Law in general. Comparative and uniform law. Jurisprudence

Class here legal works that are universal in scope, works comparing the national (domestic) law of two or more jurisdictions in different regions, works on supraregional unification of law (e.g. Universal Copyright Convention, Universal Postal Convention, etc.), and works on private international law (conflict of laws).

For works on the law of jurisdictions within the same region, see the region

For public international law, see subclass KZ

Periodicals

Class here periodicals consisting predominantly of legal articles, regardless of subject matter and jurisdiction

For periodicals consisting primarily of informative material (newsletters, bulletins, etc.) relating to a particular subject, see the subject and the form division, Periodicals, in various subclasses

For law reports, official bulletins or circulars, and official gazettes intended chiefly for the publication of laws and regulations, see the appropriate entries in the text or form division tables of the various subclasses

For periodicals relating to the study of ancient or defunct (historic) legal systems, see the appropriate K subclasses, e.g. KJ166 Germanic law; KJA6 Roman law; KL6 Ancient law; etc.

By main entry

The book number, derived from the main entry, is determined by the letters following the letter for which the class number stands, e.g. K1.D87, Advocatus
