*“Be it enacted by the legislature of the Territory of Hawaii:*
- Franchise to Standard Telephone Company (Limited). “SECTION 1. The right is hereby granted to the Standard Telephone Company (Limited), a corporation organized under the laws of the Territory of Hawaii, to construct, operate, and maintain, for the term of twenty-five years from the date of the approval of this act, a telephone and electrical communicative system, aerial, underground, or subaqueous, in, upon, along, and under the highways and public roads of the said island of Oahu, and under the lands and waters of said island.
- Operation. “SEC. 2. The said telephone system shall be operated by underground wires within a radius of one-half mile, starting from the north corner of Fort and King streets, and beyond said limits by such means or methods as may be adopted by said company from time to time, with the approval of the superintendent of public works, or any other official or board having control of the streets and roads where said wires are located, which said officials or boards may, after nineteen hundred and twelve, at any time that the public interests require it, direct any changes in the method of placing or using said wires that have been or may thereafter be put up or laid that they shall determine to be proper and necessary.

All franchises thus acquired shall be subject to all the conditions and limitations of this act.
- Conduits. “SEC. 4. All underground wires shall be in conduits not less than two feet beneath the surface of the street, which surface shall be securely supported so as not to impair the use and enjoyment of said streets by the public, and all trenches in which conduits are placed, as well as the manholes connected with the system, shall be constructed in a substantial and workmanlike manner.
