Subject Authorities Distribution Error

Due to a software error, subject authority records were distributed recently with a blank Encoding Level. The error has been corrected and all records will be re-distributed as part of the normal weekly distribution on Tuesday, November 8, 2011.

There were 4 records with blank encoding level distributed in Issue 37, September 13, 2011.

There were 150 records with blank encoding level distributed in Issue 43, October 25, 2011.

There were 59 records with blank encoding level distributed in Issue 44, November 1, 2011. All of these were corrections and duplicates of those previously distributed.

We regret any inconvenience this may have caused.
