

Module 1 assignments to be completed before the third webinar:

1. Read:

[Case Study: Enriching and sharing cultural heritage data in Europeana](http://www.w3.org/2001/sw/sweo/public/UseCases/Europeana/) (2.5 pages)
<http://www.w3.org/2001/sw/sweo/public/UseCases/Europeana/>

2. View 2 videos:

- a. [Linked Open Data – What is it?](https://www.youtube.com/watch?v=uju4wT9uBIA) (3:42 minutes)
<https://www.youtube.com/watch?v=uju4wT9uBIA>
- b. [About Linked Jazz](https://vimeo.com/68308675) (6:37 minutes) <https://vimeo.com/68308675>

3. Classroom participation (July 23)

Consider these questions about the Case Study and the Videos for in class discussion:

- a. Why did the Europeana begin to use a semantic web model for its data?
- b. How did a linked data approach benefit the services offered by Europeana?
- c. How has library metadata enhanced the services of the Linked Jazz Project?
