REMEMBER.

The Union Pacific is the easy route to Idaho and Wyoming, and the shortest line to Denver, Leadville, Salt Lake City, San Francisco, Portland, Puget Sound, and all Pacific Coast Points.

The Union Pacific is the only line from the Missouri River to points in the Far West, which offers its patrons a choice of four splendid routes.

The Union Pacific is the Central Short Line across the continent, and traverses the great business and health belt of America. It is, therefore, the favorite route for tourists, business men, home seekers and invalids.

The Union Pacific passes through the most interesting scenic sections of the Union. It affords its passengers a delightful ride across the great prairies, over the rugged mountains, and through the picturesque valleys of the Trans-Missouri region.

Finally, let every reader remember that the Union Pacific Railway is an old established line; that it is perfectly safe; that its equipment is nowhere surpassed; that it is the cool line for summer, and the sure and safe line for winter.
