The board is authorized to sell, and if a satisfactory sale can not be made, to charter such of the vessels referred to in section 4 of this Act or otherwise acquired by the board, as will meet these requirements to responsible persons who are citizens of the United States who agree to establish and maintain such lines upon such terms of payment and other conditions as the board may deem just and necessary to secure and maintain the service desired; and if any such steamship line is deemed desirable and necessary, and if no such citizen can be secured to supply such service by the purchase or charter of vessels on terms satisfactory to the board, the board shall operate vessels on such line until the business is developed so that such vessels may be sold on satisfactory terms and the service maintained, or unless it shall appear within a reasonable time that such line can not be made self-sustaining. The Postmaster General is authorized, notwithstanding the Act entitled "An Act to provide for ocean mail service between the United States and foreign ports, and to promote commerce," approved March 3, 1891, to contract for the carrying of the mails over such lines at such price as may be agreed upon by the board and the Postmaster General: *Provided*, That preference in the sale or assignment of vessels for operation on such steamship lines shall be given to persons who are citizens of the United States who have the support, financial and otherwise, of the domestic communities primarily interested in such lines if the board is satisfied of the ability of such persons to maintain the service desired and proposed to be maintained, or to persons who are citizens of the United States who may then be maintaining a service from the port of the United States to or in the general direction of the world market port to which the board has determined that such service should be established: *Provided further*,

SEC. 8. The board shall use such fund to the extent required upon such terms as the board may prescribe to aid persons, citizens of the United States, in the construction by them in private shipyards in the United States of the foregoing class of vessels. No aid shall be for a greater sum than two-thirds of the cost of the vessel or vessels to be constructed, and the board shall require such security, including a first lien upon the entire interest in the vessel or vessels so constructed as it shall deem necessary to insure the repayment of such sum with interest thereon and the maintenance of the service for which such vessel or vessels are built.

SEC. 12. That all vessels may be reconditioned and kept in suitable repair and until sold shall be managed and operated by the board or chartered or leased by it on such terms and conditions as the board shall deem wise for the promotion and maintenance of an efficient merchant marine, pursuant to the policy and purposes declared in sections 1 and 5 of this Act; and the United States Shipping Board Emergency Fleet Corporation shall continue in existence and have authority to operate vessels, unless otherwise directed by law, until all vessels are sold in accordance with the provisions of this Act, the provision in section 11 of the "Shipping Act, 1916," to the contrary notwithstanding.

**CHAP. 137.**—Joint Resolution To authorize payment to members of the Army and Navy who were employed as enumerators during the Fourteenth Decennial Census to take the census of persons in the Army and Navy.

Preamble.  
Fourteenth Census.

Whereas it appears that in making an enumeration of persons in the Army and Navy for the Fourteenth Decennial Census, in the judgment of the Director of the Census it was impracticable to do otherwise than, with the official sanction of the Army and Navy, employ officers and enlisted men of the Army and Navy as enumerators, and that such officers and enlisted men were duly employed to make the enumeration and were promised

compensation at the rate of 3 cents for each person enumerated; and

Whereas the vouchers for such compensation have been disallowed by the accounting officers of the Treasury Department on the ground that payment thereof was unwarranted; and

Whereas it further appears that in the judgment of the Director of the Census the census of the military and naval forces was taken more accurately by reason of the assurance of compensation to such enumerators than if it had been taken under orders of the War Department: Therefore be it

*Resolved by the Senate and House of Representatives of the United States of America in Congress Assembled*, That the appointment of such enumerators be, and the same is hereby, validated and that the moneys appropriated for the Fourteenth Decennial Census are hereby made available for the payment of their services as such enumerators.

Approved, March 3, 1921.
