocatello," saving and excepting all lands allotted to the Indians, and saving and excepting the sixteenth and thirty-sixth sections in each Congressional township, and saving and excepting the lands ceded under the Act of September 1, 1888 (25 Stat., 452), for the purposes of a townsite, will on the 17th day of July, 1902, at and after the hour of 12 o'clock, noon (Mountain Standard time), be offered at public auction at not less than ten dollars per acre, under the terms and subject to all the conditions, limitations, reservations and restrictions, contained in the statutes above specified, and the laws of the United States applicable thereto.

Because of the provision in the act ratifying said agreement that "The purchaser of said improvements shall have thirty days after such purchase for preference right of entry, under the provisions of this Act, of the lands upon which the improvements purchased by him are situated, not to exceed one hundred and sixty acres," the said lands upon which such Indian improvements purchased are situated outside of the lands within five miles of the town of Pocatello, shall for the period of thirty days after said opening be subject to homestead entry, townsite entry, stone and timber entry, and entry under the mineral laws only by those who may have purchased the improvements thereon, and who are accorded a preference right of entry for thirty days as aforesaid, such entries to be made in accordance with the terms and conditions of this Act. Persons entitled to make entry under this preference right will be permitted to do so at any time during the said period of thirty days following the opening, and at the expiration of that period any of said lands not so entered will come under the general provisions of this proclamation.

The purchaser of the improvements on lands situated within five

May 29, 1902.

A PROCLAMATION.

Whereas, by Executive Order dated December 27, 1875, Section 7, township 15 south, range 2 east, San Bernardino Meridian, California, was with certain other tracts of land withdrawn from the public domain and reserved for the use of the Captain Grande band or Village of Mission Indians; and

Preamble.

Whereas, the Commission appointed under the provisions of the Act of Congress approved January 12, 1891, entitled "An act for the relief of the Mission Indians in the State of California", (U. S. Statutes at Large, vol. 26, page 712) selected for the said Captain Grande band or village of Indians certain tracts of land and intentionally omitted and excluded from such selection the said section 7, township 15 south, range 2 east, and reported that the tracts thus omitted included the lands upon which were found the claims of Jacob Kühner and others; and

Vol. 26, p. 712.

Whereas, the report and recommendations of the said Commission were approved by Executive Order dated December 29, 1891, which Order also directed that "All of the lands mentioned in said report are hereby withdrawn from settlement and entry until patents shall have issued for said selected reservations, and until the recommendations of said Commission shall be fully executed, and, by the proclamation of the President of the United States, the lands or any part thereof shall be restored to the public domain"; and

Whereas a patent was issued March 10, 1894, to the said Indians for the lands selected by the Commission as aforesaid and which patent also excluded the said Section 7, township 15 south, range 2 east; and

Whereas it appears that the said Jacob Kühner can not make the requisite filings on the land occupied by him until it shall have been formally restored to the public domain, and that no good reason appears to exist for the further reservation of the said section for the said band of Indians:

Land in California restored to public domain.

Now, therefore, I, THEODORE ROOSEVELT, President of the United States, by virtue of the power in me vested, do hereby declare and make known that the Executive Orders dated December 27, 1875 and December 29, 1891 are so far modified as to except from their provisions Section 7 of township 15 south, range 2 east, San Bernardino meridian, and the said section is hereby restored to the public domain.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA,

A PROCLAMATION.

Preamble.

Whereas, Many of the inhabitants of the Philippine Archipelago were in insurrection against the authority and sovereignty of the Kingdom of Spain at divers times from August, 1896, until the cession of the archipelago by that Kingdom to the United States of America, and since such cession many of the persons so engaged in insurrection have until recently resisted the authority and sovereignty of the United States; and

Whereas, The insurrection against the authority and sovereignty of the United States is now at an end, and peace has been established in all parts of the archipelago, except in the country inhabited by the Moro tribes, to which this proclamation does not apply; and

Whereas, During the course of the insurrection against the Kingdom of Spain and against the Government of the United States, persons engaged therein, or those in sympathy with and abetting them, committed many acts in violation of the laws of civilized warfare; but it is believed that such acts were generally committed in ignorance of those laws, and under orders issued by the civil or insurrectionary leaders; and

Whereas, It is deemed to be wise and humane, in accordance with the beneficent purposes of the Government of the United States towards the Filipino people, and conducive to peace, order, and loyalty among them, that the doers of such acts who have not already suffered punishment shall not be held criminally responsible, but shall be relieved from punishment for participation in these insurrections and for unlawful acts committed during the course thereof by a general amnesty and pardon;

Amnesty to Philippine insurrectionists.

Now, therefore, be it known that I, THEODORE ROOSEVELT, President of the United States of America, by virtue of the power and authority vested in me by the Constitution, do hereby proclaim and declare without reservation or condition, except as hereinafter provided, a full and complete pardon and amnesty to all persons in the Philippine Archipelago who have participated in the insurrections aforesaid or who have given aid and comfort to persons participating in said insurrections for the offenses of treason or sedition and for all offenses political in their character committed in the course of such insurrections pursuant to orders issued by the civil or military insurrectionary authorities, or which grew out of internal political feuds or dissensions, between Filipinos and Spaniards, or the Spanish authorities, or which resulted from internal political feuds or dissensions among the Filipinos themselves during either of said insurrections.

Exceptions.

Provided, however, That the pardon and amnesty hereby granted shall not include such persons committing crimes since May 1, 1902, in any province of the archipelago in which at the time civil government was established, nor shall it include such persons as have been

heretofore finally convicted of the crimes of murder, rape, arson or robbery, by any military or civil tribunal organized under the authority of Spain, or of the United States of America, but special application may be made to the proper authority for pardon by any person belonging to the exempted classes and such clemency as is consistent with humanity and justice will be liberally extended; and

Special application for pardon.

Further provided, That this amnesty and pardon shall not affect the title or right of the Government of the United States, or that of the Philippine Islands to any property or property rights heretofore used or appropriated by the military or civil authorities of the Government of the United States, or that of the Philippine Islands, organized under authority of the United States by way of confiscation or otherwise; and

Certain property rights, etc., not affected.

Provided further, that every person who shall seek to avail himself of this proclamation shall take and subscribe the following oath before any authority in the Philippine Archipelago authorized to administer oaths, namely:

Oath.

"I, ———, solemnly swear (or affirm) that I recognize and accept the supreme authority of the United States of America in the Philippine Islands and will maintain true faith and allegiance thereto; that I impose upon myself this obligation voluntarily without mental reservation or purpose of evasion. So help me God."

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

According to the yearly custom of our people, it falls upon the President at this season to appoint a day of festival and thanksgiving to God.

Over a century and a quarter has passed since this country took its place among the nations of the earth, and during that time we have had on the whole more to be thankful for than has fallen to the lot of any other people. Generation after generation has grown to manhood and passed away. Each has had to bear its peculiar burdens, each to face its special crises, and each has known years of grim trial, when the country was menaced by malice domestic or foreign levy, when the hand of the Lord was heavy upon it in drouth or flood or pestilence, when in bodily distress and anguish of soul it paid the penalty of folly and a froward heart. Nevertheless, decade by decade, we have struggled onward and upward; we now abundantly enjoy material well-being, and under the favor of the Most High we are striving earnestly to achieve moral and spiritual uplifting. The year that has just closed has been one of peace and of overflowing plenty. Rarely has any people enjoyed greater prosperity than we are now enjoying. For this we render heartfelt and solemn thanks to the Giver of Good; and we seek to praise Him not by words only but by

deeds, by the way in which we do our duty to ourselves and to our fellow men.

Now, therefore, I, THEODORE ROOSEVELT, President of the United States, do hereby designate as a day of general thanksgiving Thursday, the twenty-seventh of the coming November, and do recommend that throughout the land the people cease from their ordinary occupations, and in their several homes and places of worship render thanks unto Almighty God for the manifold blessings of the past year.

Thursday, November 27, 1902, set apart as a day of national thanksgiving.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this 29th day of October, in the year of our Lord one thousand nine hundred and two and [SEAL.] of the independence of the United States the one hundred and twenty-seventh.

THEODORE ROOSEVELT

JOHN HAY

A PROCLAMATION BY THE PRESIDENT.

February 7, 1903.

Whereas, a proclamation was issued February 10, 1890, by the President making known and proclaiming the acceptance of the Sioux Act approved March 2, 1889 (25 Stats., 888) by the different bands of the Sioux Nation of Indians, and the consent thereto by them as required by the said act;

Preamble.
Vol. 26, p. 1554.
Vol. 25, p. 888.

And whereas, the proclamation contains the following clause:

That there is also reserved as aforesaid the following described tract within which the Cheyenne River Agency, school and certain other buildings are located, to wit: Commencing at a point in the center of the main channel of the Missouri River opposite Deep Creek, about three miles south of the Cheyenne River; thence due west five and one half miles; thence due north to the Cheyenne River; thence down said river to the center of the main channel thereof to a point in the center of the Missouri River due east or opposite the mouth of said Cheyenne River; thence down the center of the main channel of the Missouri River to the place of beginning:

Vol. 26, p. 1556.

And whereas, the government, agency and school buildings have been removed from the lands as above indicated to their present locations;

And whereas, there appears to be no reason for continuing the lands in a state of reservation, the same not being needed for Indian purposes;

Now, therefore, I, THEODORE ROOSEVELT, President of the United States, by virtue of the power in me vested do hereby declare the said lands subject to disposal under the provisions of the said act, except 160 acres of land to which the St. Johns Mission School has obtained title under the Sioux Act mentioned, in accordance with the provisions thereof.

Cheyenne River Agency lands restored to public domain.
Exception.
