

Free-Floating Subdivisions: Ethnic Groups H 1103

TYPES OF HEADINGS COVERED: The subdivisions listed below may be used on a free-floating basis, as appropriate, under subject headings for ethnic groups, including preliterate groups, historic peoples no longer in existence, races, and ethnic groups in the United States, for example, **Berbers; French-Canadians; Aboriginal Australians; Hmong (Asian people); Dinka (African people); Turkic peoples; Minoans; Blacks; Cuban Americans; Scandinavian Americans.** The category also includes the heading **Jews** and headings for Jews of various nationalities, for example, **Jews, Italian**, except for subdivisions noted in the list below and indicated by UF references in the subject authority file. Also included are headings for nationalities such as **Danish, Asians,** and **Ukrainians**, when they are used to designate those nationalities or regional inhabitants *outside* their native countries or regions. The category includes headings for the indigenous peoples of the Western Hemisphere: **Indians**; headings for the five major regional groupings of Indians: **Indians of Central America; Indians of Mexico; Indians of North America; Indians of South America;** and **Indians of the West Indies**; as well as groups of tribes and individual tribes established as subject headings. *Examples:* **Aleuts; Eskimos; Navajo Indians; Spokane Indians; Uto-Aztecan Indians; Zapotec Indians.** The separate pattern list for groups of Indians, H 1152, was discontinued in February 1994. This list does not cover the general headings **Indigenous peoples** and **Tribes**, nor the jurisdictional name headings established to represent the governments of tribes recognized by the United States government, for example, **Spokane Tribe of the Spokane Reservation, Washington.** For subdivisions used under classes of persons, including age and sex groups, social, economic, and political categories, members of religions, occupational groups, etc., see H 1100. Headings for such classes of persons qualified by ethnic or national adjectival qualifiers, such as **African American dentists, French students,** or **Alien labor, Turkish,** are also covered by H 1100 rather than this list.

NATIONALITIES: Do not subdivide headings for nationalities by subdivisions on this list to designate a topic in conjunction with a nationality in its own country. Instead, express the topic by headings of the type: **[topic]-[place]** or **[place]-[topic]**, for example, **Mental health-United States,** *not* **Americans-Mental health; Spain-Antiquities,** *not* **Spanish-Antiquities.** Subdivisions on this list may be used under headings for nationalities only to express topics in conjunction with those nationalities *outside* their native countries, for example, **Spanish-Florida-Antiquities; Turks-Employment-Germany.** For instructions on the construction and use of headings for nationalities, see H 1919.5.

*Note: Most form subdivisions coded \$v in this list may also be used as topical subdivisions coded \$x when assigned to works **about** the form (see H 1075, sec. 1.d.).*
