R. S., Title LII, pp. 832-869.

BUREAU OF NAVIGATION

Admeasurement of vessels: To enable the Commissioner of Navigation to secure uniformity in the admeasurement of vessels, including the employment of an adjuster of admeasurements, purchase and exchange of admeasuring instruments, traveling and incidental expenses, $4,500.

Motor boats, etc., to enforce navigation laws. Enforcement of navigation laws: To enable the Secretary of Commerce to provide and operate such motor boats and employ thereon such persons as may be necessary for the enforcement, under his direction by customs officers, of laws relating to navigation and inspection of vessels, boarding of vessels, and counting of passengers on excursion boats, including insignia, braid, and chin straps, and coats, caps, and aprons, for stewards' departments on vessels, $79,615.

Preventing overcrowding of vessels. Preventing overcrowding of passenger vessels: To enable the Secretary of Commerce to employ, temporarily, such persons as may be necessary, of whom not more than two at any one time may be
employed in the District of Columbia, to enforce the laws to prevent overcrowding of passenger and excursion vessels, and all expenses in connection therewith, $17,920.

Wireless communication laws: To enable the Secretary of Commerce to enforce the Acts of Congress “to require apparatus and operators for radio communication on certain ocean steamers” and “to regulate radio communication” and carry out the international radio telegraphic convention, examine and settle international radio accounts, including personal services, in the District of Columbia, and to employ such persons and means as may be necessary, traveling and subsistence expenses, purchase and exchange of instruments, technical books, tabulating, duplicating, and other office machinery and devices, rent and all other miscellaneous items and necessary expenses not included in the foregoing, $220,525, of which amount not to exceed $45,000 may be expended for personal services in the District of Columbia.

Shipping Commissioners: For salaries of shipping commissioners, $37,700.

Clerk hire: For compensation, to be fixed by the Secretary of Commerce, to each person or clerk in the offices of shipping commissioners, $89,040.

Contingent expenses: For rent, stationery, and other requisites for transaction of the business of shipping commissioners’ offices, and for janitor in the commissioners’ office at New York; in all, $9,980.

BUREAU OF STANDARDS

Salaries: For the director and other personal services in the District of Columbia in accordance with the Classification Act of 1923, $511,760.

Equipment: For apparatus, machinery, tools, and appliances used in connection with buildings or work of the bureau, laboratory supplies, materials, and supplies used in the construction of apparatus, machinery, or other appliances, including their exchange; piping, wiring, and construction incident to the installation of apparatus, machinery, or appliances; furniture for laboratories and offices, cases for apparatus, $70,000.

General expenses: For fuel for heat, light, and power; office expenses, stationery, books and periodicals, which may be exchanged when not needed for permanent use; traveling expenses (including expenses of attendance upon meetings of technical and professional societies when required in connection with standardization, testing, or other official work of the bureau); street-car fares not exceeding $100; expenses of the visiting committee; expenses of attendance of American member at the meeting of the International Committee of Weights and Measures; purchase of gloves, goggles, rubber boots, and aprons; supplies for operation, maintenance, and repair of passenger automobiles and motor trucks for official use, including their exchange; and contingencies of all kinds, $43,500.

Improvement and care of grounds: For grading, construction of roads and walks, piping grounds for water supply, lamps, wiring for lighting purposes, and other expenses incident to the improvement and care of grounds, including foreman and laborers in the District of Columbia, $11,000, of which amount not to exceed $7,740 may be expended for personal services in the District of Columbia.

Testing structural materials: For continuation of the investigation of structural materials, such as stone, clays, cement, and so forth, including personal services in the District of Columbia and in the field, $230,000, of which amount not to exceed $168,180 may be expended for personal services in the District of Columbia: Provided,
Disseminating acquired information of housing, etc.

That as much of this sum as necessary shall be used to collect and disseminate such scientific, practical, and statistical information as may be procured, showing or tending to show approved methods in building, planning, and construction, standardization, and adaptability of structural units, including building materials and codes, economy in the manufacture and utilization of building materials and supplies, and such other matters as may tend to encourage, improve, and cheapen construction and housing.

Testing machines: For maintenance and operation of testing machines, including personal services in connection therewith in the District of Columbia and in the field, for the determination by the Bureau of Standards of the physical constants and the properties of materials as authorized by law, $38,000, of which amount not to exceed $34,020 may be expended for personal services in the District of Columbia.

Investigation of fire-resisting properties: For investigation of fire-resisting properties of building materials and conditions under which they may be most efficiently used, and for the standardization of types of appliances for fire prevention, including personal services in the District of Columbia and in the field, $28,100, of which amount not to exceed $22,640 may be expended for personal services in the District of Columbia.

Investigation of public-utility standards: For investigation of the standards of practice and methods of measurements of public utilities, such as gas, electric light, electric power, water, telephone, central station heating, and electric railway service, and the solution of the problems which arise in connection with standards in such service, including personal services in the District of Columbia and in the field, $100,000, of which amount not to exceed $90,000 may be expended for personal services in the District of Columbia.

Testing miscellaneous materials: For testing miscellaneous materials, such as varnish materials, soap materials, inks, and chemicals, including supplies for the Government departments and independent establishments, including personal services in the District of Columbia and in the field, $44,090 of which amount not to exceed $42,200 may be expended for personal services in the District of Columbia.

Radio research: For investigation and standardization of methods and instruments employed in radio communication, including personal services in the District of Columbia and in the field, $44,800, of which amount not to exceed $42,200 may be expended for personal services in the District of Columbia.

Color standardization: To develop color standards and methods of manufacture and of color measurement, with special reference to their industrial use in standardization and specification of colorants such as dyestuffs, inks, and pigments, and other products, paint, paper, and textiles, in which color is a pertinent property, including personal services in the District of Columbia and in the field, $9,000, of which amount not to exceed $8,120 may be expended for personal services in the District of Columbia.

Investigation of clay products: To study methods of measurement and technical processes used in the manufacture of pottery, brick, tile, terra cotta, and other clay products, and the study of the properties of the materials used in that industry, including personal services in the District of Columbia and in the field, $27,000, of which amount not to exceed $20,050 may be expended for personal services in the District of Columbia.

Standardizing mechanical appliances: To develop methods of testing and standardizing machines, motors, tools, measuring instruments, and other apparatus and devices used in mechanical, hydrau-
lic, and aeronautic engineering; for the comparative study of
types of apparatus and methods of operation, and for the estab-
lishment of standards of performance; for the accurate determi-
nation of fundamental physical constants involved in the proper
execution of this work; and for the scientific experiments and inves-
tigations needed in solving the problems which may arise in connec-
tion therewith, especially in response to the requirements of aero-
nautics and aviation for information of a purely scientific nature,
including personal services in the District of Columbia and in the
field, $27,800, of which amount not to exceed $25,580 may be ex-
pended for personal services in the District of Columbia.

Investigation of optical glass: For the investigation of the prob-
lems involved in the production of optical glass, including personal
services in the District of Columbia and in the field, $20,520, of
which amount not to exceed $14,160 may be expended for personal
services in the District of Columbia.

Investigation of textiles: To investigate textiles, paper, leather,
and rubber in order to develop standards of quality and methods of
measurement, including personal services in the District of Colum-
bia and in the field, $26,560, of which amount not to exceed $23,140
may be expended for personal services in the District of Columbia.

Sugar standardization: For the standardization and design of
sugar-testing apparatus; the development of technical specifications
for the various grades of sugars, with particular reference to urgent
problems made pressing by conditions following the war, especially
involving the standardization and manufacture of sugars; for the
study of the technical problems incidental to the collection of the
revenue on sugar and to determine the fundamental scientific con-
stants of sugars and other substances; for the standardization and
production of rare and unusual types of sugars required for the
medical service of the Government departments; and for other tech-
nical and scientific purposes, including personal services in the Dis-
	

Gauge standardization: To provide by cooperation of the Bureau
of Standards, the War Department, and the Navy Department for
the standardization and testing of the standard gauges, screw
threads, and standards required in manufacturing throughout the
United States, and to calibrate and test such standard gauges, screw
threads, and standards, including necessary equipment and personal
services in the District of Columbia and in the field, $38,320, of
which amount not to exceed $36,180 may be expended for personal
services in the District of Columbia.

Investigation of mine scales and cars: For investigating the con-
ditions and methods of use of scales and mine cars used for weigh-
ing and measuring coal dug by miners, for the purpose of deter-
mining wages due, and of conditions affecting the accuracy of the
weighing or measuring of coal at the mines, including personal
services in the District of Columbia and in the field, $14,540, of
which amount not to exceed $11,340 may be expended for personal
services in the District of Columbia.

Metallurgical research: For metallurgical research, including alloy
steels, foundry practice, and standards for metals and sands; cast-
ing, rolling, forging, and the properties of aluminum alloys; pre-
vention of corrosion of metals and alloys; development of metal
substitutes, as for platinum; behavior of bearing metals; prepara-
tion of metal specifications; investigation of new metallurgical
processes and study of methods of conservation in metallurgical
manufacture and products; investigation of materials used in the construction of rails, wheels, axles, and other railway equipment, and the cause of their failure; including personal services in the District of Columbia and in the field, $43,140, of which amount not to exceed $40,080 may be expended for personal services in the District of Columbia.

High temperature investigations: For laboratory and field investigations of suitable methods of high temperature measurements and control in various industrial processes and to assist in making available directly to the industries the results of the bureau's investigations in this field, including personal services in the District of Columbia and in the field, $9,740, of which amount not to exceed $8,460 may be expended for personal services in the District of Columbia.

Sound investigations: For the investigation of the principles of sound and their application to military and industrial purposes, including personal services in the District of Columbia and in the field, $5,580, of which amount not to exceed $5,100 may be expended for personal services in the District of Columbia.

Industrial research: For technical investigations in cooperation with the industries upon fundamental problems involved in industrial development following the war, with a view to assisting in the permanent establishment of the new American industries, including personal services in the District of Columbia and elsewhere, $174,120, of which amount not to exceed $154,000 may be expended for personal services in the District of Columbia.

Testing railroad track and other scales: For investigation and testing of railroad track scales, elevator scales, and other scales used in weighing commodities for interstate shipments and to secure equipment and assistance for testing the scales used by the Government in its transactions with the public, such as post office, navy yard, and customhouse scales, and for the purpose of cooperating with the States in securing uniformity in the weights and measures laws and in the methods of inspection, including personal services in the District of Columbia and in the field, $59,000, of which amount not to exceed $25,460 may be expended for personal services in the District of Columbia.

Standardization of equipment: To enable the Bureau of Standards to cooperate with Government departments, engineers, and manufacturers in the establishment of standards, methods of testing, and inspection of instruments, equipment, tools, and electrical and mechanical devices used in the industries and by the Government, including the practical specification for quality and performance of such devices, and the formulation of methods of inspection, laboratory, and service tests, including personal services in the District of Columbia and in the field, $110,000, of which amount not to exceed $89,020 may be expended for personal services in the District of Columbia.

Standard materials: For purchase, preparation, analysis, and distribution of standard materials to be used in checking chemical analyses and in the testing of physical measuring apparatus, including personal services in the District of Columbia and in the field, $10,000, of which amount not to exceed $8,000 may be expended for personal services in the District of Columbia.

Investigation of radioactive substances: For an investigation of radioactive substances and the methods of their measurements and testing, including personal services in the District of Columbia and in the field, $10,680, of which amount not to exceed $9,320 may be expended for personal services in the District of Columbia.
Investigation of automotive engines: For the promotion of economy and efficiency in automotive transportation by land and by air through investigations of the basic principles underlying the design, performance, operation, and testing of automotive engines, their fuels, lubricants, accessories, and the power transmitting system used in connection with them, also such elements as brakes and brake linings; to promote economy in the use of liquid fuels and safety in vehicular traffic, including personal services in the District of Columbia and in the field, $25,000, of which amount not to exceed $20,680 may be expended for personal services in the District of Columbia. During the fiscal year 1926, the head of any department or independent establishment of the Government having funds available for scientific investigations and requiring cooperative work by the Bureau of Standards on scientific investigations within the scope of the functions of that bureau, and which the Bureau of Standards is unable to perform within the limits of its appropriations, may, with the approval of the Secretary of Commerce, transfer to the Bureau of Standards such sums as may be necessary to carry on such investigations. The Secretary of the Treasury shall transfer on the books of the Treasury Department any sums which may be authorized hereunder, and such amounts shall be placed to the credit of the Bureau of Standards for the performance of work for the department or establishment from which the transfer is made.

BUREAU OF LIGHTHOUSES

Salaries: For the commissioner and other personal services in the District of Columbia in accordance with the Classification Act of 1923, $89,880.

General expenses: For supplies, repairs, maintenance, and incidental expenses of lighthouses and other lights, beacons, buoyage, fog signals, lighting of rivers heretofore authorized to be lighted, light vessels, other aids to navigation, and lighthouse tenders, including the establishment, repair, and improvement of beacons and day marks, and purchase of land for same; establishment of post lights, buoys, submarine signals, and fog signals; establishment of oil or carbide houses, not to exceed $10,000: Provided, That any oil or carbide house erected hereunder shall not exceed $1,000 in cost; construction of necessary outbuildings at a cost not exceeding $500 at any one light station in any fiscal year; improvement of grounds and buildings connected with light stations and depots; restoring light stations and depots and buildings connected therewith: Provided further, That such restoration shall be limited to the original purpose of the structures; wages of persons attending post lights; temporary employees and field force while engaged on works of general repair and maintenance, and laborers and mechanics at lighthouse depots; rations and provisions or commutation thereof for working parties in the field, officers and crews of light vessels and tenders, and officials and other authorized persons of the Lighthouse Service on duty on board of such tenders or vessels, and money accruing from commutation for rations and provisions for the above-named persons on board of tenders and light vessels or in working parties in the field may be paid on proper vouchers to the person having charge of the mess of such vessel or party; purchase of rubber boots, oilskins, rubber gloves, and coats, caps, and aprons for stewards' departments on vessels; reimbursement under rules prescribed by the Secretary of Commerce of keepers of light stations and masters of light vessels and of lighthouse tenders for rations and provisions and clothing furnished shipwrecked persons who may be temporarily provided for by them, not exceeding in all $5,000

of necessary ground for all such lights and beacons as are for tem-
porary use or to mark changeable channels and which in consequence
can not be made permanent; rent of offices, depots, and wharves;
traveling expenses; mileage; library books for light stations and
vessels, and technical books and periodicals not exceeding $1,000;
traveling and subsistence expenses of teachers while actually em-
ployed by States or private persons to instruct the children of
keepers of lighthouses; all other contingent expenses of district
offices and depots, and not exceeding $8,500 for contingent expenses
of the office of the Bureau of Lighthouses in the District of Colum-
bia, $4,039,500.

Keepers of lighthouses: For salaries of not exceeding one thou-
sand eight hundred lighthouse and fog-signal keepers and persons
attending light exclusive of post lights, $1,970,000: Provided, That
section 9 of the Act approved May 14, 1908 (Thirty-fifth Statutes,
p. 163); Vol. 40, section 9 of the Act approved June 20, 1918 (Fortieth
Statutes, page 608), are hereby repealed.

Lighthouse vessels: For salaries and wages of officers and crews
of light vessels and lighthouse tenders, including temporary em-
ployment when necessary, $2,220,000.

Superintendents, clerks, etc., in the field.

Retired pay: For retired pay of officers and employees engaged in
the field service or on vessels of the Lighthouse Service, except per-
sons continuously employed in district offices and shops, $110,000.

Public works: For constructing or purchasing and equipping
lighthouse tenders and light vessels for the Lighthouse Service as
may be specifically approved by the Secretary of Commerce not to
exceed $485,000; and for establishing and improving aids to naviga-
tion and other works as may be specifically approved by the Secre-
ty of Commerce, $240,000; in all, $725,000.

COAST AND GEODETIC SURVEY

For every expenditure requisite for and incident to the work of
the Coast and Geodetic Survey, including maintenance, repair, or
operation of motor-propelled or horse-drawn vehicles for use in
field work, purchase of surveying instruments, rubber boots, canvas
and rubber gloves, goggles, and caps, coats, and aprons for stewards'
departments on vessels, extra compensation at not to exceed $1 per
day for each station to employees of the Lighthouse Service and the
Weather Bureau while observing tides or currents, services of one
tide observer in the District of Columbia at not to exceed $1 per
day, and compensation, not otherwise appropriated for, of persons
employed in the field work, commutation to officers of the field force
while on field duty, at a rate not exceeding $3 per day each, to be
expended in accordance with the regulations relating to the Coast
and Geodetic Survey prescribed by the Secretary of Commerce, and
under the following heads:

Field expenses. Atlantic and Gulf coasts.
be expended on the coasts of said outlying islands and the Atlantic
entrance to the Panama Canal, $122,420;

Pacific coast: For surveys and necessary resurveys of coasts on
the Pacific Ocean under the jurisdiction of the United States,
$321,420;

Tides, currents, and so forth: For continuing researches in phys-
ical hydrography, relating to harbors and bars, and for tidal and
current observations on the coasts of the United States, or other
coasts under the jurisdiction of the United States, $26,775;

Coast Pilot: For compilation of the Coast Pilot, including the
employment of such pilots, nautical experts, and stenographic help
in the field and office as may be necessary for the same, $6,500;

For continuing magnetic observations and to establish meridian
lines in connection therewith in all parts of the United States; mag-
netic observations in other regions under the jurisdiction of the
United States; purchase of additional magnetic instruments; lease
of sites where necessary and erection of temporary magnetic build-
ings; continuing the line of exact levels between the Atlantic, Pacific,
and Gulf coasts; establishing lines of exact levels in Alaska; deter-
mination of geographical positions, by triangulation or traverse
for the control of Federal, State, boundary, and other surveys and
engineering works in all parts of the interior of the United States
and Alaska; determination of field astronomic positions; for con-
tinuing gravity observations; for the maintenance and operation of
the latitude observatory at Ukiah, California, not exceeding $2,000;
and including the employment in the field and office of such mag-
netic observers as may be necessary, $128,735;

For executing precise triangulation and leveling in regions sub-
ject to earthquakes, $10,000;

Hawaiian triangulation: For adjusting the triangulation of the
Hawaiian Islands, including personal services in the District of
Columbia and in the field, $2,000;

For special surveys that may be required by the Bureau of Light-
houses or other proper authority, and contingent expenses incident
thereto, $4,500;

For objects not hereinbefore named that may be deemed urgent,
including the preparation or purchase of plans and specifications
of vessels and the employment of such hull draftsmen in the field and
office as may be necessary for the same; the reimbursement, under
rules prescribed by the Secretary of Commerce, of officers of the
Coast and Geodetic Survey for food, clothing medicines, and other
supplies furnished for the temporary relief of distressed persons in
remote localities and to shipwrecked persons temporarily provided
for by them, not to exceed a total of $550; actual necessary ex-
penses of officers of the field force temporarily ordered to the office
in the District of Columbia for consultation with the director, and
not exceeding $1,000 for the expenses of the attendance of repres-
entatives of the Coast and Geodetic Survey who may be designated
as delegates from the United States at the meetings of the Inter-
national Research Council or of its branches, $4,200;

In all, field expenses, $626,550.

Vessels: For repairs of vessels, including traveling expenses of
persons inspecting the repairs, and exclusive of engineer's supplies
and other ship chandlery, $74,000.

For all necessary employees to man and equip the vessels, includ-
ing professional seamen serving as mates on vessels of the survey,
to execute the work of the survey herein provided for and author-
ized by law, $655,000.

Pay, commissioned officers: For pay and allowances prescribed
by law for commissioned officers on sea duty and other duty, holding
relative rank with officers of the Navy, including one director with
relative rank of captain, two hydrographic and geodetic engineers with
relative rank of captain, seven hydrographic and geodetic engineers with
relative rank of commander, thirty-eight hydrographic and geodetic engineers with
relative rank of lieutenant commander, thirty-eight hydrographic and geodetic engineers with
relative rank of lieutenant, fifty-five junior hydrographic and geodetic engineers with
relative rank of lieutenant (junior grade), twenty-nine aids with relative
rank of ensign, and including officers retired in accordance with
existing law, $500,000: Provided, That the Secretary of Commerce
may designate one of the hydrographic and geodetic engineers to
act as assistant director: Provided further, That officers of the Coast
and Geodetic Survey performing travel by Government-owned vessels
for which no transportation fare is charged shall only be
entitled to reimbursement of actual and necessary expenses incurred.

Office force: For personal services in the District of Columbia in
accordance with the Classification Act of 1923, $410,000.

Office expenses: For purchase of new instruments (except surveying instruments), including their exchange, materials, equipment, and supplies required in the instrument shop, carpenter shop, and drawing division; books, scientific and technical books, journals, books of reference, maps, charts, and subscriptions; copper plates, chart paper, printer's ink, copper, zinc, and chemicals for electrotyping and photographing; engraving, printing, photographing, and electrotyping supplies; photolithographing charts and printing from stone and copper for immediate use; stationery for office and field parties; transportation of instruments and supplies when not charged to party expenses; office wagon and horses or automobile truck; heating, lighting, and power; telephones, including operation of switchboard; telegrams, ice, and washing; office furniture, repairs, traveling expenses of officers and others employed in the office sent on special duty in the service of the office; miscellaneous expenses, contingencies of all kinds, $62,100.

Appropriations herein made for the Coast and Geodetic Survey shall not be available for allowance to civilian or other officers for subsistence while on duty at Washington (except as hereinbefore provided for officers of the field force ordered to Washington for short periods for consultation with the director), except as now provided by law.

BUREAU OF FISHERIES

Commissioner's Office: For the Commissioner and other personal services in the District of Columbia in accordance with the Classification Act of 1923, $160,360.

For pay of employees in the field, as follows: Alaska service, $47,210; employees at large, $39,450; distribution (car) employees, $33,600; employees at fish cultural stations, $252,500; employees fish rescue station, Mississippi River Valley, $19,600; employees at biological stations, $39,000; in all, $431,360.

For pay of officers and employees for the steamers Gannet, Halcyon, and Phalarope, $34,230.

For officers and crew of vessels for Alaska fisheries service, $47,790.

Administration: For expenses of the office of the commissioner, including stationery, scientific and reference books, periodicals and newspapers for library, furniture and equipment, telegraph and telephone service, compensation of temporary employees, and all other necessary expenses connected therewith, $3,900.

Propagation of food fishes: For maintenance, repair, alteration, improvement, equipment, and operation of fish-cultural stations, general propagation of food fishes and their distribution, including
movement, maintenance, and repairs of cars, purchase of equipment (including rubber boots and oil skins) and apparatus, contingent expenses, temporary labor, and not to exceed $10,000 for propagation and distribution of fresh-water mussels and the necessary expenses connected therewith, $400,000.
