Salaries and expenses, Oil and Gas Division: For expenses necessary for coordinating and unifying policies and administration of Federal activities relative to oil, gas, and synthetic fuels, including cooperation with the petroleum industry and State authorities in the production, processing, and utilization of petroleum and petroleum products, natural gas, and synthetic fuels and the compilation of technical reports thereon, for administering and enforcing the provisions of the Act of February 22, 1935, as amended (15 U. S. C., ch. 15A); including personal services in the District of Columbia; for employment of a director without regard to the civil-service laws;
contract stenographic reporting services; purchase of not to exceed
four passenger motor vehicles for replacement only; and printing and
binding, $347,500.

Salaries and expenses, Board on Geographic Names: For necessary
expenses to carry out the provisions of the Act of July 25, 1947 (Public
Law 242), establishing a central authority for standardizing geo-
graphic names, including personal services in the District of Colum-
bia, stationery and office supplies, equipment, and printing and
binding, $14,200.

Salaries and expenses, soil and moisture conservation: For neces-
sary expenses of administering and carrying out directly and in
cooperation with other agencies a soil and moisture conservation pro-
gram on lands under the jurisdiction of the Department of the
Interior in accordance with the provisions of the Act of April 27, 1935
(16 U. S. C. 590a-500f), and Reorganization Plan Numbered IV,
including $115,000 for personal services in the District of Columbia;
printing and binding; furniture, furnishings, office equipment and
supplies; purchase of not to exceed seven passenger motor vehicles
for replacement only; and maintenance, and operation of aircraft;
$2,800,000: Provided, That this appropriation shall be available for
meeting expenses of warehouse maintenance and the procurement,
care, and handling of supplies, materials, and equipment stored therein
distribution to projects under the supervision of the Department
of the Interior: Provided further, That not to exceed $65,000 of the
unobligated balance of the appropriation for this purpose contained
in the Interior Department Appropriation Act, 1949, is hereby con-
tinued available to June 30, 1950.

Contingent expenses, Department of the Interior: For the con-
tingent expenses of the office of the Secretary and the bureaus and
offices of the Department (except as otherwise provided), including
teletype rentals and service; streetcar fares not exceeding $300;
traveling expenses, including not exceeding $10,000 for inspections and
investigations by the legislative branch as well as attendance at meet-
gings or conventions concerned with the work of the Department, and
any request from appropriate authority in such branch in connection
therewith shall be immediately complied with by administrative
authority in the Department; expense of taking testimony and pre-
paring the same in connection with disbarment proceedings instituted
against persons charged with improper practices before the Depart-
ment, its bureaus and offices; expense of translations, and not exceed-
ing $1,000 for contract stenographic reporting services; not exceeding
$700 for newspapers; and printing and binding, $215,000; and, in
addition thereto, sums transferred from other appropriations to this
for stationery supplies as follows: Bureau of Land Management,
$9,000; Geological Survey, $19,500; National Park Service, $7,500;

revert and be credited to the reclamation fund; Bureau of Mines,
$11,000.

Salaries and expenses, southeastern power marketing: For expenses
necessary to carry out the provisions of section 5 of the Flood Control
Act of 1944 (16 U. S. C. 825s), as applied to the area east of the
Mississippi River, for marketing power produced or to be produced
at multiple-purpose projects of the Corps of Engineers, Department
of the Army; purchase (not to exceed two) and hire of passenger
motor vehicles; services as authorized by section 15 of the Act of
August 2, 1946 (5 U. S. C. 55a); and printing and binding; $70,000.

Construction, operation, and maintenance, power transmission facili-
ties: For expenses necessary to carry out the provisions of section 5
of the Flood Control Act of 1944 (16 U. S. C. 825s), as applied to the
southwestern power area comprising the States of Arkansas and Louisiana, that part of the States of Kansas and Missouri lying south of the Missouri River Basin and east of the ninety-eighth meridian, and that part of the States of Texas and Oklahoma lying east of the ninety-ninth meridian and north of the San Antonio River Basin, including the construction and acquisition of transmission lines, substations, and related facilities; operation and maintenance of power transmission facilities; marketing of electric power and energy; not to exceed $15,000 for personal services in the District of Columbia; purchase (not to exceed sixteen, of which two shall be for replacement only) and hire of passenger motor vehicles; printing and binding; and services as authorized by section 15 of the Act of August 2, 1946 (5 U. S. C. 55a); to remain available until expended, $4,000,000, of which not to exceed $525,000 shall be available in the current fiscal year for operation and maintenance of power transmission facilities, marketing of electric power and energy, and administrative expenses connected therewith; and in addition, the Secretary is authorized to incur obligations and enter into contracts for materials, equipment, and services for the construction of power transmission facilities in an amount not to exceed $5,000,000.

The unexpended balance of funds appropriated in the Interior Department Appropriation Act, 1947, for "Construction, Southwestern Power Administration", shall remain available for expenditure during the current fiscal year for payment of obligations incurred under contracts executed on or before June 30, 1948.

Continuing fund, power transmission facilities: All receipts from the transmission and sale of electric power and energy under the provisions of section 5 of the Flood Control Act of December 22, 1944 (16 U. S. C. 825s), generated or purchased in the southwestern power area, shall be covered into the Treasury of the United States as miscellaneous receipts, except that the Treasury shall set up and maintain from such receipts a continuing fund of $300,000, including the sum of $100,000 in the continuing fund established under the Administrator of the Southwestern Power Administration in the First Supplemental National Defense Appropriation Act, 1944 (57 Stat. 621), which shall be transferred to the fund hereby established; and said fund of $300,000 shall be placed to the credit of the Secretary and shall be subject to check by him to defray emergency expenses necessary to insure continuity of electric service and continuous operation of the facilities, and to cover all costs in connection with the purchase of electric power and energy and rentals for the use of facilities for the transmission and distribution of electric power and energy to public bodies, cooperatives, and privately owned companies.

Missouri River Basin (reimbursable to the extent and as provided in the Act of December 22, 1944 (Public Law 534)) : For the partial accomplishment of the works to be undertaken by the Secretary of the Interior, pursuant to section 9 of the Act of December 22, 1944 (Public Law 534) and section 18 of the Flood Control Act of 1946 (Public Law 526) (including the construction of transmission lines and the purchase of power and emergency reconstruction of the La Prele unit, Wyoming) and for continuing investigations on the general plan of development, $81,668,660, to be immediately available and to remain available until expended, and in addition thereto the Commissioner of Reclamation is hereby authorized to incur obligations and enter into contracts for additional work, materials, and equipment in an amount not exceeding $6,364,000, including not to exceed $2,000,000 for power transmission lines: Provided, That this appropriation shall be expended, either independently or through or in cooperation with existing Federal and State agencies: Provided further, That in order to promote agreement among the States of Nebraska, Wyoming, and Colorado and to avoid any possible alteration of existing vested water rights, no part of this or of any prior appropriation shall be used for construction or for further commitment for
construction of the Glendo unit or any feature thereof, until a definite plan report thereon has been completed, reviewed by the States of Nebraska, Wyoming, and Colorado and approved by Congress: Provided further, That no part of this or prior appropriations shall be used for construction, nor for further commitments to construction of Moorhead Dam and Reservoir, Montana, or any feature thereof until a definite plan report thereon has been completed, reviewed by the States of Wyoming and Montana, and approved by the Congress: Provided further, That no part of this appropriation shall be available or used to maintain or operate Canyon Ferry Reservoir at a higher maximum normal pool elevation than three thousand seven hundred and sixty-six feet, unless and until new land in Broadwater County, Montana, equal in acreage to the irrigated land to be inundated in Canyon Ferry Reservoir above elevation of three thousand seven hundred and sixty-six feet is provided with facilities for irrigation.

COLORADO RIVER DAM FUND

Boulder Canyon project: For operation, maintenance, and replacements of the dam, power plant, and other facilities, of the Boulder Canyon project, $1,600,000, payable from the Colorado River dam fund, including payments to the Boulder City school district in accordance with the provisions of Public Law 528, approved May 12, 1948: Provided, That not to exceed $5,662.22 from the unobligated balance of the appropriation for operation, maintenance, and replacements of the dam, power plant, and other facilities of the Boulder Canyon project contained in the Interior Department Appropriation Act, 1948, may be utilized for additional payments to the Boulder City school district for the school year 1947-1948, to carry out the purposes of said Public Law 528. Said payments for dependents of those employees of the Bureau of Reclamation directly employed in the construction, operation, and maintenance of the project shall be deemed a part of the cost of operation and maintenance of said project under section 1 (a) of the Boulder Canyon Project Adjustment Act (Act of July 19, 1940, 54 Stat. 774). Other such payments shall be deemed nonproject costs. The Secretary shall submit to the Appropriations Committees annually a justification showing all investments and expenditures made or proposed out of the Colorado River dam fund, for the joint use of the project and of other Federal activities at or near Boulder City. In the proportion that such investments and expenditures were or shall be for the use of such other Federal activities and not related to the construction, operation, or maintenance of the project they shall be deemed nonproject investments and expenditures. The obligation under the provision of section 2 of the said Act to repay to the United States Treasury advances and readvances to the Colorado River dam fund which obligation is made the basis for computation of rates under the provisions of section 1 of said Act, shall be diminished in the amount that nonproject investments or expenditures are or have been made from said fund and the rates computed pursuant to said section 1 of said Act shall reflect such diminution.

COLORADO RIVER DEVELOPMENT FUND

Colorado River development fund (expenditure account): For investigations of projects for the utilization of waters of the Colorado River system in the four States of the upper division, as authorized by section 2 of the Boulder Canyon Project Adjustment Act, approved July 19, 1940 (54 Stat. 774), $500,000 from the Colorado River development fund (holding account), to remain available until expended: Provided, That the existence of this appropriation item shall not pre-
clude the use in any part of the States of the Colorado River Basin of funds appropriated for general investigations: Provided further, That no part of this appropriation shall be available for the preparation of any comprehensive plan or project report the construction estimates for which are not based upon current construction prices and costs.

No part of any appropriation for the Bureau of Reclamation, contained in this or any prior Act, which represents amounts earned under the terms of a contract but remaining unpaid, shall be obligated for any other purpose, regardless of when such amounts are to be paid: Provided, That the incurring of any obligation prohibited by this paragraph shall be deemed a violation of section 665 of title 31 of the United States Code.

Not exceeding 12 per centum of the construction appropriation for the Bureau of Reclamation for any project contained in this Act shall be available for construction work by force account and on a hired-labor basis; except that not to exceed $225,000 may on approval of the Commissioner be expended for construction work by force account on any one project when the work is unsuitable for contract or when excessive bids are received; and except in cases of emergencies local in character, so declared by the Commissioner.

The Departments of Air Force, Army, and Navy, the Civil Aeronautics Administration, and the War Assets Administration are authorized during the fiscal year 1950 to transfer to the Bureau of Reclamation aircraft engines, parts, accessories, and other aircraft equipment, materials and supplies, surplus to the needs of such agencies, as may be required by said Bureau of Reclamation, such transfers to be without charge therefor.

GEOLOGICAL SURVEY

For salaries and expenses necessary for the Geological Survey, including personal services in the District of Columbia; purchase (not to exceed one hundred and thirty-eight, of which ninety-three shall be for replacement only) and hire of passenger motor vehicles and the maintenance and operation of aircraft; exchange of unserviceable passenger and freight vehicles as part payment for new freight vehicles; and printing and binding and the purchase of reprints; as follows:

Salaries and expenses: For personal services in the District of Columbia, and other expenses, $343,000;

Topographic surveys: For topographic surveys in the United States, Alaska, the Virgin Islands, and Puerto Rico, $5,750,000, of which not to exceed $658,333 may be expended for personal services in the District of Columbia: Provided, That no part of this appropriation shall be expended in cooperation with States or municipalities except upon the basis of the State or municipality bearing all of the expense incident thereto in excess of such an amount as is necessary for the Geological Survey to perform its share of standard topographic surveys, such share of the Geological Survey in no case exceeding 50 per centum of the cost of the survey: Provided further, That $700,000 of this amount shall be available only for such cooperation with States or municipalities;

Geologic surveys: For geologic surveys in the United States and chemical and physical researches relative thereto, including the printing of geologic reports, $3,500,000, of which not to exceed $850,000 may be expended for personal services in the District of Columbia;

Mineral resources of Alaska: For investigation of the mineral resources of Alaska, $500,000, of which not to exceed $97,500 may be expended for personal services in the District of Columbia;
Gaging streams: For gaging streams and determining the water supply of the United States, its Territories and possessions, investigating underground currents and artesian wells and methods of utilizing the water resources, $4,125,000, of which not to exceed $10,000 may be expended for acquiring lands at gaging stations, and not to exceed $359,450 may be expended for personal services in the District of Columbia: Provided, That no part of this appropriation shall be expended in cooperation with States or municipalities except upon the basis of the State or municipality bearing all of the expense incident thereto, in excess of such an amount as is necessary for the Geological Survey to perform its share of general water resource investigations, such share of the Geological Survey in no case exceeding 50 per centum of the cost of the investigation: Provided further, That $2,940,000 of this amount shall be available only for such cooperation with States or municipalities: Provided further, That no part of the funds appropriated in this paragraph shall be used for the payment, directly or indirectly, for the drilling of water wells for the purpose of supplying water for domestic use: Provided further, That not to exceed $10,000 of this appropriation shall be available for payment of the compensation and expenses of the person appointed by the President pursuant to the Act of April 19, 1945 (Public Law 34), to participate as the representative of the United States in the negotiation of a compact between the States of Colorado and Kansas relative to the division of the waters of the Arkansas River and its tributaries, and for the payment of compensation and expenses of the person appointed by the President to participate as the representative of the United States in the administration of said compact as approved by the Congress (Public Law 82, Eighty-first Congress): Provided further, That, notwithstanding the provisions of any other law to the contrary, the President is authorized to appoint a retired officer of the Army as such representative without prejudice to his status as a retired Army officer who shall receive such compensation and expenses in addition to his retired pay;

Classification of lands: For the examination and classification of lands with respect to mineral character and water resources as required by the public land laws and for related administrative operations; for the preparation and publication of mineral-land classification and water-resources maps and reports; for engineering supervision of power permits and grants under the jurisdiction of the Secretary; and for performance of work for the Federal Power Commission, $320,000, of which not to exceed $80,000 may be expended for personal services in the District of Columbia;

Mineral leasing: For the enforcement of the provisions of the Acts of October 20, 1914 (48 U. S. C. 435), February 25, 1920 (30 U. S. C. 181), as amended, March 4, 1921 (48 U. S. C. 444), August 7, 1947 (30 U. S. C. 352), and other Acts relating to the mining and recovery of minerals on Indian, acquired and public lands and naval petroleum reserves, and for necessary related operations; and for every expense incident thereto, including supplies, equipment, travel, and the construction, maintenance, and repair of necessary camp buildings and appurtenances thereto, $725,000, of which not to exceed $85,000 may be expended for personal services in the District of Columbia;

Engraving and printing maps: For engraving and printing geologic and topographic maps, including services as authorized by section 15 of the Act of August 2, 1946 (5 U. S. C. 55a), $725,000;

Revolving fund: The funds appropriated under the subhead “Cooperative advance, Geological Survey”, in the Interior Department Appropriation Act, 1949, are hereby continued available for
establishing a revolving fund which shall be available, without fiscal-year limitation, exclusively for transfer to the single fund appropriation for the Geological Survey to cover obligations arising from authorized reimbursable services, pending receipt of reimbursements from cooperating agencies: Provided, That amounts so transferred shall be returned to the revolving fund not later than six months after the close of the fiscal year in which transferred.

During the current fiscal year the head of any department or independent establishment of the Government having funds available for scientific and technical investigations within the scope of the functions of the Geological Survey may, with the approval of the Secretary, transfer to the Geological Survey such sums as may be necessary therefor, which sums so transferred may be expended for the same objects and in the same manner as sums appropriated herein may be expended: Provided, That not to exceed 5 per centum of any of the appropriations for the Geological Survey may be transferred to any other of such appropriations, but no appropriation shall be increased more than 5 per centum thereby. Any such transfer shall be reported to Congress in the annual budget;

In the event that the Director of the Geological Survey deems it advantageous to the Government, the Geological Survey is authorized to contract for the furnishing of topographic maps made from aerial photographs, or for the making of geophysical or other specialized surveys: Provided, That the foregoing amounts for the Geological Survey shall be available in one fund.

The Geological Survey is hereby authorized to acquire by transfer without exchange of funds, for one year beginning July 1, 1949, from executive departments or independent establishments, equipment, materials, and supplies of all kinds, with an appraised value of not to exceed $150,000 from the surplus stores of these agencies: Provided, That the authorization in this paragraph shall not be construed to deny to veterans the priority accorded to them in obtaining surplus property under Public Law 375, approved May 3, 1946.

**BUREAU OF MINES**

Salaries and expenses: For expenses necessary for the general administration of the Bureau of Mines, including $108,500 for personal services in the District of Columbia, and printing and binding, including the purchase of reprints of scientific and technical articles published in periodicals and journals, $158,000.

Operating mine-rescue cars and stations and investigation of mine accidents: For expenses necessary for the investigation and improvement of mine-rescue and first-aid methods and appliances and the teaching of mine safety, rescue, and first-aid methods; investigations as to the causes of mine explosions, causes of falls of roof and coal, methods of mining, especially in relation to the safety of miners, the possible improvement of conditions under which mining operations are carried on, the use of explosives and electricity, the prevention of accidents, statistical studies and reports relating to mine accidents, and other investigations pertinent to the mining industry; including the construction of temporary buildings; equipment and supplies; printing and binding; travel expenses of employees in attendance at meetings and conferences held for the purpose of promoting safety and health in the mining and allied industries; and not to exceed $106,000 for personal services in the District of Columbia, $1,200,000, of which not to exceed $500 may be expended for the purchase and bestowal of certificates and trophies in connection with mine-rescue and first-aid work.
Control of fires in inactive coal deposits: For expenses, without regard to section 3709, Revised Statutes, as amended, necessary to enable the Bureau of Mines to investigate, control, and extinguish, on public lands and with the consent of the owner on private lands, fires in inactive coal deposits in the United States and its possessions, including emergency and temporary contracts for personal services and hire of vehicles and equipment necessary for the purposes of this appropriation; printing and binding; including the employment of personnel without regard to civil-service requirements, and not to exceed $17,500 for personal services in the District of Columbia; $500,000: Provided, That the Director is authorized to accept money, lands, buildings, equipment, and other contributions from public or private sources and to prosecute projects in cooperation with other agencies, Federal, State, or private: Provided further, That the said Director is hereby authorized and directed to make suitable arrangements with owners of private property or with a State or its subdivisions for payment of a sum equal to one-half the amount of expenditure to be made for control or extinguishment from funds provided under the authorization of this Act except that expenditure of Federal funds for this purpose in any privately owned operating coal mine shall be limited to investigation and supervision.

Coal-mine inspections and investigations: For expenses necessary to enable the Bureau of Mines to perform the duties imposed upon it by the Act of May 7, 1941 (30 U. S. C. 4f); including not to exceed $167,000 for personal services in the District of Columbia; purchase in the District of Columbia and elsewhere of furniture and equipment, stationery and supplies; printing and binding; operation, maintenance, and repair of motor-propelled trucks and other motor vehicles for official use and in transporting employees between their homes and temporary locations where they may be employed and expenses of employees in attendance at meetings and conferences held for promoting safety and health in the coal-mining industry; $2,700,000.

Testing fuel: For expenses necessary to conduct inquiries and scientific and technologic investigations concerning the mining, preparation, treatment, and use of mineral fuels, and for investigation of mineral fuels belonging to or for the use of the United States, with a view to their most efficient utilization; to recommend to various departments such changes in selection and use of fuel as may result in greater economy, and, upon request of the Director of the Bureau of the Budget, to investigate the fuel-burning equipment in use by or proposed for any of the departments, establishments, or institutions of the United States in the District of Columbia, including printing and binding; and not to exceed $112,000 for personal services in the District of Columbia; $621,000.

Anthracite mining investigations: For expenses necessary to conduct inquiries and scientific and technologic investigations concerning the mining, preparation, treatment, and use of anthracite coals; the employment of personnel without regard to civil-service requirements; not to exceed $25,000 for services as authorized by section 15 of the Act of August 2, 1946 (5 U. S. C. 55a); including items otherwise properly chargeable to the appropriation "Contingent expenses, Department of the Interior"; printing and binding; and not to exceed $32,100 for personal services in the District of Columbia; $420,000.

Lignite research laboratory: For completing the construction and equipment of a lignite research laboratory at Grand Forks, North Dakota, as authorized by the Act of March 25, 1948 (Public Law 454), including not to exceed $7,500 for personal services in the District of Columbia; $550,000, to remain available until expended for payment of obligations incurred pursuant to authority granted under this head in the Interior Department Appropriation Act, 1949.
Anthracite research laboratory: The Director of the Bureau of Mines is authorized to enter into contracts (not to exceed $300,000) for the completion of construction and equipment of the anthracite research laboratory at Schuylkill Haven, Pennsylvania.

Synthetic liquid fuels: For expenses, without regard to section 3709, Revised Statutes, as amended, necessary to carry into effect the Act authorizing the construction and operation of demonstration plants to produce synthetic liquid fuels from coal, oil shales, agricultural and forestry products, and so forth, approved April 5, 1944 (30 U. S. C. 321-325), as amended, including construction and acquirement of camp and laboratory buildings and equipment, personal services in the District of Columbia (not exceeding $175,000); printing and binding; and purchase in the District of Columbia and elsewhere of items otherwise properly chargeable to the appropriation “Contingent expenses, Department of the Interior”, $9,750,000, to remain available until expended: Provided, That these funds may be utilized to provide transportation between the plants and related facilities and communities that provide adequate living accommodations of persons engaged in the operation and maintenance of these plants; and for transportation to and from schools of pupils who are dependent of such persons: Provided further, That pursuant to agreements approved by the Secretary, the transportation equipment available to the Bureau of Mines may be pooled with that of school districts and other local or Federal agencies for use in transporting persons engaged in operation and maintenance of these plants, pupils who are dependents of such persons, and other pupils, and in the interest of economy the expenses of operating such equipment may be shared.

Mineral mining investigations: For scientific and technologic investigations concerning the mining, preparation, treatment, and utilization of ores and mineral substances, other than fuels, with a view to improving health conditions and increasing safety, efficiency, and economy in the mining, quarrying, metallurgical, and other mineral industries; including all equipment, supplies, expenses of travel, printing and binding, and not to exceed $44,300 for personal services in the District of Columbia, $420,000: Provided, That no part of this appropriation may be expended for an investigation in behalf of any private party.

Investigation and development of domestic mineral deposits, except fuels: For expenses necessary to enable the Bureau of Mines to investigate, develop, and experimentally mine, on public lands and with the consent of the owner on private lands, deposits of minerals in the United States and its possessions, including surface and subsurface investigations, laboratory tests, the construction, maintenance, repair of necessary camp buildings, core and equipment storage facilities, mining structures and appurtenances, the lease of lands or buildings; printing and binding; services as authorized by section 15 of the Act of August 2, 1946 (5 U. S. C. 55a); and not to exceed $60,000 for personal services in the District of Columbia; $2,000,000: Provided, That the Director of the Bureau of Mines, for the purposes of this appropriation, is authorized to accept lands, buildings, equipment, and other contributions from public or private sources and to prosecute projects in cooperation with other agencies, Federal, State, or private.

Drainage tunnel, Leadville, Colorado: To enable the Bureau of Mines to extend and operate the present Leadville, Colorado, drainage tunnel for the purpose herein authorized or by Public Law 133 of the Seventy-eighth Congress, $250,000, and in addition the Secretary is authorized to enter into contracts in an amount not to exceed $250,000.
Coal investigations: For expenses necessary to enable the Bureau of Mines to investigate known coal deposits in the United States and its possessions; including purchase of items otherwise properly chargeable to the appropriation, “Contingent expenses, Department of the Interior”; printing and binding; and not to exceed $51,200 for personal services in the District of Columbia; $261,000: Provided, That the Director of the Bureau of Mines is authorized to carry on such investigations in cooperation with other agencies, Federal, State, or private.

Oil and gas investigations: For inquiries and investigations and dissemination of information concerning the mining, preparation, treatment, and utilization of petroleum and natural gas, and for every expense incident thereto, including purchase in the District of Columbia and elsewhere of other items otherwise properly chargeable to the appropriation “Contingent expenses, Department of the Interior”; and printing and binding; $690,000, of which not to exceed $48,800 may be expended for personal services in the District of Columbia.

Mining experiment stations: For personal services, printing and binding, and other expenses in connection with the construction, establishment, maintenance, and operation of mining experiment stations, as provided in the Act of March 3, 1915 (30 U. S. C. 8), $1,400,000, of which not to exceed $46,000 may be expended for personal services in the District of Columbia.

Metallurgical research and pilot plants: For expenses necessary to enable the Bureau of Mines to conduct laboratory, pilot plant, and demonstration plant tests to establish methods for more effectively utilizing the mineral resources in the United States and its possessions, including the lease of lands or buildings; research on and development of processes for production and utilization of metals and nonmetallic minerals; construction of buildings to house laboratories, pilot plants, and demonstration plants; and other items otherwise properly chargeable to the appropriation “Contingent expenses, Department of the Interior”; printing and binding; and not to exceed $52,600 for personal services in the District of Columbia; $1,810,000: Provided, That the Director of the Bureau of Mines, for the purposes of this appropriation, is authorized to accept lands, buildings, equipment, and other contributions from public or private sources and to prosecute projects in cooperation with other agencies, Federal, State, or private.

Buildings and grounds, Pittsburgh, Pennsylvania: For care and maintenance of buildings and grounds at Pittsburgh and Bruceton, Pennsylvania, including personal services, and other expenses requisite for and incident thereto, including not to exceed $42,000 for additions and improvements, $260,000.

Economics of mineral industries: For investigations, and the dissemination of information concerning the economic problems of the mining, quarrying, metallurgical, and other mineral industries, with a view to assuring ample supplies and efficient distribution of the mineral products of the mines and quarries, including studies, and reports relating to uses, reserves, production, distribution, stocks, consumption, prices, and marketing of mineral commodities and primary products thereof; preparation of the reports of the mineral resources of the United States, including special statistical inquiries; printing and binding; purchase of furniture and equipment; stationery and supplies; other items otherwise properly chargeable to the appropriation “Contingent expenses, Department of the Interior”; and other necessary expenses not included in the foregoing, $950,000, of which not to exceed $792,250 may be expended for personal services in the District of Columbia.

Helium utilization and research: For expenses necessary to conduct inquiries and scientific and technologic investigations concerning
resources, production, repurification, storage, and utilization of helium, independently or in cooperation with other agencies, public or private; including purchase of items otherwise properly chargeable to the appropriation “Contingent expenses, Department of the Interior”; $97,500, of which not to exceed $10,700 may be expended for personal services in the District of Columbia.

Helium production and investigations: The sums made available for the current fiscal year in the Acts making appropriations for the Departments of the Air Force, Army, and Navy for the acquisition of helium from the Bureau of Mines shall be transferred to the Bureau of Mines on July 1 of said fiscal year, for operation and maintenance of the plants for the production of helium for military and naval purposes, including the purchase in the District of Columbia and elsewhere of items otherwise properly chargeable to the appropriation “Contingent expenses, Department of the Interior” (not exceeding $5,000); printing and binding; and $61,800 for personal services in the District of Columbia: Provided, That section 3709, Revised Statutes, as amended, shall not be construed to apply to this appropriation, or to the appropriation for development and operation of helium properties (special fund) in section 3 (c) of the Act of September 1, 1937 (50 U. S. C. 164): Provided further, That funds available for the production of helium and the development of helium properties may be utilized to provide transportation between helium plants and related facilities and communities that provide adequate living accommodations of persons engaged in the operation and maintenance of helium plants; and for transportation to and from schools of pupils who are dependents of such persons: Provided further, That pursuant to agreements approved by the Secretary, the transportation equipment available to the Bureau of Mines may be pooled with that of school districts and other local or Federal agencies for use in transporting persons engaged in operation and maintenance of helium plants, pupils who are dependents of such persons, and other pupils, and in the interest of economy the expenses of operating such equipment may be shared.

During the current fiscal year the head of any department or independent establishment of the Government having funds available for scientific investigations within the scope of the functions of the Bureau of Mines may, with the approval of the Secretary, transfer to the Bureau such sums as may be necessary therefor, which sums so transferred may be expended for the same objects and in the same manner as sums appropriated herein may be expended.

The Federal Security Administrator may detail medical officers of the Public Health Service for cooperative health, safety, or sanitation work with the Bureau of Mines, and the compensation and expenses of the officers so detailed may be paid from the applicable appropriations made herein for the Bureau of Mines.

The Bureau of Mines is authorized, during the current fiscal year, to sell directly or through any Government agency, including corporations, any metal or mineral product that may be manufactured in pilot plants operated from funds appropriated to the Bureau of Mines, and the proceeds of such sales shall be covered into the Treasury as miscellaneous receipts.

Appropriations in this Act to the Bureau of Mines shall be available for the purchase (not to exceed one hundred and fifty-one, of which one hundred and thirty-seven shall be for replacement only) and hire of passenger motor vehicles.

Not to exceed $50,000 of any available funds of the Bureau of Mines may be expended for reconstruction, replacement, and repair of buildings and utilities, and equipment under the jurisdiction of the Bureau.
Transfer of portion of Ft. Douglas Military Reservation, Utah.

Transfer of funds.

of Mines damaged or destroyed by fire, flood, storm, or other unavoidable causes.

The last paragraph under the head "Bureau of Mines" in the Interior Department Appropriation Act, 1949, is amended to read as follows: "The Department of the Army is authorized to transfer to the Department of the Interior, for the use of the Bureau of Mines, without compensation therefor, full jurisdiction, possession, and control of a parcel of ten acres, more or less, from that portion of Fort Douglas Military Reservation in the county of Salt Lake, State of Utah, which lies directly north and east of the site of the Bureau of Mines Intermountain Experiment Station and is described substantially as follows: All of that parcel of land bounded on the north by the southerly margin of Fort Douglas Boulevard; bounded on the west by the easterly margin of Fifteenth East Street extended and by a line running south from Monument Numbered 6, Fort Douglas Military Reservation, Utah, a distance of four hundred and eighty feet, to a point in line with the southerly margin of the five-acre tract at present occupied by the Department of the Interior, Bureau of Mines, bounded on the south by a line running east from said point in line with the southerly margin of said Bureau of Mines property, and by a line running west from Monument Numbered 6, Fort Douglas Military Reservation; and bounded on the east by a north and south line so located as to make the total enclosed area approximately ten acres."

NATIONAL PARK SERVICE

Salaries and expenses: For expenses, including personal services in the District of Columbia, necessary for the general administration of the National Park Service, including printing and binding, $856,000.

Regional offices: For expenses of regional offices, including printing and binding, $750,000.

National parks: For administration, protection, maintenance, and improvement of national parks, including necessary protection of the area of federally owned land in the custody of the National Park Service known as the Ocean Strip and Queets Corridor, adjacent to Olympic National Park, Washington, and printing and binding, $4,525,000.

National monument, historical, and military areas: For administration, protection, maintenance, improvement, and preservation of national monuments, historical parks, memorials, historic sites, military parks, battlefields, and cemeteries, including not exceeding $308 for right-of-way easements across privately owned railroad lands necessary for supplying water to the Statue of Liberty National Monument, printing and binding, and the maintenance of structures on the former Cape Hatteras Light Station Reservation within the Cape Hatteras National Seashore Recreational Area project, $2,150,000.

Recreational areas: For administration, protection, maintenance, and improvement, pursuant to cooperative agreements, of reservoir areas devoted to recreational use which are under the jurisdiction of other Federal agencies, including printing and binding, $227,800.

Emergency reconstruction and fighting forest fires: For reconstruction, replacement, and repair of roads, trails, bridges, buildings, and other physical improvements and of equipment in areas under the jurisdiction of the National Park Service that are damaged or destroyed by flood, fire, storm, or other unavoidable causes, and for fighting or emergency prevention of forest fires in areas administered by the National Park Service, or fires that endanger such areas, including lands in process of condemnation for national park or monument purposes, $30,000, together with such sums as may be necessary to be
transferred from the foregoing appropriations for the National Park Service, any such diversions of appropriations to be reported to Congress in the annual Budget: Provided, That the unexpended balance of the appropriation under this head in the First Deficiency Appropriation Act, 1948, shall remain available until June 30, 1950.

The total of the foregoing amounts shall be available in one fund for the National Park Service: Provided, That 5 per centum of the foregoing amounts shall be available interchangeably and any such diversion of funds shall be reported to Congress in the annual Budget.

Investigation and purchase of water rights: For the investigation and establishment of water rights, including the acquisition thereof or of lands or interests in lands or rights-of-way for use and protection of water rights necessary or beneficial in the administration and public use of areas under the jurisdiction of the National Park Service, and printing and binding, to remain available until expended, $15,000.

Recreational demonstration areas: For administration, protection, operation, and maintenance of recreational demonstration areas, including printing and binding, $20,000.

Salaries and expenses, National Capital Parks: For administration, protection, maintenance, and improvement of the Arlington Memorial Bridge, George Washington Memorial Parkway, monuments and memorials in the District of Columbia and area adjacent thereto, Lee Mansion, Battleground National Cemetery, Prince William Forest Park, Chesapeake and Ohio Canal, Federal parks in the District of Columbia, and other Federal lands authorized by the Act of May 29, 1930 (46 Stat. 482), including the pay and allowances in accordance with the provisions of the Act of May 27, 1924 (43 Stat. 174), as amended, of the United States park police force, purchase of revolvers and ammunition, purchase, cleaning, and repair of uniforms for police, guards, and elevator conductors, and equipment, per diem employees at rates of pay approved by the Secretary not exceeding current rates for similar services in the District of Columbia, and printing and binding, to remain available until expended, $1,050,000.

For investigations and studies (exclusive of the preparation of detailed plans and working drawings) of the recreational resources and for the survey and excavation of archeological resources in the river basins of the United States (except the Missouri River Basin and in areas under the primary jurisdiction of the National Park Service), including personal services in the District of Columbia, and printing and binding, $180,000.

Acquisition of lands: For the acquisition of privately owned lands or interests therein within the authorized boundaries of established areas under the jurisdiction of the National Park Service, and for the acquisition of lands for the Mammoth Cave National Park as authorized by the Act of June 30, 1948 (Public Law 851), including expenses incidental thereto, personal services in the District of Columbia, printing and binding, and services as authorized by section 15 of the Act of August 2, 1946 (5 U. S. C. 55a), $300,000, to remain available until expended, and, in addition, the Secretary is authorized to expend not to exceed $60,000 of the unexpended balance of funds appropriated pursuant to the Act of February 12, 1938 (16 U. S. C. 403j), for acquisition on behalf of the United States of lands and interests in lands in order to carry out the purpose of the Act of February 22, 1944 (16 U. S. C. 403b–11).

Independence National Historical Park, Pennsylvania: For expenses necessary to carry out the provisions of the Act of June 28, 1948 (Public Law 795), for establishing a national historical park in Philadelphia, Pennsylvania, including printing and binding, and expenditures authorized in section 6 of said Act, $500,000, to remain available until expended, and, in addition, the Secretary is authorized to expend not to exceed $60,000 of the unexpended balance of funds appropriated pursuant to the Act of February 12, 1938 (16 U. S. C. 403j), for acquisition on behalf of the United States of lands and interests in lands in order to carry out the purpose of the Act of February 22, 1944 (16 U. S. C. 403b–11).
Contract authority. Available until expended, and, in addition, the Secretary is authorized to incur obligations and enter into contracts, not exceeding a total of $3,935,000, for the acquisition of lands for purposes of the Independence National Historical Park.

Parkways, National Park Service: For continuing the construction and maintenance of the Blue Ridge, Natchez Trace, George Washington Memorial, Colonial, and Foothills Parkways, including printing and binding, personal services in the District of Columbia, and the construction, repair, or rehabilitation of buildings and utilities without regard to the Act of August 24, 1912, as amended (16 U.S.C. 451), $7,500,000, to remain available until expended, of which $5,180,000 shall be for the payment of obligations granted under this head in the Interior Department Appropriation Act, 1942, and the Interior Department Appropriation Act, 1949, and, in addition, the Secretary is hereby authorized to incur obligations and enter into contracts, not exceeding a total of $1,750,000, for the construction of the Blue Ridge, Natchez Trace, George Washington Memorial, Colonial, and Foothills Parkways.

Roads and trails, National Park Service: For the construction, reconstruction, improvement, and maintenance of roads and trails, as authorized by section 4a of the Act of June 29, 1948 (Public Law 834), including printing and binding, and personal services in the District of Columbia, $7,500,000, to remain available until expended, and, in addition, the Secretary is hereby authorized to incur obligations and enter into contracts, not exceeding $3,250,000, for the purposes authorized in section 4a of said Act.

Physical improvements, National Park Service: For the construction, reconstruction, and improvement of buildings and utilities not otherwise provided for, without regard to the Act of August 24, 1912, as amended (16 U.S.C. 451), and for carrying out the provisions of the Act of March 5, 1948 (Public Law 434), including printing and binding, and personal services in the District of Columbia, $3,847,000 (no part of which shall be available for obligation or expenditure with respect to the site known as Castle Clinton, situated in Battery Park, New York City, until title, including rights of ingress and egress, thereto satisfactory to the Attorney General of the United States is vested in the United States), to remain available until expended.

Appropriations herein made for the national parks, national monuments, and other reservations under the jurisdiction of the National Park Service, shall be available for the giving of educational lectures therein and vicinity; for the services of field employees in cooperation with such nonprofit scientific and historical societies engaged in educational work in the various parks and monuments as the Secretary may designate; for travel expenses of employees attending Government camps for training in forest-fire prevention and suppression and the Federal Bureau of Investigation National Police Academy, and attending Federal, State, or municipal schools for training in building fire prevention and suppression; for necessary local transportation and subsistence in kind of persons selected for employment or as operators, serving without other compensation while attending fire-protection training camps; and for official telephone service in the field in the case of official telephones installed in private houses when authorized under regulations established by the Secretary.

Appropriations herein made to the National Park Service for roads and trails shall be available for entering into contracts, without regard to section 3709 of the Revised Statutes (41 U.S.C. sec. 5), with States, political subdivisions, local governmental units, or agencies of the foregoing, for the performance of road construction or maintenance.

Wildlife resources and management investigations: For investigations of wild game, wild fur animals, and other wildlife resources, causes of their depletion, and of means of securing a maximum sustained yield therefrom; for investigations of the relations of wild animal life to forests, under section 5 of the Act approved May 22, 1928 (16 U. S. C. 581); for investigations of damage by birds to agricultural and horticultural crops, and developing and applying methods for control of such damage; and for investigations of the wildlife resources of the Territory of Alaska, $367,000.

Control of predatory animals and injurious rodents: For investigations and demonstrations in destroying animals injurious to agriculture, horticulture, forestry, animal husbandry, and wild game, and in protecting stock and other domestic animals through the suppression of rabies and other diseases in predatory wild animals as authorized by law (7 U. S. C. 426), including not to exceed $3,000 for the purchase of printed bags, tags, and labels; and for repairs, additions, and installations in and about the grounds and buildings of the game-management supply depot and laboratory at Pocatello, Idaho, including purchase, transportation, and handling of supplies and materials for distribution from said depot to other projects, in accordance with the provisions of the Act approved June 24, 1936 (16 U. S. C. 667), $1,080,000.

Protection of migratory birds: For the enforcement of the Migratory Bird Treaty Act of July 3, 1918, as amended, to carry into effect the treaty with Great Britain and the convention between the United States and the United Mexican States (16 U. S. C. 703–711); for cooperation with local authorities in the protection of migratory birds, including necessary investigations; for the enforcement of the Act for the protection of the bald eagle (16 U. S. C. 668–668d); for the enforcement of sections 241–244 of the Act approved March 4, 1909,
as amended (18 U. S. C. 391–394), and for the enforcement of section 1 of the Act approved May 25, 1900 (16 U. S. C. 701), including necessary investigations, $388,000, of which not to exceed $10,000 may be expended in the discretion of the Secretary for the purpose of securing information concerning violations of the laws for the enforcement of which this appropriation is made available.

Alaska fisheries and game: For carrying out the provisions of the Acts of June 26, 1906, and June 6, 1924 (48 U. S. C. 221–246), and Acts amendatory thereof and supplementary thereto, relating to fisheries, and the Act of July 1, 1943 (48 U. S. C. 192–211), as amended, relating to game, including the construction, improvement, repair, and alteration of buildings, roads, and other facilities, and contract stenographic reporting services, $1,250,000, of which not to exceed $10,000 may be expended in the discretion of the Secretary for the purpose of securing information in connection with and for the prosecution of violators of the laws for the enforcement of which this appropriation is made available.

Maintenance of mammal and bird reservations: For the administration, protection, and maintenance of mammal and bird reservations and the maintenance and protection of game introduced into suitable localities on public lands, under supervision of the Fish and Wildlife Service, including construction of fencing, wardens’ quarters, shelters for animals, landings, roads, trails, bridges, ditches, telephone lines, rockwork, bulkheads, repair of damage to public roads within reservation areas occasioned by authorized operations of the Fish and Wildlife Service, and other improvements necessary for economical administration; for the purchase, capture, and transportation of game for national reservations; for the maintenance of the herd of long-horned cattle on the Wichita Mountains Wildlife Refuge; and for carrying out the provisions of the Act approved August 5, 1947 (Public Law 361, Eightieth Congress), $1,755,500, and in addition thereto an amount equal to 75 per centum of the net proceeds received during the next preceding fiscal year under the provisions of section 401 of the Act of June 15, 1935 (16 U. S. C. 715S), which additional amount may be expended also for the enforcement of the Migratory Bird Treaty Act of July 3, 1918, as amended.

River basin studies: For investigations and studies to determine the effects on fish and wildlife resources of proposed developments of river basins of the United States (except the Missouri River Basin), and for the preparation of reports thereon in accordance with the Act of March 10, 1934 (16 U. S. C. 661–666), as amended, $175,000.

California wildlife management areas: For the purchase or rent, and development, maintenance, and administration of wildlife management areas in the State of California, as authorized by the Act of May 18, 1948 (Public Law 534), $250,000, to remain available until expended.

The foregoing amounts for the Fish and Wildlife Service shall be available in one fund.

MIGRATORY BIRD CONSERVATION FUND

For carrying into effect section 4 of the Act of March 16, 1934, as amended (16 U. S. C. 718–718h), an amount equal to the sum received during the current fiscal year from the proceeds from the sale of stamps, to be warranted monthly and to remain available until expended.

FEDERAL AID IN WILDLIFE RESTORATION

For carrying out the provisions of the Act of September 2, 1937, as amended (16 U. S. C. 669–669j), an amount equal to the sum credited during the next preceding fiscal year to the special fund created by said Act: Provided, That not exceeding 35 per centum of the amount
allocated to any State shall be available for the construction of buildings.

Of the funds appropriated in this Act for the Fish and Wildlife Service, not to exceed $1,266,430 may be expended for departmental personal services, including such services in the District of Columbia. Funds available for the work of the Fish and Wildlife Service shall be available for the purchase of not to exceed seventy-one passenger motor vehicles, of which sixty-four shall be for replacement only; purchase (not to exceed three), hire, maintenance, and operation of aircraft including, when purchasing aircraft and parts and accessories thereof, the exchange or sale of similar items and application of the exchange allowances or proceeds of sale in such cases in whole or in part payment thereof; the installation and operation of telephones in Government-owned residences, apartments, or quarters occupied by employees of the Fish and Wildlife Service; providing by purchase, construction, or otherwise, facilities incident to such public recreational uses of wildlife refuges as are not inconsistent with the primary purposes of such refuges; newspapers (not to exceed $100), plans and specifications for vessels, or for contract personal services for the preparation thereof without regard to section 3709, Revised Statutes, as amended (41 U.S.C. 5); printing and binding, including the purchase of reprints of scientific and technical articles published in periodicals and journals and the publication of bulletins which shall be adapted to the interests of the people of the different sections of the country, an equal proportion of four-fifths of the bulletins to be delivered to or sent out under addressed franks furnished by the Senators, Representatives, and Delegates in Congress as they may direct; and rations for officers and crews of vessels or, in lieu thereof, commutation of rations at not to exceed $2 per man per day; and for the expenditure from appropriations available for the purchase of lands of not to exceed $1 for each option to purchase any tract of land.

Reimbursements.

Reimbursements for the cost of supplies and materials and the transportation and handling thereof issued from central warehouses authorized to be established by the Act of June 24, 1936 (16 U.S.C. 667), may be credited to the appropriation current at the time supplies and materials are allotted, assigned, or issued, or at the time such reimbursements are received. Not to exceed 5 per centum of the foregoing amounts for expenses of the Fish and Wildlife Service shall be available interchangeably for expenditure on the objects included within the general expenses of said Service, but no more than 5 per centum shall be added to any one item or appropriation. The Departments of the Air Force, Army, and Navy, the Coast Guard, the Civil Aeronautics Administration, and disposal agencies are authorized to transfer to the Fish and Wildlife Service aircraft for replacement purposes only (but not necessarily of the same size or type or at the same locations), and such other equipment, materials, and supplies (with an appraised value of not to exceed $500,000), surplus to the needs of such agencies, as may be required by said Service, such transfers to be without charge therefor; and in addition the Departments of the Army and Navy, the Coast Guard, and the Maritime Commission are authorized to transfer without charge therefor vessels for replacement purposes only (but not necessarily of the same size or type or at the same locations) marine engines, parts and accessories surplus to the needs of such agencies.
