## PARCEL-POST CONVENTION

BETWEEN

### THE UNITED STATES OF AMERICA AND THE UNION OF SOUTH AFRICA.

Parcel post with  
Union of South Africa.  
Preamble.

For the purpose of making better postal arrangements between the United States of America and the Union of South Africa the Postmaster-General of the United States of America and the Postmaster-General of the Union of South Africa, by virtue of authority vested in them, have agreed upon the following articles for the establishment of a parcel-post system of exchanges between the United States and the Union of South Africa.

#### ARTICLE I.

Scope of convention.

The provisions of this Convention relate only to parcels of mail matter to be exchanged directly by the system herein provided for and do not affect the arrangements now existing under the Universal Postal Union Convention, which will continue as heretofore; and all the agreements hereinafter contained apply exclusively to mails exchanged under these Articles.

#### ARTICLE II.

Articles admitted to  
the mails.

1. There shall be admitted to the mails exchanged under this Convention articles of merchandise and mail matter—except letters, post cards, and written matter—of all kinds that are admitted under any conditions to the domestic mails of the country of origin, excepting only those articles admission of which in this manner is forbidden by the laws of the country of origin or destination, due notice whereof shall be mutually given by the postal authorities of the United States and Union of South Africa, respectively; but no parcel may exceed eleven pounds in weight nor the following dimensions: Greatest length in any direction three feet six inches; greatest length and girth combined, six feet; and parcels must be so wrapped or inclosed as to permit their contents to be easily examined by postmasters and customs officers.

Requirements.

Freedom from in-  
spection, etc.

2. All admissible articles of merchandise mailed in one country for the other, or received in one country from the other shall be free from any detention or inspection whatever, except such as is required for collection of customs duties; and shall be forwarded by the most speedy means to their destination, being subject in their transmission to the laws and regulations of each country, respectively.

#### ARTICLE III.

Letters not to ac-  
company parcels.

1. A letter or communication of the nature of personal correspondence must not accompany, be written on, or inclosed with any parcel.

Rejection if found,  
etc.

2. If such be found, the letter will be placed in the mails if separable, and if the communication be inseparably attached, the whole

package will be rejected. If, however, any such should inadvertently be forwarded, the country of destination will collect on the letter or letters double rates of postage, according to the Universal Postal Union Convention.

3. No parcel may contain packages intended for delivery at an address other than that borne by the parcel itself. If such inclosed packages be detected, they must be sent forward singly charged with new and distinct Parcel-Post rates.

No inclosure for other address.

#### ARTICLE IV.

1. The following rates of postage shall in all cases be required to be *fully prepaid* with postage stamps of the country of origin, viz:

Rates of postage.

2. In the United States, for a parcel not exceeding one pound in weight, twelve cents; and for each additional pound or fraction of a pound, twelve cents.

In United States.

3. In the Union of South Africa, for a parcel not exceeding one pound in weight, ninepence; and for each additional pound or fraction of a pound, ninepence.

In Union of South Africa.

4. The parcels shall be promptly delivered to addressees at the Post Offices of address in the country of destination free of charge for postage; but the country of destination may, at its option, levy and collect from the addressee for interior service and delivery a charge the amount of which is to be fixed according to its own regulations.

Delivery.

#### ARTICLE V.

Subject to the regulations of the country of origin, the sender shall at the time of mailing a parcel receive from the post office where the package is mailed a certificate of mailing on a form similar to model 1., hereto annexed, but registration is inadmissible.

Receipt of posting.

Post, p. 1660.

#### ARTICLE VI.

1. The sender of each parcel shall make a Customs Declaration, pasted upon or attached to the package, upon a special Form provided for the purpose (similar to Form 2, annexed hereto), giving a general description of the parcel, an accurate statement of its contents and value, date of mailing and the sender's signature and place of residence, and place of address.

Customs declaration.  
Post, p. 1660.

2. The parcels in question shall be subject in the country of destination to all customs duties and all customs regulations in force in that country for the protection of its customs revenues; and the customs duties properly chargeable thereon shall be collected on delivery, in accordance with the customs regulations of the country of destination.

Collection of duties.

#### ARTICLE VII.

The Post Office Department of the United States shall pay to the Post Office Department of the Union of South Africa two and one-half cents per pound; that is to say, twenty-five dollars for each thousand pounds in weight of the parcels forwarded from its offices to the Union of South Africa; and the Post Office Department of the Union of South Africa shall pay a similar amount to the Post Office Department of the United States for parcels forwarded from its offices to the United States. The accounts shall be balanced every quarter and a general balance of such quarterly settlements struck yearly, which amount shall be paid by the Post Office Department of the debtor country. The necessary accounts will be rendered by the Post Office of the Union of South Africa.

Payment by each country.

### ARTICLE VIII.

Method of transportation.

1. The parcels shall be considered as a component part of the mails exchanged *direct* between the United States and the Union of South Africa, to be despatched to destination by the country of origin at its cost and by such means as it provides; but must be forwarded, at the option of the despatching office, either in boxes prepared expressly for the purpose or in ordinary mail sacks, marked "Parcel-Post," and securely sealed with wax, lead or otherwise, as may be mutually provided by regulations hereunder.

Return of empty receptacles.

2. Each country shall promptly return *empty* to the despatching office by next mail, all such bags and boxes.

Packing.

3. Although articles admitted under this Convention will be transmitted as aforesaid between the exchange offices, they should be so carefully packed as to be safely transmitted in the open mails of either country, both in going to the exchange office in the country of origin and to the office of address in the country of destination.

Descriptive list.

4. Each despatch of a Parcel-Post mail must be accompanied by a descriptive list (forwarded in triplicate) of all the parcels sent, showing distinctly the list number of each parcel, the name of the addressee with address of destination and the declared contents and value; and must be enclosed in one of the boxes or sacks of such despatch. The list will be numbered in an annual series and will be similar to form 3 annexed hereto.

Post, p. 1661.

### ARTICLE IX.

Exchange offices.

Exchanges of mails under this Convention from any place in either country to any place in the other, shall be effected through the post offices of both countries already designated as exchange post offices, or through such others as may be hereafter agreed upon, under such regulations relative to the details of the exchange as may be mutually determined to be essential to the security and expedition of the mails and the protection of the customs revenues.

### ARTICLE X.

Receipt of mail.

1. As soon as the mail shall have reached the office of destination, that office shall check the contents of the mail.

Substitute parcel bill.

2. In the event of the parcel bill not having been received, a substitute should be at once prepared.

Correction of errors.

3. Any errors in the entries on the parcel bill which may be discovered, should, after verification by a second officer, be corrected and noted for report to the despatching office on a form "Verification Certificate", which should be sent in a special envelope.

Nonreceipt of parcels.

PARCEL POST CONVENTION  
BETWEEN THE UNITED  
STATES OF AMERICA AND  
CZECHO-SLOVAKIA.

ÚMLUVA O VÝMĚNĚ POŠTOVNÍCH BALÍČKŮ MEZI SPOJENÝMI STÁTY AMERICKÝMI A ČESKOSLOVENSKEM.

For the purpose of making better postal arrangements between the United States of America and Czecho-Slovakia, the undersigned, Albert S. Burleson, Postmaster-General of the United States of America, and Francis Staněk, Minister of Posts of Czecho-Slovakia, by virtue of authority vested in them, have agreed upon the following articles for the establishment of a Parcel Post System of exchanges between the two countries.

Za účelem zlepšení poštovních styků mezi Spojenými státy americkými a Československem, dohodli se podepsaní, Albert S. Burleson, generální poštovník Spojených států amerických, a František Staněk, ministr pošt československých, na základě plné moci na ně vznesené, o následujících člancích, aby se zavedla soustavná výměna poštovních balíčků mezi oběma zeměmi.

Parcel post convention with Czecho-Slovakia.  
Preamble.

Article I.

Článek I.

The provisions of this Convention relate only to parcels of mail matter without declared value to be exchanged by the system herein provided for, and do not affect the arrangements now existing under the Universal Postal Convention, which will continue as heretofore; and all the agreements hereinafter contained apply exclusively to mails exchanged under these articles, between the office of New York, and such other offices within the United States as may be hereafter designated by the Postmaster-General of the United States; and the office of Prague, and such other offices of Czecho-Slovakia as may be hereafter designated by the Minister of Posts of Czecho-Slovakia.

Ustanovení této úmluvy vztahují se jedině na výměnu poštovních balíčků bez udané ceny podle soustavy v ní předepsané a nedotýkají se ustanovení světové smlouvy poštovní nyní platných, která potvrzují jako dosud; veškerá dohodnutí v této úmluvě obsažená platí výlučně jen pro závěry vyměňované ve shodě s těmito články mezi poštovním úřadem v Novém Yorku jakož i oněmi úřady poštovními ve Spojených státech, jež snad budou později generálním poštovním Spojených států určeny, a poštovním úřadem v Praze jakož i oněmi úřady poštovními v Československu, jež snad budou později určeny ministrem pošt československých.

Ačkoli zásilky touto úmluvou připuštěné se dopravují mezi úřady výměnnými způsobem shora vylíčeným, musejí býti tak pečlivě zabaleny, aby mohly býti bezpečně dopravovány v otevřených závěrech obou zemí, a to jak při dopravě k úřadu výměnnému v zemi podací, tak i k úřadu dodacímu v zemi určení.

### ARTICLE X.

1. If a parcel cannot be delivered as addressed, or if refused, it must be returned without charge directly to the despatching office of exchange, at the expiration of thirty days from its receipt at the office of destination; and the country of origin may collect from the sender for the return of the parcel a sum equal to the postage when first mailed.

Inability to deliver, etc.

- Perishable articles. 2. When the contents of a parcel which cannot be delivered are liable to deterioration or corruption, they may be destroyed at once if necessary, or, if expedient, sold, without previous notice or judicial formality, for the benefit of the right person, the particulars of each sale being noticed by one post-office to the other.
- Reforwarding. 3. An order for redirection or reforwarding must be accompanied by the amount due for postage necessary for the return of the article to the office of origin, at the ordinary parcel rates.

## ARTICLE XI.

Nonresponsibility  
for loss, etc.

The Post Office Department of either of the contracting countries will not be responsible for the loss or damage of any parcel, and consequently no indemnity can be claimed by the sender or addressee in either country.

## ARTICLE XII.

Further regulations,  
etc.

The Postmaster General of the United States of America and the Acting Colonial Secretary of Fiji shall have authority to jointly make such further regulations of order and detail as may be found necessary to carry out the present Convention from time to time; and may, by agreement, prescribe conditions for the admission to the mails of any of the articles prohibited by Article II of this Convention.

Artikkel VIII.

1. The parcels shall be considered as a component part of the mails exchanged directly between the United States of America and Norway, to be dispatched to destination by the country of origin at its cost and by such means as it may have at its disposal; but they shall be forwarded at the option of the dispatching office, either in boxes prepared expressly for the purpose, or in ordinary mail sacks marked "parcel post" and securely sealed with wax or otherwise, as may be mutually provided.

1. Pakkene skal betraktes som en bestanddel av de mellom Norge og de Forenede Stater direkte utvekslede poster, og de skal fremsendes av utgangslandet på dets bekostning til det annet land med sådanne befordringsmidler, som det råder over; pakkene skal, efter det avsendende poststeds valg, fremsendes enten i spesielt for øiemedet innredede kasser eller almindelige postposer, som merkes "Pakkepost" og som skal behørig forsegles med lakk eller på annen vis, hvorom der gjensidig treffes nærmere bestemmelser.

Method of transportation.

2. Each country shall return empty to the dispatching office, by next mail, all such boxes or sacks.

2. Hvert land skal med neste post tilbakesende tomme til det avsendende kontor alle sådanne kasser og sekker.

Although parcels admitted under this convention will be transmitted as aforesaid between the exchange offices of the two countries, they should be so carefully packed as to be safely transmitted both to the exchange office of the country of origin and to the receiving office of the country of destination.

3. Skjønt de efter nærværende konvensjon tilstedelige gjenstande skal befordres som ovenfor nevnt mellom utvekslingskontorene i de to land, skal de dog pakkes så omhyggelig, at de trygt kan befordres, både til utgangslandets utvekslingskontor og til adressepoststedet i bestemmelseslandet.

Packing.

4. Each dispatch of a parcel post mail shall be accompanied by a descriptive list in duplicate of all packages sent; this list shall contain the list number of each parcel, the name of the sender, the name of the addressee and the address of destination, or, in the case of ordinary parcels, they may be advised simply by the total number of such parcels sent in the dispatch. This list shall be enclosed in one of the boxes or sacks of such dispatch (form 2 annexed hereto).

4. Hver avsendt pakkepost skal ledsages av et kart *in duplo* over alle de avsendte pakker, hvori særskilt anføres for hver pakke dens løpenummer, avsenderens navn, adressatens navn og bestemmelsesstedet. Almindelige pakker kan dog opføres kun med det samlede antall pakker som inneholdes i vedkommende pakkepost. Kartet innlegges i en av kassene eller posene i vedkommende post (se vedføjede skjema 2).

## A PROCLAMATION

WHEREAS, under and by virtue of an Act of Congress entitled "An Act to provide further for the national security and defense by encouraging the production, conserving the supply and controlling the distribution of food products and fuel", approved by the President on the 10th day of August, 1917, it is provided among other things as follows:

Licenses for food  
commodities.  
Preamble.

Statutory provisions  
Vol. 40, p. 276.

"That, by reason of the existence of a state of war, it is essential to the national security and defense, for the successful prosecution of the war, and for the support and maintenance of the Army and Navy, to assure an adequate supply and equitable distribution, and to facilitate the movement, of foods, feeds, fuel, including fuel oil and natural gas, fertilizer and fertilizer ingredients, tools, utensils, implements, machinery, and equipment required for the actual production of foods, feeds, and fuel, hereafter in this act called necessities; to prevent, locally or generally, scarcity, monopolization, hoarding, injurious speculation, manipulations, and private controls, affecting such supply, distribution, and movement; and to establish and maintain governmental control of such necessities during the war. For such purposes the instrumentalities, means, methods, powers, authorities, duties, obligations, and prohibitions hereinafter set forth are created, established, conferred, and prescribed. The President is authorized to make such regulations and to issue such orders as are essential effectively to carry out the provisions of this act."

AND, WHEREAS, it is further provided in said act as follows:

Vol. 40, p. 277.

"That, from time to time, whenever the President shall find it essential to license the importation, manufacture, storage, mining, or distribution of any necessities, in order to carry into effect any of the purposes of this Act, and shall publicly so announce, no person shall, after a date fixed in the announcement, engage in or carry on any such business specified in the announcement of importation, manufacture, storage, mining, or distribution of any necessities as set forth in such announcement, unless he shall secure and hold a license issued pursuant to this section. The President is authorized to issue such licenses and to prescribe regulations for systems of accounts and auditing of accounts to be kept by licensees, submission of reports by them, with or without oath or affirmation and the entry and inspection by the President's duly authorized agents of the places of business of licensees."

AND, WHEREAS, by virtue of the above provisions certain public announcements were made by the President from time to time as a result of which the importation, manufacture, storage and distribution of certain necessities was licensed.

AND, WHEREAS, a changed situation has been brought about by the present armistice in the war between the United States and Germany.

NOW, THEREFORE, I, WOODROW WILSON, President of the United States of America, by virtue of the powers conferred upon me by said Act of Congress, hereby find and determine and by this Proclamation do announce that it is no longer essential in order to carry into effect the purposes of the Act that the importation, manufacture, storage or distribution of certain necessities be subject to license, to the extent hereinafter specified.

Announcing the licensing of designated products no longer essential.

Specified licenses canceled.

Licenses heretofore required for the importation, manufacture, storage or distribution of certain necessities are hereby cancelled, effective April 1, 1919, with respect to the following:

All regulations issued under the said Act covering licensees so dealing in these commodities are hereby cancelled, effective April 1, 1919.

This Proclamation shall in no way affect licenses heretofore required for the importation, manufacture, storage or distribution of necessities, or regulations governing licensees, other than as indicated above.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

May 1, 1919.

A PROCLAMATION.

THE Boy Scouts of America have rendered notable service to the Nation during the world war. They have done effective work in the Liberty Loan and War Savings campaigns, in discovering and reporting upon the black walnut supply, in cooperating with the Red Cross and other war work agencies, in acting as despatch bearers for the Committee on Public Information, and in other important fields. The Boy Scouts have not only demonstrated their worth to the Nation, but have also materially contributed to a deeper appreciation by the American people of the higher conceptions of patriotism and good citizenship.

Boy Scouts of America. Preamble.

The Boy Scout movement should not only be preserved, but strengthened. It deserves the support of all public-spirited citizens. The available means for the Boy Scout movement have thus far sufficed for the organization and training of only a small proportion of the boys of the country. There are approximately 10,000,000 boys in the United States, between the ages of twelve and twenty-one. Of these only 375,000 are enrolled as members of the Boy Scouts of America.

America cannot acquit herself commensurately with her power and influence in the great period now facing her and the world unless the boys of America are given better opportunities than heretofore to prepare themselves for the responsibilities of citizenship.

Every nation depends for its future upon the proper training and development of its youth. The American boy must have the best training and discipline our great democracy can provide if America is to maintain her ideals, her standards, and her influence in the world.

The plan, therefore, for a Boy Scout week during which a universal appeal will be made to all Americans to supply the means to put the Boy Scouts of America in a position to carry forward effectively and continuously the splendid work they are doing for the youth of America, should have the unreserved support of the Nation.

Observance recommended of June 8th to June 14th as Boy Scout Week.

Therefore, I, Woodrow Wilson, President of the United States of America, do hereby recommend that the period beginning Sunday, June 8th, to Flag Day, June 14th, be observed as Boy Scout Week through the United States for the purpose of strengthening the work of the Boy Scouts of America.

Cooperation of communities, etc.

I earnestly recommend that, in every community, a Citizens' Committee, under the leadership of a National Citizens' Committee, be organized to cooperate in carrying out a program for a definite recognition of the effective services rendered by the Boy Scouts of America; for a survey of the facts relating to the boyhood of each community, in order that with the cooperation of churches, schools and other organizations definitely engaged in work for boys, adequate provision may be made for extending the Boy Scout program to a larger proportion of American boyhood.

Enrollment of associate members, etc.

The Boy Scout movement offers unusual opportunity for volunteer service. It needs men to act as committeemen and as leaders of groups of boys. I hope that all who can will enlist for such personal service, enroll as associate members and give all possible financial assistance to this worthy organization of American boyhood. Anything that is done to increase the effectiveness of the Boy Scouts of America will be a genuine contribution to the welfare of the Nation.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

November 5, 1919.

A PROCLAMATION.

The Season of the year has again arrived when the people of the United States are accustomed to unite in giving thanks to Almighty God for the blessings which He has conferred upon our country during the twelve months that have passed. A year ago our people poured out their hearts in praise and thanksgiving that through divine aid the right was victorious and peace had come to the nations which had so courageously struggled in defense of human liberty and justice. Now that the stern task is ended and the fruits of achievement are ours, we look forward with confidence to the dawn of an era where the sacrifices of the nations will find recompense in a world at peace.

Thanksgiving Day,  
1919.  
Preamble.

But to attain the consummation of the great work to which the American people devoted their manhood and the vast resources of their country they should, as they give thanks to God, reconsecrate themselves to those principles of right which triumphed through His merciful goodness. Our gratitude can find no more perfect expression than to bulwark with loyalty and patriotism those principles for which the free peoples of the earth fought and died.

During the past year we have had much to make us grateful. In spite of the confusion in our economic life resulting from the war we have prospered. Our harvests have been plentiful, and of our abundance we have been able to render succor to less favored nations. Our democracy remains unshaken in a world torn with political and social unrest. Our traditional ideals are still our guides in the path of progress and civilization.

These great blessings, vouchsafed to us, for which we devoutly give thanks, should arouse us to a fuller sense of our duty to our-

selves and to mankind to see to it that nothing that we may do shall mar the completeness of the victory which we helped to win. No selfish purpose animated us in becoming participants in the world war, and with a like spirit of unselfishness we should strive to aid by our example and by our cooperation in realizing the enduring welfare of all peoples and in bringing into being a world ruled by friendship and good will.

Thursday, November 27, 1919, appointed as a day of general thanksgiving.

WHEREFORE, I, Woodrow Wilson, President of the United States of America, hereby designate Thursday, the twenty-seventh day of November next, for observance as a day of thanksgiving and prayer by my fellow-countrymen, inviting them to cease on that day from their ordinary tasks and to unite in their homes and in their several places of worship in ascribing praise and thanksgiving to God the Author of all blessings and the Master of our destinies.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

Census inquiries.  
Preamble.  
Vol. 40, p. 1291.

WHEREAS, by the Act of Congress approved March 3, 1919, the Fourteenth Decennial Census of the United States is to be taken beginning on the second day of January, 1920; and

WHEREAS, a correct enumeration of the population every ten years is required by the Constitution of the United States for the purpose of determining the representation of the several States in the House of Representatives; and

WHEREAS, it is of the utmost importance to the interests of all the people of the United States that this Census should be a complete and accurate report of the population and resources of the Nation;

Answers to questions required.

NOW, THEREFORE, I, Woodrow Wilson, President of the United States of America, do hereby declare and make known that, under the law aforesaid, it is the duty of every person to answer all questions on the census schedules applying to him and the family to which he belongs, and to the farm occupied by him or his family, and that any person refusing to do so is subject to penalty.

Object of inquiries.

The sole purpose of the census is to secure general statistical information regarding the population and resources of the country and replies are required from individuals only to permit the compilation of such general statistics. No person can be harmed in any way by furnishing the information required. The Census has nothing to do with taxation, with military or jury service, with the compulsion of school attendance, with the regulation of immigration or with the enforcement of any national, state or local law or ordinance. There need be no fear that any disclosure will be made regarding any individual person or his affairs. For the due protection of the rights and interests of the persons furnishing information every employee of the Census Bureau is prohibited, under heavy penalty, from disclosing any information which may thus come to his knowledge.

Disclosures prohibited.

I therefore earnestly urge upon all persons to answer promptly, completely and accurately all inquiries addressed to them by the enumerators or other employees of the Census Bureau and thereby to contribute their share toward making this great and necessary public undertaking a success.

Cooperation urged.

Nebraska National Forest, Nebr. Preamble. Vol. 39, p. 1740.

Whereas, In order to provide for a proper adjustment of the claims of the State of Nebraska to lands within said National Forest, in satisfaction of its common school grant, a memorandum of agreement was entered into under date of September 12, 1919, between the Secretary of the Department of Agriculture and the Governor of the State of Nebraska, whereby it was agreed that the said State should relinquish all its title or claim under its grant in aid of common schools to lands included within the Nebraska National Forest, being the whole of certain sections sixteen and thirty-six, and be allowed to select other lands equivalent in acreage and value lying along and within the boundaries of said National Forest, which are located in such position that, when eliminated therefrom, all of said selected lands will lie outside the new exterior boundaries of the National Forest; and

Whereas, It appears that the public interests would be promoted by modifying said Proclamation of July 19, 1915, so as to allow the State of Nebraska, in furtherance of the aforesaid agreement, to make selections of the lands agreed upon for selection, and hereinafter described, as indemnity in satisfaction of the aforesaid portions of its common school grant;

Vol. 39, p. 1740.

## A PROCLAMATION.

My Fellow-Countrymen:

Landing of the Pilgrims, 1620.  
*Annals*, p. 508.

December 21 next will mark the Tercentenary of the landing of the Pilgrims at Plymouth in 1620. The day will be becomingly celebrated at Plymouth under the auspices of the Plymouth Pilgrim Tercentenary Commission, and at other localities in Massachusetts. While this is proper and praiseworthy, it seems to me that the influences which the ideals and principles of the Pilgrims with respect to civil liberty and human rights have had upon the formation and growth of our institutions and upon our development and progress as a nation merit more than a local expression of our obligation, and make fitting a nation-wide observance of the day.

Recommending December 21, 1920, be observed as the Tercentenary of.

I therefore suggest and request that the 21st of December next be observed throughout the Union with special patriotic services in order that the great events in American history that have resulted from the landing of these hardy and courageous navigators and colonists may be accentuated to the present generation of American citizens. Especially do I recommend that the day be fittingly observed in the universities, colleges, and schools of our country to the end that salutary and patriotic lessons may be drawn from the fortitude and perseverance and the ideals of this little band of sturdy men and women who established on this continent the first self-determined government based on the great principle of just law and its equal application to all, and thus planted the seed from which has sprung a mighty nation.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the United States to be affixed.

Therefore, I, Woodrow Wilson, President of the United States, do urge upon the Governors of the various States to designate and

set apart Saturday, October 9, 1920, as Fire Prevention Day, and to request the citizens of their States to plan for that day such instructive and educational exercises as shall bring before the people the serious and unhappy effects of the present unnecessary fire waste, and the need of their individual and collective efforts in conserving the natural and created resources of America.

A PROCLAMATION

The season again approaches when it behooves us to turn from the distractions and preoccupations of our daily life, that we may contemplate the mercies which have been vouchsafed to us, and render heartfelt and unfeigned thanks unto God for His manifold goodness.

Thanksgiving Day,  
1920.  
Preamble.

This is an old observance of the American people, deeply imbedded in our thought and habit. The burdens and the stresses of life have their own insistence.

We have abundant cause for thanksgiving. The lesions of the war are rapidly healing. The great army of freemen, which America sent to the defense of Liberty, returning to the grateful embrace of the nation, has resumed the useful pursuits of peace, as simply and as promptly as it rushed to arms in obedience to the country's call. The equal justice of our laws has received steady vindication in the support of a law-abiding people against various and sinister attacks, which have reflected only the baser agitations of war, now happily passing.

In plenty, security and peace, our virtuous and self-reliant people face the future, its duties and its opportunities. May we have vision to discern our duties; the strength, both of hand and resolve, to discharge them; and the soundness of heart to realize that the truest opportunities are those of service.

In a spirit, then, of devotion and stewardship we should give thanks in our hearts, and dedicate ourselves to the service of God's merciful and loving purposes to His children.

Wherefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the twenty-fifth day of November next as a day of Thanksgiving and prayer, and I call upon my countrymen to cease from their ordinary tasks and avocations upon that day, giving it up to the remembrance of God and His blessings, and their dutiful and grateful acknowledgment.

Thursday, November 25, 1920, appointed as a day of general thanksgiving.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia this twelfth day of November, in the year of our Lord, one thousand nine hundred and [SEAL.] twenty, and of the independence of the United States the one hundred and forty-fifth.
