"(10) The term 'car service' in this Act shall include the use, control, supply, movement, distribution, exchange, interchange, and return of locomotives, cars, and other vehicles used in the transportation of property, including special types of equipment, and the supply of trains, by any carrier by railroad subject to this Act.

Safe and adequate service required.

"(11) It shall be the duty of every carrier by railroad subject to this Act to furnish safe and adequate car service and to establish, observe, and enforce just and reasonable rules, regulations, and practices with respect to car service; and every unjust and unreasonable rule, regulation, and practice with respect to car service is prohibited and declared to be unlawful.

Regulation for just distribution of service.

"(12) It shall also be the duty of every carrier by railroad to make just and reasonable distribution of cars for transportation of coal among the coal mines served by it, whether located upon its line or lines or customarily dependent upon it for car supply. During any period when the supply of cars available for such service does not equal the requirements of such mines it shall be the duty of the carrier to maintain and apply just and reasonable ratings of such mines and to count each and every car furnished to or used by any such mine for transportation of coal against the mine. Failure or refusal so to do shall be unlawful, and in respect of each car not so counted shall be deemed a separate offense, and the carrier, receiver, or operating trustee so failing or refusing shall forfeit to the United States the sum of \$100 for each offense, which may be recovered in a civil action brought by the United States.

Penalty for refusal, etc.

"(13) The Commission is hereby authorized by general or special orders to require all carriers by railroad subject to this Act, or any of them, to file with it from time to time their rules and regulations with respect to car service, and the Commission may, in its discretion, direct that such rules and regulations shall be incorporated in their schedules showing rates, fares, and charges for transportation, and be subject to any or all of the provisions of this Act relating thereto.

Regulations, etc., to be filed with Commission.

Inclusion in schedules.

Rules, etc., may be established by Commission.

"(14) The Commission may, after hearing, on a complaint or upon its own initiative without complaint, establish reasonable rules, regulations, and practices with respect to car service by carriers by railroad subject to this Act, including the compensation to be paid for the use of any locomotive, car, or other vehicle not owned by the carrier using it, and the penalties or other sanctions for nonobservance of such rules, regulations or practices.

Authority of Commission in emergencies.

"(15) Whenever the Commission is of opinion that shortage of equipment, congestion of traffic, or other emergency requiring immediate action exists in any section of the country, the Commission shall have, and it is hereby given, authority, either upon complaint or upon its own initiative without complaint, at once, if it so orders, without answer or other formal pleading by the interested carrier or carriers, and with or without notice, hearing, or the making or filing of a report, according as the Commission may determine: (a) to suspend the operation of any or all rules, regulations, or practices then established with respect to car service for such time as may be determined by the Commission; (b) to make such just and reasonable directions with respect to car service without regard to the ownership as between carriers of locomotives, cars, and other vehicles, during such emergency as in its opinion will best promote the service in the

interest of the public and the commerce of the people, upon such terms of compensation as between the carriers as they may agree upon, or, in the event of their disagreement, as the Commission may after subsequent hearing find to be just and reasonable; (c) to require such joint or common use of terminals, including main-line track or tracks for a reasonable distance outside of such terminals, as in its opinion will best meet the emergency and serve the public interest, and upon such terms as between the carriers as they may agree upon, or, in the event of their disagreement, as the Commission may after subsequent hearing find to be just and reasonable; and (d) to give directions for preference or priority in transportation, embargoes, or movement of traffic under permits, at such time and for such periods as it may determine, and to modify, change, suspend, or annul them. In time of war or threatened war the President may certify to the Commission that it is essential to the national defense and security that certain traffic shall have preference or priority in transportation, and the Commission shall, under the power herein conferred, direct that such preference or priority be afforded.

“(16) Whenever the Commission is of opinion that any carrier by railroad subject to this Act is for any reason unable to transport the traffic offered it so as properly to serve the public, it may, upon the same procedure as provided in paragraph (15), make such just and reasonable directions with respect to the handling, routing, and movement of the traffic of such carrier and its distribution over other lines of roads, as in the opinion of the Commission will best promote the service in the interest of the public and the commerce of the people, and upon such terms as between the carriers as they may agree upon, or, in the event of their disagreement, as the Commission may after subsequent hearing find to be just and reasonable.

“(17) The directions of the Commission as to car service and to the matters referred to in paragraphs (15) and (16) may be made through and by such agents or agencies as the Commission shall designate and appoint for that purpose. It shall be the duty of all carriers by railroad subject to this Act, and of their officers, agents, and employees, to obey strictly and conform promptly to such orders or directions of the Commission, and in case of failure or refusal on the part of any carrier, receiver, or operating trustee to comply with any such order or direction such carrier, receiver, or trustee shall be liable to a penalty of not less than \$100 nor more than \$500 for each such offense and \$50 for each and every day of the continuance of such offense, which shall accrue to the United States and may be recovered in a civil action brought by the United States: *Provided, however,* That nothing in this Act shall impair or affect the right of a State, in the exercise of its police power, to require just and reasonable freight and passenger service for intrastate business, except in so far as such requirement is inconsistent with any lawful order of the Commission made under the provisions of this Act.

“(18) After ninety days after this paragraph takes effect no carrier by railroad subject to this Act shall undertake the extension of its line of railroad, or the construction of a new line of railroad, or shall acquire or operate any line of railroad, or extension thereof, or shall engage in transportation under this Act over or by means of such additional or extended line of railroad, unless and until there shall first have been obtained from the Commission a certificate that the present or future public convenience and necessity require or will require the construction, or operation, or construction and operation, of such additional or extended line of railroad, and no carrier by railroad subject to this Act shall abandon all or any portion of a line of railroad, or the operation thereof, unless and until there shall first have been obtained from the Commission a certificate that the

Any carrier subject to this Act which refuses or neglects to comply with any order of the Commission made in pursuance of this paragraph shall be liable to a penalty of \$100 for each day during which such refusal or neglect continues, which shall accrue to the United States and may be recovered in a civil action brought by the United States.

SEC. 406. Section 4 of the Interstate Commerce Act is hereby amended to read as follows:

"SEC. 4. (1) That it shall be unlawful for any common carrier subject to the provisions of this Act to charge or receive any greater compensation in the aggregate for the transportation of passengers, or of like kind of property, for a shorter than for a longer distance over the same line or route in the same direction, the shorter being included within the longer distance, or to charge any greater compensation as a through rate than the aggregate of the intermediate rates subject to the provisions of this Act, but this shall not be construed as authorizing any common carrier within the terms of this Act to charge or receive as great compensation for a shorter as for a longer distance: *Provided*, That upon application to the Commission such common carrier may in special cases, after investigation, be authorized by the Commission to charge less for longer than for shorter distances for the transportation of passengers or property; and the Commission may from time to time prescribe the extent to which such designated common carrier may be relieved from the operation of this section; but in exercising the authority conferred upon it in this proviso the Commission shall not permit the establishment of any charge to or from the more distant point that is not reasonably compensatory for the service performed; and if a circuitous rail line or route is, because of such circuitry, granted authority to meet the charges of a more direct line or route to or from competitive points and to maintain higher charges to or from intermediate points on its line, the authority shall not include intermediate points as to which the haul of the petitioning line or route is not longer than that of the direct line or route between the competitive points; and no such authorization shall be granted on account of merely potential water competition not actually in existence: *And provided further*, That rates, fares, or charges existing at the time of the passage of this amendatory Act by virtue of orders of the Commission or as to which application has theretofore been filed with the Commission and not yet acted upon, shall not be required to be changed by reason of the provisions of this section until the further order of or a determination by the Commission.

Pooling of freights.

SEC. 407. The first paragraph of section 5 of the Interstate Commerce Act is hereby amended to read as follows:

Agreements, etc., for, unlawful. Vol. 24, p. 380, amended. A 1906, p. 477.

"SEC. 5. (1) That, except upon specific approval by order of the Commission as in this section provided, and except as provided in paragraph (16) of section 1 of this Act, it shall be unlawful for any common carrier subject to this Act to enter into any contract,

agreement, or combination with any other common carrier or carriers for the pooling of freights of different and competing railroads, or to divide between them the aggregate or net proceeds of the earnings of such railroads, or any portion thereof; and in any case of an agreement for the pooling of freights as aforesaid each day of its continuance shall be deemed a separate offense: *Provided*, That whenever the Commission is of opinion, after hearing upon application of any carrier or carriers engaged in the transportation of passengers or property subject to this Act, or upon its own initiative, that the division of their traffic or earnings, to the extent indicated by the Commission, will be in the interest of better service to the public, or economy in operation, and will not unduly restrain competition, the Commission shall have authority by order to approve and authorize, if assented to by all the carriers involved, such division of traffic or earnings, under such rules and regulations, and for such consideration as between such carriers and upon such terms and conditions, as shall be found by the Commission to be just and reasonable in the premises.

“(2) Whenever the Commission is of opinion, after hearing, upon application of any carrier or carriers engaged in the transportation of passengers or property subject to this Act, that the acquisition, to the extent indicated by the Commission, by one of such carriers of the control of any other such carrier or carriers either under a lease or by the purchase of stock or in any other manner not involving the consolidation of such carriers into a single system for ownership and operation, will be in the public interest, the Commission shall have authority by order to approve and authorize such acquisition, under such rules and regulations and for such consideration and on such terms and conditions as shall be found by the Commission to be just and reasonable in the premises.

“(3) The Commission may from time to time, for good cause shown, make such orders, supplemental to any order made under paragraph (1) or (2), as it may deem necessary or appropriate.

“(4) The Commission shall as soon as practicable prepare and adopt a plan for the consolidation of the railway properties of the continental United States into a limited number of systems. In the division of such railways into such systems under such plan, competition shall be preserved as fully as possible and wherever practicable the existing routes and channels of trade and commerce shall be maintained. Subject to the foregoing requirements, the several systems shall be so arranged that the cost of transportation as between competitive systems and as related to the values of the properties through which the service is rendered shall be the same, so far as practicable, so that these systems can employ uniform rates in the movement of competitive traffic and under efficient management earn substantially the same rate of return upon the value of their respective railway properties.

“(5) When the Commission has agreed upon a tentative plan, it shall give the same due publicity and upon reasonable notice, including notice to the Governor of each State, shall hear all persons who may file or present objections thereto. The Commission is authorized to prescribe a procedure for such hearings and to fix a time for bringing them to a close. After the hearings are at an end, the Commission shall adopt a plan for such consolidation and publish the same; but it may at any time thereafter, upon its own motion or upon application, reopen the subject for such changes or modifications as in its judgment will promote the public interest. The consolidations herein provided for shall be in harmony with such plan.

“(6) It shall be lawful for two or more carriers by railroad, subject to this Act, to consolidate their properties or any part thereof, into one corporation for the ownership, management, and operation of the

If after such hearing the Commission finds that the public interest will be promoted by the consolidation and that the conditions of this section have been or will be fulfilled, it may enter an order approving and authorizing such consolidation, with such modifications and upon such terms and conditions as it may prescribe, and thereupon such consolidation may be effected, in accordance with such order, if all the carriers involved assent thereto, the law of any State or the decision or order of any State authority to the contrary notwithstanding.

Discriminations in favor of intrastate commerce, unlawful.

"(4) Whenever in any such investigation the Commission, after full hearing, finds that any such rate, fare, charge, classification, regulation, or practice causes any undue or unreasonable advantage, preference, or prejudice as between persons or localities in intrastate commerce on the one hand and interstate or foreign commerce on the other hand, or any undue, unreasonable, or unjust discrimination against interstate or foreign commerce, which is hereby forbidden and declared to be unlawful, it shall prescribe the rate, fare, or charge, or the maximum or minimum, or maximum and minimum, thereafter to be charged, and the classification, regulation, or practice thereafter to be observed, in such manner as, in its judgment, will remove such advantage, preference, prejudice, or discrimination. Such rates, fares, charges, classifications, regulations, and practices shall be observed while in effect by the carriers parties to such proceeding affected thereby, the law of any State or the decision or order of any State authority to the contrary notwithstanding."

Determination by Commission if charges, classifications, etc., are unjust, discriminatory, etc.

"SEC. 15. (1) That whenever, after full hearing, upon a complaint made as provided in section 13 of this Act, or after full hearing under an order for investigation and hearing made by the Commission on

its own initiative, either in extension of any pending complaint or without any complaint whatever, the Commission shall be of opinion that any individual or joint rate, fare, or charge whatsoever demanded, charged, or collected by any common carrier or carriers subject to this Act for the transportation of persons or property or for the transmission of messages as defined in the first section of this Act, or that any individual or joint classification, regulation, or practice whatsoever of such carrier or carriers subject to the provisions of this Act, is or will be unjust or unreasonable or unjustly discriminatory or unduly preferential or prejudicial, or otherwise in violation of any of the provisions of this Act, the Commission is hereby authorized and empowered to determine and prescribe what will be the just and reasonable individual or joint rate, fare, or charge, or rates, fares, or charges, to be thereafter observed in such case, or the maximum or minimum, or maximum and minimum, to be charged (or, in the case of a through route where one of the carriers is a water line, the maximum rates, fares, and charges applicable thereto), and what individual or joint classification, regulation, or practice is or will be just, fair, and reasonable, to be thereafter followed, and to make an order that the carrier or carriers shall cease and desist from such violation to the extent to which the Commission finds that the same does or will exist, and shall not thereafter publish, demand, or collect any rate, fare, or charge for such transportation or transmission other than the rate, fare, or charge so prescribed, or in excess of the maximum or less than the minimum so prescribed, as the case may be, and shall adopt the classification and shall conform to and observe the regulation or practice so prescribed.

"(3) The Commission may, and it shall whenever deemed by it to be necessary or desirable in the public interest, after full hearing upon complaint or upon its own initiative without a complaint, establish through routes, joint classifications, and joint rates, fares, or charges, applicable to the transportation of passengers or property, or the maxima or minima, or maxima and minima, to be charged (or, in the case of a through route where one of the carriers is a water line, the maximum rates, fares, and charges applicable thereto), and the divisions of such rates, fares, or charges as hereinafter provided, and the terms and conditions under which such through routes shall be operated; and this provision, except as herein otherwise provided, shall apply when one of the carriers is a water line. "(4) In establishing any such through route the Commission shall not (except as provided in section 3, and except where one of the carriers is a water line), require any carrier by railroad, without its consent, to embrace in such route substantially less than the entire length of its railroad and of any intermediate railroad operated in

conjunction and under a common management or control therewith, which lies between the termini of such proposed through route, unless such inclusion of lines would make the through route unreasonably long as compared with another practicable through route which could otherwise be established: *Provided*, That in time of shortage of equipment, congestion of traffic, or other emergency declared by the Commission it may (either upon complaint or upon its own initiative without complaint, at once, if it so orders without answer or other formal pleadings by the interested carrier or carriers, and with or without notice, hearing, or the making or filing of a report, according as the Commission may determine) establish temporarily such through routes as in its opinion are necessary or desirable in the public interest.

"(5) Transportation wholly by railroad of ordinary livestock in car-load lots destined to or received at public stockyards shall include all necessary service of unloading and reloading en route, delivery at public stockyards of inbound shipments into suitable pens, and receipt and loading at such yards of outbound shipments, without extra charge therefor to the shipper, consignee or owner, except in cases where the unloading or reloading en route is at the request of the shipper, consignee or owner, or to try an intermediate market, or to comply with quarantine regulations. The Commission may prescribe or approve just and reasonable rules governing each of such excepted services. Nothing in this paragraph shall be construed to affect the duties and liabilities of the carriers now existing by virtue of law respecting the transportation of other than ordinary livestock, or the duty of performing service as to shipments other than those to or from public stockyards.

"(6) Whenever, after full hearing upon complaint or upon its own initiative, the Commission is of opinion that the divisions of joint rates, fares, or charges, applicable to the transportation of passengers or property, are or will be unjust, unreasonable, inequitable, or unduly preferential or prejudicial as between the carriers parties thereto (whether agreed upon by such carriers, or any of them, or otherwise established), the Commission shall by order prescribe the just, reasonable, and equitable divisions thereof to be received by the several carriers, and in cases where the joint rate, fare, or charge was established pursuant to a finding or order of the Commission and the divisions thereof are found by it to have been unjust, unreasonable, or inequitable, or unduly preferential or prejudicial, the Commission may also by order determine what (for the period subsequent to the filing of the complaint or petition or the making of the order of investigation) would have been the just, reasonable, and equitable divisions thereof to be received by the several carriers, and require adjustment to be made in accordance therewith. In so prescribing and determining the divisions of joint rates, fares and charges, the Commission shall give due consideration, among other things, to the efficiency with which the carriers concerned are operated, the amount of revenue required to pay their respective operating expenses, taxes, and a fair return on their railway property held for and used in the service of transportation, and the importance to the public of the transportation services of such carriers; and also whether any particular participating carrier is an originating, intermediate, or delivering line, and any other fact or circumstance which would ordinarily, without regard to the mileage haul, entitle one carrier to a greater or less proportion than another carrier of the joint rate, fare or charge.

"(7) Whenever there shall be filed with the Commission any schedule stating a new individual or joint rate, fare, or charge, or any new individual or joint classification, or any new individual or joint regulation or practice affecting any rate, fare, or charge, the

Commission shall have, and it is hereby given, authority, either upon complaint or upon its own initiative without complaint, at once, and if it so orders without answer or other formal pleading by the interested carrier or carriers, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate, fare, charge, classification, regulation, or practice; and pending such hearing and the decision thereon the Commission, upon filing with such schedule and delivering to the carrier or carriers affected thereby a statement in writing of its reasons for such suspension, may suspend the operation of such schedule and defer the use of such rate, fare, charge, classification, regulation, or practice, but not for a longer period than one hundred and twenty days beyond the time when it would otherwise go into effect; and after full hearing, whether completed before or after the rate, fare, charge, classification, regulation, or practice goes into effect, the Commission may make such order with reference thereto as would be proper in a proceeding initiated after it had become effective. If any such hearing can not be concluded within the period of suspension, as above stated, the Commission may extend the time of suspension for a further period not exceeding thirty days, and if the proceeding has not been concluded and an order made at the expiration of such thirty days, the proposed change of rate, fare, charge, classification, regulation, or practice shall go into effect at the end of such period, but, in case of a proposed increased rate or charge for or in respect to the transportation of property, the Commission may by order require the interested carrier or carriers to keep accurate account in detail of all amounts received by reason of such increase, specifying by whom and in whose behalf such amounts are paid, and upon completion of the hearing and decision may by further order require the interested carrier or carriers to refund, with interest, to the persons in whose behalf such amounts were paid such portion of such increased rates or charges as by its decision shall be found not justified. At any hearing involving a rate, fare, or charge increased after January 1, 1910, or of a rate, fare, or charge sought to be increased after the passage of this Act, the burden of proof to show that the increased rate, fare, or charge, or proposed increased rate, fare, or charge, is just and reasonable shall be upon the carrier, and the Commission shall give to the hearing and decision of such questions preference over all other questions pending before it and decide the same as speedily as possible."

The carrier to which the property is thus diverted shall not be liable in such suit or action if it can show, the burden of proof being upon it, that before carrying the property it had no notice, by bill of lading, waybill or otherwise, of the routing instructions. New section.  
Railroad incomes.

SEC. 422. The Interstate Commerce Act is further amended by inserting after section 15 a new section to be known as section 15a and to read as follows:

Meaning of "rates."

"SEC. 15a. (1) When used in this section the term "rates" means rates, fares, and charges, and all classifications, regulations, and practices, relating thereto; the term "carrier" means a carrier by railroad or partly by railroad and partly by water, within the continental United States, subject to this Act, excluding (a) sleeping-car companies and express companies, (b) street or suburban electric railways unless operated as a part of a general steam railroad system of transportation, (c) interurban electric railways unless operated as a part of a general steam railroad system of transportation or engaged in the general transportation of freight, and (d) any belt-line railroad, terminal switching railroad, or other terminal facility, owned exclusively and maintained, operated, and controlled by any State or political subdivision thereof; and the term "net railway operating income" means railway operating income, including in the computation thereof debits and credits arising from equipment rents and joint facility rents.

Limitation of "carrier."

Specific exclusions.

"Net railway operating income," defined.

Rates.  
Adjustment of, by Commission that carriers may earn fair return on property used.

"(2) In the exercise of its power to prescribe just and reasonable rates the Commission shall initiate, modify, establish or adjust such rates so that carriers as a whole (or as a whole in each of such rate groups or territories as the Commission may from time to time designate) will, under honest, efficient and economical management and reasonable expenditures for maintenance of way, structures and equipment, earn an aggregate annual net railway operating income equal, as nearly as may be, to a fair return upon the aggregate value of the railway property of such carriers held for and used in the service of transportation: *Provided*, That the Commission shall have reasonable latitude to modify or adjust any particular rate which it may find to be unjust or unreasonable, and to prescribe different rates for different sections of the country.

Proviso.  
Modifications permitted.

Determination of percentage constituting fair return on property value.

"(3) The Commission shall from time to time determine and make public what percentage of such aggregate property value constitutes a fair return thereon, and such percentage shall be uniform for all rate groups or territories which may be designated by the Commission. In making such determination it shall give due consideration, among other things, to the transportation needs of the country and the necessity (under honest, efficient and economical management of existing transportation facilities) of enlarging such facilities in order to provide the people of the United States with adequate transportation: *Provided*, That during the two years beginning March 1, 1920, the Commission shall take as such fair return a sum equal to 5½ per centum of such aggregate value, but may, in its discretion, add thereto a sum not exceeding one-half of one per centum of such aggregate value to make provision in whole or in part for improvements, betterments or equipment, which, according to the accounting system prescribed by the Commission, are chargeable to capital account.

Transportation needs to be considered.

Proviso.

Addition for betterments.

Determination of property value.  
Use of valuation investigation.  
Vol. 37, p. 701.

"(4) For the purposes of this section, such aggregate value of the property of the carriers shall be determined by the Commission from time to time and as often as may be necessary. The Commission may utilize the results of its investigation under section 19a of this Act, in

so far as deemed by it available, and shall give due consideration to all the elements of value recognized by the law of the land for rate-making purposes, and shall give to the property investment account of the carriers only that consideration which under such law it is entitled to in establishing values for rate-making purposes. Whenever pursuant to section 19a of this Act the value of the railway property of any carrier held for and used in the service of transportation has been finally ascertained, the value so ascertained shall be deemed by the Commission to be the value thereof for the purpose of determining such aggregate value.

“(5) Inasmuch as it is impossible (without regulation and control in the interest of the commerce of the United States considered as a whole) to establish uniform rates upon competitive traffic which will adequately sustain all the carriers which are engaged in such traffic and which are indispensable to the communities to which they render the service of transportation, without enabling some of such carriers to receive a net railway operating income substantially and unreasonably in excess of a fair return upon the value of their railway property held for and used in the service of transportation, it is hereby declared that any carrier which receives such an income so in excess of a fair return, shall hold such part of the excess, as hereinafter prescribed, as trustee for, and shall pay it to, the United States.

“(6) If, under the provisions of this section, any carrier receives for any year a net railway operating income in excess of 6 per centum of the value of the railway property held for and used by it in the service of transportation, one-half of such excess shall be placed in a reserve fund established and maintained by such carrier, and the remaining one-half thereof shall, within the first four months following the close of the period for which such computation is made, be recoverable by and paid to the Commission for the purpose of establishing and maintaining a general railroad contingent fund as hereinafter described. For the purposes of this paragraph the value of the railway property and the net railway operating income of a group of carriers, which the Commission finds are under common control and management and are operated as a single system, shall be computed for the system as a whole irrespective of the separate ownership and accounting returns of the various parts of such system. In the case of any carrier which has accepted the provisions of section 209 of this amendatory Act the provisions of this paragraph shall not be applicable to the income for any period prior to September 1, 1920. The value of such railway property shall be determined by the Commission in the manner provided in paragraph (4).

“(7) For the purpose of paying dividends or interest on its stocks, bonds or other securities, or rent for leased roads, a carrier may draw from the reserve fund established and maintained by it under the provisions of this section to the extent that its net railway operating income for any year is less than a sum equal to 6 per centum of the value of the railway property held for and used by it in the service of transportation, determined as provided in paragraph (6); but such fund shall not be drawn upon for any other purpose.

“(8) Such reserve fund need not be accumulated and maintained by any carrier beyond a sum equal to 5 per centum of the value of its railway property determined as herein provided, and when such fund is so accumulated and maintained the portion of its excess income which the carrier is permitted to retain under paragraph (6) may be used by it for any lawful purpose.

“(9) The Commission shall prescribe rules and regulations for the determination and recovery of the excess income payable to it under this section, and may require such security and prescribe such reasonable terms and conditions in connection therewith as it may

Commission au-  
thorized to grant loans

"(12) If the Commission, after such hearing and investigation, with or without notice, as it may direct, finds that the making, in whole or in part, of the proposed loan from the general railroad contingent fund is necessary to enable the applicant properly to meet the transportation needs of the public, and that the prospective earning power of the applicant and the character and value of the security offered are such as to furnish reasonable assurance of the applicant's ability to repay the loan within the time fixed therefor, and to meet its other obligations in connection with such loan, the Commission may make a loan to the applicant from such railroad contingent fund, in such amount, for such length of time, and under such terms and conditions as it may deem proper. The Commission shall also prescribe the security to be furnished, which shall be adequate to secure the loan. All such loans shall bear interest at the rate of 6 per centum per annum, payable semiannually to the Commission. Such loans when repaid, and all interest paid thereon, shall be placed in the general railroad contingent fund.

The application shall be accompanied by statements showing such facts and details as the Commission may require with respect to the

physical situation, ownership, capitalization, indebtedness, contract obligations, operation, and earning power of the applicant, together with such other facts relating to the propriety and expediency of leasing such equipment or facilities to the applicant as the Commission may deem pertinent to the inquiry.

TRANSPORTATION ACT.

“(14) If the Commission, after such hearing and investigation, with or without notice, as it may direct, finds that the leasing to the applicant of such equipment or facilities, in whole or in part, is necessary to enable the applicant properly to meet the transportation needs of the public, and that the prospective earning power of the applicant is such as to furnish reasonable assurance of the applicant's ability to pay promptly the rental charges and meet its other obligations under such lease, the Commission may lease such equipment or facilities purchased by it from the general railroad contingent fund, to the applicant for such length of time, and under such terms and conditions as it may deem proper. The rental charges provided in every such lease shall be at least sufficient to pay a return of 6 per centum per annum, plus allowance for depreciation determined as provided in paragraph (5) of section 20 of this Act, upon the value of the equipment or facilities leased thereunder. All rental charges and other payments received by the Commission in connection with such equipment and facilities, including amounts received under any sale thereof, shall be placed in the general railroad contingent fund.

“(15) The Commission may from time to time purchase, contract for the construction, repair and replacement of, and sell, equipment and facilities, and enter into and carry out contracts and other obligations in connection therewith, to the extent that moneys included in the general railroad contingent fund are available therefor, and in so far as necessary to enable it to secure and supply equipment and facilities to carriers whose applications therefor are approved under the provisions of this section, and to maintain and dispose of such equipment and facilities.

“(16) The Commission may from time to time prescribe such rules and regulations as it deems necessary to carry out the provisions of this section respecting the making of loans and the lease of equipment and facilities.

“(17) The provisions of this section shall not be construed as depriving shippers of their right to reparation in case of overcharges, unlawfully excessive or discriminatory rates, or rates excessive in their relation to other rates, but no shipper shall be entitled to recover upon the sole ground that any particular rate may reflect a proportion of excess income to be paid by the carrier to the Commission in the public interest under the provisions of this section.

Reparation for overcharges, etc., not affected.

“(18) Any carrier, or any corporation organized to construct and operate a railroad, proposing to undertake the construction and operation of a new line of railroad may apply to the Commission for permission to retain for a period not to exceed ten years all or any part of its earnings derived from such new construction in excess of the amount heretofore in this section provided, for such disposition as it may lawfully make of the same, and the Commission may, in its discretion, grant such permission, conditioned, however, upon the completion of the work of construction within a period to be designated by the Commission in its order granting such permission.”

In case any security so made void was directly acquired from the carrier issuing it the holder may at his option rescind the transaction and upon the surrender of the security recover the consideration given therefor. Any director, officer, attorney or agent of the carrier who knowingly assents to or concurs in any issue of securities or assumptions of obligation or liability forbidden by this section, or any sale or other disposition of securities contrary to the provisions of the Commission's order or orders in the premises, or any application not authorized by the Commission of the funds derived by the carrier through such sale or other disposition of such securities, shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than \$1,000 nor more than \$10,000, or by imprisonment for not less than one year nor more than three years, or by both such fine and imprisonment, in the discretion of the court.

"SEC. 25 (1) That every common carrier by water in foreign commerce, whose vessels are registered under the laws of the United States, shall file with the Commission, within thirty days after this section becomes effective and regularly thereafter as changes are made, a schedule or schedules showing for each of its steam vessels intended to load general cargo at ports in the United States for foreign destinations (a) the ports of loading, (b) the dates upon which such vessels will commence to receive freight and dates of sailing, (c) the route and itinerary such vessels will follow and the ports of call for which cargo will be carried.

"(2) Upon application of any shipper a carrier by railroad shall make request for, and the carrier by water shall upon receipt of such request name, a specific rate applying for such sailing, and upon such commodity as shall be embraced in the inquiry, and shall name in connection with such rate, port charges, if any, which accrue in addition to the vessel's rates and are not otherwise published by the railway as in addition to or absorbed in the railway rate. Vessel rates, if conditioned upon quantity of shipment, must be so stated and separate rates may be provided for carload and less than carload shipments. The carrier by water, upon advices from a carrier by railroad, stating that the quoted rate is firmly accepted as applying upon a specifically named quantity of any commodity, shall, subject to such conditions as the Commission by regulation may prescribe, make firm reservation from unsold space in such steam vessel as shall be required for its transportation and shall so advise the carrier by railroad, in which advices shall be included the latest available information as to prospective sailing date of such vessel.

The Commission is authorized to make and publish regulations not inconsistent herewith governing the manner and form in which such carriers are to comply with the foregoing provisions. The Commission shall cause to be published in compact form, for the information of shippers of commodities throughout the country, the substance of such schedules, and furnish such publications to all railway carriers subject to this Act, in such quantities that railway carriers may supply to each of their agents who receive commodities for shipment in such cities and towns as may be specified by the Commission, a copy of said publication; the intent being that each shipping community sufficiently important, from the standpoint of the export trade, to be so specified by the Commission shall have opportunity to know the sailings and routes, and to ascertain the transportation charges of such vessels engaged in foreign commerce. Each railway carrier to which such publication is furnished by the Commission is hereby required to distribute the same as aforesaid and to maintain such publication as it is issued from time to time, in the hands of its agents. The Commission is authorized to make such rules and regulations not inconsistent herewith respecting the distribution and maintenance of such publications in the several communities so specified as will further the intent of this section.

“(4) When any consignor delivers a shipment of property to any of the places so specified by the Commission, to be delivered by a railway carrier to one of the vessels upon which space has been reserved at a specified rate previously ascertained, as provided herein, for the transportation by water from and for a port named in the aforesaid schedule, the railway carrier shall issue a through bill of lading to the point of destination. Such bill of lading shall name separately the charge to be paid for the railway transportation, water transportation, and port charges, if any, not included in the rail or water transportation charge; but the carrier by railroad shall not be liable to the consignor, consignee, or other person interested in the shipment after its delivery to the vessel. The Commission shall, in such manner as will preserve for the carrier by water the protection of limited liability provided by law, make such rules and regulations not inconsistent herewith as will prescribe the form of such through bill of lading. In all such cases it shall be the duty of the carrier by railroad to deliver such shipment to the vessel as a part of its undertaking as a common carrier.

“(5) The issuance of a through bill of lading covering shipments provided for herein shall not be held to constitute ‘an arrangement for continuous carriage or shipment’ within the meaning of this Act.

That the Commission may, after investigation, order any carrier by railroad subject to this Act, within a time specified in the order, to install automatic train-stop or train-control devices or other safety devices, which comply with specifications and requirements prescribed by the Commission, upon the whole or any part of its railroad, such order to be issued and published at least two years before the date specified for its fulfillment: *Provided*, That a carrier shall not be held to be negligent because of its failure to install such devices upon a portion of its railroad not included in the order; and any action arising because of an accident happening upon such portion of its railroad shall be determined without consideration of the use of such devices upon another portion of its railroad. Any common carrier which refuses or neglects to comply with any order of the

Commission made under the authority conferred by this section shall be liable to a penalty of \$100 for each day that such refusal or neglect continues, which shall accrue to the United States, and may be recovered in a civil action brought by the United States.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That to protect the public health, secure the public safety, and to protect property in the District of Columbia there is hereby created a Zoning Commission, which shall consist of the Commissioners of the District of Columbia, the officer in charge of public buildings and grounds of the District of Columbia, and the Superintendent of the United States Capitol Building and Grounds, which said commission shall have all the powers and perform all the duties hereinafter specified and shall serve without additional compensation. Such employees of the government of the District of Columbia as may be necessary to carry out the purposes of this Act shall be assigned to such duty by the Commissioners of the District of Columbia without additional compensation.

There is hereby authorized for the expenses of said commission, including the employment of expert services and all incidental and contingent expenses, a sum not to exceed \$5,000, payable one-half out of any money in the United States Treasury not otherwise appropriated and the other half out of the revenues of the District of Columbia.

**SEC. 2.** That within six months after the passage of this Act and after public notice and hearing as hereinafter provided, the said commission shall divide the District of Columbia into certain districts, to be known, respectively, as height, area, and use districts, and shall adopt regulations specifying the height and area of buildings thereafter to be erected or altered therein and the purposes for which buildings and premises therein may be used: *Provided*, That such regulations may differ in the various districts: *Provided further*, That the permissible height of buildings in any district shall not exceed the maximum height of building now authorized upon any street in any part of that district by the Act of Congress approved June 1, 1910, and amendments thereto, regulating the height of buildings in the District of Columbia: *And provided further*, That no such districts shall be established, nor shall any regulations therefor be adopted, nor shall the height, area, or use of buildings to be erected therein be prescribed until said commission has afforded persons interested an opportunity to be heard at a public hearing as hereinafter provided: *And provided further*, That in residence districts the usual accessories of a residence located on the same lot including the office of a physician, dentist, or other person, and including a private garage containing space for not more than four automobiles, shall not be prohibited.

**SEC. 3.** That wherever, under the provision of this Act, it is required that a public hearing shall be held, notice of the time and place of such hearing shall be published for not less than ten consecutive days in one or more newspapers of general circulation printed and published in the District of Columbia; and such public hearing may be adjourned from time to time: *Provided*, That if the time and place of the adjourned meeting is publicly announced when the adjournment is had, no further notice of such adjourned meeting need be published.

**SEC. 4.** That after the public hearings herein provided for shall have been concluded, said commission shall definitely determine the number and boundaries of the districts which it is hereby authorized and directed to establish, and shall specify the height and area of the buildings which may thereafter be erected therein, and shall prescribe the purposes for which such buildings thereafter erected may or may not be used. Said districts so established shall not be changed except on order of said commission after public hearing. Said commission

may initiate such changes, or they may be initiated upon the petition of the owners affected. Where the proposed change is to add a contiguous area to a use, height, or area district, the owners of at least 50 per centum of the street frontage proposed to be changed must join in the petition: *Provided*, That if the frontage proposed to be changed is not a contiguous area, the owners of at least 50 per centum of a frontage within the area not less than three blocks in length must join in such petition before it may be considered by said commission. No such change shall be made, either by said commission on its own motion or upon such petition, except with the unanimous vote of said commission, if the owners of at least 20 per centum of the frontage proposed to be changed protest against such change.

SEC. 5. That said commission is authorized and empowered to make such orders and adopt such regulations not inconsistent with law as may be necessary to accomplish the purposes and carry into effect the provisions of this Act: *Provided*, That no order or regulation so adopted shall require any change in the plans, construction, or designated use of (a) a building for which a permit shall have been issued, or plans for which shall be on file with the inspector of buildings of the District of Columbia at the time the orders or regulations authorized under this Act are promulgated; or (b) a permit for the erection of which shall be issued within thirty days after promulgation of the orders or regulations authorized or adopted under this Act and the construction of which in either of the above cases shall have been diligently prosecuted within a year from the date of such permit and the ground story framework of which, including the second tier of beams, shall have been completed within said year, and which entire building shall be completed according to such plans within two years of the date of the promulgation of such orders or regulations; or (c) prevent the restoration of a building partially destroyed by fire, explosion, act of God or the public enemy, or prevent the continuance of the use of such building or part thereof as such use existed at the time of such partial destruction, or prevent a change of such existing use except under the limitations provided herein in relation to existing buildings and premises: *Provided further*, That no frame building that has been damaged by fire or otherwise more than one-half of its original value shall be restored within the fire limits as provided by the building regulations of the District of Columbia; or (d) prevent the restoration of a wall declared unsafe by the inspector of buildings of the District or by a board of survey appointed in accordance with any existing law or regulation.

SEC. 6. That any lawful use of a building or premises existing at the time of the adoption of orders and regulations made under the authority of this Act may be continued, although such use does not conform with the provisions hereof or with the provisions of such orders and regulations; and such use may be extended throughout the building, provided no structural alteration, except those required by law or regulation, is made therein and no new building is erected. Where the boundary line of any use district divides a lot in a single ownership at the time of the adoption of orders and regulations under the authority of this Act, the commission may permit a use authorized on either portion of such lot to extend to the entire lot, but not more than twenty-five feet beyond the boundary line of the use district.

SEC. 7. That maps of the districts established by said commission and copies of all orders and regulations as to the height and area of buildings to be erected therein and as to the uses to which such buildings may be lawfully devoted, and copies of all other official orders and regulations of the commission shall be filed in the office of the Engineer Commissioner of the District of Columbia. March 9, 1920.

[S. 3076.]

[Public, No. 156.]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That no vessel owned by the United States or by any corporation in which the United States or its representatives shall own the entire outstanding capital stock or in the possession of the United States or of such corporation or operated by or for, the United States or such corporation, and no cargo owned or possessed by the United States or by such corporation, shall hereafter, in view of the provision herein made for a libel in personam, be subject to arrest or seizure by judicial process in the United States or its possessions: *Provided,* That this Act shall not apply to the Panama Railroad Company.

Admiralty causes. Vessels and cargoes owned by United States, etc., exempt from seizure.

*Proviso.* Exception.

SEC. 2. That in cases where if such vessel were privately owned or operated, or if such cargo were privately owned and possessed, a proceeding in admiralty could be maintained at the time of the com-

Libel in personam authorized against United States, if merchant vessel or tug.

Venue of action.	<p>men- ce- ment of the action herein provided for, a libel in personam may be brought against the United States or against such corporation, as the case may be, provided that such vessel is employed as a merchant vessel or is a tug boat operated by such corporation. Such suits shall be brought in the district court of the United States for the district in which the parties so suing, or any of them, reside or have their principal place of business in the United States, or in which the vessel or cargo charged with liability is found. The libelant shall forthwith serve a copy of his libel on the United States attorney for such district and mail a copy thereof by registered mail to the Attorney General of the United States, and shall file a sworn return of such service and mailing. Such service and mailing shall constitute valid service on the United States and such corporation. In case the United States or such corporation shall file a libel in rem or in personam in any district, a cross-libel in personam may be filed or a set-off claimed against the United States or such corporation with the same force and effect as if the libel had been filed by a private party. Upon application of either party the cause may, in the discretion of the court, be transferred to any other district court of the United States.</p> <p><b>SEC. 3.</b> That such suits shall proceed and shall be heard and determined according to the principles of law and to the rules of practice obtaining in like cases between private parties. A decree against the United States or such corporation may include costs of suit, and when the decree is for a money judgment, interest at the rate of 4 per centum per annum until satisfied, or at any higher rate which shall be stipulated in any contract upon which such decree shall be based. Interest shall run as ordered by the court. Decrees shall be subject to appeal and revision as now provided in other cases of admiralty and maritime jurisdiction. If the libelant so elects in his libel the suit may proceed in accordance with the principles of libels in rem wherever it shall appear that had the vessel or cargo been privately owned and possessed a libel in rem might have been maintained. Election so to proceed shall not preclude the libelant in any proper case from seeking relief in personam in the same suit. Neither the United States nor such corporation shall be required to give any bond or admiralty stipulation on any proceeding brought hereunder. Any such bond or stipulation heretofore given in admiralty causes by the United States, the United States Shipping Board, or the United States Shipping Board Emergency Fleet Corporation, shall become void and be surrendered and canceled upon the filing of a suggestion by the Attorney General or other duly authorized law officer that the United States is interested in such cause, and assumes liability to satisfy any decree included within said bond or stipulation, and thereafter any such decree shall be paid as provided in section 8 of this Act.</p> <p><b>SEC. 4.</b> That if a privately owned vessel not in the possession of the United States or of such corporation is arrested or attached upon any cause of action arising or alleged to have arisen from previous possession, ownership, or operation of such vessel by the United States or by such corporation, such vessel shall be released without bond or stipulation therefor upon the suggestion by the United States, through its Attorney General or other duly authorized law officer, that it is interested in such cause, desires such release, and assumes the liability for the satisfaction of any decree obtained by the libelant in such cause, and thereafter such cause shall proceed against the United States in accordance with the provisions of this Act.</p> <p><b>SEC. 5.</b> That suits as herein authorized may be brought only on causes of action arising since April 6, 1917, provided that suits based on causes of action arising prior to the taking effect of this Act shall</p>

All moneys paid on account of such assessments shall, without diminution of any kind whatsoever, be covered into the reclamation fund.

"SEC. 5. GENERAL STAFF CORPS.—The General Staff Corps shall consist of the Chief of Staff, the War Department General Staff and the General Staff with troops. The War Department General Staff

shall consist of the Chief of Staff and four assistants to the Chief of Staff selected by the President from the general officers of the line, and eighty-eight other officers of grades not below that of captain. The General Staff with troops shall consist of such number of officers not below the grade of captain as may be necessary to perform the General Staff duties of the headquarters of territorial departments, armies, army corps, divisions, and brigades, and as military attachés abroad. In time of peace the detail of an officer as a member of the General Staff Corps shall be for a period of four years, unless sooner relieved, and such details shall be limited to officers whose names are borne on the list of General Staff Corps eligibles. The initial eligible list shall be prepared by a board consisting of the general of the army, the commandant of the General Staff College, the commandant of the General Service Schools, and two other general officers of the line, selected by the Secretary of War, who are not then members of the General Staff Corps. This board shall select and report the names of all officers of the Regular Army, National Guard, and Officers' Reserve Corps of the following classes who are recommended by them as qualified by education, military experience, and character for General Staff duty;

The Secretary of War shall publish annually the list of officers eligible for General Staff duty, and such eligibility shall be noted in the annual Army Register. If at any time the number of officers available and eligible for detail to the General Staff is not sufficient to fill all vacancies therein, majors or captains may be detailed as acting General Staff Officers under such regulations as the President may prescribe: *Provided*, That in order to insure intelligent cooperation between the General Staff and the several noncombatant branches officers of such branches may be detailed as additional members of the General Staff Corps under such special regulations as to eligibility and redetail as may be prescribed by the President; but not more than two officers from each such branch shall be detailed as members of the War Department General Staff.

"Hereafter, members of the General Staff Corps shall be confined strictly to the discharge of duties of the general nature of those specified for them in this section and in the Act of Congress approved February 14, 1903, and they shall not be permitted to assume or engage in work of an administrative nature that pertains to established bureaus or offices of the War Department, or that, being assumed or engaged in by members of the General Staff Corps, would involve impairment of the responsibility or initiative of such bureaus or offices, or would cause injurious or unnecessary duplication of or delay in the work thereof.

A suitable number of such officers shall be appointed in each of the grades below that of brigadier general, according to their qualifications for such grade as may be determined by the board of general officers provided for in this section. No such person above the age of fifty years shall be appointed in a combatant branch, or above the age of fifty-eight in a noncombatant branch. commissioned service, and so on. In computations for the purpose of determining the position of officers on the promotion list there shall be credited all active commissioned service in the Army performed while under appointment from the United States Government, whether in the Regular, provisional, or temporary forces, except service under a reserve commission while in attendance at a school or camp for the training of candidates for commission; also commissioned service in the National Guard while in active service since April 6, 1917, under a call by the President; and also commissioned service in the Marine Corps when detached for service with the Army by order of the President. In determining position on the promotion list, and relative rank, commissioned service in the Regular Army or the Philippine Scouts, if continuous to the present time, shall be counted as having begun on the date of original commission. The original promotion list shall be formed by a board of officers appointed by the Secretary of War, consisting of one colonel of each of six branches of the service in which officers are permanently commissioned under the terms of this Act, and one officer who, as a member of the personnel branch of the General Staff, has made a special study of merging the present promotion lists into a single list. The steps in the formation of the original promotion list shall be as follows:

"First, officers below the grade of colonel in the Corps of Engineers, Signal Corps, Infantry, Cavalry, Field Artillery, Coast Artillery Corps, Porto Rico Regiment, and Philippine Scouts, who were originally appointed in the Regular Army or Philippine Scouts prior to April 6, 1917, shall be arranged without changing the present order of officers on the lineal lists of their own branches, but otherwise as nearly as practicable according to length of commissioned service. The following shall be omitted:

"(a) Officers who, as a result of voluntary transfer, occupy positions on the lineal list other than those they would have held if their original commissions had been in their present branches;

"(b) Officers of other branches appointed in the Field Artillery or the Coast Artillery Corps to fill vacancies created by the Act approved January 25, 1907;

"(c) Officers appointed in the Regular Army since January 1, 1903, while serving as officers of the Porto Rico Provisional Regiment of Infantry or Philippine Scouts;

"(d) Former officers of the Regular Army or Philippine Scouts who have been reappointed in these forces and who are now below normally placed officers of less commissioned service than theirs.

"Officers of classes (a), (b), and (c) shall be placed on the list in the positions they would have occupied if they had remained in their original branches of the service. Officers of class (d) shall be placed on the list in the position that would normally be occupied by an officer of continuous service equal to the total active commissioned service of such officers in the Army.

"Second, officers of the Judge Advocate General's Department, Quartermaster Corps, and Ordnance Department shall be placed on the list according to length of commissioned service, except those second lieutenants of the Quartermaster Corps who are found not qualified for promotion as provided in section 24b hereof.

"Third, captains and lieutenants of the Regular Army and Philippine Scouts, originally appointed since April 6, 1917, shall be arranged among themselves according to commissioned service rendered prior to November 11, 1918, and shall be placed at the foot of the list as prepared to this point.

"Fourth, persons to be appointed as captains or lieutenants under the provisions of section 24, hereof, shall be placed according to commissioned service rendered prior to November 11, 1918, among the

officers referred to in the next preceding clause; and where such commissioned service is equal, officers now in the Regular Army shall precede persons to be appointed under the provisions of this Act, and the latter shall be arranged according to age.

"Fifth, persons appointed as lieutenant colonels or majors under the provisions of section 24 hereof, shall be placed immediately below all officers of the Regular Army who, on July 1, 1920, are promoted to those grades respectively under the provisions of section 24 hereof: *Provided*, That the board charged with the preparation of the promotion list may in its discretion, assign to any such officer a position on the list higher than that to which he would otherwise be entitled, but not such as to place him above any officer of greater age, whose commissioned service commenced prior to April 6, 1917, and who would precede him on the list under the general provisions of this section.

"Any former officer of the Regular Army and any retired officer who may hereafter be appointed to the active list in the manner provided by law shall be placed on the promotion list in accordance with his total active commissioned service; except that former officers appointed to field grades on July 1, 1920, under the provisions of section 24, may be placed as provided in the next preceding paragraph of this section. A reserve judge advocate appointed in the Regular Army shall be placed as provided in section 24c.

"Other officers on original appointment shall be placed at the foot of the list. The place of any officer on the promotion list once established shall not thereafter be changed, except as the result of the sentence of a court-martial.

"SEC 24b. CLASSIFICATION OF OFFICERS.—Immediately upon the passage of this Act, and in September of 1921 and every year thereafter, the President shall convene a board of not less than five general officers, which shall arrange all officers in two classes, namely: Class A, consisting of officers who should be retained in the service, and Class B, of officers who should not be retained in the service. Until otherwise finally classified, all officers shall be regarded as belonging to Class A, and shall be promoted according to the provisions of this Act to fill any vacancies which may occur prior to such final classification. No officer shall be finally classified in Class B until he shall have been given an opportunity to appear before a court of inquiry. In such court of inquiry he shall be furnished with a full copy of the official records upon which the proposed classification is based and shall be given an opportunity to present testimony in his own behalf. The record of such court of inquiry shall be forwarded to the final classification board for reconsideration of the case, and after such consideration the finding of said classification board shall be final and not subject to further revision except upon the order of the President. Whenever an officer is placed in Class B, a board of not less than three officers shall be convened to determine whether such classification is due to his neglect, misconduct or avoidable habits. If the finding is affirmative, he shall be discharged from the Army; if negative, he shall be placed on the unlimited retired list with pay at the rate of 2½ per centum of his active pay multiplied by the number of complete years of commissioned service, or service which under the provisions of this Act is counted as its equivalent, unless his total commissioned service or equivalent service shall be less than ten years, in which case he shall be honorably discharged with one year's pay. The maximum retired pay of an officer retired under the provisions of this section prior to January 1, 1924, shall be 75 per centum of active pay, and of one retired on or after that date, 60 per centum. If an officer is thus retired before the completion of thirty years' commissioned service, he may be employed on such active duty as the Secretary of War considers him capable of performing until he

Any vacancy in the grade of captain in the Judge Advocate General's Department, not filled by transfer or detail from another branch, may, in the discretion of the President, be filled by appointment from reserve judge advocates between the ages of thirty and thirty-six years, and such appointee shall be placed upon the promotion list immediately below the junior captain on said list. Appointments in the Medical and Dental Corps shall be made in the grade of first lieutenant from reserve medical and dental officers, respectively, between the ages of twenty-three and thirty-two years; in the Veterinary Corps in the grade of second lieutenant from reserve veterinary officers between the ages of twenty-one and thirty years; and in the Medical Administrative Corps in the grade of second lieutenant from enlisted men of the Medical Department between the ages of twenty-one and thirty-two years, who have had at least two years' service. To be eligible for appointment in the Dental Corps, a candidate must be a graduate of a recognized dental college, and have been engaged in the practice of his profession for at least two years subsequent to graduation. Appointments as chaplains shall be made from among persons duly accredited by some religious denomination or organization, and of good standing therein, between the ages of twenty-three and forty-five years. Former officers of the Regular Army and retired officers may be reappointed to the active list, if found competent for active

General, have held the record of trial upon which such sentence is based legally sufficient to support the sentence; except that the proper reviewing or confirming authority may upon his approval of a sentence involving dishonorable discharge or confinement in a penitentiary order its execution if it is based solely upon findings of guilty of a charge or charges and a specification or specifications to which the accused has pleaded guilty. When the board of review, with the approval of the Judge Advocate General, holds the record in a case in which the order of execution has been withheld under the provisions of this paragraph legally sufficient to support the findings and sentence, the Judge Advocate General shall so advise the reviewing or confirming authority from whom the record was received, who may thereupon order the execution of the sentence. When in a case in which the order of execution has been withheld under the provisions of this paragraph, the board of review holds the record of trial legally insufficient to support the findings or sentence, either in whole or in part, or that errors of law have been committed injuriously affecting the substantial rights of the accused, and the Judge Advocate General concurs in such holding of the board of review, such findings and sentence shall be vacated in whole or in part in accord with such holding and the recommendations of the Judge Advocate General thereon, and the record shall be transmitted through the proper channels to the convening authority for a rehearing or such other action as may be proper. In the event that the Judge Advocate General shall not concur in the holding of the board of review, the Judge Advocate General shall forward all the papers in the case, including the opinion of the board of review and his own dissent therefrom, directly to the Secretary of War for the action of the President, who may confirm the action of the reviewing authority or confirming authority below, in whole or in part, with or without remission, mitigation, or commutation, or may disapprove, in whole or in part, any finding of guilty, and may disapprove or vacate the sentence, in whole or in part.

When the President or any reviewing or confirming authority disapproves or vacates a sentence the execution of which has not theretofore been duly ordered, he may authorize or direct a rehearing. Such rehearing shall take place before a court composed of officers not members of the court which first heard the case. Upon such rehearing the accused shall not be tried for any offense of which he was found not guilty by the first court, and no sentence in excess of or more severe than the original sentence shall be enforced unless the sentence be based upon a finding of guilty of an offense not considered upon the merits in the original proceeding: *Provided*, That such rehearing shall be had in all cases where a finding and sentence have been vacated by reason of the action of the board of review approved by the Judge Advocate General holding the record of trial legally insufficient to support the findings or sentence or that errors of law have been committed injuriously affecting the substantial rights of the accused, unless, in accord with such action, and the recommendations of the Judge Advocate General thereon, the findings or sentence are approved in part only, or the record is returned for revision, or unless the case is dismissed by order of the reviewing or confirming authority. After any such rehearing had on the order of the President, the record of trial shall, after examination by the board of review, be transmitted by the Judge Advocate General, with the board's opinion and his recommendations, directly to the Secretary of War for the action of the President.

Every record of trial by general court-martial, examination of which by the board of review is not hereinbefore in this article provided for, shall nevertheless be examined in the Judge Advocate General's

Office; and if found legally insufficient to support the findings and sentence, in whole or in part, shall be examined by the board of review, and the board, if it also finds that such record is legally insufficient to support the findings and sentence, in whole or in part, shall, in writing, submit its opinion to the Judge Advocate General, who shall transmit the record and the board's opinion, with his recommendations, directly to the Secretary of War for the action of the President. In any such case the President may approve, disapprove, or vacate, in whole or in part, any findings of guilty, or confirm, mitigate, commute, remit, or vacate any sentence, in whole or in part, and direct the execution of the sentence as confirmed or modified, and he may restore the accused to all rights affected by the findings and sentence, or part thereof, held to be invalid; and the President's necessary orders to this end shall be binding upon all departments and officers of the Government.

Whenever necessary, the Judge Advocate General may constitute two or more boards of review in his office, with equal powers and duties.

Whenever the President deems such action necessary, he may direct the Judge Advocate General to establish a branch of his office, under an Assistant Judge Advocate General, with any distant command, and to establish in such branch office a board of review, or more than one. Such Assistant Judge Advocate General and such board or boards of review shall be empowered to perform for that command, under the general supervision of the Judge Advocate General, the duties which the Judge Advocate General and the board or boards of review in his office would otherwise be required to perform in respect of all cases involving sentences not requiring approval or confirmation by the President.

ART. 51. **SUSPENSION OF SENTENCES OF DISMISSAL OR DEATH.**—The authority competent to order the execution of a sentence of dismissal of an officer or a sentence of death may suspend such sentence until the pleasure of the President be known, and in case of such suspension a copy of the order of suspension, together with a copy of the record of trial, shall immediately be transmitted to the President.

ART. 52. **SUSPENSION OF SENTENCES.**—The authority competent to order the execution of the sentence of a court-martial may, at the time of the approval of such sentence, suspend the execution, in whole or in part, of any such sentence as does not extend to death, and may restore the person under sentence to duty during such suspension; and the Secretary of War or the commanding officer holding general court-martial jurisdiction over any such offender, may at any time thereafter, while the sentence is being served, suspend the execution, in whole or in part, of the balance of such sentence and restore the person under sentence to duty during such suspension. A sentence, or any part thereof, which has been so suspended may be remitted, in whole or in part, except in cases of persons confined in the United States Disciplinary Barracks or its branches, by the officer who suspended the same, by his successor in office, or by any officer exercising appropriate court-martial jurisdiction over the command in which the person under sentence may be serving at the time, and, subject to the foregoing exceptions, the same authority may vacate the order of suspension at any time and order the execution of the sentence or the suspended part thereof in so far as the same shall not have been previously remitted, subject to like power of suspension. The death or honorable discharge of a person under a suspended sentence shall operate as a complete remission of any unexecuted or unremitted part of such sentence.
