SUMMARY OF DECISIONS, LCSH/LCC EDITORIAL MEETING NUMBER 01 (2023)

January 20, 2023

This Summary of Decisions will be posted on LC's website and may be accessed at <http://www.loc.gov/aba/pcc/saco/cpsaed/cpsaeditorial.html>.

CLASSIFICATION

Changes were made as indicated on the approved list.

BS2417.K55

The work being cataloged is about knowledge in the New Testament and not specifically about the teachings of Jesus, which are found in the Gospels. The resource can be classed under BS2545.A-Z. Consideration should be given to submitting a proposal for BS2545.K58. The proposal was not necessary.

DK511.C37

In the class schedule DK511.A-Z includes the note: "Cutter numbers listed below are provided as examples." Therefore, the proposal for a cutter is not necessary.

[HQ57.5-.6]

Catalogers are encouraged to follow F 10, preferring classification by specific subject. The proposal is not necessary.

HQ1195

Areas related to feminist methodologies and systems of thought are classed as subtopics of their respective disciplines. Instead, a replacement proposal for *QH332.5* has been made. The proposal is not approved.

JC581

JC581 is in a hierarchy for state and the individual, human rights, and civil rights. The work being cataloged for the related subject proposal *Historical commissions* is general and not specific to human rights. The work being cataloged is better placed in the hierarchy for history. A replacement proposal for D16.127 has been made. The proposal is not approved.

JZ1305.5.A-Z

JZ1305 can be applied to the work being cataloged that has the subject heading *International relations—History*. JZ1329.5 might also be appropriate for the work being cataloging since its timespan covers contemporary international relations. The proposal is not necessary

LG481.Y63 and LG481.Y65

The Federal University of Technology, Yola falls under the category of technical schools, which class at T171-173 (see note in the class schedule under Individual institutions at LG). The LC shelflist classes Federal University of Technology, Yola at T173.Y6778. Since Modibbo Adama University of Technology, Yola is the later name of Federal University of Technology, Yola, both iterations take the same class number. Consider a proposal to formally establish T173.Y6778. The proposal is not necessary

PA5610.K75

The LC shelflist classes works by Geōrgios Kotzioulas at PA5610.K676. Per F 632, the work being cataloged should be classed with these works. Thus, the proposal is not necessary.

PQ6047.C34

The work being cataloged is not about the portrayal of Castilla y León in Spanish literature. Rather, it is about Spanish literature *from* Castilla y León. Consider resubmitting as PQ7001.C34-.C343. The proposal is not necessary.

PQ7297.A4815

Per F 632, the name of an author must be established in the name authority file before a class number can be proposed. José G. Alcaraz is not established in the name authority file. An author with the same name and same year of birth has a name authority record, but the year of death is 1933, not 1961. When a name authority record is established or corrected, the proposal may be resubmitted.

PQ7797.Q53

The name authority record for Horacio Rega Molina has a class number, PQ7797.R378. The LC shelf list classes works by Horacio Rega Molina accordingly. Consider a proposal to formally establish PQ7797.R378. The proposal is not approved.

TX945.35

The work being cataloged is a vocational guide for street-food businesses The record for the work being cataloged has the subject heading *Street food vendors—Vocational guidance*. *Street-food vendors*, a class of person, cannot take the free-floating subdivision *Vocational guidance* per H 2232. Moreover, the proposal is situated in the hierarchy of restaurants, cafeterias, tearooms, etc., which

are all food services and not classes of persons. The proposal may be resubmitted.

UB418.N66

This proposal accompanies subject proposals which are being withdrawn and will be placed on the separate list when additional headings for the work being cataloged are proposed. Therefore, this proposal will also be withdrawn and rescheduled along with additional subject proposals.

Z675.R69

This proposal is not necessary as the accompanying subject proposal is not necessary. It can be resubmitted if new proposals for *Royal libraries* and *Royal archives* are made. A resubmission would need respective correlating cutter numbers.

SUBJECT HEADINGS

Alabama Hills Recreation Area (Calif.)

The work being cataloged should be re-examined to determine whether Alabama Hills Recreation and National Scenic Area is the same as the Alabama Hills Recreation Area. If the work being cataloged contains information on coordinates and provides information that distinguishes Alabama Hills Recreation Area from National Scenic Area, it should be cited in the proposal. The information from GNIS in the 670 could not be verified and will need to be re-examined. When the work being cataloged and GNIS have been revisited with correct coordinates and distinctions, the proposal may be resubmitted.

Alcock family

The addition of the use for reference *Olcott family* has not been justified. When warrant is demonstrated, the proposal may be resubmitted.

Ara (The Greek word)

No English translation or paraphrase is given in the work being cataloged contra H 202. When an English translation or paraphrase of the title or another location in the work being cataloged is given, explaining the relationship of the work to the heading being proposed, the proposal may be resubmitted.

Jazz—2021-2030

There is no justification for the topical heading or dates in the work being cataloged. The proposal is not approved.

Kibby family

The proposed heading is not necessary because ***Kibbe family***, a variant of Kibby family, already exists. *Kibby family* can be added as a use for reference to the heading for ***Kibbe family***. Consider making a proposal to add a use for reference for *Kibby* to ***Kibbe family***. The proposal is not necessary.

Koreans in motion pictures

More warrant from the work being cataloged should be provided, indicating that the resource is about Korean people and not just Korea. The proposal may be resubmitted.

Levonorgestrel

The proposal needs further examination due to the other headings that are affected by the proposal. The proposal is withdrawn and retained.

Meghna River Watershed (Bangladesh)

The attempt to change the qualifier in order to correspond to the **Meghna River (Bangladesh)** is permitted per H 800. However, the work being cataloged lacks information about the area covered by the watershed, and a river and watershed do not automatically cover the same geographic jurisdictions. When warrant for the geographic extent of the watershed can be established, the proposal may be resubmitted.

Mountain temples

Supporting evidence of what constitutes a mountain temple must be provided from the work being cataloged. Clarity must be given regarding how a mountain temple differs from a temple or how it is situated on or in a mountain. The cataloger is encouraged to consult **Cave temples** for a hierarchy pattern. The proposal may be resubmitted.

Noncitizen soldiers; Immigrant veterans; United States—Armed Forces—Noncitizens

This group of headings will be withdrawn and placed on the separate list when additional headings for the work being cataloged are proposed.

Police brutality protests; Police brutality protests—Washington (State)

These proposals are not necessary as broader terms for *Capitol Hill Organized Protest, Seattle, Wash., 2020*.

Royal libraries and archives

Existing patterns in LCSH do not combine libraries and archives into a single heading. The cataloger is encouraged to propose two headings, *Royal libraries* and *Royal archives*, keeping in mind that per H 202, non-English works being cataloged and other cited sources must have text in English to explain the relationship of the work to the heading being proposed.

South Atlantic Region

The citation of the work being cataloged should define the geographic extent of this region. Further justification for the use for references is necessary. The proposal may be resubmitted.

Stade Olympique (Montreal Quebec); Stadiums—Québec (Province)

Per H 202, non-English works being cataloged and other cited sources must be translated into English and must explain the relationship of the work to the heading being proposed. When an English translation or paraphrase of the title or another location in the work being cataloged is given, the proposal may be resubmitted.

Stade Olympique (Montréal, Quebec; Stadiums—Québec (Province)

Per H 202, non-English works being cataloged and other cited sources must be translated into English and must explain the relationship of the work to the heading being proposed. When an English translation or paraphrase of the title or another location in the work being cataloged is given, the proposal may be resubmitted.

Subpixel imaging

The work being cataloged and other cited sources should provide justification for why the term “imaging” was chosen over “mapping.” The proposal may be resubmitted.

Taman Nasional Manupeu Tanah Daru (Indonesia)

The separate proposal for *Taman Nasional Matalawa (Indonesia)* indicates that it is a combination of two national parks, *Taman Nasional Manupeu Tanah Daru (Indonesia)* being one of those parks. Per H 1925, however, there is no need to establish a heading simply because it was a former part of a new heading. The proposal is not necessary.

Time in architecture

The work being cataloged is about the perceived longevity of a building, not time in architecture. The proposal is not necessary. Consider assigning **Time perception** and **Architecture–Philosophy** to the record.

GENRE/FORM TERMS

*Crime comics; **Detective and mystery comics***

The work being cataloged is an anthology of stories identified as *noir* in the title. Thus, the genre term **Noir comics** should be applied. Since the stories have themes of crime, the subject heading **Crime—Comic books, strips, etc.** can also be applied. The proposal is not necessary. **Detective and mystery comics** will retain *Crime comics* as a used for reference. The proposal is not necessary.

*Crime fiction; **Detective and mystery fiction***

The current scope note does not sufficiently demonstrate that *Crime fiction* is a broader term for **Detective and mystery fiction**. If a reciprocal contrasting scope note for *Crime fiction* and **Detective and mystery fiction** can be provided, the proposals may be resubmitted.

Electronic discussion groups

The majority of the citations in this proposal describe email discussion groups or listservs. Other citations are for software that support electronic discussion groups. **Software** is already an existing genre/form term as are different types of email (e.g., **Business correspondence**). If *Electronic discussion groups* can be shown to be separate from software and better demonstrate their existence beyond listservs and email, the proposal may be resubmitted.

Video games

If a scope note can be provided, differentiating *Video games* from software and supporting hardware, the proposal may be resubmitted.
