

SAVE SEED CORN NOW!

An alarming shortage exists!
 The quality is poor
 The situation is everywhere the same—
 Very little SEED can be purchased.

1. *Save every good ear.*
2. *Test each ear.*
3. *Cure in a dry place.*
4. *Plant seed grown near home.*
5. *Save your surplus.*

If you buy seed, insist on a statement showing county and state where grown, and percentage of germination

Unless small supplies can be collected from numerous farmers, many counties in the Northwest will have nothing to plant in the spring. Report any surplus to your bank, which will arrange for its sale at a good price, or write to the

FEDERAL RESERVE BANK OF MINNEAPOLIS.
