SEC. 2. No bridge shall at any time unreasonably obstruct the free navigation of any navigable waters of the United States.

#### NOTICE, HEARINGS, AND FINDINGS

Notice, hearings, and findings.

SEC. 3. Whenever any bridge shall, in the opinion of the Secretary, at any time unreasonably obstruct such navigation, it shall be the duty of the Secretary, after notice to interested parties, to hold a hearing at which the bridge owner, those interested in water navigation thereunder or therethrough, those interested in either railroad or highway traffic thereover, and any other party or parties in interest shall have full opportunity to offer evidence and be heard as to whether any alteration of such bridge is needed, and if so what alterations are needed, having due regard to the necessity of free and unobstructed water navigation and to the necessities of the rail or highway traffic. If, upon such hearing, the Secretary determines that any alterations of such bridge are necessary in order to render navigation through or under it reasonably free, easy, and unobstructed, having due regard also for the necessities of rail or highway traffic thereover, he shall so find and shall issue and cause to be served upon interested parties an order requiring such alterations of such bridge as he finds to be reasonably necessary for the purposes of navigation.

#### SUBMISSION AND APPROVAL OF GENERAL PLANS AND SPECIFICATIONS

Plans, etc., showing alterations.

SEC. 4. It shall be the duty of the bridge owner to prepare and submit to the Secretary, within ninety days after service of his order, general plans and specifications to provide for the alteration of such bridge in accordance with such order, and for such additional alteration of such bridge as the bridge owner may desire to meet the necessities of railroad or highway traffic, or both. SEC. 5. After approval of such general plans and specifications by the Secretary, and within ninety days after notification of such

All bids, including any bid for all or part of the project submitted by the bridge owner, shall be submitted to the Secretary, together with a recommendation by the bridge owner as to the most competent bid or bids, and at the same time the bridge owner shall submit to the Secretary a written guaranty that the total cost of the project, including the cost of such work as is to be performed by the bridge owner and not included in the work to be performed by contract, shall not exceed the sum stated in said guaranty. The Secretary may direct the bridge owner to reject all bids and to take new bids, or may authorize the bridge owner to proceed with the project, by contract, or partly by contract and partly by the bridge owner, or wholly by the bridge owner. Upon such authorization and fixing of the proportionate shares of the cost as provided in section 6, the bridge owner shall, within a reasonable time to be prescribed by the Secretary, proceed with the work of alteration; and the cost thereof shall be borne by the United States and by the bridge owner, as hereinafter provided.

Such apportionment shall be made on the following basis: The bridge owner shall bear such part of the cost as is attributable to the direct and special benefits which will accrue to the bridge owner as a result of the alteration, including the expectable savings in repair or maintenance costs; and that part of the cost attributable to the requirements of traffic by railroad or highway, or both, including any expenditure for increased carrying capacity of the bridge, and including such proportion of the actual capital cost of the old bridge or of such part of the old bridge as may be altered or changed or rebuilt, as the used service life of the whole or a part, as the case may be, bears to the total estimated service life of the whole or such part: *Provided*, That the part of the cost of alteration of any bridge for both highway and railroad traffic, attributable to the requirements of traffic by highway, shall be borne by the proprietor of the highway: *Provided further*, That in the event the alteration or relocation of any bridge may be desirable for the reason that the bridge unreasonably obstructs navigation, but also for some other reason, the Secretary may require equitable contribution from any interested person, firm, association, corporation, municipality, county, or State desiring such alteration or relocation for such other reason, as a condition precedent to the making of an order for such alteration or relocation. The United States shall bear the balance of the cost, including that part attributable to the necessities of navigation.

and of his order fixing the proportionate shares of the United States and of the bridge owner, and the Secretary of the Treasury shall thereupon set aside, out of any appropriation available for such purpose, the share of the United States payable under this Act on account of the project. When the Secretary finds that such project has been completed in accordance with his order, he shall cause to be paid to the bridge owner, out of the funds so set aside, the proportionate share of the total cost of the project allocated to the United States; or he may, in his discretion, from time to time, cause payments to be made on such construction costs as the work progresses. The total payments out of Federal funds shall not exceed the proportionate share of the United States of the total cost of the project paid or incurred by the bridge owner, and, if such total cost exceeds the cost guaranteed by the bridge owner, shall not exceed the proportionate share of the United States of such guaranteed cost, except that if the cost of the work exceeds the guaranteed cost by reason of emergencies, conditions beyond the control of the owner, or unforeseen or undetermined conditions, the Secretary may, after full review of all the circumstances, provide for additional payments by the United States to help defray such excess cost to the extent he deems to be reasonable and proper, and shall certify such additional payments to the Secretary of the Treasury for payment. 'Gross proceeds', as used in this section, is defined as the total gross proceeds derived by the Corporation from the sale of power for the preceding fiscal year, excluding power used by the Corporation or sold or delivered to any other department or agency of the Government of the United States for any purpose other than the resale thereof. The payments herein authorized are in lieu of taxation, and the Corporation, its property, franchises and income, are hereby expressly exempted from taxation in any manner or form by any State, county, municipality, or any subdivision or district thereof.

"The payment for each fiscal year shall be apportioned among said States in the following manner: One-half of said payment shall be apportioned by paying to each State the percentage thereof which the gross proceeds of the power sales by the Corporation within said State during the preceding fiscal year bears to the total gross proceeds from all power sales by the Corporation during the preceding fiscal year; the remaining one-half of said payment shall be apportioned by paying to each State the percentage thereof which the book value of the power property held by the Corporation within said State at the end of the preceding fiscal year bears to the total book value of all such property held by the Corporation on the same date. The said two-year average shall be calculated for the last two tax years during which said property was privately owned and operated or said land was privately owned: *Provided further*, That the minimum annual payment to each State in which the Corporation owns and operates power property (including payments to counties therein) shall not be less than \$10,000 in any case: *Provided further*, That the corporation shall pay directly to the respective counties the two-year average of county ad valorem property taxes (including taxes levied by

"The payments above provided shall in each case be made to the State or county in equal monthly installments beginning not later than July 31, 1940.

"Nothing herein shall be construed to limit the authority of the Corporation in its contracts for the sale of power to municipalities, to permit or provide for the resale of power at rates which may include an amount to cover tax-equivalent payments to the municipality in lieu of State, county, and municipal taxes upon any distribution system or property owned by the municipality, or any agency thereof, conditioned upon a proper distribution by the municipality of any amounts collected by it in lieu of State or county taxes upon any such distribution system or property; it being the intention of Congress that either the municipality or the State in which the municipality is situated shall provide for the proper distribution to the State and county of any portion of tax equivalent so collected by the municipality in lieu of State or county taxes upon any such distribution system or property.

"The Corporation shall, not later than January 1, 1945, submit to the Congress a report on the operation of the provisions of this section, including a statement of the distribution to the various States and counties hereunder; the effect of the operation of the provisions of this section on State and local finances; an appraisal of the benefits of the program of the Corporation to the States and counties receiving payments hereunder, and the effect of such benefits in increasing taxable values within such States and counties; and such other data, information, and recommendations as may be pertinent to future legislation."

missioner of Internal Revenue as to (a) the necessity and cost of special additional equipment and facilities acquired to facilitate, during the national emergency declared by the President on September 8, 1939, to exist, the completion of such naval vessel or Army or Navy aircraft or portion thereof in private plants; and (b) the percentage of cost of such special additional equipment and facilities to be charged against such contract or subcontract. For all purposes of section 3 of the Act of March 27, 1934 (48 Stat. 505; 34 U. S. C. 496), as amended, such certification shall be subject to such regulations as the President may prescribe, but shall be binding upon the Commissioner of Internal Revenue, unless, within five days after receipt of such certification, he make formal objection thereto to the Secretary of the Navy or the Secretary of War as the case may be. The part of such cost chargeable against the contract or subcontract in pursuance of such certification, shall, for the purposes of such section 3, be considered to be a reduction of the contract price of the contract or subcontract. The amount charged against the contract or subcontract in pursuance of such certification shall, for the purposes of such section 3, be applied against and reduce the cost or other basis of such special additional equipment and facilities as of the date of installation thereof: *Provided*, That the Secretary of War or the Secretary of the Navy, as the case may be, shall report to the Congress, every three months, the cost of such special additional equipment and facilities to be borne by the Government under each contract.

SEC. 5. (a) Notwithstanding the provisions of any other law, the regular working hours of the Navy Department and the Coast Guard and their field services shall be eight hours a day or forty hours per week during the period of the national emergency declared by the President on September 8, 1939, to exist: *Provided*, That under such regulations as the head of the Department concerned may prescribe, and where additional employees cannot be obtained to meet the exigencies of the situation, these hours may be exceeded: *Provided further*, That compensation for employment in excess of forty hours in any administrative workweek computed at a rate not less than one and one-half times the regular rate shall be paid only to monthly, per diem, hourly, and piece-work employees, whose wages are set by the Act of July 16, 1862 (12 Stat. 587), as amended or modified; and also to professional and subprofessional employees and to blue-printers, photostat and rotaprint operators, inspectors, supervisory planners and estimators, and supervisory progressmen, and assistants to shop and plant superintendents of the CAF service, as defined by the Classification Act of March 4, 1923 (42 Stat. 1488; U. S. C. 5, ch. 13), as amended: *Provided further*, That in determining the overtime compensation of per annum Government employees the pay for one day shall be considered to be one three-hundred-and-sixtieth of their respective per annum salaries: *Provided further*, That the President is authorized to suspend, in whole or in part, for the War and Navy Departments and for the Coast Guard and their field services, during the period of the national emergency declared by him on September 8, 1939, to exist, the provisions of the Act of March 3, 1931 (46 Stat. 1482; U. S. C. 5, 26 (a)), if in his judgment such course is necessary in the interest of national defense, and any regulations issued pursuant to the Act of March 14, 1936 (49 Stat. 1161; U. S. C. Supp. V, title 5, sec. 29 (a)), may be modified accordingly: *And provided further*, That notwithstanding the provisions of any other law, the President is hereby authorized, in his discretion, to prescribe regulations to establish such uniformity among the War and Navy Departments and the Coast Guard and their field services

in regard to hours of work and compensation for overtime of their civilian employees as he may deem necessary in the interest of national defense.

(b) During the national emergency declared by the President on September 8, 1939, to exist, the provisions of the law prohibiting more than eight hours' labor in any one day of persons engaged upon work covered by Army, Navy, and Coast Guard contracts shall be suspended.

SEC. 6. Notwithstanding the provisions of section 2 of the Act of May 29, 1930 (46 Stat. 468), and section 204 of the Act of June 30, 1932 (47 Stat. 404), any person heretofore or hereafter retired under the Civil Service Retirement Act of May 29, 1930, as amended, may be reemployed in the service of the War and Navy Departments: *Provided*, That there shall be deducted and withheld from the basic salary, pay, or compensation of such person and credited to his account as provided in section 12 (a) of the Act of May 29, 1930, as amended, the regular deductions prescribed by the said Act: *Provided further*, That upon separation from the service for any cause such person may elect to receive a refund of the total deductions so withheld together with interest at 4 per centum per annum compounded on June 30 of each year, or receive credit for the additional service in the computation of any annuity awarded thereafter: *Provided further*, That payment of the annuity of such person shall be suspended during the period of such employment: *Provided further*, That during the national emergency declared by the President on September 8, 1939, to exist, the provisions of section 6 of the Act of August 24, 1912 (37 Stat. 555; U. S. C., title 5, sec. 652), shall not apply to any civil-service employee of the War or Navy Departments or of the Coast Guard, or their field services, whose immediate removal is, in the opinion of the Secretary concerned warranted by the demands of national security, but nothing herein shall be construed to repeal, modify, or suspend the proviso in that section. Those persons summarily removed under the authority of this section may, if in the opinion of the Secretary concerned, subsequent investigation so warrants, be reinstated, and if so reinstated shall be allowed compensation for the period of such removal at the rate they were receiving on the date of removal: *And provided further*, That within thirty days after such removal any such person shall have an opportunity personally to appear before the official designated by the Secretary concerned and be fully informed of the reasons for such removal, and to submit, within thirty days thereafter, such statement or affidavits, or both, as he may desire to show why he should be retained and not removed.

SEC. 7. The Act of March 14, 1936, entitled "An Act to provide for vacations to Government employees and for other purposes" (49 Stat. 1161) is hereby amended by adding, after section 7, a new section to read as follows:

"SEC. 8. Employees of the Navy Department and the Naval Establishment and of the Coast Guard may, during the period of the national emergency declared by the President on September 8, 1939, to exist, be employed during the time they would otherwise be on vacation without deprivation of their vacation pay for the time so worked. Employees who forego their vacations in accordance with the provisions of this section may be paid, in addition to their regular pay, the equivalent of the pay they would have drawn during the period of such vacation. The provisions of this section shall be applicable only to employees whose services at the time cannot, in the judgment of the Secretary of the Navy or the Secretary of the Treasury, as the case may be, be spared without detriment to the national defense."

SEC. 202. (a) Projects may be initiated hereunder by the Navy or War Department to provide dwellings on or near naval or military reservations, posts or bases for rental to the enlisted men and employees of the Navy and War Departments described in section 201. Such projects shall be developed by the Navy or War Department or by the Authority, whichever the President determines is better suited to the fulfillment of the purposes of this title with respect to any particular project. If the development of such project is to be undertaken by the Navy or War Department, the Authority is authorized to aid the development of the project by furnishing technical assistance and by transferring to such Department the funds necessary for the development of the project. Any project developed for the purpose of this section shall be leased to the Navy or War Department by the Authority (which shall have title to such project until repayment of the cost thereof to the Authority as prescribed in such lease) upon such terms as shall be prescribed in the lease, which may be the same terms as are authorized by the United States Housing Act of 1937, as amended, with respect to leases to public housing agencies. All the provisions of said Act which apply to the development of projects by the Authority shall (insofar as applicable and not inconsistent herewith) apply to the development of projects by the Navy or War Department. Notwithstanding other provisions of this or any other law, the Department leasing a project shall have the same jurisdiction over such project as it has over the reservation, post or base in connection with which the project is developed.

(b) The Navy or War Department, in connection with any project developed or leased by it, and the Authority, in connection with any project developed or assisted by it, for the purposes of this title, may acquire real or personal property or any interest therein by purchase, eminent domain, gift, lease or otherwise. The provisions of section 355 of the Revised Statutes shall not apply to the acquisition of any real property by the Navy or War Department or by the Authority for the purposes of this title or to the project developed thereon, and the provisions of section 321 of the Act of June 30, 1932 (U. S. C. 1934 edition, title 40, sec. 303b), shall not apply to any lease of any project developed for the purposes of this title or of any dwelling therein. Condemnation proceedings instituted by the Authority shall be in its own name and the practice and procedure governing such proceedings by the United States shall be followed, and the Authority shall likewise be entitled to proceed in accordance with the provisions of the Act of Congress approved February 26, 1931 (46 Stat. 1421), and an Act of Congress approved March 1, 1929 (45 Stat. 1415). If the Authority acquires land in connection with a project to be assisted for the purposes of this title, it may convey such land to the public housing agency involved for a consideration equal to the cost of the land to the Authority. The Navy and War Departments and the Authority may negotiate, contract and fix such fees as they determine are reasonable for the services of architects, engineers, surveyors, appraisers, title examiners and real estate negotiators in connection with specific projects developed by them under this title. The Secretaries of Navy and War are hereby authorized to make available to the Authority any

land that is needed for a project to be developed by the Authority and leased to the Navy or War Department and to execute such leases, agreements and other instruments with the Authority as may be necessary to carry out the purposes of this title.

SEC. 203. In any localities where the President determines that there is an acute shortage of housing which impedes the national defense program and that the necessary housing would not otherwise be provided when needed for persons engaged in national defense activities, the Authority may undertake the development and administration of projects to assure the availability of dwellings in such localities for such persons and their families, or the Authority may extend financial assistance to public housing agencies for the development and administration of such projects. Such financial assistance to public housing agencies shall be extended (except as otherwise provided herein and not inconsistent herewith) under the provisions of, and in the same manner and forms as provided in, title I of the United States Housing Act of 1937, as amended, with respect to other housing projects.

SEC. 204. Any contract made for financial assistance under the United States Housing Act of 1937, as amended, may be revised so as to provide that the project involved will be assisted for any of the purposes of this title. The Navy or War Department or the Authority, in the administration of any project developed for the purposes of this title, shall fix rentals for persons engaged in national defense activities and their families which will be within their financial reach, and the Authority, in any contract for financial assistance or any lease of such a project, shall require the fixing of such rentals. Projects developed by the Navy or War Department, or developed or assisted by the Authority, for the purposes of this title shall not be subject to the elimination requirements of sections 10 (a) and 11 (a) of said Act, or to any provisions of section 9 of said Act which would require any part of the development cost thereof to be met in any manner other than from funds loaned or furnished by the Authority. Funds expended for the purposes of this title shall be excluded in determining, for the purposes of section 21 (d) of said Act, the amounts expended within each State. Except as otherwise provided herein or as may be inconsistent herewith, all the provisions of title I of said Act shall apply to this title. During the period when the President determines that in any locality there is an acute need for housing to assure the availability of dwellings for persons engaged in national defense activities, dwellings in a project developed or assisted in said locality which are devoted to the purposes of providing housing for persons engaged in national defense activities shall not be subject to sections 2 (1) and 2 (2) of the United States Housing Act of 1937, as amended, and during such period such projects shall be deemed projects of a low-rent character for the purposes of any of the applicable provisions in title I of said Act.

SEC. 205. The Authority may use for the purposes of this title any of the funds or authorizations heretofore or hereafter made available to it. The provisions of title I of this Act shall not apply to this title.

## COMPACT

Whereas it is recognized that abatement of existing pollution and the control of future pollution of interstate streams can best be promoted through a joint agency representing the several states located wholly or in part within the area drained by any such interstate stream; and

Whereas the Congress of the United States has given its consent to the States of Maryland and West Virginia, the Commonwealths of Pennsylvania and Virginia, and the District of Columbia to enter into a compact providing for the creation of a conservancy district to consist of the drainage basin of the Potomac River and the main and tributary streams therein, for "the purpose of regulating, controlling, preventing, or otherwise rendering unobjectionable and harmless the pollution of the waters of said Potomac drainage area by sewage and industrial and other wastes";

Now therefore the States of Maryland and West Virginia, the Commonwealths of Pennsylvania and Virginia, and the District

Each of the signatory bodies reserves the right to make at any time an examination and audit of the accounts of the Commission.

(D) A quorum of the Commission shall, for the transaction of business, the exercise of any powers, or the performance of any duties, consist of at least a majority of the members of the Commission; provided, however, that no action of the Commission relating to policy shall be binding on any one of the signatory bodies unless at least two of the Commissioners from such signatory body shall vote in favor thereof.

(B) To supplement existing information and data, and to secure new data by such investigations, analyses, or other means as may be necessary to secure adequate information on the character and condition of the streams of the Conservancy District as they now exist or may be affected by the future discharge of sewage and industrial and other wastes into the said stream.

(C) To cooperate with the legislative and administrative agencies of the signatory bodies, or the equivalent thereof, and with other interested commissions and similar organizations for the purpose of promoting uniform laws, rules or regulations for the abatement and control of pollution of streams in the said Conservancy District.

The pro rata contribution shall be based on such factors as population, the amount of industrial and domestic pollution; and a flat service charge, as shall be determined from time to time by the Commission, subject, however, to the approval, ratification and appropriation of such contribution by the several signatory bodies. And, further provided, that the total of such sums from signatory bodies shall not exceed a total of \$30,000 per annum.

## AN ACT

Granting the consent and approval of Congress to an interstate compact relating to control and reduction of pollution in the Ohio River drainage basin.

July 11, 1940

[S. 3617]

[Public, No. 739]

Ohio River Valley  
Water Sanitation  
Compact.  
Consent of Congress  
given to.

46 Stat. 1490.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the consent and approval of Congress is hereby given to an interstate compact relating to the control and reduction of the pollution of the streams of the Ohio River drainage basin negotiated and entered into or to be entered into under authority of Public Resolution Numbered 104, Seventy-fourth Congress, approved June 8, 1936, and now ratified by the States of New York, Illinois, Kentucky, and Indiana, and by the State of Ohio (whose ratification is to go into effect at the time at which the States of New York, Pennsylvania, and West Virginia enter into said compact as parties and signatory States), also by the State of West Virginia (whose ratification is to go into effect at the time at which the States of New York, Ohio, Virginia, and Pennsylvania enter into said compact as parties and signatory States), which compact reads as follows:

“SECTION 1.—

“OHIO RIVER VALLEY WATER SANITATION COMPACT

“BETWEEN THE STATES OF ILLINOIS, INDIANA, KENTUCKY, NEW YORK, OHIO, PENNSYLVANIA, TENNESSEE, AND WEST VIRGINIA

“Pursuant to authority granted by an Act of the 74th Congress of the United States, Public Resolution 104, approved June 8, 1936, conferences of delegates appointed to draft the compact were held at Cincinnati, Ohio, on Nov. 20, 1936; Jan. 17, 1938; May 24, 1938; June 13, 1938; October 11, 1938.

“Whereas, a substantial part of the territory of each of the signatory states is situated within the drainage basin of the Ohio River; and

“Whereas, the rapid increase in the population of the various metropolitan areas situated within the Ohio drainage basin, and the growth in industrial activity within that area, have resulted in recent years in an increasingly serious pollution of the waters and streams within the said drainage basin, constituting a grave menace to the health, welfare, and recreational facilities of the people living in such basin, and occasioning great economic loss; and

“Whereas, the control of future pollution and the abatement of existing pollution in the waters of said basin are of prime importance to the people thereof, and can best be accomplished through the cooperation of the States situated therein, by and through a joint or common agency;

“Now, Therefore, The States of Illinois, Indiana, Kentucky, New York, Ohio, Pennsylvania, Tennessee, and West Virginia do hereby covenant and agree as follows:

“ARTICLE I

“Each of the signatory States pledges to each of the other signatory States faithful cooperation in the control of future pollution in and abatement of existing pollution from the rivers, streams, and waters in the Ohio River basin which flow through, into or border upon any of such signatory States, and in order to effect such object, agrees to enact any necessary legislation to enable each such State to place and maintain the waters of said basin in a satisfactory sanitary condition, available for safe and satisfactory use as public

and industrial water supplies after reasonable treatment, suitable for recreational usage, capable of maintaining fish and other aquatic life, free from unsightly or malodorous nuisances due to floating solids or sludge deposits, and adaptable to such other uses as may be legitimate.

“ARTICLE II

“The signatory States hereby create a district to be known as the ‘Ohio River Valley Water Sanitation District,’ hereinafter called the District, which shall embrace all territory within the signatory States, the water in which flows ultimately into the Ohio River, or its tributaries.

“ARTICLE III

“The signatory States hereby create the ‘Ohio River Valley Water Sanitation Commission,’ hereinafter called the Commission, which shall be a body corporate, with the powers and duties set forth herein, and such additional powers as may be conferred upon it by subsequent action of the respective legislatures of the signatory States or by act or acts of the Congress of the United States.

“ARTICLE IV

“The Commission shall consist of three commissioners from each State, each of whom shall be a citizen of the State from which he is appointed, and three commissioners representing the United States Government. The commissioners from each State shall be chosen in the manner and for the terms provided by the laws of the States from which they shall be appointed, and any commissioner may be removed or suspended from office as provided by the law of the State from which he shall be appointed. The commissioners representing the United States shall be appointed by the President of the United States, or in such other manner as may be provided by Congress. The commissioners shall serve without compensation, but shall be paid their actual expenses incurred in and incident to the performance of their duties; but nothing herein shall prevent the appointment of an officer or employee of any State or of the United States Government.

“ARTICLE V

“The Commission shall elect from its number a chairman and vice-chairman, and shall appoint, and at its pleasure remove or discharge, such officers and legal, clerical, expert and other assistants as may be required to carry the provisions of this compact into effect, and shall fix and determine their duties, qualifications and compensation. It shall adopt a seal and suitable by-laws, and shall adopt and promulgate rules and regulations for its management and control. It may establish and maintain one or more offices within the District for the transaction of its business, and may meet at any time or place. One or more commissioners from a majority of the member States shall constitute a quorum for the transaction of business.

“The Commission shall submit to the Governor of each State, at such time as he may request, a budget of its estimated expenditures for such period as may be required by the laws of such State for presentation to the legislature thereof.

“The Commission shall keep accurate books of account, showing in full its receipts and disbursements, and said books of account shall be open at any reasonable time to the inspection of such representatives of the respective signatory States as may be duly constituted for that purpose.

“On or before the first day of December of each year, the Commission shall submit to the respective governors of the signatory States a full and complete report of its activities for the preceding year.

“The Commission shall not incur any obligations of any kind prior to the making of appropriations adequate to meet the same; nor shall the Commission pledge the credit of any of the signatory States, except by and with the authority of the legislature thereof.

#### “ARTICLE VI

“It is recognized by the signatory States that no single standard for the treatment of sewage or industrial wastes is applicable in all parts of the District due to such variable factors as size, flow, location, character, self-purification, and usage of waters within the District. The guiding principle of this compact shall be that pollution by sewage or industrial wastes originating within a signatory State shall not injuriously affect the various uses of the interstate waters as hereinbefore defined.

“All sewage from municipalities or other political subdivisions, public or private institutions, or corporations, discharged or permitted to flow into these portions of the Ohio River and its tributary waters which form boundaries between, or are contiguous to, two or more signatory States, or which flow from one signatory State into another signatory State, shall be so treated, within a time reasonable for the construction of the necessary works, as to provide for substantially complete removal of settleable solids, and the removal of not less than forty-five per cent (45%) of the total suspended solids; provided that, in order to protect the public health or to preserve the waters for other legitimate purposes, including those specified in Article I, in specific instances such higher degree of treatment shall be used as may be determined to be necessary by the Commission after investigation, due notice and hearing.

“All industrial wastes discharged or permitted to flow into the aforesaid waters shall be modified or treated, within a time reasonable for the construction of the necessary works, in order to protect the public health or to preserve the waters for other legitimate purposes, including those specified in Article I, to such degree as may be determined to be necessary by the Commission after investigation, due notice and hearing.

“All sewage or industrial wastes discharged or permitted to flow into tributaries of the aforesaid waters situated wholly within one State shall be treated to that extent, if any, which may be necessary to maintain such waters in a sanitary and satisfactory condition at least equal to the condition of the waters of the interstate stream immediately above the confluence.

“The Commission is hereby authorized to adopt, prescribe and promulgate rules, regulations and standards for administering and enforcing the provisions of this article.

#### “ARTICLE VII

“Nothing in this compact shall be construed to limit the powers of any signatory State, or to repeal or prevent the enactment of any legislation or the enforcement of any requirement by any signatory State, imposing additional conditions and restrictions to further lessen or prevent the pollution of waters within its jurisdiction.

#### “ARTICLE VIII

“The Commission shall conduct a survey of the territory included within the District, shall study the pollution problems of the District,

and shall make a comprehensive report for the prevention or reduction of stream pollution therein. In preparing such report, the Commission shall confer with any national or regional planning body which may be established, and any department of the Federal Government authorized to deal with matters relating to the pollution problems of the District. The Commission shall draft and recommend to the governors of the various signatory States uniform legislation dealing with the pollution of rivers, streams and waters and other pollution problems within the District. "1709. It shall be the duty of a consular officer, or, if no consular officer is present, a diplomatic officer, under such procedural regulations as the Secretary of State may prescribe—

"First. To take possession and to dispose of the personal estate left by any citizen of the United States, except a seaman who is a member of the crew of an American vessel, who shall die within or is domiciled at time of death within his jurisdiction: *Provided*, That such procedure is authorized by treaty provisions or permitted by the laws or authorities of the country wherein the death occurs, or the decedent is domiciled, or that such privilege is accorded by established usage: *Provided further*, That the decedent shall leave in the country where the death occurred or where he was domiciled, no legal representative, partner in trade, or trustee by him appointed to take care of his personal estate. for the payment of the decedent's debts incurred in such country, and funeral expenses, and expenses incident to the disposition of the estate. If, at the expiration of one year from the date of death (or for such additional period as may be required for final settlement of the estate), no claimant shall appear, the residue of the estate, with the exception of investments of bonds, shares of stocks, notes of indebtedness, jewelry or heirlooms, or other articles having a sentimental value, shall be sold.

Sale of residue of estate; bonds, etc., excepted.

"Fifth. To transmit to the General Accounting Office the proceeds of the sale (and any unsold effects, such as investments of bonds, shares of stocks, notes of indebtedness, jewelry or heirlooms, or other articles having a sentimental value), there to be held in trust for the legal claimant. If, however, at any time prior to such transmission, the decedent's legal representative should appear and demand the proceeds and effects in the officer's hands, he shall deliver them to such representative after having collected the prescribed fee therefor.

Transmission of proceeds, etc., to General Accounting Office.

"The Comptroller General of the United States, or such member of the General Accounting Office as he may duly empower to act as his representative for the purpose, shall act as conservator of such parts of these estates as may be received by the General Accounting Office or are in its possession, and may, when deemed to be in the interest of the estate, sell such effects, including bonds, shares of stock, notes of indebtedness, jewelry, or other articles, which have heretofore or may hereafter be so received, and pay the expenses of such sale out of the proceeds: *Provided*, That application for such effects shall not have been made by the legal claimant within six years after their receipt. The Comptroller General is authorized, for and in behalf of the estate of the deceased, to receive any balances due to such estates, to draw therefor on banks, safe deposits, trust or loan companies, or other like institutions, to endorse all checks, bills of exchange, promissory notes, and other evidences of indebtedness due to such estates, and take such other action as may be deemed necessary for the conservation of such estates. The net proceeds of such sales, together with such other moneys as may be collected by him, shall be deposited into the Treasury to a fund in trust for the legal claimant and reported to the Secretary of State.

Powers of Comptroller General. Sale of effects, etc.

*Proviso.* When effects unclaimed; time.

Receipt of balances due estates, etc.

Deposit of funds; report to Secretary of State.

"If no claim to the effects the proceeds of which have been so deposited shall have been received from a legal claimant of the deceased within six years from the date of the receipt of the effects by the General Accounting Office, the funds so deposited, with any remaining unsold effects, less transmittal charges, shall be transmitted by that office to the proper officer of the State or Territory of the last domicile in the United States of the deceased citizen, if known, or, if not, such funds shall be covered into the general fund of the Treasury as miscellaneous receipts on account of proceeds of deceased citizens, and any such remaining unsold effects shall be disposed of by the General Accounting Office in such manner as, in the judgment of the Comptroller General, is deemed appropriate, or they may be destroyed if considered no longer possessed of any value: *Provided*, That when the estate shall be valued in excess of \$500, and no claim therefor has been presented to the General Accounting Office by a legal claimant within the period specified in this paragraph or the legal claimant is unknown, before disposition of the estate as provided herein, notice shall be given by publishing once a week for four consecutive weeks in a newspaper published in the county of the last known domicile of the deceased, in the United States, the expense thereof to be deducted from the proceeds of such estate, and any lawful claim received as the result of such advertisement shall be adjusted and settled as provided for herein.

- Transmission of inventory. "1711. When a citizen of the United States dies in a foreign country and leaves, by any lawful testamentary disposition, special directions for the custody and management, by the consular officer, or in his absence a diplomatic officer, within whose jurisdiction the death occurred, of the personal property in the foreign country which he possessed at the time of death, such officer shall, so far as the laws of the foreign country permit, strictly observe such directions if not contrary to the laws of the United States. If such citizen has named, by any lawful testamentary disposition, any other person than a consular officer or diplomatic officer to take charge of and manage such property, it shall be the duty of the officer, whenever required by the person so named, to give his official aid in whatever way may be practicable to facilitate the proceedings of such person in the lawful execution of his trust, and, so far as the laws of the country or treaty provisions permit, to protect the property of the deceased from any interference by the authorities of the country where such citizen died. To this end it shall be the duty of the consular officer, or if no consular officer is present a diplomatic officer, to safeguard the decedent's property by placing thereon his official seal and to break and remove such seal only upon the request of the person designated by the deceased to take charge of and manage his property."
- Observance of testamentary directions.
- Aiding in proceedings, etc.
- Safeguarding property.

[Public, No. 753]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That section 2 of the Act entitled "An Act to prevent pernicious political activities", approved August 2, 1939, is amended to read as follows:

"SEC. 2. It shall be unlawful for (1) any person employed in any administrative position by the United States, or by any department, independent agency, or other agency of the United States (including any corporation controlled by the United States or any agency thereof, and any corporation all of the capital stock of which is owned by the United States or any agency thereof), or (2) any person employed in any administrative position by any State, by any political subdivision or municipality of any State, or by any agency of any State or any of its political subdivisions or municipalities (including any corporation controlled by any State or by any such political subdivision, municipality, or agency, and any corporation all of the capital stock of which is owned by any State or by any such political subdivision, municipality, or agency), in connection with any activity which is financed in whole or in part by loans or grants made by the United States, or by any such department, independent agency, or other agency of the United States, to use his official authority for the purpose of interfering with, or affecting, the election or the nomination of any candidate for the office of President, Vice President, Presidential elector, Member of the Senate, Member of the House of Representatives, or Delegate or Resident Commissioner from any Territory or insular possession."

SEC. 2. The third sentence of section 9 (a) of such Act of August 2, 1939, is amended to read as follows: "All such persons shall retain the right to vote as they may choose and to express their opinions on all political subjects and candidates."

SEC. 3. Section 10 of such Act of August 2, 1939, is amended to read as follows:

SEC. 4. Such Act of August 2, 1939, is further amended by adding at the end thereof the following new sections:

"SEC. 12. (a) No officer or employee of any State or local agency whose principal employment is in connection with any activity which is financed in whole or in part by loans or grants made by the United States or by any Federal agency shall (1) use his official authority or influence for the purpose of interfering with an election or a nomination for office, or affecting the result thereof, or (2) directly or indirectly coerce, attempt to coerce, command, or advise any other such officer or employee to pay, lend, or contribute any part of his salary or compensation or anything else of value to any party, committee, organization, agency, or person for political purposes. No such officer or employee shall take any active part in political management or in political campaigns. All such persons shall retain the right to vote as they may choose and to express their opinions on all political subjects and candidates. For the purposes of the second sentence of this subsection, the term 'officer or employee' shall not be construed to include (1) the Governor or the Lieutenant Governor of any State or any person who is authorized by law to act as Governor, or the mayor of any city; (2) duly elected heads of executive

departments of any State or municipality who are not classified under a State or municipal merit or civil-service system; (3) officers holding elective offices.

“(b) If any Federal agency charged with the duty of making any loan or grant of funds of the United States for use in any activity by any officer or employee to whom the provisions of subsection (a) are applicable has reason to believe that any such officer or employee has violated the provisions of such subsection, it shall make a report with respect thereto to the United States Civil Service Commission (hereinafter referred to as the ‘Commission’). Upon the receipt of any such report, or upon the receipt of any other information which seems to the Commission to warrant an investigation, the Commission shall fix a time and place for a hearing, and shall by registered mail send to the officer or employee charged with the violation and to the State or local agency employing such officer or employee a notice setting forth a summary of the alleged violation and the time and place of such hearing. At such hearing (which shall be not earlier than ten days after the mailing of such notice) either the officer or employee or the State or local agency, or both, may appear with counsel and be heard. After such hearing, the Commission shall determine whether any violation of such subsection has occurred and whether such violation, if any, warrants the removal of the officer or employee by whom it was committed from his office or employment, and shall by registered mail notify such officer or employee and the appropriate State or local agency of such determination. If in any case the Commission finds that such officer or employee has not been removed from his office or employment within thirty days after notice of a determination by the Commission that such violation warrants his removal, or that he has been so removed and has subsequently (within a period of eighteen months) been appointed to any office or employment in any State or local agency in such State, the Commission shall make and certify to the appropriate Federal agency an order requiring it to withhold from its loans or grants to the State or local agency to which such notification was given an amount equal to two years’ compensation at the rate such officer or employee was receiving at the time of such violation; except that in any case of such a subsequent appointment to a position in another State or local agency which receives loans or grants from any Federal agency, such order shall require the withholding of such amount from such other State or local agency: *Provided*, That in no event shall the Commission require any amount to be withheld from any loan or grant pledged by a State or local agency as security for its bonds or notes if the withholding of such amount would jeopardize the payment of the principal or interest on such bonds or notes. Notice of any such order shall be sent by registered mail to the State or local agency from which such amount is ordered to be withheld. The Federal agency to which such order is certified shall, after such order becomes final, withhold such amount in accordance with the terms of such order. Except as provided in subsection (c), any determination or order of the Commission shall become final upon the expiration of thirty days after the mailing of notice of such determination or order.

“(c) Any party aggrieved by any determination or order of the Commission under subsection (b) may, within thirty days after the mailing of notice of such determination or order, institute proceedings for the review thereof by filing a written petition in the district court of the United States for the district in which such officer or employee resides; but the commencement of such proceedings shall not operate as a stay of such determination or order unless (1) it is specifically so ordered by the court, and (2) such

officer or employee is suspended from his office or employment during the pendency of such proceedings. A copy of such petition shall forthwith be served upon the Commission, and thereupon the Commission shall certify and file in the court a transcript of the record upon which the determination or the order complained of was made. The review by the court shall be on the record entire, including all of the evidence taken on the hearing, and shall extend to questions of fact and questions of law. If application is made to the court for leave to adduce additional evidence, and it is shown to the satisfaction of the court that such additional evidence may materially affect the result of the proceedings and that there were reasonable grounds for failure to adduce such evidence in the hearing before the Commission, the court may direct such additional evidence to be taken before the Commission in such manner and upon such terms and conditions as to the court may seem proper. The Commission may modify its findings of fact or its determination or order by reason of the additional evidence so taken and shall file with the court such modified findings, determination, or order, and any such modified findings of fact, if supported by substantial evidence, shall be conclusive. The court shall affirm the Commission's determination or order, or its modified determination or order, if the court determines that the same is in accordance with law. If the court determines that any such determination or order, or modified determination or order, is not in accordance with law, the court shall remand the proceeding to the Commission with directions either to make such determination or order as the court shall determine to be in accordance with law or to take such further proceedings as, in the opinion of the court, the law requires. The judgment and decree of the court shall be final, subject to review by the appropriate circuit court of appeals as in other cases, and the judgment and decree of such circuit court of appeals shall be final, subject to review by the Supreme Court of the United States on certiorari or certification as provided in sections 239 and 240 of the Judicial Code, as amended (U. S. C., 1934 edition, title 28, secs. 346 and 347). If any provision of this subsection is held to be invalid as applied to any party with respect to any determination or order of the Commission, such determination or order shall thereupon become final and effective as to such party in the same manner as if such provision had not been enacted.

“(d) The Commission is authorized to adopt such reasonable procedure and rules and regulations as it deems necessary to execute its functions under this section. The Civil Service Commission shall have power to require by subpoena the attendance and testimony of witnesses and the production of all documentary evidence relating to any matter pending, as a result of this Act, before the Commission. Any member of the Commission may sign subpoenas, and members of the Commission and its examiners when authorized by the Commission may administer oaths and affirmations, examine witnesses, and receive evidence. Such attendance of witnesses and the production of such documentary evidence may be required from any place in the United States at any designated place of hearing. In case of disobedience to a subpoena, the Commission may invoke the aid of any court of the United States in requiring the attendance and testimony of witnesses and the production of documentary evidence. Any of the district courts of the United States within the jurisdiction of which such inquiry is carried on may, in case of contumacy or refusal to obey a subpoena issued to any person, issue an order requiring such person to appear before the Commission, or to produce documentary evidence if so ordered, or to give evidence touching the matter in

charges for electrical  
energy.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the Secretary of the Interior is hereby authorized and directed to, and he shall, promulgate charges, on the basis of computation thereof, for electrical energy generated at Boulder Dam during the period beginning June 1, 1937, and ending May 31, 1987, computed to be sufficient, together with other net revenues from the project, to accomplish the following purposes:

Purposes.

(a) To meet the cost of operation and maintenance, and to provide for replacements, of the project during the period beginning June 1, 1937, and ending May 31, 1987;

45 Stat. 1057.  
43 U. S. C. § 617a (b).

(b) To repay to the Treasury, with interest, the advances to the Colorado River Dam Fund for the project made prior to June 1, 1937, within fifty years from that date (excluding advances allocated to flood control by section 2 (b) of the Project Act, which shall be repayable as provided in section 7 hereof), and such portion of such advances made on and after June 1, 1937, as (on the basis of repayment thereof within such fifty-year period or periods as the Secretary may determine) will be repayable prior to June 1, 1987;

(c) To provide \$600,000 for each of the years and for the purposes specified in section 2 (c) hereof; and

(d) To provide \$500,000 for each of the years and for the purposes specified in section 2 (d) hereof.

Revisions, etc., of  
charges.

Such charges may be made subject to revisions and adjustments at such times, to such extent, and in such manner, as by the terms of their promulgation the Secretary shall prescribe.

Disposition of re-  
ceipts; availability.

SEC. 2. All receipts from the project shall be paid into the Colorado River Dam Fund and shall be available for:

Annual appropria-  
tion.

(a) Annual appropriation for the operation, maintenance, and replacements of the project, including emergency replacements necessary to insure continuous operations;

(b) Repayment to the Treasury, with interest (after making provision for the payments and transfers provided in subdivisions (c) and (d) hereof), of advances to the Colorado River Dam Fund for the construction of the project (excluding the amount allocated to flood control by section 2 (b) of the Project Act), and any readvances made to said fund under section 5 hereof; and

(c) Payment subject to the provisions of section 3 hereof, in commutation of the payments now provided for the States of Arizona and Nevada in section 4 (b) of the Project Act, to each of said States of the sum of \$300,000 for each year of operation, beginning with the year of operation ending May 31, 1938, and continuing annually thereafter until and including the year of operation ending May 31, 1987, and such payments for any year of operation which shall have expired at the time when this subdivision (c) shall become effective shall be due immediately, and be paid, without interest, as expeditiously as administration of this Act will permit, and each such payment for subsequent years of operation shall be made on or before July 31, following the close of the year of operation for which it is made. payments made hereunder to the State by or under the authority of which such taxes are collected shall be reduced by an amount equivalent to such taxes. Nothing herein shall in anywise impair the right of either the State of Arizona or the State of Nevada, or any lawful taxing political subdivision of either of them, to collect nondiscriminatory taxes upon that portion of the transmission lines and all other physical properties, situated within such State and such political subdivision, respectively, and belonging to any of the lessees and/or allottees under the Project Act and/or under this Act, and nothing herein shall exempt or be construed so as to exempt any such property from nondiscriminatory taxation, all in the manner provided by the constitution and laws of such State. Sums, if any, received by each State under the provisions of the Project Act shall be deducted from the first payment or payments to said State authorized by this Act. Payments under this section 2 (c) shall be deemed contractual obligations of the United States, subject to the provisions of section 3 of this Act.

thereafter, until and including the year of operation ending May 31, 1987. The transfer of the said sum of \$500,000 for each year of operation shall be made on or before July 31 next following the close of the year of operation for which it is made: *Provided*, That any such transfer for any year of operation which shall have ended at the time this section 2 (d) shall become effective, shall be made, without interest, from revenues received in the Colorado River Dam Fund, as expeditiously as administration of this Act will permit, and without readvances from the general funds of the Treasury. Receipts of the Colorado River Development Fund for the years of operation ending in 1938, 1939, and 1940 (or in the event of reduced receipts during any of said years, due to adjustments under section 3 hereof, then the first receipts of said fund up to \$1,500,000), are authorized to be appropriated only for the continuation and extension, under the direction of the Secretary, of studies and investigations by the Bureau of Reclamation for the formulation of a comprehensive plan for the utilization of waters of the Colorado River system for irrigation, electrical power, and other purposes, in the States of the upper division and the States of the lower division, including studies of quantity and quality of water and all other relevant factors. The next such receipts up to and including the receipts for the year of operation ending in 1955 are authorized to be appropriated only for the investigation and construction of projects for such utilization in and equitably distributed among the four States of the upper division. Such projects shall be only such as are found by the Secretary to be physically feasible, economically justified, and consistent with such formulation of a comprehensive plan. Nothing in this Act shall be construed so as to prevent the authorization and construction of any such projects prior to the completion of said plan of comprehensive development; nor shall this Act be construed as affecting the right of any State to proceed independently of this Act or its provisions with the investigation or construction of any project or projects. Transfers under this section 2 (d) shall be deemed contractual obligations of the United States, subject to the provisions of section 3 of this Act.

SEC. 3. If, by reason of any act of God, or of the public enemy, or any major catastrophe, or any other unforeseen and unavoidable cause, the revenues, for any year of operation, after making provision for costs of operation, maintenance, and the amount to be set aside for said year for replacements, should be insufficient to make the payments to the States of Arizona and Nevada and the transfers to the Colorado River Development Fund herein provided for, such payments and transfers shall be proportionately reduced, as the Secretary may find to be necessary by reason thereof.

SEC. 4. (a) Upon the taking effect of this Act, pursuant to section 10 hereof, the charges, or the basis of computation thereof, promulgated hereunder, shall be applicable as from June 1, 1937, and adjustments of accounts by reason thereof, including charges by and against the United States, shall be made so that the United States and all parties that have contracted for energy, or for the privilege of generating energy, at the project, shall be placed in the same position, as nearly as may be, as determined by the Secretary, that they

SEC. 5. If at any time there shall be insufficient sums in the Colorado River Dam Fund to meet the cost of replacements, however necessitated, in addition to meeting the other requirements of this Act, or of regulations authorized hereby and promulgated by the Secretary, the Secretary of the Treasury, upon request of the Secretary of the Interior, shall readvance to the said fund, in amounts not exceeding, in the aggregate, moneys repaid to the Treasury pursuant to Section 2 (b) hereof, the amount required for replacements, however necessitated, in excess of the amount currently available therefor in said Colorado River Dam Fund. All such readvances shall bear interest.

SEC. 7. The first \$25,000,000 of advances made to the Colorado River Dam Fund for the project shall be deemed to be the sum allocated to flood control by section 2 (b) of the Project Act and repayment thereof shall be deferred without interest until June 1, 1937, after which time such advances so allocated to flood control shall be repayable to the Treasury as the Congress shall determine.

[H. R. 10065]  
[Public, No. 768]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

### TITLE I—INVESTMENT COMPANIES

Investment Com-  
pany Act of 1940.

#### FINDINGS AND DECLARATION OF POLICY

SEC. 1. (a) Upon the basis of facts disclosed by the record and reports of the Securities and Exchange Commission made pursuant to section 30 of the Public Utility Holding Company Act of 1935, and facts otherwise disclosed and ascertained, it is hereby found that investment companies are affected with a national public interest in that, among other things—

Findings and dec-  
laration of policy.

49 Stat. 837.  
15 U. S. C., Supp.  
V, § 792-4.

(1) the securities issued by such companies, which constitute a substantial part of all securities publicly offered, are distributed, purchased, paid for, exchanged, transferred, redeemed, and repurchased by use of the mails and means and instrumentalities of interstate commerce, and in the case of the numerous companies which issue redeemable securities this process of distribution and redemption is continuous;

(2) the principal activities of such companies—investing, reinvesting, and trading in securities—are conducted by use of the mails and means and instrumentalities of interstate commerce, including the facilities of national securities exchanges, and constitute a substantial part of all transactions effected in the securities markets of the Nation;

(3) such companies customarily invest and trade in securities issued by, and may dominate and control or otherwise affect the policies and management of, companies engaged in business in interstate commerce;

(4) such companies are media for the investment in the national economy of a substantial part of the national savings and may have a vital effect upon the flow of such savings into the capital markets; and

(5) the activities of such companies, extending over many States, their use of the instrumentalities of interstate commerce and the wide geographic distribution of their security holders, make difficult, if not impossible, effective State regulation of such companies in the interest of investors.

(b) Upon the basis of facts disclosed by the record and reports of the Securities and Exchange Commission made pursuant to section 30 of the Public Utility Holding Company Act of 1935, and facts otherwise disclosed and ascertained, it is hereby declared that the national public interest and the interest of investors are adversely affected—

(1) when investors purchase, pay for, exchange, receive dividends upon, vote, refrain from voting, sell, or surrender securities issued by investment companies without adequate, accurate, and explicit information, fairly presented, concerning the character of such securities and the circumstances, policies, and financial responsibility of such companies and their management;

(2) when investment companies are organized, operated, managed, or their portfolio securities are selected, in the interest of directors, officers, investment advisers, depositors, or other affiliated persons thereof, in the interest of underwriters, brokers, or dealers, in the interest of special classes of their security holders, or in the interest of other investment companies or persons engaged in other lines of business, rather than in the interest of all classes of such companies' security holders;

(3) when investment companies issue securities containing inequitable or discriminatory provisions, or fail to protect the preferences and privileges of the holders of their outstanding securities;

(4) when the control of investment companies is unduly concentrated through pyramiding or inequitable methods of control, or is inequitably distributed, or when investment companies are managed by irresponsible persons;

(5) when investment companies, in keeping their accounts, in maintaining reserves, and in computing their earnings and the asset value of their outstanding securities, employ unsound or misleading methods, or are not subjected to adequate independent scrutiny;

(6) when investment companies are reorganized, become inactive, or change the character of their business, or when the control or management thereof is transferred, without the consent of their security holders;

(7) when investment companies by excessive borrowing and the issuance of excessive amounts of senior securities increase unduly the speculative character of their junior securities; or

(8) when investment companies operate without adequate assets or reserves.

It is hereby declared that the policy and purposes of this title, in accordance with which the provisions of this title shall be interpreted, are to mitigate and, so far as is feasible, to eliminate the conditions enumerated in this section which adversely affect the national public interest and the interest of investors.

Notwithstanding the fact that market quotations for securities issued by controlled companies are available, the board of directors may in good faith determine the value of such securities: *Provided*, That the value so determined is not in excess of the higher of market value or asset value of such securities in the case of majority-owned subsidiaries, and is not in excess of market value in the case of other controlled companies.

*Proviso.  
Limitation.*

For purposes of the valuation of those assets of a registered diversified company which are not subject to the limitations provided for in section 5 (b) (1), the Commission may, by rules and regulations or orders, permit any security to be carried at cost, if it shall determine that such procedure is consistent with the general intent and purposes of this title. For purposes of sections 5 and 12, in lieu of values determined as provided in clause (A) above, the Commission shall by rules and regulations permit valuation of securities at cost or other basis in cases where it may be more convenient for such company to make its computations on such basis by reason of the necessity or desirability of complying with the provisions of any United States revenue laws or rules and regulations issued thereunder, or the laws or the rules and regulations issued thereunder of any State in which the securities of such company may be qualified for sale.

The foregoing definition shall not derogate from the authority of the Commission with respect to the reports, information, and documents to be filed with the Commission by any registered company, or with respect to the accounting policies and principles to be followed by any such company, as provided in sections 8, 30, and 31.

48 Stat. 74, 881; 49 Stat. 803; 53 Stat. 1149.

(b) No provision in this title shall apply to, or be deemed to include, the United States, a State, or any political subdivision of a State, or any agency, authority, or instrumentality of any one or more of the foregoing, or any corporation which is wholly owned directly or indirectly by any one or more of the foregoing, or any officer, agent, or employee of any of the foregoing acting as such in the course of his official duty, unless such provision makes specific reference thereto.

(3) pursuant to any plan of reorganization (other than for refunding as referred to in subsection (e) (2)), provided—

Reorganization.

(A) that such senior securities are issued or sold for the purpose of substituting or exchanging such senior securities for outstanding senior securities, and if such senior securities represent indebtedness they are issued or sold for the purpose of substituting or exchanging such senior securities for outstanding senior securities representing indebtedness, of any registered investment company which is a party to such plan of reorganization; or

(B) that the total amount of such senior securities so issued or sold pursuant to such plan does not exceed the total amount of senior securities of all the companies which are parties to such plan, and the total amount of senior securities representing indebtedness so issued or sold pursuant to such plan does not exceed the total amount of senior securities representing indebtedness of all such companies, or, alternatively, the total amount of such senior securities so issued or sold pursuant to such plan does not have the

effect of increasing the ratio of senior securities representing indebtedness to the securities representing stock or the ratio of senior securities representing stock to securities junior thereto when compared with such ratios as they existed before such reorganization.

Issuance or sale of senior securities by open-end companies.

(f) (1) It shall be unlawful for any registered open-end company to issue any class of senior security or to sell any senior security of which it is the issuer, except that any such registered company shall be permitted to borrow from any bank: *Provided*, That immediately after any such borrowing there is an asset coverage of at least 300 per centum for all borrowings of such registered company: *And provided further*, That in the event that such asset coverage shall at any time fall below 300 per centum such registered company shall, within three days thereafter (not including Sundays and holidays) or such longer period as the Commission may prescribe by rules and regulations, reduce the amount of its borrowings to an extent that the asset coverage of such borrowings shall be at least 300 per centum.

*Provisos.*  
Asset coverage of borrowings.

Exclusion of certain preferred, etc., stock.

(2) "Senior security" shall not, in the case of a registered open-end company include a class or classes or a number of series of preferred or special stock each of which is preferred over all other classes or series in respect of assets specifically allocated to that class or series: *Provided*, (A) That such company has outstanding no class or series of stock which is not so preferred over all other classes or series; or (B) that the only other outstanding class of the issuer's stock consists of a common stock upon which no dividend (other than a liquidating dividend) is permitted to be paid and which in the aggregate represents not more than one-half of 1 per centum of the issuer's outstanding voting securities.

*Proviso.*  
Outstanding classes of stock.

"Senior security" and "senior security representing indebtedness" defined

(g) Unless otherwise provided: "Senior security" means any bond, debenture, note, or similar obligation or instrument constituting a security and evidencing indebtedness, and any stock of a class having priority over any other class as to distribution of assets or payment of dividends; and "senior security representing indebtedness" means any senior security other than stock.

Exclusions.

The term "senior security", when used in subparagraphs (B) and (C) of paragraph (1) of subsection (a), shall not include any promissory note or other evidence of indebtedness issued in consideration of any loan, extension, or renewal thereof, made by a bank or other person and privately arranged, and not intended to be publicly distributed; nor shall such term, when used in this section 18, include any such promissory note or other evidence of indebtedness in any case where such a loan is for temporary purposes only and in an amount not exceeding 5 per centum of the value of the total assets of the issuer at the time when the loan is made. A loan shall be presumed to be for temporary purposes if it is repaid within sixty days and is not extended or renewed; otherwise it shall be presumed not to be for temporary purposes. Any such presumption may be rebutted by evidence.

"Asset coverage."

(h) "Asset coverage" of a class of senior security representing an indebtedness of an issuer means the ratio which the value of the total assets of such issuer, less all liabilities and indebtedness not represented by senior securities, bears to the aggregate amount of senior securities representing indebtedness of such issuer. "Asset coverage" of a class of senior security of an issuer which is a stock means the ratio which the value of the total assets of such issuer, less all liabilities and indebtedness not represented by senior securities, bears to the aggregate amount of senior securities representing indebtedness of such issuer plus the aggregate of the involuntary liquidation preference of

such class of senior security which is a stock. The involuntary liquidation preference of a class of senior security which is a stock shall be deemed to mean the amount to which such class of senior security would be entitled on involuntary liquidation of the issuer in preference to a security junior to it.

Involuntary liquidation preference.

(i) Except as provided in subsection (a) of this section, or as otherwise required by law, every share of stock hereafter issued by a registered management company (except a common-law trust of the character described in section 16 (b)) shall be a voting stock and have equal voting rights with every other outstanding voting stock: *Provided*, That this subsection shall not apply to shares issued pursuant to the terms of any warrant or subscription right outstanding on March 15, 1940, or any firm contract entered into before March 15, 1940, to purchase such securities from such company nor to shares issued in accordance with any rules, regulations, or orders which the Commission may make permitting such issue.

If at any time after the effective date of this title cross-ownership or circular ownership between a registered investment company and any other company or companies comes into existence upon the purchase by a registered investment company of the securities of another company, it shall be the duty of such registered company, within one year after it first knows of the existence of such cross-ownership or circular ownership, to eliminate the same.

depositor of or a principal underwriter for such trust, or to any affiliated person or agent of such depositor or underwriter, shall be allowed the trustee or custodian as an expense (except that provision may be made for the payment to any such person of a fee, not exceeding such reasonable amount as the Commission may prescribe as compensation for performing bookkeeping and other administrative services, of a character normally performed by the trustee or custodian itself); and (D) that the trustee or custodian shall have possession of all securities and other property in which the funds of the trust are invested, all funds held for such investment, all equalization, redemption, and other special funds of the trust, and all income upon, accretions to, and proceeds of such property and funds, and shall segregate and hold the same in trust (subject only to the charges and collections allowed under clauses (A), (B), and (C)) until distribution thereof to the security holders of the trust;

(3) provides, in substance, that the trustee or custodian shall not resign until either (A) the trust has been completely liquidated and the proceeds of the liquidation distributed to the security holders of the trust, or (B) a successor trustee or custodian, having the qualifications prescribed in paragraph (1), has been designated and has accepted such trusteeship or custodianship; and

(4) provides, in substance, (A) that a record will be kept by the depositor or an agent of the depositor of the name and address of, and the shares issued by the trust and held by, every holder of any security issued pursuant to such instrument, insofar as such information is known to the depositor or agent; and (B) that whenever a security is deposited with the trustee in substitution for any security in which such security holder has an undivided interest, the depositor or the agent of the depositor will, within five days after such substitution, either deliver or mail to such security holder a notice of substitution, including an identification of the securities eliminated and the securities substituted, and a specification of the shares of such security holder affected by the substitution.

(b) In the event that a trust indenture, agreement of custodianship, or other instrument pursuant to which securities of a registered unit investment trust are issued does not at the effective date of this title comply with the requirements of subsection (a), such instrument will be deemed to meet such requirements if a written contract or agreement binding on the parties and embodying such requirements has been executed by the depositor on the one part and the trustee or custodian on the other part, and three copies of such contract or agreement have been filed with the Commission.

(c) Whenever the Commission has reason to believe that a unit investment trust is inactive and that its liquidation is in the interest of the security holders of such trust, the Commission may file a complaint seeking the liquidation of such trust in the district court of the United States in any district wherein any trustee of such trust resides or has its principal place of business. A copy of such complaint shall be served on every trustee of such trust, and notice of the proceeding shall be given such other interested persons in such manner and at such times as the court may direct. If the court determines that such liquidation is in the interest of the security holders of such trust, the court shall order such liquidation and, after payment of necessary expenses, the distribution of the proceeds to the security holders of the trust in such manner and on such terms as may to the court appear equitable.

(b) If it appears to the Commission, upon application or otherwise, that smaller companies are subjected to relatively higher operating costs and that in order to make due allowance therefor it is necessary or appropriate in the public interest and consistent with the protection of investors that a provision or provisions of paragraph (1), (2), or (3) of subsection (a) relative to sales load be relaxed in the case of certain registered investment companies issuing periodic payment plan certificates, or certain specified classes of such companies, the Commission is authorized by rules and regulations or order to grant any such company or class of companies appropriate qualified exemptions from the provisions of said paragraphs.

## FACE-AMOUNT CERTIFICATE COMPANIES

SEC. 28. (a) It shall be unlawful for any registered face-amount certificate company to issue or sell any face-amount certificate, or to

Issuance or sale of face-amount certificates.

collect or accept any payment on any such certificate issued by such company on or after the effective date of this title, unless—

(1) such company, if organized before March 15, 1940, was actively and continuously engaged in selling face-amount certificates on and before that date, and has outstanding capital stock worth upon a fair valuation of assets not less than \$50,000; or if organized on or after March 15, 1940, has capital stock in an amount not less than \$250,000 which has been bona fide subscribed and paid for in cash; and

(2) such company maintains at all times minimum certificate reserves on all its outstanding face-amount certificates in an aggregate amount calculated and adjusted as follows:

(A) the reserves for each certificate of the installment type shall be based on assumed annual, semi-annual, quarterly, or monthly reserve payments according to the manner in which gross payments for any certificate year are made by the holder, which reserve payments shall be sufficient in amount, as and when accumulated at a rate not to exceed  $3\frac{1}{2}$  per centum per annum compounded annually, to provide the minimum maturity or face amount of the certificate when due. Such reserve payments may be graduated according to certificate years so that the reserve payment or payments for the first certificate year shall amount to at least 50 per centum of the required gross annual payment for such year and the reserve payment or payments for each of the second to fifth certificate years inclusive shall amount to at least 93 per centum of each such year's required gross annual payment and for the sixth and each subsequent certificate year the reserve payment or payments shall amount to at least 96 per centum of each such year's required gross annual payment: *Provided*, That such aggregate reserve payments shall amount to at least 93 per centum of the aggregate gross annual payments required to be made by the holder to obtain the maturity of the certificate. The company may at its option take as loading from the gross payment or payments for a certificate year, as and when made by the certificate holder, an amount or amounts equal in the aggregate for such year to not more than the excess, if any, of the gross payment or payments required to be made by the holder for such year, over and above the percentage of the gross annual payment required herein for such year for reserve purposes. Such loading may be taken by the company prior to or after the setting up of the reserve payment or payments for such year and the reserve payment or payments for such year may be graduated and adjusted to correspond with the amount of the gross payment or payments made by the certificate holder for such year less the loading so taken;

(B) if the foregoing minimum percentages of the gross annual payments required under the provisions of such certificate should produce reserve payments larger than are necessary at  $3\frac{1}{2}$  per centum per annum compounded annually to provide the minimum maturity or face amount of the certificate when due, the reserve shall be based upon reserve payments accumulated as provided under preceding subparagraph (A) of this subsection except that in lieu of the  $3\frac{1}{2}$  per centum rate specified therein, such rate shall be lowered to the minimum rate, expressed in multiples of one-eighth of 1 per centum, which will accumulate such reserve payments to the maturity value when due;

Minimum capitali-  
zation.

Maintenance of  
minimum certificate  
reserves.

(C) if the actual annual gross payment to be made by the certificate holder on any certificate issued prior to or after the effective date of this Act is less than the amount of any assumed reserve payment or payments for a certificate year, such company shall maintain as a part of such minimum certificate reserves a deficiency reserve equal to the total present value of future deficiencies in the gross payments, calculated at a rate not to exceed  $3\frac{1}{2}$  per centum per annum compounded annually;

(D) for each certificate of the installment type the amount of the reserve shall at any time be at least equal to (1) the then amount of the reserve payments set up under section 28 (a) (2) (A) or (B); (2) the accumulations on such reserve payments as computed under subparagraphs (A) or (B) of this paragraph (2); (3) the amount of any deficiency reserve required under subparagraph (C) hereof; and (4) such amount as shall have been credited to the account of each certificate holder in the form of any credit, or any dividend, or any interest in addition to the minimum maturity amount specified in such certificate, plus any accumulations on any amount or amounts so credited, at a rate not exceeding  $3\frac{1}{2}$  per centum per annum compounded annually;

(E) for each certificate which is fully paid, including any fully paid obligations resulting from or effected upon the maturity of the previously issued certificate, and for each paid-up certificate issued as provided in subsection (f) of this section prior to maturity, the amount of the reserve shall at any time be at least equal to (1) such amount as and when accumulated at a rate not to exceed  $3\frac{1}{2}$  per centum per annum compounded annually, will provide the amount or amounts payable when due and (2) such amount as shall have been credited to the account of each such certificate holder in the form of any credit, or any dividend, or any interest in addition to the minimum maturity amount specified in the certificate, plus any accumulations on any amount or amounts so credited, at a rate not exceeding  $3\frac{1}{2}$  per centum per annum compounded annually;

(F) for each certificate of the installment type under which gross payments have been made by or credited to the holder thereof covering a payment period or periods or any part thereof beyond the then current payment period as defined by the terms of such certificate, and for which period or periods no reserve has been set up under subparagraph (A) or (B) hereof, an advance payment reserve shall be set up and maintained in the amount of the present value of any such unapplied advance gross payments, computed at a rate not to exceed  $3\frac{1}{2}$  per centum per annum compounded annually;

(G) such appropriate contingency reserves for death and disability benefits and for reinstatement rights on any such certificate providing for such benefits or rights as the Commission shall prescribe by rule, regulation, or order based upon the experience of face-amount companies in relation to such contingencies.

At no time shall the aggregate certificate reserves herein required by subparagraphs (A) to (F), inclusive, be less than the aggregate surrender values and other amounts to which all certificate holders may be then entitled.

For the purpose of this subsection (a), no certificate of the installment type shall be deemed to be outstanding if before a surrender value has been attained the holder thereof has been in continuous default in making his payments thereon for a period of one year.

Minimum assets.

(b) It shall be unlawful for any registered face-amount certificate company to issue or sell any face-amount certificate, or to collect or accept any payment on any such certificate issued by such company on or after the effective date of this title, unless such company has, in cash or qualified investments, assets having a value not less than the aggregate amount of the capital stock requirement and certificate reserves as computed under the provisions of subsection (a) hereof. As used in this subsection, "qualified investments" means investments of a kind which life-insurance companies are permitted to invest in or hold under the provisions of the Code of the District of Columbia as heretofore or hereafter amended, and such other investments as the Commission shall by rule, regulation, or order authorize as qualified investments. Such investments shall be valued in accordance with the provisions of said Code where such provisions are applicable. Investments to which such provisions do not apply shall be valued in accordance with such rules, regulations, or orders as the Commission shall prescribe for the protection of investors.

"Qualified investments" defined.

Deposit and maintenance of designated investments.

(c) The Commission shall by rule, regulation, or order, in the public interest or for the protection of investors, require a registered face-amount certificate company to deposit and maintain, upon such terms and conditions as the Commission shall prescribe and as are appropriate for the protection of investors, with one or more institutions having the qualifications required by paragraph (1) of section 26 (a) for a trustee of a unit investment trust, all or any part of the investments maintained by such company as certificate reserve requirements under the provisions of subsection (b) hereof: *Provided, however,* That where qualified investments are maintained on deposit by such company in respect of its liabilities under certificates issued to or held by residents of any State as required by the statute of such State or by any order, regulation, or requirement of such State or any official or agency thereof, the amount so on deposit, but not to exceed the amount of reserves required by subsection (a) hereof for the certificates so issued or held, shall be deducted from the amount of qualified investments that may be required to be deposited hereunder.

Proviso. Deductions.

Assets which are qualified investments under subsection (b) and which are deposited under or as permitted by this subsection (c), may be used and shall be considered as a part of the assets required to be maintained under the provisions of said subsection (b).

Issuance of certificates; collection of payments.

(d) It shall be unlawful for any registered face-amount certificate company to issue or sell any face-amount certificate, or to collect or accept any payment on any such certificate issued by such company on or after the effective date of this title, unless such certificate contains a provision or provisions to the effect—

Surrender value during first certificate year.

(1) that, in respect of any certificate of the installment type, during the first certificate year the holder of the certificate, upon surrender thereof, shall be entitled to a value payable in cash not less than the reserve payments as specified in subparagraph (A) or (B) of paragraph (2) of subsection (a) and at the end of such certificate year, a value payable in cash at least equal to 50 per centum of the amount of the gross annual payment required thereby for such year;

After expiration of first certificate year.

(2) that, in respect of any certificate of the installment type, at any time after the expiration of the first certificate year and

prior to maturity, the holder of the certificate, upon surrender thereof, shall be entitled to a value payable in cash not less than the then amount of the reserve for such certificate required by numbered items (1) and (2) of subparagraph (D) of paragraph (2) subsection (a) hereof, less a surrender charge that shall not exceed 2 per centum of the face or maturity amount of the certificate, or 15 per centum of the amount of such reserve, whichever is the lesser, but in no event shall such value be less than 50 per centum of the amount of such reserve. The amount of the surrender value for the end of each certificate year shall be set out in the certificate;

(3) that, in respect of any certificate of the installment type, the holder of the certificate, upon surrender thereof for cash or upon receipt of a paid-up certificate as provided in subsection (f) hereof, shall be entitled to a value payable in cash equal to the then amount of any advance payment reserve under such certificate required by subparagraph (F) of paragraph (2) of subsection (a) hereof in addition to any other amounts due the holder hereunder;

(4) that at any time prior to maturity, in respect of any certificate which is fully paid, the holder of the certificate, upon surrender thereof, shall be entitled to a value payable in cash not less than the then amount of the reserve for such certificate required by item (1) of subparagraph (E) of paragraph (2) of subsection (a) hereof, less a surrender charge that shall not exceed 2 per centum of the face or maturity amount of the certificate, or 15 per centum of the amount of such reserve, whichever is the lesser: *Provided, however,* That such surrender charge shall not apply as to any obligations of a fully paid type resulting from the maturity of a previously issued certificate. The amount of the surrender value for the end of each certificate year shall be set out in the certificate;

(5) that in respect of any certificate, the holder of the certificate, upon maturity, upon surrender thereof for cash or upon receipt of a paid-up certificate as provided in subsection (f) hereof, shall be entitled to a value payable in cash equal to the then amount of the reserve, if any, for such certificate required by item (4) of subparagraph (D) of paragraph (2) of subsection (a) hereof or item (2) of subparagraph (E) of paragraph (2) of subsection (a) hereof in addition to any other amounts due the holder hereunder.

The term "certificate year" as used in this section in respect of any certificate of the installment type means a period or periods for which one year's payment or payments as provided by the certificate have been made thereon by the holder and the certificate maintained in force by such payments for the time for which the same have been made, and in respect of any certificate which is fully paid or paid-up means any year ending on the anniversary of the date of issuance of the certificate.

Any certificate may provide for loans or advances by the company to the certificate holder on the security of such certificate upon terms prescribed therein but at an interest rate not exceeding 6 per centum per annum. The amount of the required reserves, deposits, and the surrender values thereof available to the holder may be adjusted to take into account any unpaid balance on such loans or advances and interest thereon, for the purposes of this subsection and subsections (b) and (c) hereof.

Any certificate may provide that the company at its option may, prior to the maturity thereof, defer any payment or payments to the

The lump-sum payments authorized herein shall be in addition to any pay, allowances, compensation, or benefits which they may otherwise be entitled to receive.

Declarations of Con-  
gress.

(b) The Congress further declares that in a free society the obligations and privileges of military training and service should be shared generally in accordance with a fair and just system of selective compulsory military training and service.

(c) The Congress further declares, in accordance with our traditional military policy as expressed in the National Defense Act of 1916, as amended, that it is essential that the strength and organization of the National Guard, as an integral part of the first-line defenses of this Nation, be at all times maintained and assured. To this end, it is the intent of the Congress that whenever the Congress shall determine that troops are needed for the national security in excess of those of the Regular Army and those in active training and service under section 3 (b), the National Guard of the United States, or such part thereof as may be necessary, shall be ordered to active Federal service and continued therein so long as such necessity exists.

Reconignments,  
etc.; liability of beneficial owner.

(c) Paragraph (2) of such section 3 (which requires payment of charges prior to delivery of freight, and prescribes certain rules of liability for payment of charges), is amended by adding at the end the following sentences: "On shipments reconsigned or diverted by an agent who has furnished the carrier in the reconsignment or

diversion order with a notice of agency and the proper name and address of the beneficial owner, and where such shipments are refused or abandoned at ultimate destination, the said beneficial owner shall be liable for all legally applicable charges in connection therewith. If the reconsignor or diverter has given to the carrier erroneous information as to who the beneficial owner is, such reconsignor or diverter shall himself be liable for all such charges, and an action for the enforcement of his liability may be begun within the same period provided in the case of an action against a consignee who has given erroneous information as to the beneficial owner.<sup>5</sup>

(d) Such section 3 is amended by adding after paragraph (2) thereof the following new paragraph:

“(3) If a shipper or consignor of a shipment of property (other than a prepaid shipment) is also the consignee named in the bill of lading and, prior to the time of delivery, notifies, in writing, a delivering carrier by railroad or a delivering express company subject to the provisions of this part, (a) to deliver such property at destination to another party, (b) that such party is the beneficial owner of such property, and (c) that delivery is to be made to such party only upon payment of all transportation charges in respect of the transportation of such property, and delivery is made by the carrier to such party without such payment, such shipper or consignor shall not be liable (as shipper, consignor, consignee, or otherwise) for such transportation charges but the party to whom delivery is so made shall in any event be liable for transportation charges billed against the property at the time of such delivery, and also for any additional charges which may be found to be due after delivery of the property, except that if such party prior to such delivery has notified in writing the delivering carrier that he is not the beneficial owner of the property, and has given in writing to such delivering carrier the name and address of such beneficial owner, such party shall not be liable for any additional charges which may be found to be due after delivery of the property; but if the party to whom delivery is made has given to the carrier erroneous information as to the beneficial owner, such party shall nevertheless be liable for such additional charges. If the shipper or consignor has given to the delivering carrier erroneous information as to who the beneficial owner is, such shipper or consignor shall himself be liable for such transportation charges, notwithstanding the foregoing provisions of this paragraph and irrespective of any provisions to the contrary in the bill of lading or in the contract of transportation under which the shipment was made. An action for the enforcement of such liability either against the party to whom delivery is made or the shipper or consignor may be begun within the period provided in paragraph (3) of section 16, or before the expiration of six months after final judgment against the carrier in an action against either of such parties begun within the limitation period provided in paragraph (3) of section 16. The term ‘delivering carrier’ means the line-haul carrier making ultimate delivery.”

(e) Paragraph (3) of such section 3 (which relates to the affording of facilities for interchange of traffic), is amended by striking out “(3)” and substituting in lieu thereof “(4)” and is further amended to read as follows:

“(4) All carriers subject to the provisions of this part shall, according to their respective powers, afford all reasonable, proper, and equal facilities for the interchange of traffic between their respective lines and connecting lines, and for the receiving, forwarding, and delivering of passengers or property to and from connecting lines; and shall not discriminate in their rates, fares, and

#### LONG AND SHORT HAUL PROVISION

SEC. 6. (a) Paragraph (1) of section 4 of the Interstate Commerce Act, as amended, is amended to read as follows:

"(1) It shall be unlawful for any common carrier subject to this part or part III to charge or receive any greater compensation in the aggregate for the transportation of passengers, or of like kind of property, for a shorter than for a longer distance over the same line or route in the same direction, the shorter being included within the longer distance, or to charge any greater compensation as a through rate than the aggregate of the intermediate rates subject to the provisions of this part or part III, but this shall not be construed as authorizing any common carrier within the terms of this part or part III to charge or receive as great compensation for a shorter as for a longer distance: *Provided*, That upon application to the Commission such common carrier may in special cases, after investigation, be authorized by the Commission to charge less for longer than for shorter distances for the transportation of passengers or property; and the Commission may from time to time prescribe the extent to which such designated common carrier may be relieved from the operation of this section, but in exercising the authority conferred upon it in this proviso the Commission shall not permit the establishment of any charge to or from the more distant point that is not reasonably compensatory for the service performed; and no such authorization shall be granted on account of merely potential water competition not actually in existence: *And provided further*, That tariffs proposing rates subject to the provisions of this paragraph may be filed when application is made to the Commission under the provisions hereof, and in the event such application is approved, the Commission shall permit such tariffs to become effective upon one day's notice."

(b) In the case of a carrier heretofore subject to the provisions of paragraph (1) of section 4 of the Interstate Commerce Act, as amended, no rate, fare, or charge lawfully in effect at the time of the enactment of this Act shall be required to be changed by reason of the amendments made to such paragraph by subsection (a) of this section. In the case of a carrier not heretofore subject to the provisions of such paragraph, no rate, fare, or charge lawfully in effect at the time of the enactment of this Act shall be required to be changed, by reason of the provisions of such paragraph, as amended by subsection (a) of this section, prior to six months after the enactment of this Act, or in case application for the continuance of any such existing rate,

POOLING; UNIFICATIONS, MERGERS, AND ACQUISITIONS OF CONTROL

SEC. 7. Section 5 of the Interstate Commerce Act, as amended, is amended to read as follows:

"SEC. 5. (1) Except upon specific approval by order of the Commission as in this section provided, and except as provided in paragraph (16) of section 1 of this part, it shall be unlawful for any common carrier subject to this part, part II, or part III to enter into any contract, agreement, or combination with any other such common carrier or carriers for the pooling or division of traffic, or of service, or of gross or net earnings, or of any portion thereof; and in any case of an unlawful agreement for the pooling or division of traffic, service, or earnings as aforesaid each day of its continuance shall be a separate offense: *Provided*, That whenever the Commission is of opinion, after hearing upon application of any such carrier or carriers or upon its own initiative, that the pooling or division, to the extent indicated by the Commission, of their traffic, service, or gross or net earnings, or of any portion thereof, will be in the interest of better service to the public or of economy in operation, and will not unduly restrain competition, the Commission shall by order approve and authorize, if assented to by all the carriers involved, such pooling or division, under such rules and regulations, and for such consideration as between such carriers and upon such terms and conditions, as shall be found by the Commission to be just and reasonable in the premises: *Provided further*, That any contract, agreement, or combination to which any common carrier by water subject to part III is a party, relating to the pooling or division of traffic, service, or earnings, or any portion thereof, lawfully existing on the date this paragraph as amended takes effect, if filed with the Commission within six months after such date, shall continue to be lawful except to the extent that the Commission, after hearing upon application or upon its own initiative, may find and by order declare that such contract, agreement, or combination is not in the interest of better service to the public or of economy in operation, or that it will unduly restrain competition.

"(2) (a) It shall be lawful, with the approval and authorization of the Commission, as provided in subdivision (b)—

"(i) for two or more carriers to consolidate or merge their properties or franchises, or any part thereof, into one corporation for the ownership, management, and operation of the properties theretofore in separate ownership; or for any carrier, or two or more carriers jointly, to purchase, lease, or contract to operate the properties, or any part thereof, of another; or for any carrier, or two or more carriers jointly, to acquire control of another through ownership of its stock or otherwise; or for a person which is not a carrier to acquire control of two or more carriers through ownership of their stock or otherwise; or for a person which is not a carrier and which has control of one or more carriers to acquire control of another carrier through ownership of its stock or otherwise; or

- Application. " (b) Whenever a transaction is proposed under subparagraph (a), the carrier or carriers or person seeking authority therefor shall present an application to the Commission, and thereupon the Commission shall notify the Governor of each State in which any part of the properties of the carriers involved in the proposed transaction is situated, and also such carriers and the applicant or applicants (and, in case carriers by motor vehicle are involved, the persons specified in section 205 (e)), and shall afford reasonable opportunity for interested parties to be heard. If the Commission shall consider it necessary in order to determine whether the findings specified below may properly be made, it shall set said application for public hearing, and a public hearing shall be held in all cases where carriers by railroad are involved. If the Commission finds that, subject to such terms and conditions and such modifications as it shall find to be just and reasonable, the proposed transaction is within the scope of subparagraph (a) and will be consistent with the public interest, it shall enter an order approving and authorizing such transaction, upon the terms and conditions, and with the modifications, so found to be just and reasonable: *Provided*, That if a carrier by railroad subject to this part, or any person which is controlled by such a carrier, or affiliated therewith within the meaning of paragraph (6), is an applicant in the case of any such proposed transaction involving a motor carrier, the Commission shall not enter such an order unless it finds that the transaction proposed will be consistent with the public interest and will enable such carrier to use service by motor vehicle to public advantage in its operations and will not unduly restrain competition.

- Considerations. " (c) In passing upon any proposed transaction under the provisions of this paragraph (2), the Commission shall give weight to the following considerations, among others: (1) The effect of the proposed transaction upon adequate transportation service to the public; (2) the effect upon the public interest of the inclusion, or failure to include, other railroads in the territory involved in the proposed transaction; (3) the total fixed charges resulting from the proposed transaction; and (4) the interest of the carrier employees affected.
- Conditions prerequisite to approval. " (d) The Commission shall have authority in the case of a proposed transaction under this paragraph (2) involving a railroad or railroads, as a prerequisite to its approval of the proposed transaction, to require, upon equitable terms, the inclusion of another railroad or other railroads in the territory involved, upon petition by such railroad or railroads requesting such inclusion, and upon a finding that such inclusion is consistent with the public interest.
- Payment of dividends. " (e) No transaction which contemplates a guaranty or assumption of payment of dividends or of fixed charges, shall be approved by the Commission under this paragraph (2) except upon a specific finding by the Commission that such guaranty or assumption is not inconsistent with the public interest. No transaction shall be approved under this paragraph (2) which will result in an increase of total fixed charges, except upon a specific finding by the Commission that such increase would not be contrary to public interest.
- Protection of employees. " (f) As a condition of its approval, under this paragraph (2), of any transaction involving a carrier or carriers by railroad subject to the provisions of this part, the Commission shall require a fair and equitable arrangement to protect the interests of the railroad employees affected. In its order of approval the Commission shall include terms and conditions providing that during the period of four years from the effective date of such order such transaction will not result in employees of the carrier or carriers by railroad affected by such order being in a worse position with respect to their employ-

ment, except that the protection afforded to any employee pursuant to this sentence shall not be required to continue for a longer period, following the effective date of such order, than the period during which such employee was in the employ of such carrier or carriers prior to the effective date of such order. Notwithstanding any other provisions of this Act, an agreement pertaining to the protection of the interests of said employees may hereafter be entered into by any carrier or carriers by railroad and the duly authorized representative or representatives of its or their employees.

“(3) Whenever a person which is not a carrier is authorized, by an order entered under paragraph (2), to acquire control of any carrier or of two or more carriers, such person thereafter shall, to the extent provided by the Commission in such order, be considered as a carrier subject to such of the following provisions as are applicable to any carrier involved in such acquisition of control: Section 20 (1) to (10), inclusive, of this part, sections 204 (a) (1) and (2) and 220 of part II, and section 313 of part III, (which relate to reports, accounts, and so forth, of carriers), and section 20a (2) to (11), inclusive, of this part, and section 214 of part II, (which relate to issues of securities and assumptions of liability of carriers), including in each case the penalties applicable in the case of violations of such provisions. In the application of such provisions of section 20a of this part and of section 214 of part II, in the case of any such person, the Commission shall authorize the issue or assumption applied for only if it finds that such issue or assumption is consistent with the proper performance of its service to the public by each carrier which is under the control of such person, that it will not impair the ability of any such carrier to perform such service, and that it is otherwise consistent with the public interest.

“(4) It shall be unlawful for any person, except as provided in paragraph (2), to enter into any transaction within the scope of subparagraph (a) thereof, or to accomplish or effectuate, or to participate in accomplishing or effectuating, the control or management in a common interest of any two or more carriers, however such result is attained, whether directly or indirectly, by use of common directors, officers, or stockholders, a holding or investment company or companies, a voting trust or trusts, or in any other manner whatsoever. It shall be unlawful to continue to maintain control or management accomplished or effectuated after the enactment of this amendatory paragraph and in violation of its provisions. As used in this paragraph and paragraph (5), the words ‘control or management’ shall be construed to include the power to exercise control or management.

“(5) For the purposes of this section, but not in anywise limiting the application of the provisions thereof, any transaction shall be deemed to accomplish or effectuate the control or management in a common interest of two carriers—

“(a) if such transaction is by a carrier, and if the effect of such transaction is to place such carrier and persons affiliated with it, taken together, in control of another carrier;

“(b) if such transaction is by a person affiliated with a carrier, and if the effect of such transaction is to place such carrier and persons affiliated with it, taken together, in control of another carrier;

“(c) if such transaction is by two or more persons acting together, one of whom is a carrier or is affiliated with a carrier, and if the effect of such transaction is to place such persons and carriers and persons affiliated with any one of them and persons affiliated with any such affiliated carrier, taken together, in control of another carrier.

carry into effect the transaction so approved or provided for in accordance with the terms and conditions, if any, imposed by the Commission, and to hold, maintain, and operate any properties and exercise any control or franchises acquired through such transaction. “(12) If any provision of the foregoing paragraphs of this section, or the application thereof to any person or circumstances, is held invalid, the other provisions of such paragraphs, and the application of such provision to any other person or circumstances, shall not be affected thereby.

“(14) Notwithstanding the provisions of paragraph (2), from and after the 1st day of July 1914, it shall be unlawful for any carrier, as defined in section 1 (3), or (after the date of the enactment of this amendatory section) any person controlling, controlled by, or under common control with, such a carrier to own, lease, operate, control, or have any interest whatsoever (by stock ownership or otherwise, either directly, indirectly, through any holding company, or by stockholders or directors in common, or in any other manner) in any common carrier by water operated through the Panama Canal or elsewhere with which such carrier aforesaid does or may compete for traffic or any vessel carrying freight or passengers upon said water route or elsewhere with which said railroad or other carrier aforesaid does or may compete for traffic; and in case of the violation of this provision each day in which such violation continues shall be deemed a separate offense.

Interest in competing water carrier.

Ante, p. 890.

“(15) Jurisdiction is hereby conferred on the Commission to determine questions of fact, arising under paragraph (14), as to the competition or possibility of competition, after full hearing, on the application of any railroad company or other carrier. Such application may be filed for the purpose of determining whether any existing service is in violation of such paragraph and may pray for an order permitting the continuance of any vessel or vessels already in operation, or may pray for an order under the provisions of paragraph (16). The Commission may on its own motion or the application of any shipper institute proceedings to inquire into the operation of any vessel in use by any railroad or other carrier which has not applied to the Commission and had the question of competition or the possibility of competition determined as herein provided. In all such cases the order of said Commission shall be final.

Determination of question of competition.

“(16) Notwithstanding the provisions of paragraph (14), the Commission shall have authority, upon application of any carrier, as defined in section 1 (3), and after hearing, by order to authorize such carrier to own or acquire ownership of, to lease or operate, to have or acquire control of, or to have or acquire an interest in, a common carrier by water or vessel, not operated through the Panama Canal, with which the applicant does or may compete for traffic, if the Commission shall find that the continuance or acquisition of such ownership, lease, operation, control, or interest will not prevent such common carrier by water or vessel from being operated in the interest of the public and with advantage to the convenience and commerce of the people, and that it will not exclude, prevent, or reduce competition on the route by water under consideration:

#### AMENDMENTS TO SECTIONS 15 AND 15A

SEC. 10. (a) Paragraph (1) of section 15 of the Interstate Commerce Act, as amended (which relates to the Commission's power to prescribe just and reasonable rates for carriers subject to part I), is amended by striking out the following: “(or, in the case of a through route where one of the carriers is a water line, the maximum rates, fares, and charges applicable thereto)”.

(b) Paragraphs (3) and (4) of such section 15 (which relate to the Commission's authority to establish through routes and joint rates, fares, and charges, and divisions of such rates, fares, and charges; and which impose certain limitations on the Commission's power to prescribe through routes) are amended to read as follows:

“(3) The Commission may, and it shall whenever deemed by it to be necessary or desirable in the public interest, after full hearing upon complaint or upon its own initiative without complaint, establish through routes, joint classifications, and joint rates, fares, or charges, applicable to the transportation of passengers or property by carriers subject to this part, or by carriers by railroad subject to this part and common carriers by water subject to part III, or the maxima or minima, or maxima and minima, to be charged, and the divisions of such rates, fares, or charges as hereinafter provided, and the terms and conditions under which such through routes shall be operated. The Commission shall not, however, establish any through route, classification, or practice, or any rate, fare, or charge, between street electric passenger railways not engaged in the general business of transporting freight in addition to their passenger and express business, and railroads of a different character. If any tariff or schedule canceling any through route or joint rate, fare, charge, or classification, without the consent of all carriers parties thereto or authorization by the Commission, is suspended by the Commission for investigation, the burden of proof shall be upon the carrier or carriers proposing such cancelation to show that it is consistent with the public interest, without regard to the provisions of paragraph (4) of this section.

“(4) In establishing any such through route the Commission shall not (except as provided in section 3, and except where one of the carriers is a water line) require any carrier by railroad, without its

No through route and joint rates applicable thereto shall be established by the Commission for the purpose of assisting any carrier that would participate therein to meet its financial needs. In time of shortage of equipment, congestion of traffic, or other emergency declared by the Commission, it may (either upon complaint or upon its own initiative without complaint, at once, if it so orders, without answer or other formal pleadings by the interested carrier or carriers, and with or without notice, hearing, or the making or filing of a report, according as the Commission may determine) establish temporarily such through routes as in its opinion are necessary or desirable in the public interest."

(d) Paragraph (13) of such section 15 (which relates to allowances to owners of property for services rendered to carriers in connection with transportation) is amended by inserting after "the charge and allowance therefor shall be", the following: "published in tariffs or schedules filed in the manner provided in this part and shall be".

(e) Paragraph (2) of section 15a of the Interstate Commerce Act, as amended (which contains the rule of rate making for part I), is amended to read as follows:

#### COMMISSION PROCEDURE; DELEGATION OF DUTIES; REHEARINGS

SEC. 12. Section 16a of the Interstate Commerce Act, as amended, is hereby repealed, and section 17 of such Act, as amended, is amended to read as follows:

"SEC. 17. (1) The Commission is hereby authorized by its order to divide the members thereof into as many divisions (each to consist of not less than three members) as it may deem necessary, which may be changed from time to time. Such divisions shall be designated, respectively, division one, division two, and so forth, or by a term descriptive of the principal subject, work, business, or function assigned or referred to such divisions. The Commission may designate one or more of its divisions as appellate divisions. Any Commissioner may be assigned to such division or divisions as the Commission may direct, and the senior in service of the Commissioners constituting a division shall act as chairman thereof unless otherwise directed by the Commission. When a vacancy occurs in any division or when a Commissioner because of absence, or other cause, is unable to serve thereon, the Chairman of the Commission or any Commissioner designated by him for that purpose may serve temporarily on such division until the Commission otherwise orders.

The following classes of employees shall be eligible for designation by the Commission to serve on such boards: examiners, directors or assistant directors of bureaus, chiefs of sections, and attorneys. The assignment or reference, to divisions, of work, business, or functions relating to the lawfulness of rates, fares, or charges shall be made according to the character of regulation to be exercised and not according to the kind or class of the carriers involved or to the form or mode of transportation in which such carriers may be engaged. When an individual Commissioner, or any employee, is unable to act upon any matter so assigned or referred because of absence or other cause, the Chairman of the Commission may designate another Commissioner or employee, as the case may be, to serve temporarily until the Commission otherwise orders.

"(3) The Commission shall conduct its proceedings under any provision of law in such manner as will best conduce to the proper dispatch of business and to the ends of justice. The Commission shall have an official seal, which shall be judicially noticed. Any member of the Commission, the Secretary of the Commission, or any member of a board may administer oaths and affirmations and any member of the Commission or the Secretary of the Commission (or any member of a board in connection with the performance of any work, business, or functions referred under this section to a board upon which he serves) may sign subpoenas. A majority of the Commission, of a division, or of a board shall constitute a quorum for the transaction of business. The Commission may, from time to time, make or amend such general rules or orders as may be requisite for the order and regulation of proceedings before it, or before any division, individual Commissioner, or board, including forms of notices and the service thereof, which shall conform, as nearly as may be, to those in use in the courts of the United States. Any party may appear before the Commission or any division, individual Commissioner, or board and be heard in person or by attorney. Every vote and official act of the Commission, or of any division, individual Commissioner, or board, shall be entered of record, and such record shall be made public upon the request of any party interested. All hearings before the Commission, a division, individual Commissioner, or board shall be public upon the request of any party interested. No Commissioner or employee shall participate in any hearing or proceeding in which he shall have any pecuniary interest.

"(4) A division, an individual Commissioner, or a board shall have authority to hear and determine, order, certify, report, or otherwise act as to any work, business, or functions assigned or referred thereto under the provisions of this section, and with respect thereto shall have all the jurisdiction and powers conferred by law upon the Commission, and be subject to the same duties and obligations. The secretary and seal of the Commission shall be the secretary and seal of each division, individual Commissioner, or board. Except as otherwise provided in this section, any order, decision, or requirement of a division, an individual Commissioner, or a board, with respect to any matter so assigned or referred, shall have the same force and effect, and may be made and evidenced in the same manner as if made or taken by the Commission.

“(5) Any finding, report, or requirement of an individual Commissioner or board, with respect to any matter so assigned or referred involving the taking of testimony at a public hearing, shall be accompanied by a statement in writing of the reasons therefor, together with a recommended order, which shall be filed with the Commission. Copies thereof shall be served upon interested parties (including, in proceedings under part II, persons specified in section 205 (e)), who may file exceptions thereto, but if within twenty days after service upon such persons, or within such further period as the Commission or a duly designated division thereof may authorize, no exceptions shall have been filed, such recommended order shall become the order of the Commission and become effective unless within such period the order shall have been stayed or postponed by the Commission or by a duly designated division thereof. The Commission, or a duly designated division thereof, upon its own motion may, and where exceptions are filed it shall, reconsider the matter either upon the same record or after further hearing, and such recommended order shall thereupon be stayed or postponed pending final determination thereof.

“(6) After a decision, order, or requirement shall have been made by the Commission, a division, an individual Commissioner, or a board, or after an order recommended by an individual Commissioner or a board shall have become the order of the Commission as provided in paragraph (5), any party thereto may at any time, subject to such limitations as may be established by the Commission as hereinafter authorized, make application for rehearing, reargument, or reconsideration of the same, or of any matter determined therein. Such applications shall be governed by such general rules as the Commission may establish. Any such application, if the decision, order, or requirement was made by the Commission, shall be considered and acted upon by the Commission. If the decision, order, or requirement was made by a division, an individual Commissioner, or a board, such application shall be considered and acted upon by the Commission or referred to an appropriate appellate division for consideration and action. Rehearing, reargument, or reconsideration may be granted if sufficient reason therefor be made to appear; but the Commission may, from time to time, make or amend general rules or orders establishing limitations upon the right to apply for rehearing, reargument, or reconsideration of a decision, order, or requirement of the Commission or of a division so as to confine such right to proceedings, or classes of proceedings, involving issues of general transportation importance. Notwithstanding the foregoing provisions of this paragraph, any application for rehearing, reargument, or reconsideration of a matter assigned or referred to an individual Commissioner or a board, under the provisions of paragraph (2), if such application shall have been filed within twenty days after the recommended order in the proceeding shall have become the order of the Commission as provided in paragraph (5), and if such matter shall not have been reconsidered or reheard as provided in such paragraph, shall be referred to an appropriate appellate division of the Commission and such division shall reconsider the matter either upon the same record or after a further hearing.

“(7) If after rehearing, reargument, or reconsideration of a decision, order, or requirement of a division, an individual Commissioner, or board it shall appear that the original decision, order, or requirement is in any respect unjust or unwarranted, the Commission or appellate division may reverse, change, or modify the same accordingly. Any decision, order, or requirement made after rehearing, reargument, or reconsideration, reversing, changing, or modifying the original determination shall be subject to the same provisions with respect to rehearing, reargument, or reconsideration as an original order.

41 Stat. 493.  
49 U. S. C. § 20.  
*Ante*, p. 899.

SEC. 13. (a) Paragraphs (1) to (8), inclusive, of section 20 of the Interstate Commerce Act, as amended (which relate to accounts, records, reports, etc., of carriers subject to part I), are amended to read as follows:

Reports from carriers and lessors.

"SEC. 20. (1) The Commission is hereby authorized to require annual, periodical, or special reports from carriers (as defined in this section) and from lessors (as defined in this section), to prescribe the manner and form in which such reports shall be made, and to require from such carriers and lessors specific and full, true, and correct answers to all questions upon which the Commission may deem information to be necessary, classifying such carriers and lessors as it may deem proper for any of these purposes. Such annual reports shall give an account of the affairs of the carrier or lessor in such form and detail as may be prescribed by the Commission.

Information required.

"(2) Said annual reports shall contain all the required information for the period of twelve months ending on the 31st day of December in each year, unless the Commission shall specify a different date, and shall be made out under oath and filed with the Commission at its office in Washington within three months after the close of the year for which the report is made, unless additional time be granted in any case by the Commission. Such periodical or special reports

as may be required by the Commission under paragraph (1) hereof, shall also be under oath whenever the Commission so requires.

“(3) The Commission may, in its discretion, for the purpose of enabling it the better to carry out the purposes of this part, prescribe a uniform system of accounts applicable to any class of carriers subject thereto, and a period of time within which such class shall have such uniform system of accounts, and the manner in which such accounts shall be kept.

“(4) The Commission shall, as soon as practicable, prescribe for carriers the classes of property for which depreciation charges may properly be included under operating expenses, and the rate or rates of depreciation which shall be charged with respect to each of such classes of property, classifying the carriers as it may deem proper for this purpose. The Commission may, when it deems necessary, modify the classes and rates so prescribed. When the Commission shall have exercised its authority under the foregoing provisions of this paragraph, carriers shall not charge to operating expenses any depreciation charges on classes of property other than those prescribed by the Commission, or charge with respect to any class of property a rate of depreciation other than that prescribed therefor by the Commission, and no such carrier shall include under operating expenses any depreciation charge in any form whatsoever other than as prescribed by the Commission.

Upon so finding, the Commission shall issue a certificate of exemption to such motor carrier or class of motor carriers which, during the period such certificate shall remain effective and unrevoked, shall exempt such carrier or class of motor carriers from compliance with the provisions of this part, and shall attach to such certificate such reasonable terms and conditions as the public interest may require. § 318 (b).

"(b) Whenever, after hearing, upon complaint or upon its own initiative, the Commission finds that any minimum rate or charge of any contract carrier by motor vehicle, or any rule, regulation, or practice of any such carrier affecting such minimum rate or charge, or the value of the service thereunder, for the transportation of passengers or property or in connection therewith, contravenes the national transportation policy declared in this Act, or is in contravention of any provision of this part, the Commission may prescribe such just and reasonable minimum rate or charge, or such rule, regulation, or practice as in its judgment may be necessary or desirable in the public interest and to promote such policy and will not be in contravention of any provision of this part. Such minimum rate or charge, or such rule, regulation, or practice, so prescribed by the Commission, shall give no advantage or preference to any such carrier in competition with any common carrier by motor vehicle subject to this part, which the Commission may find to be undue or inconsistent with the public interest and the national transportation policy declared in this Act, and the Commission shall give due consideration to the cost of the services rendered by such carriers, and to the effect of such minimum rate or charge, or such rule, regulation, or practice, upon the movement of traffic by such carriers. schedules.

"(c) Whenever there shall be filed with the Commission by any such contract carrier any schedule stating a charge for a new service or a reduced charge directly, or by means of any rule, regulation, or practice, for the transportation of passengers or property in interstate or foreign commerce, the Commission is hereby authorized and empowered upon complaint of interested parties or upon its own initiative at once and, if it so orders, without answer or other formal pleading by the interested party, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such charge, or such rule, regulation, or practice, and pending such hearing and the decision thereon the Commission, by filing with such schedule and delivering to the carrier affected thereby a statement in writing of its reasons for such suspension, may from time to time suspend the operation of such schedule and defer the use of such charge, or such rule, regulation, or practice, but not for a longer period than seven months beyond the time when it would otherwise go into effect; and after hearing, whether completed before or after the charge, or rule, regulation, or practice goes into effect, the Commission may make such order with reference thereto as would be proper in a proceeding instituted after it had become effective. If the proceeding has not been concluded and an order made within the period of suspension, the proposed change in any charge or rule, regulation, or practice shall go into effect at the end of such period: *Provided*, That this paragraph shall not apply to any initial schedule or schedules filed on or before July 31, 1938, by any such carrier in bona fide operation when this section takes effect. SEC. 24. Section 220 of the Interstate Commerce Act, as amended, is amended to read as follows:

49 Stat. 563.  
49 U. S. C., Supp. V,  
§ 320.  
Authority of Com-  
mission.

"SEC. 220. (a) The Commission is hereby authorized to require annual, periodical, or special reports from all motor carriers, brokers, and lessors (as defined in this section), to prescribe the manner and form in which such reports shall be made, and to require from such carriers, brokers, and lessors specific and full, true, and correct answers to all questions upon which the Commission may deem information to be necessary. Such annual reports shall give an account of the affairs of the carrier, broker, or lessor in such form and detail as may be prescribed by the Commission. The Commission may also require any motor carrier or broker to file with it a true copy of any contract, agreement, or arrangement between such carrier and any other carrier or person in relation to any traffic affected by the provisions of this part. The Commission shall not, however, make public any contract, agreement, or arrangement between a contract carrier by motor vehicle and a shipper, or any of the terms or conditions thereof, except as a part of the record in a formal proceeding where it considers such action consistent with the public interest: *Provided*, That if it appears from an examination of any such contract that it fails to conform to the published schedule of the contract carrier by motor vehicle as required by section 218 (a), the Commission may, in its discretion, make public such of the provisions of the contract as the Commission considers necessary to disclose such failure and the extent thereof.

Filing of contracts,  
etc.

ment accorded.

*Proviso*.  
Failure to conform  
to published schedule.  
*Ante*, p. 925.

“(b) Said annual reports shall contain all the required information for the period of twelve months ending on the thirty-first day of December in each year, unless the Commission shall specify a different date, and shall be made out under oath and filed with the Commission at its office in Washington within three months after the close of the year for which the report is made, unless additional time be granted in any case by the Commission. “(c) The Commission may prescribe for motor carriers the classes of property for which depreciation charges may properly be included under operating expenses, and the rate or rates of depreciation which shall be charged with respect to each of such classes of property, classifying the carriers as it may deem proper for this purpose. The Commission may, when it deems necessary, modify the classes and rates so prescribed. When the Commission shall have exercised its authority under the foregoing provisions of this subsection, motor carriers shall not charge to operating expenses any depreciation charges on classes of property other than those prescribed by the Commission, or charge with respect to any class of property a rate of depreciation other than that prescribed therefor by the Commission, and no such carrier shall include under operating expenses any depreciation charge in any form whatsoever other than as prescribed by the Commission.

The Commission may issue orders specifying such operating, accounting, or financial papers, records, books, blanks, tickets, stubs, correspondence, or documents of motor carriers, brokers, or lessors as may after a reasonable time be destroyed, and prescribing the length of time the same shall be preserved. The Commission or its duly authorized special agents, accountants, or examiners shall at all times have access to and authority, under its order, to inspect and examine any and all lands, buildings, or equipment of motor carriers, brokers, and lessors; and shall have authority to inspect and copy any and all accounts, books, records, memoranda, correspondence, and other documents of such carriers, brokers, and lessors, and such accounts, books, records, memoranda, correspondence, and other documents of any person controlling, controlled by, or under common control with any such carrier, as the Commission deems relevant to such person's relation to or transactions with such carrier. Motor carriers, brokers, lessors, and persons shall submit their accounts, books, records, memoranda, correspondence, and other documents for the inspection and copying authorized by this paragraph, and motor carriers, brokers, and lessors shall submit their lands, buildings, and equipment for examination and inspection, to any duly authorized special agent, accountant, or examiner of the Commission upon demand and the display of proper credentials.

“APPLICATION OF PROVISIONS; EXEMPTIONS

“SEC. 303. (a) In the case of transportation which is subject both to this part and part I, the provisions of part I shall apply only to the extent that part I imposes, with respect to such transportation, requirements not imposed by the provisions of this part.

Application of provisions.  
*Ante*, p. 899.

“(b) Nothing in this part shall apply to the transportation by a water carrier of commodities in bulk when the cargo space of the vessel in which such commodities are transported is being used for the carrying of not more than three such commodities. This subsection shall apply only in the case of commodities in bulk which are (in accordance with the existing custom of the trade in the handling and transportation of such commodities as of June 1, 1939) loaded and carried without wrappers or containers and received and delivered by the carrier without transportation mark or count. For the purposes of this subsection two or more vessels while navigated as a unit shall be considered to be a single vessel. This subsection shall not apply to transportation subject, at the time this part takes effect, to the provisions of the Intercoastal Shipping Act, 1933, as amended.

Commodities in bulk.

“(c) Nothing in this part shall apply to transportation by a contract carrier by water of commodities in bulk in a non-ocean-going vessel on a normal voyage during which (1) the cargo space of such vessel is used for the carrying of not more than three such commodities, and (2) such vessel passes within or through waters which are made international for navigation purposes by any treaty to which the United States is a party.

*Ante*, pp. 899, 919.

Transportation within a single harbor.

Contiguous harbors.

Transportation by small craft.

“(e) It is hereby declared to be the policy of Congress to exclude from the provisions of this part, in addition to the transportation otherwise excluded under this section, transportation by contract carriers by water which, by reason of the inherent nature of the commodities transported, their requirement of special equipment, or their shipment in bulk, is not actually and substantially competitive with transportation by any common carrier subject to this part or part I or part II. Upon application of a carrier, made in such manner and form as the Commission may by regulations prescribe, the Commission shall, subject to such reasonable conditions and limitations as the Commission may prescribe, by order exempt from the provisions of this part such of the transportation engaged in by such carrier as it finds necessary to carry out the policy above declared. A carrier (other than a carrier subject, at the time this part takes effect, to the provisions of the Intercoastal Shipping Act, 1933, as amended) making such application prior to January 1, 1941, shall be exempt from the provisions of this part until a final determination has been made upon such application if such carrier or a predecessor in interest was in bona fide operation as a contract carrier by water on January 1, 1940, over the route or routes or between the ports with respect to which application is made and has so operated since that time (or, if engaged in furnishing seasonal service only, was in bona fide operation during the seasonal period, prior to or including such date, for operations of the character in question) except, in either event, for interruptions of service over which such carrier or its predecessor in interest had no control.

“(f) Notwithstanding any provision of this section or of section 302, the provisions of this part shall not apply—

“(1) to transportation by water by a carrier by railroad subject to part I or by a motor carrier subject to part II, incidental to transportation subject to such parts, in the performance within terminal areas of transfer, collection, or delivery services, or in the performance of floatage, car ferry, lighterage, or towage; but such transportation shall be considered to be transportation subject to part I when performed by such carrier by railroad, and transportation subject to part II when performed by such motor carrier.

“(2) to transportation by water by any person (whether as agent or under a contractual arrangement) for a common carrier by railroad subject to part I, an express company subject to part I, a motor carrier subject to part II, or a water carrier subject to this part, in the performance within terminal areas of transfer, collection, or delivery services, or in the performance of floatage, car ferry, lighterage, or towage; but such transportation shall be considered to be performed by such carrier or express company as part of, and shall be regulated in the same manner as, the transportation by railroad, express, motor vehicle, or water to which such services are incidental.

“(g) Except to the extent that the Commission shall from time to time find, and by order declare, that such application is necessary to carry out the national transportation policy declared in this Act, the provisions of this part shall not apply (1) to transportation in interstate commerce by water solely within the limits of a single harbor or between places in contiguous harbors, when such transportation is not a part of a continuous through movement under a common control, management, or arrangement to or from a place without the limits of any such harbor or harbors, or (2) to transportation by small craft of not more than one hundred tons carrying capacity or not more than one hundred indicated horsepower, or to

vessels carrying passengers only and equipped to carry no more than sixteen passengers, or to ferries, or to the movement by water carriers of contractors' equipment employed or to be employed in construction or repair for such water carrier, or to the operation of salvors.

“(h) The Commission shall have the power to determine, upon its own motion or upon application of any party in interest, whether any water carrier is engaged solely in transporting the property of a person which owns all or substantially all of the voting stock of such carrier. Upon so finding the Commission shall issue a certificate of exemption to such carrier, and such carrier shall not be subject to the provisions of this part during the period such certificate shall remain in effect. At any time after the issuance of such certificate the Commission may by order revoke such certificate if it finds that such carrier is no longer entitled to the exemption under the foregoing provisions of this subsection. Upon revocation of any such certificate the Commission shall restore to such carrier, without further proceedings, the authority, if any, to engage in transportation subject to the provisions of this part held by such carrier at the time the certificate of exemption pertaining to such carrier became effective. No certificate of exemption shall be denied and no order of revocation shall be issued, under this subsection, except after reasonable opportunity for hearing.

Transportation of owner's, etc., property.

Certificate of exemption.

Revocation.

“(i) In the application of the provisions of this part to any carrier owned or controlled by the United States, no different policy, rule of rate making, system of accounting, or method of determining costs of service, value of property, or rate of return shall be applied than is applied in the case of carriers not so owned or controlled.

Carrier under U. S. control.

“(j) Nothing in this part shall be construed to interfere with the exclusive exercise by each State of the power to regulate intrastate commerce by water carriers within the jurisdiction of such State.

State regulatory powers.

“(k) Nothing in this part shall authorize the Commission to prescribe or regulate any rate, fare, or charge for intrastate transportation, or for any service connected therewith, for the purpose of removing discrimination against interstate commerce or for any other purpose.

Intrastate transportation.

“(l) Whenever transportation exempted under the provisions of subsection (g), or by order of the Commission under subsection (e), becomes subject to the provisions of this part, the carrier may continue to engage in such transportation for a period of one hundred and twenty days without a certificate or permit covering such transportation, and, if application for a certificate or permit covering such transportation is made to the Commission within such period, the Commission shall, without further proceedings, issue to the carrier a certificate or permit, whichever is appropriate, authorizing such transportation previously exempted.

“(b) The Commission shall have authority, for purposes of the administration of the provisions of this part, to inquire into and report on the management of the business of water carriers, and to inquire into and report on the management of the business of persons controlling, controlled by, or under a common control with water carriers, to the extent that the business of such persons is related to the management of

“(c) The Commission may establish from time to time such just and reasonable classifications of groups of carriers included in the terms ‘common carrier by water’, or ‘contract carrier by water’, as the special nature of the services performed by such carriers shall require; and such just and reasonable rules, regulations, and requirements consistent with the provisions of this part to be observed by the carriers so classified or grouped, as the Commission, after hearing, finds necessary or desirable in the public interest.

Undue disadvantage.

“(d) Whenever it shall appear from complaint made to the Commission or otherwise that the rates, fares, regulations, or practices of persons engaged in transportation by water to or from a port or ports of any foreign country in competition with common carriers by water or contract carriers by water, cause undue disadvantage to such carriers by reason of such competition, the Commission may relieve such carriers from the provisions of this part to such extent, and for such time, and in such manner as in its judgment may be necessary to avoid or lessen such undue disadvantage, consistently with the public interest and the national transportation policy declared in this Act.

Noncompliance with requirements.

“(e) Upon complaint in writing to the Commission by any person, or upon its own initiative without complaint, the Commission may investigate whether any water carrier has failed to comply with any provision of this part or with any requirement established pursuant thereto, and if, after notice of and hearing upon any such investigation, the Commission finds that any such carrier has failed to comply with any such provision or requirement, it shall issue an appropriate order to compel such carrier to comply therewith. Prescribed requirements.

“SEC. 305. (a) It shall be the duty of every common carrier by water, with respect to transportation subject to this part which it undertakes or holds itself out to perform, or which it is required by or under authority of this part to perform, to provide and furnish such transportation upon reasonable request therefor, and to establish, observe, and enforce just and reasonable rates, fares, charges, and classifications, and just and reasonable regulations and practices, relating thereto and to the issuance, form, and substance of tickets, receipts, bills of lading, and manifests, the manner and method of presenting, marking, packing, and delivering property for transportation, the carrying of personal, sample, and excess baggage, the facilities for transportation, and all other matters relating to or connected with such transportation in interstate or foreign commerce. All charges made for any service rendered or to be rendered in the transportation of passengers or property as aforesaid, or in connection therewith, shall be just and reasonable, and every unjust and unreasonable charge for such service or any part thereof is prohibited and declared to be unlawful.

Rates, tickets, bills of lading, etc.

Charges.

Through routes.

“(b) It shall be the duty of common carriers by water to establish reasonable through routes with other such carriers and with common carriers by railroad, for the transportation of persons or property, and just and reasonable rates, fares, charges, and classifications appli-

cable thereto, and to provide reasonable facilities for operating such through routes, and to make reasonable rules and regulations with respect to their operation and providing for reasonable compensation to those entitled thereto. Common carriers by water may establish reasonable through routes and rates, fares, charges, and classifications applicable thereto with common carriers by motor vehicle. In the case of joint rates, fares, or charges it shall be the duty of the carriers parties thereto to establish just, reasonable, and equitable divisions thereof, which shall not unduly prefer or prejudice any of such carriers.

“(c) It shall be unlawful for any common carrier by water to make, give, or cause any undue or unreasonable preference or advantage to any particular person, port, port district, gateway, transit point, locality, region, district, territory, or description of traffic in any respect whatsoever; or to subject any particular person, port, port district, gateway, transit point, locality, region, district, territory, or description of traffic to any unjust discrimination or any undue or unreasonable prejudice or disadvantage in any respect whatsoever: *Provided*, That this subsection shall not be construed to apply to discriminations, prejudice, or disadvantage to the traffic of any other carrier of whatever description. Differences in the classifications, rates, fares, charges, rules, regulations, and practices of a water carrier in respect of water transportation from those in effect by a rail carrier with respect to rail transportation shall not be deemed to constitute unjust discrimination, prejudice, or disadvantage, or an unfair or destructive competitive practice, within the meaning of any provision of this Act.

“(d) All common carriers by water shall, according to their respective powers, afford all reasonable, proper, and equal facilities for the interchange of traffic between their respective lines and connecting lines, and for the receiving, forwarding, and delivering of passengers or property to and from connecting lines; and shall not discriminate in their rates, fares, and charges between connecting lines, or unduly prejudice any connecting line in the distribution of traffic that is not specifically routed by the shipper. As used in this subsection the term ‘connecting line’ means the connecting line of any common carrier by water or any common carrier subject to part I.

#### “TARIFFS AND SCHEDULES

“SEC. 306. (a) Every common carrier by water shall file with the Commission, and print, and keep open to public inspection tariffs showing all rates, fares, charges, classifications, rules, regulations, and practices for the transportation in interstate or foreign commerce of passengers and property between places on its own route, and between such places and places on the route of any other such carrier or on the route of any common carrier by railroad or by motor vehicle, when a through route and joint rate shall have been established. Such tariffs shall plainly state the places between which property or passengers will be carried, the classification of property or passengers and, separately, all terminal charges, or other charges which the Commission shall require to be so stated, all privileges or facilities granted or allowed, and any rules or regulations which in anywise change, affect, or determine any part or the aggregate of such rates, fares, or charges, or the value of the service rendered to the passenger, shipper, or consignee.

“(b) All charges of common carriers by water shall be stated in lawful money of the United States. The Commission shall by regulations prescribe the form and manner in which the tariffs

Unauthorized charges, etc., forbidden.

“(c) No common carrier by water shall charge or demand or collect or receive a greater or less or different compensation for transportation subject to this part or for any service in connection therewith than the rates, fares, or charges specified for such transportation or such service in the tariffs lawfully in effect; and no such carrier shall refund or remit in any manner or by any device any portion of the rates, fares, or charges so specified, or extend to any person any privileges or facilities for transportation affecting the value thereof except such as are specified in its tariff: *Provided*, That the provisions of sections 1 (7) and 22 of part I (which relate to transportation free and at reduced rates), together with such other provisions of such part (including penalties) as may be necessary for the enforcement of such provisions, shall apply to common carriers by water.

“(d) No common carrier by water, unless otherwise provided by this part, shall engage in transportation subject to this part unless the rates, fares, and charges upon which the same are transported by said carrier have been filed and published in accordance with the provisions of this part. No change shall be made in any rate, fare, charge, classification, regulation, or practice specified in any effective tariff of a common carrier by water except after thirty days' notice of the proposed change filed and posted in accordance with this section. Such notice shall plainly state the change proposed to be made and the time when such change will take effect. The Commission may, in its discretion and for good cause shown, allow changes upon notice less than that herein specified, or modify the requirements of this section, either in particular instances or by general order applicable to special circumstances or conditions.

Notice required for change.

Establishment of minimum rates.

“(e) It shall be the duty of every contract carrier by water to establish and observe reasonable minimum rates and charges for any service rendered or to be rendered in the transportation of passengers or property or in connection therewith and to establish and observe reasonable regulations, and practices to be applied in connection with said reasonable minimum rates and charges. It shall be the duty of every contract carrier by water to file with the Commission, post, and keep open for public inspection, in accordance with such rules and regulations as the Commission shall prescribe, schedules of minimum rates or charges actually maintained and charged for interstate and foreign transportation to which it is a party, and any rule, regulation, or practice affecting such charges and the value of the service thereunder. No contract carrier by water, unless otherwise provided by this part, shall engage in transportation subject to this part unless the minimum rates or charges actually maintained and charged have been published, filed, and posted in accordance with the provisions of this part. No new rate or charge shall be established and no reduction shall be made in any rate or charge, either directly or by means of any change in any rule, regulation, or practice affecting such rate or charge, or the value of service thereunder, except after thirty days' notice of the proposed new rate or charge, or of the proposed change, filed in accordance with this section. The Commission may, in its discretion and for good cause shown, allow the establishment of any such new rate or charge, or any such change, upon notice less than herein specified, or modify the requirement of this section with respect to posting and filing of such schedules, either in particular instances or by general order applicable to special or peculiar circumstances or

It shall be unlawful for any such carrier to transport passengers or property or to furnish facilities or services in connection therewith for a less compensation, either directly or by means of a change in the terms and conditions of any contract, charter, agreement, or undertaking, than the rates or charges so filed with the Commission: *Provided*, That the Commission, in its discretion and for good cause shown, either upon application of any such carrier or carriers, or any class or group thereof, or upon its own initiative may, after hearing, grant relief from the provisions of this subsection to such extent, and for such time, and in such manner as, in its judgment, is consistent with the public interest and the national transportation policy declared in this Act.

#### "COMMISSION'S AUTHORITY OVER RATES, AND SO FORTH

"SEC. 307. (a) Any person may make complaint in writing to the Commission that any individual or joint rate, fare, charge, classification, regulation, or practice of any common carrier by water or any contract carrier by water is or will be in violation of this part. Every complaint shall state fully the facts complained of and the reasons for such complaint and shall be made under oath.

Complaints.

"(b) Whenever, after hearing, upon complaint or in an investigation on its own initiative, the Commission shall be of opinion that any individual or joint rate, fare, or charge demanded, charged, or collected by any common carrier or carriers by water for transportation subject to this part, or any regulation, practice, or classification of such carrier or carriers relating to such transportation, is or will be unjust or unreasonable, or unjustly discriminatory, or unduly preferential or prejudicial, or otherwise in violation of any provision of this part, it may determine and prescribe the lawful rate, fare, or charge or the maximum or minimum, or maximum and minimum rate, fare, or charge thereafter to be observed, or the lawful regulation, practice, or classification thereafter to be made effective.

Adjustment authorized.

"(c) In any proceeding to determine the justness or reasonableness of any rate, fare, or charge of any common carrier by water there shall not be taken into consideration or allowed as evidence or elements of value of the property of such carrier either goodwill, earning power, or the certificate under which such carrier is operating; and in applying for and receiving a certificate under this part any such carrier shall be deemed to have agreed to the provisions of this subsection on its own behalf and on behalf of all transferees of such certificate.

Inadmissible evidence, etc.

"(d) The Commission may, and it shall whenever deemed by it to be necessary or desirable in the public interest, after full hearing upon complaint or upon its own initiative without a complaint, establish through routes, joint classifications, and joint rates, fares, or charges, applicable to the transportation of passengers or property by common carriers by water, or by such carriers and carriers by railroad, or the maxima or minima, or maxima and minima, to be charged, and the divisions of such rates, fares, or charges as hereinafter provided, and the terms and conditions under which such through routes shall be operated. In the case of a through route, where one of the carriers is a common carrier by water, the Commission shall prescribe such reasonable differentials as it may find to be justified between all-rail rates and the joint rates in connection with such common carrier by water. The Commission shall not, however, establish any through route, classification, or practice, or any rate, fare, or charge, between street electric passenger railways not

engaged in the general business of transporting freight in addition to their passenger and express business, and common carriers by water. If any tariff or schedule canceling any through route or joint rate, fare, charge, or classification, without the consent of all carriers parties thereto or authorization by the Commission, is suspended by the Commission for investigation, the burden of proof shall be upon the carrier or carriers proposing such cancellation to show that it is consistent with the public interest, without regard to the provisions of paragraph (4) of section 15.

“(e) Whenever, after hearing upon complaint or upon its own initiative, the Commission is of opinion that the divisions of joint rates, fares, or charges, applicable to the transportation of passengers or property by common carriers by water, or by such carriers and common carriers by railroad or by motor vehicle, are or will be unjust, unreasonable, inequitable, or unduly preferential or prejudicial as between the carriers parties thereto, the Commission shall by order prescribe the just, reasonable, and equitable divisions thereof to be received by the several carriers. In cases where the joint rate, fare, or charge, was established pursuant to a finding or order of the Commission and the divisions thereof are found by it to have been unjust, unreasonable, or inequitable, or unduly preferential or prejudicial, the Commission may also by order determine what (for the period subsequent to the filing of the complaint or petition or the making of the order of investigation) would have been the just, reasonable, and equitable divisions thereof to be received by the several carriers, and require adjustment to be made in accordance therewith. In so prescribing and determining the divisions of joint rates, fares and charges, the Commission shall give due consideration, among other things, to the efficiency with which the carriers concerned are operated, the amount of revenue required to pay their respective operating expenses, taxes, and a fair return on their property held for and used in the service of transportation, and the importance to the public of the transportation services of such carriers and also whether any particular participating carrier is an originating, intermediate, or delivering line, and any other fact or circumstance which would ordinarily, without regard to the mileage haul, entitle one carrier to a greater or less proportion than another carrier of the joint rate, fare, or charge.

Rate-making policy.

“(f) In the exercise of its power to prescribe just and reasonable rates, fares, and charges of common carriers by water, and classifications, regulations, and practices relating thereto, the Commission shall give due consideration, among other factors, to the effect of rates upon the movement of traffic by the carrier or carriers for which the rates are prescribed; to the need, in the public interest, of adequate and efficient water transportation service at the lowest cost consistent with the furnishing of such service; and to the need of revenues sufficient to enable water carriers, under honest, economical, and efficient management, to provide such service.

Suspension of new rate, etc., pending decision.

*Post*, p. 951.

“(g) Whenever there shall be filed with the Commission any schedule (except a schedule referred to in section 322) stating a new rate, fare, charge, classification, regulation, or practice for the interstate or foreign transportation of passengers or property by a common carrier or carriers by water, the Commission may upon protest of interested parties or upon its own initiative at once, and, if it so orders, without answer or other formal pleading by such carrier or carriers, but upon reasonable notice, enter upon an investigation concerning the lawfulness of such rate, fare, charge, classification, regulation, or practice, and pending such hearing and the decision thereon, the Commission, by filing with such schedule and delivering to the carrier or carriers affected thereby a statement in

writing of its reasons for such suspension, may from time to time suspend the operation of such schedule and defer the use of such rate, fare, charge, classification, regulation, or practice, but not for a longer period than seven months beyond the time when it would otherwise go into effect; and after hearing, whether completed before or after the rate, fare, charge, classification, regulation, or practice goes into effect, the Commission may make such order with reference thereto, as would be proper in a proceeding instituted after such rate, fare, charge, classification, regulation, or practice had become effective. If the proceeding shall not have been concluded and an order made within the period of suspension, the proposed rate, fare, charge, classification, regulation, or practice shall go into effect at the end of such period: *Provided, however*, That this subsection shall not apply to any initial schedule filed prior to October 1, 1941, by any such carrier (other than a carrier subject, at the time this part takes effect, to the provisions of the Intercoastal Shipping Act, 1933, as amended, or the Shipping Act, 1916, as amended) insofar as such schedule names rates on traffic, or for services connected therewith, as to which such carrier was in bona fide operation on January 1, 1940. At any hearing involving a change in a rate, fare, charge, or classification, or in a rule, regulation, or practice, the burden of proof shall be upon the carrier to show that the proposed changed rate, fare, charge, classification, rule, regulation, or practice is just and reasonable.

“(h) Whenever, after hearing, upon complaint or its own initiative, the Commission finds that any minimum rate or charge of any contract carrier by water, or any rule, regulation, or practice of any such carrier affecting such minimum rate or charge, or the value of the service thereunder, contravenes the national transportation policy declared in this Act, or is in contravention of any provision of this part, the Commission may prescribe such just and reasonable minimum rate or charge, or such rule, regulation, or practice as in its judgment may be necessary or desirable in the public interest and to promote such policy and will not be in contravention of any provision of this part. Such minimum rate or charge, or such rule, regulation, or practice, so prescribed by the Commission, shall give no advantage or preference to any such carrier in competition with any common carrier by water subject to this part, which the Commission may find to be undue or inconsistent with the public interest and the national transportation policy declared in this Act, and the Commission shall give due consideration to the cost of the services rendered by such carriers, and to the effect of such minimum rate or charge, or such rule, regulation, or practice, upon the movement of traffic by such carriers. All complaints shall state fully the facts complained of and the reasons for such complaint and shall be made under oath.

“(i) Whenever there shall be filed with the Commission by any such contract carrier any schedule (except a schedule referred to in section 322) stating a charge for a new service or a reduced charge, directly or by means of any rule, regulation, or practice, for transportation in interstate or foreign commerce, the Commission may upon complaint of interested parties or upon its own initiative at once and, if it so orders, without answer or other formal pleading by the interested party, but upon reasonable notice, enter upon a hearing concerning the lawfulness of such charge, or such rule, regulation, or practice, and pending such hearing and the decision thereon the Commission, by filing with such schedule and delivering to the carrier affected thereby a statement in writing of its reasons for such suspension, may from time to time suspend the operation of such schedule and defer the use of such charge, or such rule, regulation, or practice, but not

If the proceeding has not been concluded and an order made within the period of suspension, the proposed change in any charge or rule, regulation, or practice shall go into effect at the end of such period: *Provided*, That this subsection shall not apply to any initial schedule filed prior to October 1, 1941, by any such carrier (other than a carrier subject, at the time this part takes effect, to the provisions of the Intercoastal Shipping Act, 1933, as amended, or the Shipping Act, 1916, as amended) insofar as such schedule names charges on traffic, or for services connected therewith, as to which such carrier was in bona fide operation on January 1, 1940. “REPARATION AWARDS; LIMITATION OF ACTIONS

“Carrier” defined.

“SEC. 308. (a) For the purposes of this section the term ‘carrier’ means a water carrier engaged in transportation subject to this part (1) by way of the Panama Canal, or (2) as a common carrier by water on the high seas or the Great Lakes on regular routes from port to port.

Liability for damages.

“(b) In case any carrier shall do, cause to be done, or permit to be done any act, matter, or thing in this part prohibited or declared to be unlawful, or shall omit to do any act, matter, or thing in this part required to be done, such carrier shall be liable to the person or persons injured thereby for the full amount of damages sustained in consequence of any such violation, together with a reasonable counsel or attorney’s fee, to be fixed by the court in every case of recovery, which attorney’s fee shall be taxed and collected as part of the costs in the case.

Right of person damaged; remedies.

“(c) Any person or persons claiming to be damaged by any carrier may either make complaint to the Commission or may bring suit in his or their own behalf for the recovery of the damages for which such carrier may be liable under the provisions of subsection (b), in any district court of the United States of competent jurisdiction; but such person or persons shall not have the right to pursue both of said remedies.

Award.

“(d) If, after hearing on a complaint, the Commission shall determine that any party complainant is entitled to an award of damages under the provisions of this part for a violation thereof by any carrier, the Commission shall make an order directing the carrier to pay to the complainant the sum to which he is entitled on or before a day named.

Suit for recovery.

“(e) If such carrier does not comply with an order for the payment of money within the time limit in such order, the complainant, or any person for whose benefit such order was made, may file with the district court of the United States for the district in which he or it resides or in which is located the principal operating office of such carrier or in which is located any port of call on a route operated by such carrier, or in any State court of general jurisdiction having jurisdiction of the parties, a complaint setting forth briefly the causes for which he claims damages, and the order of the Commission in the premises. Such suit in the district court of the United States shall proceed in all respects like other civil suits for damages, except that on the trial of such suit the findings and order of the Commission shall be prima facie evidence of the facts therein stated, and except

If the plaintiff shall finally prevail he shall be allowed a reasonable attorney's fee, to be taxed and collected as a part of the costs of the suit.

"(f) (1) All complaints against carriers for the recovery of damages or overcharges shall be filed with the Commission within three years from the time the cause of action accrues, and not after.

"(2) The cause of action in respect of a shipment of property shall, for the purposes of this section, be deemed to accrue upon delivery or tender of delivery thereof by the carrier and not after.

"(3) A complaint for the enforcement of an order of the Commission for the payment of money shall be filed in the district court or the State court within one year from the date of the order, and not after.

"(4) The term 'overcharges' as used in this section means charges for transportation services in excess of those applicable thereto under the tariffs lawfully on file with the Commission.

"(5) The provisions of this subsection (f) shall take effect six months after this section becomes effective and extend to and embrace cases in which the cause of action has heretofore accrued.

"(g) In such suits all parties in whose favor the Commission may have made an award of damages by a single order may be joined as plaintiffs, and all of the carriers parties to such order awarding such damages may be joined as defendants, and such suit may be maintained by such joint plaintiffs and against such joint defendants in any district where any one of such joint plaintiffs could maintain such suit against any one of such joint defendants; and service of process against any one of such defendants as may not be found in the district where the suit is brought may be made in any district where such defendant has his or its principal operating office. Routes; ports.

“(d) Such certificate shall specify the route or routes over which, or the ports to and from which, such carrier is authorized to operate, and, at the time of issuance and from time to time thereafter, there shall be attached to the exercise of the privileges granted by such certificate such reasonable terms, conditions, and limitations as the public convenience and necessity may from time to time require, including terms, conditions, and limitations as to the extension of the route or routes of the carrier, and such other terms, and conditions, and limitations as are necessary to carry out, with respect to the operations of the carrier, the requirements of this part or those established by the Commission pursuant thereto: *Provided, however*, That no terms, conditions, or limitations shall restrict the right of the carrier to add to its equipment, facilities, or service within the scope of such certificate, as the development of the business and the demands of the public shall require, or the right of the carrier to extend its services over uncompleted portions of waterway projects now or hereafter authorized by Congress, over the completed portions of which it already operates, as soon as such uncompleted portions are open for navigation.

#### "ACCOUNTS, RECORDS, AND REPORTS

Authority of Commission.

"SEC. 313. (a) The Commission is hereby authorized to require annual, periodical, or special reports from water carriers and lessors (as defined in this section), and to prescribe the manner and form in which such reports shall be made, and to require from such carriers and lessors specific and full, true, and correct answers to all questions upon which the Commission may deem information to be necessary. Such annual reports shall give an account of the affairs of the carrier or lessor in such form and detail as may be prescribed by the Commission. Said annual reports shall contain all the required information for the period of twelve months ending on the thirty-first day of December in each year, unless the Commission shall specify a different date, and shall be made out under oath and filed with the Commission at its office in Washington within three months after the close of the year for which the report is made, unless additional time be granted in any case by the Commission. Such periodical or special reports as may be required by the Commission under this paragraph shall also be under oath whenever the Commission so requires.

Information required.

"(b) The Commission may also require any such carrier to file with it a true copy of any contract, charter, or agreement between such carrier and any other carrier or person in relation to transportation facilities, service, or traffic affected by the provisions of this part. The Commission shall not, however, make public any contract, charter, or agreement between a contract carrier by water and a shipper, or any of the terms or conditions thereof, except as a part of the record in a formal proceeding where it considers such action consistent with the public interest: *Provided*, That if it appears from an examination of any such contract that it fails to conform to the published schedule of the contract carrier by water as required by section 306 (e), the Commission may, in its discretion, make public such of the provisions of the contract as the Commission considers necessary to disclose such failure and the extent thereof.

"(c) The Commission may, in its discretion, for the purpose of enabling it the better to carry out the purposes of this part, prescribe a uniform system of accounts applicable to any class of water carriers, and a period of time within which such class shall have such uniform system of accounts, and the manner in which such accounts shall be kept.

“(d) The Commission shall, as soon as practicable, prescribe for water carriers the classes of property for which depreciation charges may properly be included under operating expenses, and the rate or rates of depreciation which shall be charged with respect to each of such classes of property, classifying the carriers as it may deem proper for this purpose. The Commission may, when it deems necessary, modify the classes and rates so prescribed. When the Commission shall have exercised its authority under the foregoing provisions of this subsection, water carriers shall not charge to operating expenses any depreciation charges on classes of property other than those prescribed by the Commission, or charge with respect to any class of property a rate of depreciation other than that prescribed therefor by the Commission, and no such carrier shall in any case include under operating expenses any depreciation charge in any form whatsoever other than as prescribed by the Commission.

“(e) The Commission may, in its discretion, prescribe the forms of any and all accounts, records, and memoranda to be kept by water carriers and lessors, including the accounts, records, and memoranda of the movement of traffic, as well as of the receipts and expenditures of money, and it shall be unlawful for such carriers or lessors to keep any accounts, records, and memoranda contrary to any rules, regulations, or orders of the Commission with respect thereto.

Forms of accounts, records, and memoranda.

“(f) The Commission or its duly authorized special agents, accountants, or examiners shall have authority to inspect and copy any and all accounts, books, records, memoranda, correspondence, and other documents, of such water carriers and lessors, and such accounts, books, records, memoranda, correspondence, and other documents of any person controlling, controlled by, or under common control with any such carrier as the Commission deems relevant to such person’s relation to or transactions with such carrier. The Commission or its duly authorized special agents, accountants, or examiners shall at all times have access to all lands, buildings, or equipment of such carriers or lessors, and shall have authority under its order to inspect and examine any and all such lands, buildings, and equipment. All such carriers, lessors, and persons shall submit their accounts, books, records, memoranda, correspondence, and other documents for the inspection and for copying authorized by this paragraph, and such carriers and lessors shall submit their lands, buildings, and equipment for inspection and examination, to any duly authorized special agent, accountant, or examiner of the Commission, upon demand and the display of proper credentials.

Preservation of records; destruction.

“(h) As used in this section, the words ‘keep’ and ‘kept’ shall be construed to mean made, prepared, or compiled, as well as retained; the term ‘lessor’ means a lessor of any right to operate as a water carrier; and the term ‘water carrier’ or ‘lessor’ includes a receiver or trustee of such water carrier or lessor.

Such designation may from time to time be changed by like writing similarly filed. Service of notices or orders in proceedings under this part may be made upon such carrier by personal service upon it or upon an agent so designated by it, or by registered mail addressed to it or to such agent at the address filed. In default of such designation, service of any notice or order may be made by posting in the office of the secretary of the Commission. Whenever notice or order is served by mail, as provided herein, the date of mailing shall be considered as the time of service. In proceedings before the Commission involving the lawfulness of rates, fares, charges, classifications, or practices, service of notice upon an attorney in fact of a carrier who has filed a tariff or schedule in behalf of such carrier shall be deemed to be due and sufficient service upon the carrier.

“(b) No order, based upon a finding that any water carrier has violated any provision of this part, shall be made by the Commission except after hearing upon complaint or after an investigation upon its own initiative.

“(c) The Commission may suspend, modify, or set aside its orders under this part upon such notice and in such manner as it shall deem proper.

(1) the relative economy and fitness of carriers by railroad, motor carriers, and water carriers for transportation service, or any particular classes or descriptions thereof, with the view of determining the service for which each type of carrier is especially fitted or unfitted; the methods by which each type can and should be developed so that there may be provided a national transportation system adequate to meet the needs of the commerce of the United States, of the Postal Service and of the national defense;

(2) the extent to which right-of-way or other transportation facilities and special services have been or are provided from public funds for the use, within the territorial limits of the continental United States, of each of the three types of carriers without adequate compensation, direct or indirect, therefor, and the extent to which such carriers have been or are aided by donations of public property, payments from public funds in excess of adequate compensation for services rendered in return therefor, or extensions of Government credit; and

(b) The Board is further authorized, in its discretion, to investigate or consider any other matter relating to rail carriers, motor carriers, or water carriers, which it may deem important to investigate for the improvement of transportation conditions and to effectuate the national transportation policy declared in the Interstate Commerce Act, as amended.

SEC. 303. The Board is authorized to employ, without regard to the civil service laws or the Classification Act, 1923, as amended, a secretary who shall receive compensation at the rate of \$7,500 per annum and a general counsel who shall receive compensation at the rate of \$9,000 per annum; and to employ, without regard to the civil service laws, a clerk to each member of the Board. “(1) DISTRIBUTIONS TO SHAREHOLDERS.—The term ‘distribution’ means a distribution by a corporation to its shareholders, and the term ‘distribution in stock’ means a distribution by a corporation in its stock or rights to acquire its stock. To the extent that a distribution in stock is not considered a distribution of earnings and profits it shall not be considered a distribution. A distribution in stock shall not be regarded as money or property paid in for stock, or as paid-in surplus, or as a contribution to capital.

“(2) DISTRIBUTIONS IN FIRST SIXTY DAYS OF TAXABLE YEAR.—In the application of such subsections to any taxable year beginning after December 31, 1940, so much of the distributions (taken in the order of time) made during the first sixty days thereof as does not exceed the accumulated earnings and profits as of the beginning thereof (computed without regard to this paragraph) shall be considered to have been made on the last day of the preceding taxable year.

“(3) COMPUTATION OF EARNINGS AND PROFITS OF TAXABLE YEAR.—For the purposes of subsections (a) (3) (B) and (b) (2) in determining whether a distribution is out of the earnings and profits of any taxable year, such earnings and profits shall be computed as of the close of such taxable year without diminution by reason of any distribution made during such taxable year or by reason of the tax under this subchapter for such year and the determination shall be made without regard to the amount of earnings and profits at the time the distribution was made.

“(4) STOCK IN CASE OF MERGER OR CONSOLIDATION.—If a corporation owns stock in another corporation, and—

“(A) such corporations are merged or consolidated in a statutory merger or consolidation, or

“(B) such corporations are parties to a transaction which results in the elimination of such stock in a manner similar to that resulting from a statutory merger or consolidation, then such stock shall not be considered as property paid in for stock of, or as paid-in surplus of, or as a contribution to capital of, the corporation resulting from the transaction referred to in subparagraph (A) or (B).

“(d) For special rules affecting computation of property paid in for stock in connection with certain exchanges and liquidations, see section 751 (a).

“(e) For determination of equity invested capital in special cases, see section 723.

#### “SEC. 719. BORROWED INVESTED CAPITAL.

“(a) BORROWED CAPITAL.—The borrowed capital for any day of any taxable year shall be determined as of the beginning of such day and shall be the sum of the following:

“(1) The amount of the outstanding indebtedness (not including interest, and not including indebtedness described in section 751 (b) relating to certain exchanges) of the taxpayer which is evidenced by a bond, note, bill of exchange, debenture, certificate of indebtedness, mortgage, or deed of trust, plus,

“(2) In the case of a taxpayer having a contract (made before the expiration of 30 days after the date of the enactment of the Second Revenue Act of 1940) with a foreign government to

furnish articles, materials, or supplies to such foreign government, if such contract provides for advance payment and for repayment by the vendor of any part of such advance payment upon cancellation of the contract by such foreign government, the amount which would be required to be so repaid if cancellation occurred at the beginning of such day, but no amount shall be considered as borrowed capital under this paragraph which has been includible in gross income.

“(1) The term ‘inadmissible assets’ means—

“Inadmissible assets.”

“(A) Stock in corporations except stock in a foreign personal-holding company; and

“(B) Except as provided in subsection (d), obligations described in section 22 (b) (4) any part of the interest from which is excludible from gross income or allowable as a credit against net income.

V, § 22 (b) (4).

“(2) The term ‘admissible assets’ means all assets other than inadmissible assets.

“Admissible assets.”

“(b) **RATIO OF INADMISSIBLES TO TOTAL ASSETS.**—The amount by which the average invested capital for any taxable year shall be reduced as provided in section 715 shall be an amount which is the same percentage of such average invested capital as the percentage which the total of the inadmissible assets is of the total of admissible and inadmissible assets. For such purposes, the amount attributable to each asset held at any time during such taxable year shall be determined by ascertaining the adjusted basis thereof (or, in the case of money, the amount thereof) for each day of such taxable year so held and adding such daily amounts. The determination of such daily amounts shall be made under regulations prescribed by the Commissioner with the approval of the Secretary. The adjusted basis shall be the adjusted basis for determining loss upon sale or exchange as determined under section 113.

*Ante*, p. 982.

“(c) **COMPUTATION IF SHORT-TERM CAPITAL GAIN.**—If during the taxable year there has been a short-term capital gain with respect to an inadmissible asset, then so much of the amount attributable to such inadmissible asset under subsection (b) as bears the same ratio thereto as such gain bears to the sum of such gain plus the dividends and interest on such asset for such year, shall, for the purpose of determining the ratio of inadmissible assets to the total of admissible and inadmissible assets, be added to the total of admissible assets and subtracted from the total of inadmissible assets.

“(d) **TREATMENT OF GOVERNMENT OBLIGATIONS AS ADMISSIBLE ASSETS.**—If the excess profits credit for any taxable year is computed under section 714, the taxpayer may in its return for such year elect to increase its normal-tax net income for such taxable year by an amount equal to the amount of the interest on all obligations held during the taxable year which are described in section 22 (b) (4) any part of the interest from which is excludible from gross income or allowable as a credit against net income. In such case, for the purposes of this section, the term ‘admissible assets’ includes such obligations, and the term ‘inadmissible assets’ does not include such obligations.

"(A) The tax under this subchapter for such taxable year computed without the inclusion in gross income of the portion of such item which is attributable to any other taxable year, and

"(B) The aggregate of the increase in the tax under this subchapter which would have resulted for each previous taxable year to which any portion of such item is attributable, computed as if an amount equal to such portion had been included in gross income for such previous taxable year.

#### SEC. 301. ALLOWANCE OF AMORTIZATION DEDUCTION.

53 Stat. 16, 867.  
26 U. S. C., Supp.  
V, § 23.

Section 23 of the Internal Revenue Code is amended by inserting at the end thereof the following new subsection:

“(t) AMORTIZATION DEDUCTION.—The deduction for amortization provided in section 124.”

*Post*, p. 999.

#### SEC. 302. COMPUTATION OF AMORTIZATION DEDUCTION.

53 Stat. 879.  
26 U. S. C., Supp.  
V, § 123.

The Internal Revenue Code is amended by inserting after section 123 the following new section:

**"SEC. 124. AMORTIZATION DEDUCTION.**

"(a) **GENERAL RULE.**—Every corporation, at its election, shall be entitled to a deduction with respect to the amortization of the adjusted basis of any emergency facility (as defined in subsection (e)), based on a period of sixty months. Such amortization deduction shall be an amount, with respect to each month of such period within the taxable year, equal to the adjusted basis of the facility at the end of such month divided by the number of months (including the month for which the deduction is computed) remaining in the period. Such adjusted basis at the end of the month shall be computed without regard to the amortization deduction for such month. The amortization deduction above provided with respect to any month shall, except to the extent provided in subsection (g) of this section, be in lieu of the deduction with respect to such facility for such month provided by section 23 (1), relating to exhaustion, wear and tear, and obsolescence. The sixty-month period shall begin as to any emergency facility, at the election of the taxpayer, with the month following the month in which the facility was completed or acquired, or with the succeeding taxable year.

"(b) **ELECTION OF AMORTIZATION.**—The election of the taxpayer to take the amortization deduction and to begin the sixty-month period with the month following the month in which the facility was completed or acquired shall (except as provided in subsection (d) (3)) be made only by a statement to that effect in its return for the taxable year in which the facility was completed or acquired. Its election to take the amortization deduction and to begin such period with the taxable year succeeding such year shall be made only by a statement to that effect in its return for such succeeding taxable year.

"(c) **TERMINATION OF AMORTIZATION DEDUCTION.**—A taxpayer which has elected under subsection (b) to take the amortization deduction provided in subsection (a) may, at any time after making such election, discontinue the amortization deductions with respect to the remainder of the amortization period, such discontinuance to begin as of the beginning of any month specified by the taxpayer in a notice in writing filed with the Commissioner before the beginning of such month. The deduction provided under section 23 (1) shall be allowed, beginning with the first month as to which the amortization deduction is not applicable, and the taxpayer shall not (except as provided in subsection (d)) be entitled to any further amortization deductions with respect to such emergency facility.

"(d) **TERMINATION OF AMORTIZATION PERIOD.**—

"(1) If the President has proclaimed the ending of the emergency period (as defined in subsection (e)), or if the Secretary of War or the Secretary of the Navy has, in accordance with regulations prescribed by the President, certified to the Commissioner that an emergency facility ceased, on the date specified in the certificate, to be necessary in the interest of national defense during the emergency period, and if the date of such proclamation or the date specified in such certificate occurs within sixty months from the beginning of the amortization period with respect to such emergency facility, then the taxpayer may elect (in accordance with paragraph (4) of this subsection) to terminate the amortization period with respect to such emergency facility as of the end of the month in which such proclamation was issued or in which occurred the date specified in such certificate, whichever is the earlier. In such case the amortization period with respect to such facility shall end with the end of such month in lieu of the end of the sixty-month period.

“(2) If the date of the proclamation or the date specified in the certificate referred to in paragraph (1) of this subsection occurs within sixty months from the beginning of the amortization period with respect to such emergency facility and after the beginning of the month which the taxpayer has previously fixed under subsection (c) for the taking, in lieu of the amortization deduction provided in this section, of the deduction allowed by section 23 (1), the taxpayer may elect (in accordance with paragraph (4) of this subsection) to terminate the amortization period with respect to such emergency facility as of the end of the month in which such proclamation was issued or in which occurred the date specified in such certificate, whichever is the earlier. In such case the amortization period with respect to such facility shall end with the end of such month in lieu of the end of the sixty-month period, and the termination of the amortization deduction under subsection (c) shall be disregarded.

“(3) In the case of a taxpayer which has not in either of its returns specified in subsection (b) elected to take an amortization deduction with respect to an emergency facility, if the date of the proclamation or the date specified in the certificate, referred to in paragraph (1) of this subsection, whichever is earlier, is before the expiration of sixty months from the last day of the month in which such emergency facility was completed or acquired, then the taxpayer may elect (in accordance with paragraph (4) of this subsection) the amortization deduction provided in subsection (a), using an amortization period beginning with the month following the month in which the emergency facility was completed or acquired and ending as of the end of the month within which such proclamation was issued or within which occurred the date specified in such certificate, whichever is the earlier.

“(4) The election provided in paragraph (1), (2), or (3) shall be made by filing with the Commissioner, in such manner, in such form, and within such time, as the Commissioner with the approval of the Secretary may by regulations prescribe, a statement of such election. When such election has been so made, then, under regulations prescribed by the Commissioner with the approval of the Secretary, the taxes for all taxable years, beginning with the taxable year in which the amortization period began, shall be computed in accordance with an amortization deduction computed in accordance with the method provided in subsection (a), but using (in lieu of the sixty-month period provided in such subsection) the amortization period specified in paragraph (1), (2), or (3), as the case may be.

“(5) RECOMPUTATION OF TAX IN CASE OF ELECTION UNDER THIS SUBSECTION.—If the adjustment of the income or excess-profits tax liability for any taxable year necessary to give effect to paragraph (4) of this subsection is prevented (A) on the date of the certificate of the Secretary of War or the Secretary of the Navy or on the date of the President's proclamation, whichever is the basis of the taxpayer's election under this subsection, or (B) within one year from such date, by any provision of law (other than this paragraph and other than section 3761, relating to compromises), an adjustment of the tax liability shall nevertheless be made if in respect of such taxable year a notice of deficiency is mailed or a claim for refund is filed, as the case may be, within one year after the date of such certificate or such proclamation, whichever is the basis of the taxpayer's election under this subsection. If at the time of the mailing of such notice of deficiency or the filing of such claim for refund, the

adjustment is so prevented, then the amount of the adjustment authorized in this paragraph shall be limited to the increase or decrease in the tax previously determined for such taxable year which results solely from the effect of paragraph (4) of this subsection, and such amount shall be assessed and collected, or credited or refunded, in the same manner as if it were a deficiency or an overpayment, as the case may be, for such taxable year and as if on the date of such certificate or such proclamation, whichever is the basis of the taxpayer's election under this subsection, one year remained before the expiration of the periods of limitation upon assessment or filing claim for refund for the taxable year. The tax previously determined shall be ascertained in accordance with section 3801 (d). The amount to be assessed and collected under this paragraph in the same manner as if it were a deficiency, or to be refunded or credited in the same manner as if it were an overpayment, shall not be diminished by any credit or set-off based upon any item, inclusion, deduction, credit, exemption, gain, or loss, other than one resulting from the effect of paragraph (4) of this subsection. Such amount, if paid, shall not be recovered by a claim or suit for refund or suit for erroneous refund based upon any item, inclusion, deduction, credit, exemption, gain, or loss, other than one resulting from the effect of paragraph (4) of this subsection.

## TITLE V—AMENDMENTS TO INTERNAL REVENUE CODE

### SEC. 501. EARNINGS AND PROFITS OF CORPORATIONS.

Internal Revenue Code, amendments. 53 Stat. 48. 26 U. S. C., Supp. V, § 115 (k).

Effect of gain or loss and of receipt of tax-free distributions.

(a) UNDER INTERNAL REVENUE CODE.—Section 115 of the Internal Revenue Code is amended by inserting at the end thereof the following new subsections:

"(1) EFFECT ON EARNINGS AND PROFITS OF GAIN OR LOSS AND OF RECEIPT OF TAX-FREE DISTRIBUTIONS.—The gain or loss realized from the sale or other disposition (after February 28, 1913) of property by a corporation—

"(1) for the purpose of the computation of earnings and profits of the corporation, shall be determined, except as provided in paragraph (2), by using as the adjusted basis the adjusted basis (under the law applicable to the year in which the sale or other disposition was made) for determining gain, except that no regard shall be had to the value of the property as of March 1, 1913; but

"(2) for the purpose of the computation of earnings and profits of the corporation for any period beginning after February 28, 1913, shall be determined by using as the adjusted basis the adjusted basis (under the law applicable to the year in which the sale or other disposition was made) for determining gain.

Gain or loss so realized shall increase or decrease the earnings and profits to, but not beyond, the extent to which such a realized gain or loss was recognized in computing net income under the law applicable to the year in which such sale or disposition was made. Where in determining the adjusted basis used in computing such realized gain or loss the adjustment to the basis differs from the adjustment proper for the purpose of determining earnings or profits, then the latter adjustment shall be used in determining the increase or decrease above provided. Where a corporation receives (after February 28, 1913) a distribution from a second corporation which (under the law applicable to the year in which the distribution was made) was not a taxable dividend to the shareholders of the second corporation, the amount of such distribution shall not increase the earnings and profits of the first corporation in the following cases:

"(1) No such increase shall be made in respect of the part of such distribution which (under such law) is directly applied in reduction of the basis of the stock in respect of which the distribution was made.

“(2) No such increase shall be made if (under such law) the distribution causes the basis of the stock in respect of which the distribution was made to be allocated between such stock and the property received.

“(m) EARNINGS AND PROFITS—INCREASE IN VALUE ACCRUED BEFORE MARCH 1, 1913.—

Increase in value accrued before March 1, 1913.

“(1) If any increase or decrease in the earnings or profits for any period beginning after February 28, 1913, with respect to any matter would be different had the adjusted basis of the property involved been determined without regard to its March 1, 1913, value, then, except as provided in paragraph (2), an increase (properly reflecting such difference) shall be made in that part of the earnings and profits consisting of increase in value of property accrued before March 1, 1913.

“(2) If the application of subsection (1) to a sale or other disposition after February 28, 1913, results in a loss which is to be applied in decrease of earnings and profits for any period beginning after February 28, 1913, then, notwithstanding subsection (1) and in lieu of the rule provided in paragraph (1) of this subsection, the amount of such loss so to be applied shall be reduced by the amount, if any, by which the adjusted basis of the property used in determining the loss, exceeds the adjusted basis computed without regard to the value of the property on March 1, 1913, and if such amount so applied in reduction of the decrease exceeds such loss, the excess over such loss shall increase that part of the earnings and profits consisting of increase in value of property accrued before March 1, 1913.”

(b) EFFECTIVE DATE OF AMENDMENT.—The amendment made by subsection (a) shall be applicable to taxable years beginning after December 31, 1938.

Effective date of amendment.

(c) UNDER PRIOR ACTS.—For the purposes of the Revenue Act of 1938 or any prior Revenue Act the amendments made to the Internal Revenue Code by subsection (a) of this section shall be effective as if they were a part of each such Revenue Act on the date of its enactment. Nothing in this subsection shall affect the tax liability of any taxpayer for any year which, on September 20, 1940, was pending before, or was theretofore determined by, the Board of Tax Appeals, or any court of the United States.

Under prior Acts.

(n) Upon application by the insured and under such regulations as the Administrator may promulgate, payment of premiums on such insurance may be waived during continuous total disability of the insured which commenced subsequent to the effective date of such insurance and which has existed for six consecutive months or more prior to the attainment by the insured of the age of sixty years, effective as of the due date of the monthly premium becoming payable on or after the first day of the seventh consecutive month of such disability: *Provided*, That application for waiver is made while the insurance is currently kept in force by the payment of premiums, and the insured furnishes proof satisfactory to the Administrator showing that he is and has been continuously totally disabled for six or more months prior to attaining sixty years of age.
