A League

We are mostly old citizens
of the State of Arkansas and have
a deep interest in her prosperity - The
time fixed by you for the Election in
this State preparatory to permanent
organization we deem too short to
reach the loyalty of her people &
if you cannot consistently extend,
we do hope and earnestly insist
that you will not shorten but adhere
to the time fixed by yourself twenty
Eighth day of March next - but we do
assure good result - by Extension of the time
for a month or more Signed by
