**PATTERN:** Automobiles

**TYPES OF HEADINGS COVERED BY THE PATTERN:** Headings for types of motorized vehicles used on land, including the heading Motor vehicles and headings for individual makes or models of land vehicles. *Examples:* Buses; Dune buggies; Farm tractors; Sports cars; Tanks (Military science); Trucks; Harley-Davidson motorcycle; Leopard (Tank); Mustang automobile.

**CONFLICTS:** Any subdivision listed here can be used as a free-floating subdivision under any heading belonging to the category if it is appropriate and no conflict exists in the subject authority file. Subject authority records may exist for headings employing variant phrases or subdivisions equivalent to subdivisions on this list.

**LC practice:**
If an exceptional variant form is to be retained, make a UF reference from the equivalent free-floating subdivision form following the procedures in H 195 if the reference does not yet exist. Otherwise, submit a proposal to change the variant form along with all bibliographic records requiring correction following the procedures in H 193.

*Note:* Most form subdivisions coded $v in this list may also be used as topical subdivisions coded $x when assigned to works about the form (see H 1075, sec. 1.d.).
