

—2003 FLICC Information Technology Update—

Institutional Archives and Repositories In Government

Digital institutional archives and repositories are sweeping through academia as a way to manage the intellectual output of an organization and counter the scholarly communications crisis. Join your colleagues to find out how this digital movement affects federal libraries. The program will

- Define institutional archives/repositories
- Describe current archive web applications
- Discuss copyright implications
- Address digital archiving issues
- Explore implementation strategies
- Examine new legislation on access
