

thereof. For the obtaining of the necessary engineering data the commission is authorized to call upon the Corps of Engineers, United States Army, and said corps shall furnish said data upon the request of the commission, and the expense of obtaining the same shall be paid from the appropriation made by said Act.

SEC. 5. That the Corps of Engineers of the United States Army is hereby increased by five colonels, six lieutenant colonels, nineteen majors, seventeen captains, and thirteen first lieutenants. The increase in each grade hereby provided for shall be extended over a period of five years as nearly as practicable, and the original vacancies hereby created in each grade shall be filled by promotion from the next lower grade in accordance with existing law: *Provided*, That officers of the Corps of Engineers, when on duty under the Chief of Engineers, connected solely with the work of river and harbor improvements may, while so employed, be paid their pay and commutation of quarters from the appropriations for the work or works upon which they are employed: *Provided further*, That whenever it shall be necessary, in order to properly prosecute works of river and harbor improvement, the Chief of Engineers is authorized to detail for duty in charge of river and harbor districts or as members of boards of engineers any assistant engineers in the employ of the Engineer Bureau of the War Department. Vacancies in the grade of second lieutenant in the Corps of Engineers shall hereafter be filled, as far as may be consistent with the interests of the military service, by promotions from the Corps of Cadets at the United States Military Academy: *Provided*, That vacancies remaining in any fiscal year after the assignment of cadets of the class graduating in that fiscal year may be filled from civil life as hereinafter provided: *And provided further*, That the proportion of any graduating class assigned to the Corps of Engineers shall not be less than the proportion which the total number of officers authorized at date of graduation for that corps bears to the total number of officers authorized at same date for all branches of the Army to which cadets are eligible for promotion upon graduation, except when such a proportionate number is more than the number of vacancies existing at date of graduation plus the number of retirements due to occur in the Corps of Engineers prior to the first day of the following January. To become eligible for examination and appointment, a civilian candidate for the appointment as second lieutenant must be an unmarried citizen of the United States between the ages of twenty-one and twenty-nine, who holds a diploma showing graduation in an engineering course from an approved technical school, and is eligible for appointment as a junior engineer under the Engineer Bureau of the War Department. Selection of eligible civilians for appointment, including term of probation, shall be made as the result of such competitive examination into the mental, moral, and physical qualifications, and under such rules and regulations as shall be recommended by the Chief of Engineers and approved by the Secretary of War.

Approved, February 27, 1911.

CHAP. 167.—An Act For rebuilding and improving the present light and fog signal at Lincoln Rock, Alaska, or for building another light and fog-signal station upon a different site near by.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That the Secretary of Commerce and Labor be, and he is hereby, authorized to rebuild and improve the present light and fog signal at Lincoln Rock, Alaska, or establish a light and fog-signal station upon a different site near by, at a cost not to exceed twenty-five thousand dollars.

Approved, February 27, 1911.
