*Note: The PCC Operations Committee Meeting, originally scheduled for May 7-8, 2020, was cancelled due to the COVID-19 coronavirus pandemic. Links were added to the agenda, as they become available, for the presentations and reports that would have been delivered by the speakers had the in-person meeting taken place. Speakers were given a choice of file formats (PDF, PowerPoint, webinar, etc.).

Special thanks goes to OCLC for hosting a number of speakers at an OpCo 2020 webinar on May 21, 2020. Links to the recordings for the participating speakers' individual presentations are provided above; a link to the full playlist is also available here:

The four presentations on CONSER topics were made during a webinar hosted by the Library of Congress on June 4, 2020.

Presentations delivered via live webinar were open to all PCC members.
