Religion in the public schools (May Subd Geog)
[LC107-LC120]
Here are entered works on the teaching of religion and/or the presentation of religious programs in the public schools as well as on the exercise of freedom of religion by students and school employees. Works on the inclusion or presentation of prayer in government-sponsored activities, or the use of school time for religious activities, are entered under Religion in the public schools. Works containing prayers or a period of silent prayer or meditation in the daily schedule of public schools are entered under Prayer in the public schools. Works containing collections of prayers for use in schools are entered under Schools—Prayers.

**Note:** The text appears to be a list of rivers, possibly for geographic or educational purposes. The content is fragmented and does not form a coherent narrative or question. The table structure suggests it might be part of a larger document, possibly a database or a list of references. The content includes names of rivers in Idaho, Illinois, and India, indicating a comparison or listing of water bodies in these states or countries. The text is not formatted as a question and does not require a direct answer. The nature of the content suggests it is likely educational or informational in nature. The context provided in the image does not align with the content of the text, indicating that the image may not be directly relevant to the textual content. The image is not used in this context and does not contribute to the interpretation of the text.
