money to be expended under the direction of the Secretary of War, or so much thereof as may be necessary for said purpose.

SEC. 2. That before any money shall be expended as aforesaid the title to the right of way shall be granted to the United States free of cost.

Approved, June 29, 1888.

CHAP. 502.—An act to authorize the construction of a wagon and foot-passenger bridge across the Noxubee River, at or near Gainsville, in the State of Alabama.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the court of county commissioners of Sumter County, Alabama, be, and are hereby, authorized to construct and maintain, if, in the opinion of the Secretary of War the same be a public necessity, a wagon and foot-passenger bridge across the Noxubee River, at a point at or near Gainsville, Alabama; that said bridge shall not interfere with the free navigation of said river beyond what is necessary in order to carry into effect the rights and privileges hereby granted; and in case of any litigation arising from any obstruction or alleged obstruction to the navigation of said river, the cause may be tried before the circuit court of the United States in and for any district in which any of said bridge obstruction may be. Said bridge shall be constructed to provide for the safe and convenient passage of wagons and vehicles of all kinds, animals, and foot-passengers. And if tolls shall be charged for the passage of wagons or other vehicles, or of animals and foot-passengers, the rates thereof may be fixed by the Secretary of War, on appeal to him for that purpose, and no higher charges shall be made than shall be established by him.

SEC. 2. That any bridge built under the provisions of this act may, at the option of Sumter County building the same, be built as a draw-bridge or with unbroken and continuous spans: Provided, That if the said bridge shall be made with unbroken and continuous spans it shall give clear head-room of not less, in any case, than forty-eight feet above extreme high-water mark as understood at the point of location, nor shall the spans of said bridge give a clear width of water-way of less than seventy-five feet, and the piers of said bridge shall be parallel with the current of said river, and the bridge itself at right angles thereto: Provided also, That if the said bridge be built as a draw-bridge, the draw shall be built over the main channel of the river at a convenient and the most accessible point, giving a clear width of water-way of not less than seventy-five feet, and that said draw shall be opened promptly upon reasonable signal for the passage of boats, and said county commissioners shall maintain, at their own expense, from sunset to sunrise, such lights or other signals on said bridge as the Light-House Board shall prescribe.

SEC. 3. That any bridge constructed under this act and according to its limitations shall be a lawful structure and shall be known as a postal-route, and the same is hereby declared to be a post-route, upon which also no higher charge shall be made for the crossing of mails, troops, and munitions of war of the United States, and for freight passing over said bridge, than is charged for the same services from the public, and equal privileges in the use of said bridge shall be granted to all telegraph companies, and the United States shall have the right of way for postal telegraph purposes across said bridge.

SEC. 4. That the structure herein authorized shall be built and located under, and subject to, such regulations for the security of the navigation of said river as the Secretary of War shall prescribe and to secure that object the said company or corporators shall submit to the Secretary of War, for his examination and approval, a design and drawing of the bridge and a map of the location, giving:
for space of one-half mile above and below the proposed location the
topography of the bank of the river, the current of the river at high
and low water, the location of any other bridge or bridges, together
with such other information as the Secretary of War may prescribe,
and until the plan and location of the said bridge are approved by the
Secretary of War the bridge shall not be built, and should any change
be made in the plan of said bridge during the progress of construc-
tion, such changes shall be subject to the approval of the Secretary
of War. And all expenses attending such changes shall be paid by
the company constructing said bridge; or, if the Secretary of War
shall require any change in said bridge or the entire removal of
the same after its completion, the same shall be at the cost of the
company, and if such changes or removal shall not be made when
required, the Secretary of War may make such changes or removal,
and cause proceedings to be instituted in the name of the United
States in any circuit court of the United States in whose jurisdiction
any part of said bridge is located to recover from the company or
persons owning said bridge the amount which may be expended by
the United States in such alterations or removal.

SEC. 5. That the right to alter, amend, or repeal this act is hereby
expressly reserved.

SEC. 6. That this act shall be null and void if actual construction
of the bridge herein authorized be not commenced within one year
and completed within three years from the date thereof.

Approved, June 29, 1888.
