Similar problems exist in NARs for other individuals whose works or selections have been published many times⁸.

Existing authority record:

100 0_ \$a Euripides. \$t Works. \$k Selections. \$l English. \$f 1998

400 0_ \$a Euripides. \$t 10 plays. \$f 1998

400 0_ \$a Euripides. \$t Medea and other plays. \$f 1998

400 0_ \$w nnea \$a Euripides. \$t Selections. \$l English. \$f 1998

667 __ \$a Do not use. Represents more than one expression. Reported for deletion.⁹

670 __ \$a Medea and other plays, 1998.

670 __ \$a 10 plays, c1998.

This NAR represents English translations of two separate sets of Euripides' plays. This record was replaced with the following two records (abbreviated):

100 0_ \$a Euripides. \$t Works. \$k Selections (Roche : 10 plays). \$l English

670 __ \$a Euripides. 10 plays, 1998: \$b title page (new translation by Paul Roche contents (Alcestis -- Hippolytus -- Ion -- Electra -- Iphigenia at Aulis -- Iphigenia among the Taurians -- Medea -- The Bacchae -- The Trojan women -- The Cyclops)

Note: there is more than one collection of Euripides's plays translated into English by Paul Roche, so the work-level preferred title includes two qualifiers

100 0_ \$a Euripides. \$t Works. \$k Selections (Morwood : 1998). \$l English

⁸ Under the April 2021 policy, conventional collective titles should continue to be used for selections of an agents works when the works were created before 1501.

⁹ Added to existing authority after new authorities for the two different expressions represented by the existing record were created.
