CHAP. 2439.—An Act For the diversion of water from the Sacramento River, in the State of California, for irrigation purposes.

May 9, 1906.
[H. R. 11796.]

[Public, No. 151.]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Central Canal and Irrigation Company, a corporation organized and existing under the laws of the State of California, and its successors, are hereby granted the right to divert, at all seasons of the year, from the Sacramento River, in the State of California, while and so long as such diversion shall not seriously injure the navigation of said river, an amount of water which, at a stage of said river of two feet above low water, as determined by the United States engineer in charge of the improvement of said river, or at any lower stage, shall not exceed nine hundred cubic feet per second, to be used for irrigating the lands of the Sacramento Valley, on the west side of the Sacramento River, in said State of California. Said water to be diverted from the said Sacramento River on its west bank, between the points on said river known as Swifts Point and Squaw Hill, and the said Central Canal and Irrigation Company is hereby granted the right to erect the necessary works to effectively divert the said water: *Provided*, That the company shall provide suitable structures for regulating the flow of water from the river into their canals and suitable apparatus for measuring the amount of water taken from the river, and that such structures and apparatus shall be at all times subject to inspection, test, and use by officers or agents of the War Department: *And provided further*, That the company shall submit for approval of the Chief of Engineers and the Secretary of War plans of its proposed structures for diverting and measuring the water, and until such approval is given the structures shall not be begun: *And provided further*, That the diversion of water from the river in excess of the quantity herein authorized to be diverted shall be deemed a violation of section ten of the river and harbor Act of March third, eighteen hundred and ninety-nine, and shall subject the company to the penalties prescribed by law for violations of the provisions of said section, and the removal of any structures erected by said company may be enforced as provided in section twelve of the said Act: *And provided further*, That if, in the judgment of the Secretary of War, the amount of water actually diverted shall seriously injure the navigation of the river, the suspension of operations by the said company may be temporarily ordered and enforced by the Secretary of War in such manner and to the extent as may be necessary to preserve the requirements of navigation until such time that the circuit court of the United States for the northern district of California, upon application of any interested party, shall determine the rights as provided by this Act; and all rights granted herein and the removal of any of the structures or parts of structures erected under the provisions hereof may be enforced as provided in section twelve of the river and harbor Act approved on the third day of March, eighteen hundred and ninety-nine, except that suit for any of the purposes herein named may be instituted by the district attorney of the United States for the northern district of California upon request
