CHAP. 23.—An Act Authorizing the Secretary of the Interior to make investigations, through the Bureau of Mines, of lignite coals and peat, to determine the practicability of their utilization as a fuel and in producing commercial products.

Lignite coals and peat.

Appropriation for experiments, etc., to determine commercial use, etc.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior is hereby authorized and directed to make experiments and investigations, through the Bureau of Mines, of lignite coals and peat, to determine the commercial and economic practicability of their utilization in producing fuel oil, gasoline substitutes, ammonia, tar, solid fuels, gas for power and other purposes; and there is hereby appropriated, out of the funds in the Treasury not otherwise appropriated, the sum of \$100,000, or so much thereof as may be needed, to conduct such experiments and investigations, including personal services in the District of Columbia and elsewhere, and including supplies, equipment, expenses of traveling and subsistence, and for every other expense incident to this work.

Property, etc., to be sold when experiments concluded.

SEC. 2. The Secretary of the Interior is authorized and directed to sell or otherwise dispose of any property, plant, or machinery purchased or acquired under the provisions of this Act, as soon as the experiments and investigations hereby authorized have been concluded, and report the results of such experiments and investigations to Congress.

Approved, February 25, 1919.
