Money, Stocks, Exchange.

PHILADELPHIA, Thursday evening, April 20.

The Stock market was very dull to-day. The good securities were steady, and the United States Government issues strong, and for City 6s (the new issue) an advance of 1@1½ was realized, but the fancies generally were weak and neglected, and for the Oil shares prices were irregular and lower, with more disposition to realize, Dalzell, Densmore and McClintock all showing a decline on previous sales, with moderate transactions.

Reading Railroad shares sold lightly at 51⅝@51⅞; Pennsylvania Railroad, 56¾; Mine Hill, 57; Catawissa preferred, 21; and Susquehanna Canal, 9.

City Bank stocks were quiet, and Passenger Railroad shares steady. Among the sales of the latter we notice Arch Street Railroad at 14, and Second and Third at 67¼.

The United States 5-20 bonds brought 105⅞@106; the 10s, 93; 6s of '81, 103½; City 6s, new, 92@92¼; 1861 issue, 90; Camden and Amboy Railroad 6s, 93⅜, 90; and Union Canal bonds, 20.

The subscriptions to the 7-30 loan received by Jay Cooke to-day amount to $3,62,300, including one of $170,500 from New York, one of $304,500 from Pittsburg, one of $210,000 from Chicago, one of $200,000 from Washington, and one of $100,000 from Memphis, Tennessee. There were 2,144 individual subscriptions of $50@100 each.

Gold opened very dull to-day and nearly nominal at 146¾. There was no meeting of the Board at New York, and nothing done after 11 o'clock.

Money continues very abundant, but without any change in quotations.

The Dry Goods trade has been very active this week notwithstanding the exciting and mournful news of the assassination of President Lincoln, and most of the leading articles of domestic goods the stocks are very much reduced, and prices tending upward. For some styles, bleached cottons and prints especially, an advance of 10@15 per cent. has been realized, the demand being far in advance of the supply and the market generally very strong. For woolens the inquiry is also better, and the prices of all seasonable styles rule in favor of the sellers, with moderate but well assorted stocks on sale.

Trade and Commerce.

THE MARKET.—THURSDAY EVENING, April 20.—There is no demand for breadstuffs and flour, and 1st No. 1 is dull and nearly nominal at $29 ₰ ton.

The COTTON market is firmer and more active, and sales of 200 bales are reported at 37c for Middlings, which establishes a higher range.

There is little or no inquiry for Flour, and the market is unsettled and dull at previous quoted rates. Sales of 300 bbls at $8 25@8 50 for extra family, and superfine; $8 25@8 75 for extras, and $9@10 ₰ bbl for extra family, the latter for high grade. The receipts and stocks continue light, and holders generally are desirous to sell. Rye flour is in fair request at $7 50@8 ₰ bbl.

There is very little doing; there is more offering and prices favor the buyers, with sales of some 600 bushels prime to new at 200@210c for fair to prime reds, the latter for choice, and 220@230c for white. RYE is steady at 125c. CORN is active and firm, and about 10,0 0 bushels yellow sold at 125c, afloat, and 122c in store, mostly at the former figure. OATS are steady with further sales of 60@65c for Pennsylvania and 66@67c for Delaware.

BARLEY is also reported at 100c. MALT remains quiet.

In GROCERIES we hear of nothing doing to alter quotations.

The PROVISION market is unchanged; a sale of 50 hhds Bacon Hams, prime sugar cured, was made at 19½c, some Pickled do. at 17@18c, and Shoulders, in salt, at 15½c ₰ lb. Tierce LARD is quoted, at 19@19½c ₰ lb.

BUTTER and CHEESE are dull.

There is a good demand for CLOVERSEED and very little prime offering; small sales are making at $18@18½ ₰ bushel. TIMOTHY is firm at $4 50. FLAXSEED is selling at $2 50@2 55 ₰ bushel.

There is very little demand for WHISKY, and bbls are offered at 217c. without sales to any extent.

DRY GOODS AUCTION SALE, April 20.—Messrs. John B. Myers & Co. sold to-day about 600 packages and lots foreign and domestic Dry Goods, on 4 months' credit. The company was large and the bidding spirited, with a manifest improvement in prices; and the whole catalogue, with very few exceptions, was disposed of. The Cotton goods realized full rates, and several styles were duplicated. The Linen goods brought an advance on last week's rates, and a line of well assorted stocks on sale.
