Publication Pattern Workflow for Libraries That Currently Cannot Contribute Pattern Data to CONSER Records but Want to Make Use of the Existing Pattern Data Locally

Is MFHD functional in your ILS?

Yes

Edit 891’s in OCLC to match local holdings if necessary, and then export record. (1-2 minutes)

No

Encourage your ILS vendor to make MFHD functional.

While exporting the OCLC record, use a loader to import 853/863 to local check-in record. (30 seconds)

After the bib. record is exported to local database, copy and paste the 853/863 data from bib. record to record of appropriate type. (1-3 minutes)

Total estimated time: 2-5 minutes
