

CHAP. 299.—An Act Extending the homestead laws and providing for right of way for railroads in the District of Alaska, and for other purposes.

May 14, 1898.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the homestead land laws of the United States and the rights incident thereto, including the right to enter surveyed or unsurveyed lands under provisions of law relating to the acquisition of title through soldiers' additional homestead rights, are hereby extended to the District of Alaska, subject to such regulations as may be made by the Secretary of the Interior; and no indemnity, deficiency, or lieu lands pertaining to any land grant whatsoever originating outside of said District of Alaska shall be located within or taken from lands in said District: *Provided,* That no entry shall be allowed extending more than eighty rods along the shore of any navigable water, and along such shore a space of at least eighty rods shall be reserved from entry between all such claims, and that nothing herein contained shall be so construed as to authorize entries to be made, or title to be acquired, to the shore of any navigable waters within said District: *And it is further provided,* That no homestead shall exceed eighty acres in extent.

SEC. 2. That the right of way through the lands of the United States in the District of Alaska is hereby granted to any railroad company, duly organized under the laws of any State or Territory or by the Congress of the United States, which may hereafter file for record with the Secretary of the Interior a copy of its articles of incorporation, and due proofs of its organization under the same, to the extent of one hundred feet on each side of the center line of said road; also the right to take from the lands of the United States adjacent to the line of said road, material, earth, stone, and timber necessary for the construction of said railroad; also the right to take for railroad uses, subject to the reservation of all minerals and coal therein, public lands adjacent to said right of way for station buildings, depots, machine shops, side tracks, turn-outs, water stations, and terminals, and other legitimate railroad purposes, not to exceed in amount twenty acres for each station, to the extent of one station for each ten miles of its road, excepting at terminals and junction points, which may include additional forty acres, to be limited on navigable waters to eighty rods on the shore line, and with the right to use such additional ground as may in the opinion of the Secretary of the Interior be necessary where there are heavy cuts or fills: *Provided,* That nothing herein contained shall be so construed as to give to such railroad company, its lessees, grantees, or assigns the ownership or use of minerals, including coal, within the limits of its right of way, or of the lands hereby granted: *Provided further,* That all mining operations prosecuted or undertaken within the limits of such right of way or of the lands hereby granted shall, under rules and regulations to be prescribed by the Secretary of the Interior, be so conducted as not to injure or interfere with the property or operations of the road over its said lands or right of way. And when such railway shall connect with any navigable stream or tide water such company shall have power to construct and maintain necessary piers and wharves for connection with water transportation, subject to the supervision of the Secretary of the Treasury: *Provided,* That nothing in this Act contained shall be construed as impairing in any degree the title of any State that may hereafter be erected out of said District, or any part thereof, to tide lands and beds of any of its navigable waters, or the right of such State to regulate the use thereof, nor the right of the United States to resume possession of such lands, it being declared that all such rights shall continue to be held by the United States in trust for the people of any State or States which may hereafter be erected out of said District. The term "navigable waters," as herein used, shall be held to include all tidal waters up to the line of ordinary high tide and all nontidal waters navigable in fact up to the line of ordinary high-water mark. That all charges for the transportation of freight and passengers on railroads in the District of Alaska shall be printed

SEC. 3. That any railroad company whose right of way, or whose track or roadbed upon such right of way, passes through any canyon, pass, or defile shall not prevent any other railroad company from the use and occupancy of said canyon, pass, or defile for the purposes of its road, in common with the road first located, or the crossing of other railroads at grade; and the location of such right of way through any canyon, pass, or defile shall not cause the disuse of any tramway, wagon road, or other public highway now located therein, nor prevent the location through the same of any such tramway, wagon road, or highway where such tramway, wagon road, or highway may be necessary for the public accommodation; and where any change in the location of such tramway, wagon road, or highway is necessary to permit the passage of such railroad through any canyon, pass, or defile, said railroad company shall, before entering upon the ground occupied by such tramway, wagon road, or highway, cause the same to be reconstructed at its own expense in the most favorable location, and in as perfect a manner as the original road or tramway: *Provided*, That such expenses shall be equitably divided between any number of railroad companies occupying and using the same canyon, pass, or defile, and that where the space is limited the United States district court shall require the road first constructed to allow any other railroad or tramway to pass over its track or tracks through such canyon, pass, or defile on such equitable basis as the said court may prescribe; and all shippers shall be entitled to equal accommodations as to the movement of their freight and without discrimination in favor of any person or corporation: *Provided*, That nothing herein shall be construed as depriving Congress of the right to regulate the charges for freight, passengers, and wharfage.

SEC. 4. That where any company, the right of way to which is hereby granted, shall in the course of construction find it necessary to pass over private lands or possessory claims on lands of the United States, condemnation of a right of way across the same may be made in accordance with section three of the Act entitled "An Act to amend an Act entitled 'An Act to aid in the construction of a railroad and telegraph line from the Missouri River to the Pacific Ocean, and to secure to the Government the use of the same for postal, military, and other purposes, approved July first, eighteen hundred and sixty-two,'" approved July second, eighteen hundred and sixty-four: *Provided further*, That any such company, by filing with the Secretary of the Interior a preliminary actual survey and plat of its proposed route, shall have the right at any time within one year thereafter, to file the map and profile of definite location provided for in this Act, and such preliminary survey and plat shall, during the said period of one year from the time of filing the same, have the effect to render all the lands on which said preliminary survey and plat shall pass subject to such right of way.

SEC. 5. That any company desiring to secure the benefits of this Act shall, within twelve months after filing the preliminary map of location of its road as hereinbefore prescribed, whether upon surveyed or unsurveyed lands, file with the register of the land office for the district where such land is located a map and profile of at least a twenty-mile section of its road or a profile of its entire road if less than twenty miles, as definitely fixed, and shall thereafter each year definitely locate and file a map of such location as aforesaid of not less than twenty miles additional of its line of road until the entire road has been thus definitely located, and upon approval thereof by the Secretary of the Interior the same shall be noted upon the records of said office, and thereafter all such lands over which such right of way shall pass shall be disposed of subject to such right of way: *Provided*, That if any section of said road shall not be completed within one year after the definite location of said

section so approved, or if the map of definite location be not filed within one year as herein required, or if the entire road shall not be completed within four years from the filing of the map of definite location, the rights herein granted shall be forfeited as to any such uncompleted section of said road, and thereupon shall revert to the United States without further action or declaration, the notation of such uncompleted section upon the records of the land office shall be canceled, and the reservations of such lands for the purposes of said right of way, stations, and terminals shall cease and become null and void without further action.

SEC. 6. That the Secretary of the Interior is hereby authorized to issue a permit, by instrument in writing, in conformity with and subject to the restrictions herein contained, unto any responsible person, company, or corporation, for a right of way over the public domain in said District, not to exceed one hundred feet in width, and ground for station and other necessary purposes, not to exceed five acres for each station for each five miles of road, to construct wagon roads and wire rope, aerial, or other tramways, and the privilege of taking all necessary material from the public domain in said District for the construction of such wagon roads or tramways, together with the right, subject to supervision and at rates to be approved by said Secretary, to levy and collect toll or freight and passenger charges on passengers, animals, freight, or vehicles passing over the same for a period not exceeding twenty years, and said Secretary is also authorized to sell to the owner or owners of any such wagon road or tramway, upon the completion thereof, not to exceed twenty acres of public land at each terminus at one dollar and twenty-five cents per acre, such lands when located at or near tide water not to extend more than forty rods in width along the shore line and the title thereto to be upon such expressed conditions as in his judgment may be necessary to protect the public interest, and all minerals, including coal, in such right of way or station grounds shall be reserved to the United States: *Provided*, That such lands may be located concurrently with the line of such road or tramway, and the plat of preliminary survey and the map of definite location shall be filed as in the case of railroads and subject to the same conditions and limitations: *Provided further*, That such rights of way and privileges shall only be enjoyed by or granted to citizens of the United States or companies or corporations organized under the laws of a State or Territory; and such rights and privileges shall be held subject to the right of Congress to alter, amend, repeal, or grant equal rights to others on contiguous or parallel routes. And no right to construct a wagon road on which toll may be collected shall be granted unless it shall first be made to appear to the satisfaction of the Secretary of the Interior that the public convenience requires the construction of such proposed road, and that the expense of making the same available and convenient for public travel will not be less on an average than five hundred dollars per mile: *Provided*, That if the proposed line of road in any case shall be located over any road or trail in common use for public travel, the Secretary of the Interior shall decline to grant such right of way, if, in his opinion, the interests of the public would be injuriously affected thereby. Nor shall any right to collect toll upon any wagon road in said District be granted or inure to any person, corporation, or company until it shall be made to appear to the satisfaction of said Secretary that at least an average of five hundred dollars per mile has been actually expended in constructing such road; and all persons are prohibited from collecting or attempting to collect toll over any wagon road in said District, unless such person or the company or person for whom he acts shall at the time and place the collection is made or attempted to be made possess written authority, signed by the Secretary of the Interior, authorizing the collection and specifying the rates of toll: *Provided*, That accurate printed copies of said written authority from the Secretary of the Interior, including toll, freight, and passenger charges thereby approved, shall be kept constantly and conspicuously

And any person, corporation, or company collecting or attempting to collect toll without such written authority from the Secretary of the Interior, or failing to keep the same posted as herein required, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined for each offense not less than fifty dollars nor more than five hundred dollars, and in default of payment of such fine and costs of prosecution shall be imprisoned in jail not exceeding ninety days, or until such fine and costs of prosecution shall have been paid.

Priority to applicants for right of way.

That any person, corporation, or company qualified to construct a wagon road or tramway under the provisions of this Act that may heretofore have constructed not less than one mile of road, at a cost of not less than five hundred dollars per mile, or one-half mile of tramway at a cost of not less than five hundred dollars; shall have the prior right to apply for such right of way and for lands at stations and terminals and to obtain the same pursuant to the provisions of this Act over and along the line hitherto constructed or actually being improved by the applicant, including wharves connected therewith. That if any party to whom license has been granted to construct such wagon road or tramway shall, for the period of one year, fail, neglect, or refuse to complete the same, the rights herein granted shall be forfeited as to any such uncompleted section of said wagon road or tramway, and thereupon shall revert to the United States without further action or declaration, the notation of such uncompleted section upon the records of the land office shall be canceled, and the reservations of such lands for the purposes of said right of way shall cease and become null and void without further action. And if such road or tramway shall not be kept in good condition for use, the Secretary of the Interior may prohibit the collection of toll thereon pending the making of necessary repairs.

Forfeiture for non-completion.

No toll on roads in bad condition.

Recording of mortgages.

That all mortgages executed by any company acquiring a right of way under this Act, upon any portion of its road that may be constructed in said District of Alaska, shall be recorded with the Secretary of the Interior, and the record thereof shall be notice of their execution, and shall be a lien upon all the rights and property of said company as therein expressed, and such mortgage shall also be recorded in the office of the secretary of the District of Alaska and in the office of the secretary of the State or Territory wherein such company is organized: *Provided*, That all lawful claims of laborers, contractors, subcontractors, or material men, for labor performed or material furnished in the construction of the railroad, tramway, or wagon road shall be a first lien thereon and take precedence of any mortgage or other lien.

been first in time in actual survey or construction, as the case may be, shall be deemed first in right.

SEC. 9. That the map and profile of definite location of such railroad, wagon road, or tramway, to be filed as hereinbefore provided, shall, when the line passes over surveyed lands, indicate the location of the road by reference to section or other established survey corners, and where such line passes over unsurveyed lands the location thereon shall be indicated by courses and distances and by references to natural objects and permanent monuments in such manner that the location of the road may be readily determined by reference to descriptions given in connection with said profile map.

SEC. 11. That the Secretary of the Interior, under such rules and regulations as he may prescribe, may cause to be appraised the timber or any part thereof upon public lands in the District of Alaska, and may from time to time sell so much thereof as he may deem proper for not less than the appraised value thereof, in such quantities to each purchaser as he shall prescribe, to be used in the District of Alaska, but not for export therefrom. And such sales shall at all times be limited to actual necessities for consumption in the District from year to year, and payments for such timber shall be made to the receiver of public moneys of the local land office of the land district in which said timber may be sold, under such rules and regulations as the Secretary of the Interior may prescribe, and the moneys arising therefrom shall be accounted for by the receiver of such land office to the Commissioner of the General Land Office in a separate account, and shall be covered into the Treasury. The Secretary of the Interior may permit, under regulations to be prescribed by him, the use of timber found upon the public lands in said District of Alaska by actual settlers, residents, individual miners, and prospectors for minerals, for firewood, fencing, buildings, mining, prospecting, and for domestic purposes, as may actually be needed by such persons for such purposes.

SEC. 12. That the President is authorized and empowered, in his discretion, by Executive order from time to time to establish or discontinue land districts in the District of Alaska, and to define, modify, or change the boundaries thereof, and designate or change the location of any land office therein; and he is also authorized and empowered to appoint, by and with the advice and consent of the Senate, a register for each land district he may establish and a receiver of public moneys therefor; and the register and receiver appointed for such district shall, during their respective terms of office, reside at the place designated for the land office. That the registers and receivers of public moneys in the land districts of Alaska shall each receive an annual salary of one thousand five hundred dollars and the fees provided by

law for like officers in the State of Oregon, not to exceed, including such salary and fees, a total annual compensation of three thousand dollars for each of said officers.

SEC. 13. That native-born citizens of the Dominion of Canada shall be accorded in said District of Alaska the same mining rights and privileges accorded to citizens of the United States in British Columbia and the Northwest Territory by the laws of the Dominion of Canada or the local laws, rules, and regulations; but no greater rights shall be thus accorded than citizens of the United States or persons who have declared their intention to become such may enjoy in said District of Alaska; and the Secretary of the Interior shall from time to time promulgate and enforce rules and regulations to carry this provision into effect.
