A.S. LLOYD, Publisher
164 Broadway N.Y.
Scale 2 Statute miles 1 Million
Fleet at Anchor

NOTES OF REFERENCE.
CAPITALS.
Forts, Batteries, and Arsenals.
County Towns
Villages.
Scale of Distances.—60 Miles to the Inch.
This Map exhibits only Railroads in running order.
Readers will observe that the large numbers over the roads refer to distances marked on the outside of the paper, which will locate the names and local features of each railroad. The running time of the trains will not be published in order to avoid the present constant changes of time.
The TIME DIAL shows the difference in time between Washington City, at noon, and that of the principal cities of America.
