unbroken and continuous spans, and the main span shall be over the main navigable channel of the river, and shall give a clear width of waterway not less than three hundred and fifty feet, and shall give clear headroom the full length of said span of not less in any case than fifty-five feet above extreme high water mark, as understood at the point of location. The remaining spans shall each give a clear width of waterway of not less than two hundred feet, and a clear headroom of not less in any case than ten feet between extreme high water mark and the lower chords of the superstructure. Said bridge shall be constructed at right angles to, and its piers parallel with, the current of the river.

Sec. 3. That said Dubuque and Wisconsin Bridge Company shall have the right to charge and collect a reasonable rate of toll for the passage across said bridge of vehicles, animals, and foot passengers, and travelers, subject to approval by the Secretary of War.

Sec. 4. That this Act shall be null and void if actual construction of the bridge herein authorized be not commenced within eighteen months, and completed within three years from the date of the passage hereof.

Sec. 5. That the bridge built under this Act and subject to its limitations shall be a lawful structure, and shall be known and recognized as a post route, and it shall enjoy the rights and privileges of other post-roads of the United States; and equal privileges in the use of said bridge shall be granted to all telegraph and telephone companies; and the United States shall have the right of way across said bridge and its approaches for postal-telegraph purposes.

Sec. 6. That the right to alter, amend, or repeal this Act is hereby expressly reserved.

Approved, March 6, 1900.
