taken or damage done by reason of the construction of such railway and telegraph and telephone line. In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisement of disinterested referees, to be appointed, one (who shall act as chairman) by the President, one by the principal chief of the Choctaw Nation, and one by said railway company, who, before entering upon the duties of their appointment, shall take and subscribe, before a judge or clerk of a United States court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to and filed with, the Secretary of the Interior within sixty days from the completion thereof; and upon the failure of either party to make such appointment within thirty days after the appointment made by the President, the vacancy shall be filled by the judge of the United States court for the central district of the Indian Territory upon the application of the other party. A majority of said referees shall be competent to act in case of the absence of a member, after due notice. The chairman of such board shall appoint the time and place for all hearings: *Provided*, That the hearings shall be within the county where the property is situated for which compensation is being assessed for the taking thereof or damage thereto, and at a place as convenient as may be for said occupant, unless the said occupant and said railway company agree to have the hearing at another place. Each of said referees shall receive for his services the sum of four dollars per day for each day he is engaged in assessing compensation, with mileage of five cents per mile for each mile necessarily traveled in the discharge of his duties. Said board of referees shall have power to call for and examine witnesses under oath, and said witnesses shall receive the usual fees allowed witnesses by the laws of the Choctaw Nation. Costs, including compensation of the referees, shall be made a part of the award and be paid by the said railway company. The said court shall have jurisdiction to hear and determine the subject-matter of said petition, and the same shall be heard and determined by said court in accordance with the laws now in force or hereafter enacted for the government of said court; and the measure of damages in condemning property authorized by this Act shall be that prescribed by the laws of the State of Arkansas, in so far as the same are not inconsistent with the laws now in force or hereafter enacted for the government of the United States courts in said Choctaw Nation in such cases. If the judgment of the court shall be for a larger sum than the award of the referees, the costs of the litigation shall be adjudged against the railway company, and if the judgment of the court shall be for the same as the award of the referees, then the costs shall be adjudged against the appellant. If the judgment of the court shall be for a smaller sum than the award of the referees, then the costs shall be adjudged against the party claiming damages. When proceedings shall have been commenced in court the railway company shall pay double the amount of the award into court to abide the judgment thereof, and then shall have the right to enter upon the property sought to be condemned and proceed with the construction of the railroad and telegraph and telephone line. If such appeal is not taken as hereinbefore set forth, the award shall be conclusive and final, and shall have the same force and effect as a judgment of a court of competent jurisdiction.

SEC. 5. That said railway company is authorized and hereby given

the right to connect or cross with its tracks the tracks and railroad of any other company or person owning or operating a railway in the said Choctaw Nation. In case of failure to make amicable settlement with any such corporation or person for such crossing, such compensation shall be determined in the same manner as hereinbefore provided for determining the compensation for land and other property taken and damaged.

SEC. 6. That said railway company shall not charge the inhabitants of said nation a greater rate of freight than the rate authorized by the laws of the State of Arkansas for services or transportation of the same kind: *Provided*, That passenger rates on said railway shall not exceed three cents per mile. Congress hereby reserves the right to regulate the charges for freight and passengers on said railway and messages on said telegraph and telephone lines until a State government or governments shall exist in said nation within the limits of which said railway or a part thereof shall be located, and then such State government or governments shall be authorized to fix and regulate the cost of transportation of persons and freights within their respective limits of said railway; but Congress expressly reserves the right to fix and regulate at all times the cost of such transportation by said railway or said company whenever such transportation shall extend from one State into another or shall extend into more than one State: *Provided, however*, That the rate of such transportation of passengers, local or interstate, shall not exceed the rate above expressed: *And provided further*, That said railway company shall carry the mail at such prices as Congress may by law provide; and until such rate is fixed by law the Postmaster-General may fix the rate of compensation.

SEC. 7. That said railway company shall pay to the Secretary of the Interior, for the benefit of the Choctaw Nation, the sum of fifty dollars, in addition to the compensation provided for in this Act, for property taken and damages done to individual occupants by the construction of the railway, for each mile of railway that it may construct in said nation, said payments to be made in installments of five hundred dollars as each ten miles of road is graded: *Provided*, That if the general council of the Choctaw Nation, within four months after the filing of maps of definite location, as hereinafter set forth, dissents from the allowance hereinbefore provided for, and shall certify the same to the Secretary of the Interior, then all compensation to be paid to said nation under the provisions of this Act shall be determined as provided in section three for the determination of the compensation to be paid to the individual occupant of lands, with the right of appeal to the courts upon the same terms, conditions, and requirements as therein provided: *Provided further*, That the amount awarded or adjudged to be paid by said railway company for said dissenting nation shall be in lieu of the compensation said nation would be entitled to receive under the foregoing provision. Said company shall also pay, so long as said Territory is owned and occupied by the Choctaw Indians, to the Secretary of the Interior the sum of fifteen dollars per annum for each mile of railway it shall construct in the said nation. The money paid to the Secretary of the Interior under the provisions of this Act shall be disbursed by him in accordance with the laws and treaties now in force within said nation: *Provided*, That Congress shall have the right, so long as said lands are occupied and possessed by said nation, to impose such additional taxes upon said railway as it may deem just and proper for the benefit of said nation, and any Territory or State hereafter formed through which said railway shall have been established may exercise the like power as to such part of said railway as may lie within its limits. Said railway company shall have the right to survey and locate its railway immediately after the passage of this Act.

SEC. 8. That said company shall cause maps showing the route of its located lines through said nation to be filed in the office of the Secretary of the Interior, and also to be filed in the office of the principal chief of the said nation; and after the filing of said maps no claim for
