

The Future of the Federal Library

The information technology and knowledge management disciplines have been converging on the traditional library science space for the past decade, creating unique opportunities and challenges for federal libraries. This year's update from the FLICC Content Management Working Group will focus upon several of these areas of opportunity and challenge to better equip federal libraries and information centers for the future.

Date Wednesday, September 14, 2005	Registration \$95 (charge to FEDLINK Training Account/FT) \$105 (for all other transactions)
